INDEPENDENT AUDITOR'S REPORT

The Honorable Paul Aziz, Mayor And Members of the City Council City of Lebanon Lebanon, Oregon 97355

We have audited the accompanying financial statements of the governmental activities, business-type activities, and each major fund of the City of Lebanon, Linn County, Oregon as of and for the year ended June 30, 2013, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to error or fraud.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud of error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a reasonable basis for our opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, business-type activities, and each major fund of the City of Lebanon, Linn County, Oregon as of June 30, 2013, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information on pages 4 through 10 and 54 through 60 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the management's discussion and analysis in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. The budgetary comparison information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole. We do not express an opinion or provide any assurance on the management's discussion and analysis because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Lebanon's basic financial statements. The individual fund schedules and schedule of property tax transactions are presented for purposes of additional analysis and are not a required part of the basic financial statements. The aforementioned information is the responsibility of management, and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Report on Other Legal and Regulatory Requirements

In accordance with Minimum Standards for Audits of Oregon Municipal Corporations, we have also issued our report dated December 6, 2013 on our tests of the City's compliance with certain provisions of laws and regulations specified in Oregon Administrative Rules. The purpose of that report is to describe the scope of our testing of compliance and the results of that testing and not to provide an opinion on compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS

MANAGEMENT'S DISCUSSION AND ANALYSIS (MD&A)

INTRODUCTION

As management of the City of Lebanon, Linn County, Oregon, we offer readers this narrative overview and analysis of the financial activities of the City for the fiscal year ended June 30, 2013. It should be read in conjunction with the City's financial statements, which follow this section.

FINANCIAL HIGHLIGHTS

- At June 30, 2013, total net position of the City of Lebanon amounted to \$51,135,094. Of this amount, \$33,279,008 was invested in capital assets, net of related debt. The remaining balance included \$10,489,164 restricted for various purposes and \$7,366,922 of unrestricted net position.
- The City's total net position increased by \$211,051 during the current fiscal year.
- Overall revenues were \$22,955,841, which exceeded total expenditures of \$22,744,790 by \$211,051.

OVERVIEW OF FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to the City of Lebanon's basic financial statements. The City's basic financial statements are comprised of three components: (1) government-wide financial statements, (2) fund financial statements, and (3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-Wide Financial Statements

The government-wide financial statements are designed to provide readers with a broad overview of the City's finances in a manner similar to a private-sector business.

The statement of net position presents information on all of the City's assets and liabilities with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City is improving or deteriorating.

The statement of activities presents information showing how the City's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both of the government-wide financial statements distinguish functions of the City that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the City include general government, public safety, highways and streets, culture and recreation, and community planning and development.

MANAGEMENT'S DISCUSSION AND ANALYSIS (MD&A)

The business-type activities of the City include water, sewer and storm drainage services. The government-wide financial statements can be found on pages 11 through 13 of this report.

Fund Financial Statements

The fund financial statements are designed to demonstrate compliance with finance-related legal requirements overseeing the use of fund accounting. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. All of the funds of the City of Lebanon can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

□ Governmental Funds

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements; however, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of available resources, as well as on balances of available resources at the end of the fiscal year. Such information may be useful in evaluating the City's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the City's near-term financing decisions. Both the governmental funds balance sheet and the governmental funds statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The City maintains eight individual governmental funds. Information is presented separately in the governmental funds balance sheet and in the governmental funds statement of revenues, expenditures, and changes in fund balances for the General, Special Revenue, Special Assessment, Northwest Urban Renewal District, Cheadle Lake Urban Renewal District, North Gateway Urban Renewal District, Debt Service, and Capital Projects Funds, all of which are considered to be major governmental funds.

The City of Lebanon adopts an annual appropriated budget for all of its funds. A budgetary comparison statement has been provided for each fund individually to demonstrate compliance with their respective budgets.

The basic governmental fund financial statements can be found on pages 14 through 17 of this report.

MANAGEMENT'S DISCUSSION AND ANALYSIS (MD&A)

□ Proprietary Funds

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The City maintains one enterprise fund.

Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The City uses the enterprise fund to account for its water, sewer and storm drain utility operations.

