Section 2. That the owners of the property abutting on the West side of said part of Main Street where said grade is so established by this ordinance, be, and they are hereby, required to construct and complete within thirty (30) days from the date of the approval of this ordinance by the Mayor, a concrete sidewalk five feet wide on said grade so established and for said distance of seventy-two (72) feet, said work to be done in accordance with the specifications for concrete walks now in force as set forth in Ordinance No. 74 of said City; and that, in case of the failure of said property owners so to construct said walk, the Superintendent of Streets of said City be, and he is hereby authorized and directed to construct the same on behalf of the City, the cost

thereof to be charged as a lien upon and against the said abutting property, and entered upon the Docket of City Liens.
