

RESOLUTION APPROVING TELEVISION)
CABLE RATES AND CHARGES.)

RESOLUTION NO. 2
for 1975

WHEREAS, Ordinance No. 1206 (Indexed 11-6) provides in Section 12 thereof that the City Council shall review proposed rate schedules to be charged by the Grantee of the television franchise, and that the charges shall not become effective without approval of the City Council; and

WHEREAS, Liberty Television, the Grantee, has proposed the rate schedule set forth below and shown good reason thereof;

NOW, THEREFORE, BE IT RESOLVED BY THE COMMON COUNCIL OF THE CITY OF LEBANON AS FOLLOWS:

Section 1. That the television cable rate schedule, set forth as follows:

is deemed to be reasonable, shall become effective Mar 1
1975, and is approved by the Council.

Passed by the Council and approved by the Mayor this 11th day of February, 1975.

RE: Lebanon T.V. Cable Co. Rate Schedule (Proposed)

	<u>Connection Charges</u>	<u>Monthly Service Charges</u>
1. Single-family residence, one outlet	\$ 10.00	\$ 6.50

NOTE: At company's discretion, discounts or waiver of connection charges or waiver of monthly service charges may be used as promotional devices.

Transfers or re-connections same as new connects.

Additional outlets in a single-family residence	10.00	1.25
---	-------	------

Underground Installation

Cable Company's Time (presently) \$8.00 per man-hour, plus materials at unit list price plus 10%.

Maximum per single-family dwelling, \$100.00 extra charge. Commercial, on quotation.

2. Multiple-family residential buildings (one outlet per unit) includes apartment houses, trailer or mobile home parks, motels etc.

(a) Apartment Houses and Mobil Home Parks

2 units	30.00	13.00
3 units	45.00	15.50
4 units	60.00	18.00

For any number of units over 4, add \$15.00 to the connection charge, and add \$2.50 to the monthly service charge, for each unit in excess of 4.

(b) Motels

2 units	30.00	13.00
3 units	45.00	15.50
4 units	60.00	18.00

For any number of units over 4, add \$15.00 to the connection charge and add \$2.00 to the monthly service charge for each unit in excess of 4.

(c) Extra outlets:

Same as in single-family residences. The foregoing apply only if the owner or landlord is responsible for all payments and the cable company installs the entire distribution system in the building. If the building owner has his own internal distribution system, or hires someone else to install one, the cable company technicians must approve the installation; and the cable company reserves the right to refuse to connect to any distribution system that will degrade the cable company's signals. In the event the cable company agrees to use such a distribution system, a reduction of the connection charge will be negotiated on a case-by-case basis, but the monthly service charge will be the same as if the cable company itself had installed the distribution system.

If the building owner prefers not to invest in a distribution system, and the cable company wires the building at its own expense, the cable company (with the permission of the building owner) will contract individually with the tenants, and the charges for each tenant will be:

	10.00	6.50
3. Offices, clubs, lodges, taverns, lounges, etc. (places where the public can view the set)	10.00	7.50
4. FM-radio tap-off (available only with TV-cable service)	10.00	1.25
5. Television Dealers and Repairmen (must have a permanent place of business other than a home). One outlet only. Dealer may install his own distribution system, or company will do so at Time and Materials as above.	No Charge	6.50

6. Other, or unusual services or equipment by negotiation of individual contracts, compatible with the above.
7. Unwarranted complaint calls: First such call.....No Charge
Subsequent calls.....\$6.00 each

8. Schools:

The cable company will furnish service to any public or parochial school, on the school's request, as follows:

- (a) For initial installation to one classroom, no charge for either installation or continued service.
- (b) For expansion into additional rooms, the company's Time (presently \$8.00 per man-hour) plus Materials (at unit list price plus 10%); and for service, \$25.00 per year per school, regardless of the number of outlets. The school, however, will also pay for Time and Materials for repair or replacement of damage to the system, whether for the single free outlet or for the expanded system.