The basic proprietary fund financial statements can be found on pages 18 through 21 of this report.

□ Fiduciary Funds

Fiduciary funds are used to account for resources held for the benefit of parties outside the City. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the City's own programs. The accounting used for fiduciary funds is the same as that used for governmental funds.

The basic fiduciary fund financial statement can be found on page 22 of this report.

Notes to the Basic Financial Statements

The notes to the basic financial statements provide additional information that is essential to a full understanding of the financial data provided in the government-wide and fund financial statements. The notes to the basic financial statements can be found on pages 23 through 53 of this report.

Other Information

In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information, which includes budgetary comparison information for the General, Special Revenue, Special Assessment, Northwest Urban Renewal, Cheadle Lake Urban Renewal, and North Gateway Urban Renewal Funds. This required supplementary information can be found on pages 54 through 60 of this report.

Individual fund schedules can be found immediately following the required supplementary information on pages 61 through 65 of this report.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

As noted earlier, net position may serve over time as a useful indicator of the City's financial position. The City's assets exceeded liabilities by \$51,135,094, at the close of the most recent fiscal year. This was an increase in net assets of 0.41%.

MANAGEMENT'S DISCUSSION AND ANALYSIS (MD&A)

A large portion of the City's net position reflects its investment in capital assets (e.g., land, buildings, and equipment) less any related debt used to acquire those assets that is still outstanding. The City uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the City's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

City's Net position

At the end of the current fiscal year, the City was able to report positive balances in all categories of net position. The City's net position increased by \$211,051 during the current fiscal year even though the City experienced a decrease in property tax revenue.

Condensed statement of net position information is shown below.

MANAGEMENT'S DISCUSSION AND ANALYSIS (MD&A)

FINANCIAL ANALYSIS OF THE CITY'S FUNDS

As noted earlier, the City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds

The focus of the City's governmental funds is to provide information on near-term inflows, outflows, and balances of expendable resources. Such information is useful in assessing the City's financing requirements. In particular, unassigned fund balance may serve as a useful measurement of the City's net resources available for spending at the end of the fiscal year.

At the end of the current fiscal year, the City's governmental funds reported combined fund balances of \$10,832,496, a decrease of \$824,340 from the prior year.

The General Fund is the chief operating fund of the City. At the end of the current fiscal year, total fund balance of the General Fund amounted to \$750,271, a decrease of \$251,011 over the prior year.

Proprietary Funds

The City's proprietary fund provides the same type of information found in the government-wide financial statements, but in more detail.

Total net position of the proprietary fund amounted to \$27,214,307 at year-end. Of this amount, \$23,544,414 was invested in capital assets net of related debt, \$372,011 restricted for debt service, and the remaining balance of \$3,597,882 was unrestricted.

BUDGETARY HIGHLIGHTS

Budget amounts shown in the financial statements reflect the original budget amounts; one approved supplemental budget and two approved appropriation changes.

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets

The City of Lebanon's investment in capital assets for its governmental and business-type activities as of June 30, 2013 amounted to \$35,909,457 and \$37,433,543 (net of accumulated depreciation), respectively. This investment in capital assets includes land, buildings, equipment, and vehicles. Total depreciation expense related to the City's investment in capital assets for its governmental and business-type activities amounted to \$3,534,186 and \$1,058,855, respectively.

MANAGEMENT'S DISCUSSION AND ANALYSIS (MD&A)

Major capital assets activities during the year included completion of the following projects:

- Wastewater treatment plant clarifier
- 5th Street reservoir
- Water/Sewer intercept
- Rose Street sewer improvements

Additional information on the City's capital assets can be found in Note III-D on pages 37 through 40 of this report.

Long-Term Liabilities

At the end of the current fiscal year, the City had total debt outstanding of \$40,063,991. This amount is comprised of debt backed by general obligation bonds, revenue bonds, notes and loans payable. The City's total debt decreased by \$2,434,773 during the current fiscal year.

Additional information on the City's long-term debt can be found in Note III-G on pages 41 through 47 of this report.

