The proposed annexation complies with Annexation Ordinance Section 3 and LCP Annexation Policy #2 in that this proposal is consistent with the goals and policies of the Lebanon Comprehensive Plan. The findings below detail this compliance.

Criteria 1.3 and 2.3,

Annexation Ordinance Section 4: *All lands included within the Urban Growth Boundary are eligible for annexation and urban development. Areas within the Urban Growth Boundary with designated environmental constraints may be annexed and utilized as functional wetlands, parks, open space and related uses.*

LCP Chapter 3 (Urbanization) – Annexation Policy #P-21: *[The City shall] Recognize and act on the basis that all lands included within the Urban Growth Boundary are eligible for annexation and urban development. (Areas within the Urban Growth Boundary (UGB) with designated environmental constraints may be annexed and utilized as functional wetlands, parks, open space and related uses.)*

Finding # 3:

The proposed annexation complies with the above noted criteria in that the annexation territory is within the City's Urban Growth Boundary, and is therefore eligible for annexation and urban development. This annexation territory has been identified as land needed by the City for nearly a quarter of a century.

Criteria 1.4 and 2.4

Annexation Ordinance Section 5: *The City shall only annex land that is contiguous to the existing City limits and is within the City's Urban Growth Boundary (UGB).*

2004 LCP Chapter 3 (Urbanization) – Annexation Policy #P-22: *[The City shall] Only annex land that is contiguous to the existing City limits and is within the City's Urban Growth Boundary (UGB).*

Finding # 4:

The proposed annexation complies with Annexation Ordinance Section 5 and LCP Annexation Policy #P-22 in that the annexation territory is both contiguous to the existing City limits and within the City's Urban Growth Boundary, and is therefore eligible for annexation and urban development. The annexation territory is contiguous to the existing City Limits to the east.

Criteria 1.5, 1.13, 1.14, and 2.5

Annexation Ordinance Section 6: *An annexation shall be deemed orderly if the annexation territory is contiguous to the existing City limits. An annexation is efficient if the annexation territory can be developed or redeveloped to an urban use. Urban uses may include functional wetlands, parks, open space and related uses.*

2004 LCP Chapter 3 (Urbanization) – Annexation Policy #P-23: *[The City shall] Deem an annexation orderly if the annexation territory is contiguous to the existing City Limits, and deem an annexation efficient if the annexation territory can be developed or redeveloped to an urban use (urban uses may include functional wetlands, parks, open space and related uses).*

Finding # 5:

The proposed annexation complies with the above noted criteria. (1) Since the annexation territory is contiguous to the existing City limits the annexation of this territory is deemed orderly. (2) The annexation is efficient since the annexation territory can be developed to an urban use. This territory can be developed according to the provisions of Lebanon Zoning Ordinance Section 4.210 that lists the development opportunities, standards and requirements for the Limited Industrial (Z-ML) zone.

Criteria 1.6 and 2.6

Annexation Ordinance Section 7: *Development proposals are NOT REQUIRED for annexation requests.*

2004 LCP Chapter 3 (Urbanization) – Annexation Policy #P-24: *[The City shall] Recognize and act on the basis that development proposals are NOT REQUIRED for annexation requests.*

Finding # 6:

The proposed annexation complies with the above noted criteria in that no development proposal was required to be submitted at this time.

Criteria 1.7 and 2.7

Annexation Ordinance Section 8: *As part of the annexation process of developed property or properties, the City shall consider the anticipated demands to access key City-provided urban utility services, which are water, storm drainage, sanitary sewerage, and streets, of existing development within the annexation territory.*

2004 LCP Chapter 3 (Urbanization) – Annexation Policy #P-25: *[The City shall] Consider as part of the annexation process of developed property or properties, the anticipated demands to access key City-provided urban utility services, which are water, storm drainage, sanitary sewerage, and streets, of existing development within the annexation territory.*

Finding # 7:

The proposed annexation complies with the above noted criteria in that this property currently has a single family dwelling that has been targeted for removal. Access to City-provided services is not sought at this time, and therefore there are no anticipated needs at this time on the key City-provided urban utility services (i.e., are water, storm drainage, sanitary sewerage, and streets). However, all City services can be made available to the territory.