KEY ECONOMIC FACTORS AND BUDGET INFORMATION FOR THE FUTURE

At the time these financial statements were prepared and audited, the City was aware of the following circumstances that could affect its future financial health:

- Unknown options for health insurance coverage and costs due to health care reform both nationally and in the State of Oregon, create some concern as to costs, administration, and future options.
- Even with changes made in PERS by the latest reforms, future PERS rate increases are expected.
- Property tax revenue has decreased. It is hoped for and anticipated that with economic stabilization this will also stabilize.

REQUESTS FOR INFORMATION

This financial report is designed to provide a general overview of City's finances for all those with an interest. Questions concerning any of the information provided in this report or request for additional information should be addressed to Finance Manager, City of Lebanon, 925 S. Main Street, Lebanon, Oregon 97355.

RECONCILIATION OF TOTAL GOVERNMENTAL FUND BALANCES TO NET POSITION OF GOVERNMENTAL ACTIVITIES

For the Year Ended June 30, 2013

Total fund balances		\$ 10,832,496
Capital assets are not financial resources and are therefore not reported in the governmental funds: Cost	90,607,977	
Accumulated depreciation	(54,698,520)	35,909,457
Property tax revenue is recognized in the net position of governmental activities when the taxes are levied; however, in the governmental fund statements, it is recognized when available to be used for current year operations. Taxes not collected within 30 days of the end of the year are not considered available to pay for current year operations and are therefore not reported as revenue in the governmental funds.		819,406
Court fines and fees are recognized as revenue in the net position of governmental activities when the fines are assessed; however, in the governmental fund statements, they are recognized when available to be used for current year operations		1,350,929
The net pension asset is not available to pay current period expenditures and is therefore deferred in the governmental funds		1,611,626
Allowance for uncollectible receivables is recognized in the net position of the governmental activities; however, in the fund financial statements, the accounts are offset by deferred inflows.		(67,546)
Long-term liabilities not payable in the current year are not reported as governmental fund liabilities. Interest on long-term debt is not accrued in the governmental funds, but rather, is recognized as an expenditure when due. These liabilities consist of:		
Accrued interest payable	(215,510)	
Compensated absences payable	(422,708)	
Bonds payable, including premiums and issuance costs	(20,611,231)	
Notes payable	(5,563,632)	(26 925 F01)
Long-term payroll payable	(22,500)	(26,835,581)
Net position of governmental activities		\$ 23,620,787

RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES

For the Year Ended June 30, 2013

Net change in fund balances		\$	(824,340)
Amounts reported for governmental activities in the statement of activities are different because:			
Governmental funds report capital outlay as expenditures; however, in the statement of activities, the costs of these assets are allocated over their estimated useful lives and are reported as depreciation expense. This is the amount by which capital outlays exceeded depreciation in the current period.			
Expenditures for capital assets Depreciation expense recorded in current year	420,055 (3,534,186)		(3,114,131)
Governmental funds report current period PERS lump sum payments to finance an estimated unfunded actuarial liability as an expenditure; however, in the statement of activities, this payment is capitalized and amortized over the life of the unfunded liability			(59,897)
Long-term debt proceeds are reported as other financing sources in the governmental funds. In the statement of net position, however, issuing long-term debt increases liabilities. Similarly, repayment of principal is an expenditure in the governmental funds, but reduces the liability in the statement of net position. Debt principal paid	1,338,572		
Accrued interest payable	95,620		1,434,192
Some expenses reported in the statement of activities do not require the use of current financial resources and are therefore not reported as expenditures in the governmental funds.			
Compensated absences Long-term payroll payable	(132,854) (22,500)		(155,354)
Changes in allowance for doubtful accounts are not reflected in the fund financial statements.			(67,546)
Property taxes and court fines that do not meet the measurable and available criteria are not recognized as revenue in the current year in the governmental funds. On the statement of activities, property taxes are recognized as revenue when levied, and court fines are recognized when			
assessed.		_	320,610
Change in net position		\$	(2,466,466)

NOTES TO BASIC FINANCIAL STATEMENTS

NOTES TO BASIC FINANCIAL STATEMENTS

June 30, 2013

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the City of Lebanon have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the City's accounting policies are described below.

A. Reporting Entity

The City of Lebanon, Oregon is governed by an elected mayor and six council members who comprise the City Council. The City Council exercises supervisory responsibilities over the City operations, but day-to-day management control is the responsibility of the city manager.

The accompanying financial statements present the government and its component units, entities for which the government is considered to be financially accountable. Blended component units are, in substance, part of the primary government's operations, even though they are legally separate entities. Thus, blended component units are appropriately presented as funds of the primary government.

1. Blended component units - Northwest Urban Renewal District, Cheadle Lake Urban Renewal District, North Gateway Urban Renewal District

The aforementioned urban renewal districts serve areas either within the existing city limits of the City of Lebanon or under delayed annexation agreements requiring annexation to the City at the option of the Lebanon City Council. Board members for each agency consist of all of the members of the Lebanon City Council. Each component unit issues separate financial statements. The financial statements can be obtained from the agencies at 925 Main Street, Lebanon, Oregon 97355 or at the City's website at www.ci.lebanon.or.us.

B. Government-Wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on the activities of the City. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Program revenues include: (1) charges for goods and services provided by a given function and (2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function. Taxes and other items not properly included among program revenues are reported instead as general revenues.

NOTES TO BASIC FINANCIAL STATEMENTS

June 30, 2013

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

B. Government-Wide and Fund Financial Statements (Continued)

Separate financial statements are provided for the governmental funds and proprietary funds. Major individual governmental funds and major individual proprietary funds are reported as separate columns in the fund financial statements.

C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of the related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the City considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures are generally recorded when incurred, as under accrual accounting. However, principal and interest on long-term debt, as well as expenditures related to compensated absences, are recorded only when payment is due.

Property taxes, investment earnings, and charges for services associated with the current fiscal period are all considered to be susceptible to accrual and have therefore been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the City.

The City reports the following major governmental funds:

<u>General Fund</u> – The General Fund is the City's primary operating fund. It accounts for all financial resources of the City except for those required to be accounted for in another fund. The primary source of revenue is property taxes.

Special Revenue Funds

Special Revenue Fund – The Special Revenue Fund accounts for revenues with specific purpose restrictions including state highway tax, and grants. The primary sources of revenue are state highway tax revenues and grants.

NOTES TO BASIC FINANCIAL STATEMENTS

June 30, 2013

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation (Continued)

Special Revenue Funds

Special Assessment Fund - The Special Assessment Fund accounts for public improvement projects for which reimbursement of costs is expected. These public improvement projects originate at the public's request and usually involve forming a Local Improvement District (LID).

Northwest Urban Renewal District – In 1989, the City established the Northwest Urban Renewal District. The purpose of the District is to provide for the development of infrastructure to serve industrially zoned property within the District boundaries. The area is located west of Highway 20 and north of Highway 34. The primary source of revenue is property taxes.

Cheadle Lake Urban Renewal District – In 2000, the City established the Cheadle Lake Urban Renewal District. The purpose of the District is to provide for development of infrastructure to serve a blighted area of Lebanon generally located north of Cheadle Lake. The primary source of revenue is property taxes.

North Gateway Urban Renewal District - The North Gateway Urban Renewal District was approved in September 2008. The District was established to serve the area where a new medical campus was to be developed. The primary source of revenue is property taxes.

<u>Debt Service Fund</u> – The Debt Service Fund accounts for the repayment of the City's long-term general obligation and pension obligation debt. The primary sources of revenue are property taxes and pension charges to City funds. The primary use of funds is principal and interest due on long-term debt.

<u>Capital Projects Fund</u> - The Capital Projects Fund is used to account for the revenues and expenditures associated with the purchase, construction, and major repair of governmental capital assets. The primary sources of revenue are system development charges, donations and grants.

The City reports the following major proprietary fund:

<u>Enterprise Fund</u> – The Enterprise Fund is used to account for the operations of the City's water, sewer and storm drain utility services. The primary source of revenue is user charges.

The City reports the following fiduciary fund:

<u>Trust & Agency Fund</u> - The Trust & Agency Fund is used for holding funds in trust that are received from clients of the Municipal Court.