Criteria 1.8 and 2.8

Annexation Ordinance Section 9: *As part of the annexation process of developed property or properties, the City shall consider the impacts on key City-provided urban utility services needed to serve these properties, which are water, storm drainage, sanitary sewerage, and streets.*

2004 LCP Chapter 3 (Urbanization) – Annexation Policy # P-26: *[The City shall] Consider as part of the annexation process of developed property or properties, the impacts on the capacities of key City-provided urban utility services needed to satisfy the anticipated demands of the properties discussed in P-25 above.*

Finding #8:

The proposed annexation complies with the above noted criteria in that this territory currently has one existing single family home. Access to City-provided services is **not sought at this time**, and therefore there are no anticipated needs at this time on the key City-provided urban utility services (i.e., are water, storm drainage, sanitary sewerage, and streets).

Criterion 2.9

2004 LCP Chapter 3 (Urbanization) – Annexation Policy # P-27: *Expand the City Limits as necessary to accommodate development, including housing, commercial, industrial, and services (that will in turn accommodate population growth).*

Finding #9:

The proposed annexation complies with the above noted criterion in that the annexation of this property is indeed necessary to accommodate development, specifically industrial. The proposed annexation provides serviceable land that can be used for industrial uses.

Criterion 1.9

Annexation Ordinance Section 10: *Needed Public rights-of-way, as identified in adopted transportation plans as necessary for the safe and efficient movement of traffic, bicycles and pedestrians, shall be dedicated to the City either with annexation or when the property develops and/or redevelops and thus creates an increased demand for the benefits and utility provided by additional rights-of-way dedication.*

Finding # 10:

The proposed annexation complies with Annexation Ordinance Section 10 in that the applicant notes in Exhibit A that the

“The portion of Airport Road contiguous with the annexation territory contains 60’ of dedicated public right-of-way. This is sufficient to comply with the Lebanon Transportation Plan.

When the property is developed, additional right-of-way will be needed to comply with the Transportation Plan. Arterials require a minimum of 75 feet.

Any additional right-of-way needed to comply with the Transportation Plan can be dedicated as a condition of approval when the property is developed. The proposed annexation complies with LAO Section 10. “

Criteria 1.10, 1.11, and 3.0

Annexation Ordinance Section 11: *Upon annexation, the annexation territory shall be assigned zoning classifications in accordance with the adopted Comprehensive Plan Map, as shown in the City’s Annexation Zoning Matrix. Such zoning assignments in and of themselves are not a zoning map change and shall not require approval of a zoning map amendment, or a separate proceeding.*

Annexation Ordinance Section 12: *If a zoning designation other than one in accordance with the Comprehensive Plan Map (shown in the Annexation Zoning Matrix) is requested by an applicant, the zoning requested shall not be granted until the Comprehensive Plan Map is appropriately amended to reflect concurrence. Such an amendment shall require a separate application, hearing and decision, which may be held concurrently with an annexation hearing and will not become effective until the annexation is complete.*

Zoning Ordinance Section 3.050 – Zoning of Annexed Areas: *All areas annexed to the City shall be placed in a zoning classification in accordance with the adopted Comprehensive Plan. If a zoning designation other than one in accordance with the Comprehensive Plan is requested by an applicant, the zoning requested shall not be granted until the plan is amended to reflect concurrence.*

Finding # 11:

This proposed Annexation is in compliance with Annexation Ordinance Sections 11 and 12, and Zoning Ordinance Section 3.050. Currently the subject property does not have a City zoning designation because it is not within the City limits. The property is designated as Light Industrial (C-ML) on the City of Lebanon’s Comprehensive Plan Map. A Limited Industrial (Z-ML) zoning designation is being requested upon annexation. This zoning designation is consistent with the City’s Comprehensive Plan Map designation of Light Industrial (C-ML). No change in zoning designation is thus being requested.

Therefore, a City zoning designation of Limited Industrial (ML) can automatically be assigned at this time, without a separate hearing. This action is NOT a zoning map amendment.

Criterion 1.14

Annexation Ordinance Section 15: *At the applicant's discretion and with the City's concurrence, a development or redevelopment proposal for an annexation territory may be acted upon by the Planning Commission immediately following the Commission's hearing on the annexation proposal and a decision of recommendation of approval to the City Council. However, any approval of the Planning Commission of such a development or redevelopment proposal must be contingent upon subsequent approval of the annexation by City Council.*

Finding # 12:

The proposed annexation complies with Annexation Ordinance Section 15 in that no development proposal has been submitted at this time.