NOTES TO BASIC FINANCIAL STATEMENTS

June 30, 2013

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation (Continued)

Private-sector standards of accounting and financial reporting issued prior to December 1, 1989 are generally followed in both the government-wide and proprietary fund financial statements to the extent that those standards do not conflict with or contradict guidance of the Governmental Accounting Standards Board.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are transfers between the governmental funds and the proprietary funds. Elimination of these transactions would distort their respective financial statements.

Amounts reported as program revenues include: (1) charges to customers or applicants for goods, services, or privileges provided, (2) operating grants and contributions, and (3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

The City reports deferred inflows of resources on the balance sheet of the governmental funds. Deferred inflows arise when potential revenue does not meet both the measurable and available criteria for recognition in the current period. Deferred inflows also arise when resources are received by the City before it has a legal claim to them, as when grant monies are received prior to the incurrence of qualifying expenditures. In subsequent periods, when both recognition criteria are met or when the City has a legal claim to the resources, the amounts for deferred inflows of resources are removed from the balance sheet and revenue is recognized.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the Enterprise Fund are charges to customers for sales and services. Operating expenses include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is the City's policy to use restricted resources first, then unrestricted resources as they are needed. Furthermore, committed fund balances are reduced first, followed by assigned amounts, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of those unrestricted fund balance classifications can be used.

NOTES TO BASIC FINANCIAL STATEMENTS

June 30, 2013

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

D. Assets, Liabilities, and Equity

1. Deposits and Investments

The City's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with remaining maturities of one year or less at the date of acquisition.

State statutes authorize the City to invest in legally issued obligations of the United States, the agencies and instrumentalities of the United States and the states of Oregon, Washington, Idaho, or California, certain interest-bearing bonds, time deposit open accounts, certificates of deposit, and savings accounts in banks, mutual savings banks, and savings and loan associations that maintain a head office or a branch in this state in the capacity of a bank, mutual savings bank, or savings and loan association, and share accounts and savings accounts in credit unions in the name of, or for the benefit of, a member of the credit union pursuant to a plan of deferred compensation.

2. Property Taxes

Under state law, county governments are responsible for extending authorized property tax levies, computing tax rates, billing and collecting all property taxes, and making periodic remittances of collection to entities levying taxes. Property taxes are levied and become a lien as of July 1 on property values assessed as of June 30. Property taxes are payable in three installments, which are due on November 15, February 15, and May 15.

Uncollected property taxes are shown as assets in the governmental funds. Property taxes collected within approximately 60 days of fiscal year-end are recognized as revenue, while the remaining amount of taxes receivable are recorded as deferred inflows of resources because they are not deemed available to finance operations of the current period.

3. Loans Receivable

Loans receivable represent assessment for property improvements. Assessment are recognized at the time the property owners are assessed, interest is accrued when due. Management has determined that no allowance is necessary.

4. Interfund Receivables and Payables

Activity between funds that is representative of lending/borrowing arrangements outstanding at the end of the fiscal year is referred to as "due to/from other funds."

NOTES TO BASIC FINANCIAL STATEMENTS

June 30, 2013

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

D. Assets, Liabilities, and Equity (Continued)

5. Accounts Receivable

Receivables are recorded as revenue when earned. Accounts receivable are shown net of an allowance for uncollectible accounts. The allowance for uncollectible accounts is calculated by management based on prior collection experience.

6. Capital Assets

Capital assets, which include property, plant, and equipment, are reported in the applicable governmental and business-type activities columns in the government-wide financial statements. Capital assets are defined by the City as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost where no historical records exist. Donated capital assets are recorded at estimated fair market value at the date of donation.

The costs of normal maintenance or repairs that do not add to the value of an asset or materially extend its life are charged to expenditures as incurred and are not capitalized.

Major capital outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets of business-type activities is included as part of the capitalized value of the asset constructed.

Depreciation of capital assets is computed on the straight-line method over the following estimated useful lives:

<u>Assets</u>	<u>Years</u>
Equipment	5-40
Water and sewer systems	40
Licensed vehicles	5-10
Infrastructure	50
Buildings	50

7. Compensated Absences

Amounts of vested or accumulated vacation leave that are expected to be liquidated with expendable available financial resources are reported as expenditures when paid. Amounts of vested or accumulated vacation leave that are not expected to be liquidated with expendable available resources are reported as liabilities on the statement of net position. In accordance with the provisions of GASB Statement No. 16, *Accounting for Compensated Absences*, no liability is recorded for non-vesting accumulating rights to receive sick pay benefits.

NOTES TO BASIC FINANCIAL STATEMENTS

June 30, 2013

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

D. Assets, Liabilities, and Equity (Continued)

8. Deferred Outflows/Inflows of Resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period and will therefore not be recognized as an outflow of resources (expense/expenditure) until that time.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period and will therefore not be recognized as an inflow of resources (revenue) until that time. The City has two types of items, which arises only under a modified accrual basis of accounting that qualify for reporting in this category. Accordingly, the items, unavailable revenue, are reported only in the governmental funds balance sheet. The governmental funds report unavailable revenues from property taxes and court fines. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available.

9. Long-Term Obligations

In the government-wide financial statements and proprietary fund types in the fund financial statements, long-term debt is reported as a liability in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the straight-line method, which does not differ significantly from the effective interest method. Bonds payable are reported net of the applicable bond premium or discount.

In the fund financial statements, governmental fund types recognize bond premiums, discounts, and bond issuance costs during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuance are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

NOTES TO BASIC FINANCIAL STATEMENTS

June 30, 2013

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

D. Assets, Liabilities, and Equity (Continued)

10. Retirement Plans

Most of the City's employees participate in Oregon's Public Employees Retirement System (PERS). Contributions are made on a current basis as required by the plan and are recorded as expenses or expenditures.

The City provides tax-deferred annuity contracts established under Section 457 of the Internal Revenue Code. Participation in the program is voluntary. Contributions are made from salary deductions from participating employees within the limits specified in the Code.

11. Fund Equity

The City reports fund equity in accordance with GASB Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definitions. The following classifications describe the relative strength of the spending constraints:

- Nonspendable fund balance amounts that are in nonspendable form (such as inventory) or are required to be maintained intact.
- Restricted fund balance amounts constrained to specific purposes by their providers (such as grantors, bondholders, and higher levels of government), through constitutional provisions, or by enabling legislation.
- Committed fund balance amounts constrained to specific purposes by the City itself, using its highest level of decision-making authority (i.e., city council). To be reported as committed, amounts cannot be used for any other purpose unless the City takes the same highest level action to remove or change the constraint.
- Assigned fund balance amounts the City intends to use for a specific purpose. Intent
 can be expressed by the city council or by an official or body to which the city council
 delegates the authority.
- Unassigned fund balance amounts that are available for any purpose. Positive amounts are reported only in the General Fund.

The City has not formally adopted a minimum fund balance policy.

NOTES TO BASIC FINANCIAL STATEMENTS

June 30, 2013

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

E. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures; accordingly, actual results could differ from those estimates.

II. STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

A. Budgetary Information

The City budgets all funds in accordance with the requirements of state law. Annual appropriated budgets are adopted for the general, special revenue, debt service, capital projects, and enterprise funds. All funds are budgeted on the modified accrual basis of accounting.

The City begins its budgeting process by appointing budget committee members. The budget officer prepares a budget, which is reviewed by the budget committee. The budget is then published in proposed form and is presented at public hearings to obtain taxpayer comments and approval from the budget committee. The budget is legally adopted by the city council by resolution prior to the beginning of the City's fiscal year. The council resolution authorizing appropriations for each fund sets the level by which expenditures cannot legally exceed appropriations. Appropriations are made at the department/function level. The detailed budget document, however, is required to contain more specific detailed information for the aforementioned expenditure categories and management may revise the detailed line item budgets within appropriation categories. Unexpected additional resources may be added to the budget through the use of a supplemental budget and appropriation resolution. Supplemental budgets less than 10% of a fund's original budget may be adopted by the city council at a regular council meeting.

A supplemental budget greater than 10% of a fund's original budget requires hearings before the public, publication in newspapers, and approval by the city council. Original and supplemental budgets may be modified by the use of appropriation transfers between the levels of control. Such transfers require approval by the city council. During the year, there was one supplemental budget. The City does not use encumbrances and appropriations lapse at year-end.

Budget amounts shown in the financial statements reflect the original budget amounts, one supplemental budget and two approved appropriation changes.

B. Excess of Expenditures Over Appropriations

The City expended funds in excess of the amounts appropriated, which is in violation of ORS 294.100.

NOTES TO BASIC FINANCIAL STATEMENTS

June 30, 2013

II. STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY (Continued)

B. Excess of Expenditures Over Appropriations (Continued)

The following appropriations were over-expended for the fiscal year ended June 30, 2013:

Fund	Department	Appropriations		Expenditures		Excess	
C 1 F 1	II P	ф	200.057	Ф	F00 00F	ф	110.000
General Fund	Human Resources	\$	389,957	\$	509,885	\$	119,928

General Fund	Library	\$	576,663	\$	600,403	\$	23,740
Special Revenue Fund	Park Enterprise	\$	47,627	\$	56,432	\$	8,805
Special Revenue Fund	School Resource Officer	\$	36,375	\$	41,042	\$	4,667
Capital Projects Fund	Senior Services Building Trust	\$	-	\$	1,604	\$	1,604
Enterprise Fund	Wastewater 2010 Bond Project	\$	436,651	\$	436,874	\$	223

III. DETAILED NOTES ON ALL FUNDS AND ACCOUNT GROUPS

A. Deposits and Investments

The City of Lebanon maintains a cash and cash equivalents pool that is available for use by all funds. Each fund type's portion of this pool is displayed on the fund financial statements as cash and investments. Interest earned on pooled cash and investments is allocated to participating funds based upon their combined cash and investment balances.

Investments, including amounts held in pooled cash and investments are stated at fair value. In accordance with Governmental Accounting Standards Board (GASB) Statement No. 31, *Accounting and Financial Reporting for Certain Investments and for External Investment Pools*, investments with a remaining maturity of more than one year at the time of purchase are stated at fair value. Fair value is determined at the quoted market price, if available; otherwise, the fair value is estimated based on the amount at which the investment could be exchanged in a current transaction between willing parties, other than a forced liquidation sale.

The Oregon State Treasury administers the LGIP. The LGIP is an open-ended, no-load, diversified portfolio offered to any agency, political subdivision, or public corporation of the state that by law is made the custodian of, or has control of, any fund. The LGIP is commingled with the State's short-term funds. To provide regulatory oversight, the Oregon Legislature established the Oregon Short-Term Fund Board and LGIP investments are approved by the Oregon Investment Council. The fair value of the City's position in the LGIP is the same as the value of the pool shares.

Because the pool operates as a demand deposit account, each fund's portion of this pool is classified on the combined balance sheet as cash and cash equivalents; however, Oregon Short-Term Fund investments are disclosed below and classified by custodial credit risk for investments.

NOTES TO BASIC FINANCIAL STATEMENTS

June 30, 2013

III. DETAILED NOTES ON ALL FUNDS AND ACCOUNT GROUPS (Continued)

A. Deposits and Investments (Continued)

The Treasurer makes short-term and long-term investments, which are held separately by several of the State's funds. Other investments are made directly by state agencies rather than by the Treasurer, although only a few agencies are authorized to make such investments and then only for specific programs. The State Treasury's direct investments in short-term securities are limited by portfolio rules established by the Oregon Short-Term Fund Board and the Oregon Investment Council.

A separate financial report for the Oregon Short-Term Fund Board is prepared by the Treasurer in accordance with GASB Statement No. 31, *Accounting and Financial Reporting for Certain Investments and for External* Investment *Pools.* Copies of the report can be obtained from the Oregon State Treasury, Finance Division, 350 Winter Street NE, Suite 100, Salem, Oregon 97301-3896.

Participants' account balances in the Oregon Short-Term Fund are determined by the amount of participants' deposits, adjusted for withdrawals and distributed interest. Interest is calculated and accrued daily on each participant's account based on the ending account balance and a variable interest rate determined periodically by the Oregon State Treasury. The interest rate approximates the actual yield of the Oregon Short-Term Fund, exclusive of unrealized gains and losses.

Credit Risk

Oregon statutes authorize the City to invest in obligations of the U.S. Treasury and U.S. agencies, bankers' acceptances, repurchase agreements, commercial paper rated A-1 by Standard & Poor's Corporation or P-1 by Moody's Commercial Paper Record, and the Local Government Investment Pool. The City's policy, which adheres to state law, is to limit its investments to the following: issuers within Oregon must be rated "A" (bonds) or A-2/P-2 (commercial paper) or better by Standard & Poor's or Moody's Investors Service or any other national recognized statistical rating organization. Issuers not in Oregon must be rated AA/Aa (bonds) or A-1/P-1 (commercial paper) or better.

NOTES TO BASIC FINANCIAL STATEMENTS

June 30, 2013

III. DETAILED NOTES ON ALL FUNDS AND ACCOUNT GROUPS (Continued)

A. Deposits and Investments (Continued)

At June 30, 2013, the City's investments were rated as follows:

]	Federal			
	I	Agency	Corporate		
Credit Quality Rating	Ob	oligations	Bonds	LGIP	Total
Unrated	\$	-	\$ =	\$ 9,660,562	\$ 9,660,562
Moody Aa1		-	200,000	-	200,000
Moody Aa2		-	1,000,000	-	1,000,000
Moody Aa3		-	550,000	-	550,000
Moody A1		-	1,204,000	-	1,204,000
Moody A2		-	300,000	-	300,000
S&P AA+		341,000	300,000	-	641,000
S&P AA-			 300,000	 <u>-</u>	 300,000
Total investments	\$	341,000	\$ 3,854,000	\$ 9,660,562	\$ 13,855,562

Investments

As of June 30, 2013, the City had the following investments:

	Percent of			
	Investment			
	Portfolio	Maturities	Fair	Value
Oregon Local Government Investment Pool	70%	_	\$ 9,	.660,562
Federal Agency Obligations	2%	> 3 years	. ,	341,000
Corporate Bonds	6%	< 6 months		800,000
Corporate Bonds	21%	1 - 3 years	2,	854,000
Corporate Bonds	1%	> 3 years		200,000
Total investments			\$ 13,	855,562

Interest Rate Risk

In accordance with its investments policy, the City manages its exposure to declines in fair value of its investments by limiting investment maturity. All the investments above, except for the investment in the Local Government Investment Pool which is not evidenced by securities, are held in an independent third-party safekeeping institution in the City of Lebanon's name.

NOTES TO BASIC FINANCIAL STATEMENTS

June 30, 2013

III. DETAILED NOTES ON ALL FUNDS AND ACCOUNT GROUPS (Continued)

A. Deposits and Investments (Continued)

Concentration of Credit Risk

The City's policy for investing in individual issuers varies depending on the type of investments. U.S. Treasury and agency securities do not have restrictions regarding concentration with any one issuer.

Custodial Credit Risk - Investments

This is the risk that, in the event of the failure of a counterparty, the City will not be able to recover the value of its investments that are in the possession of an outside party. The City does not have a policy that limits the amount of investments that can be held by counterparties.

Custodial Credit Risk - Deposits

This is the risk that, in the event of a bank failure, the City's deposits may not be returned. All City deposits not covered by Federal Depository Insurance Corporation (FDIC) insurance are covered by the Public Funds Collateralization Program (PFCP) of the State of Oregon, organized in accordance with ORS 295. The PFCP is a shared liability structure for participating bank depositories. Barring any exceptions, a bank depository is required to pledge collateral valued at a minimum of 10% of their quarter-end public fund deposits if they are considered well capitalized, 25% of their quarter-end public fund deposits if they are considered adequately capitalized, or 110% of their quarter-end public fund deposits if they are considered undercapitalized or assigned to pledge 110% by the Office of the State Treasurer. In the event of a bank failure, the entire pool of collateral pledged by all qualified Oregon public funds bank depositories is available to repay deposits of public funds of government entities.

The City holds accounts at Wells Fargo, for which deposits are insured by the FDIC up to \$250,000. At June 30, 2013, the City had deposits of \$250,000 insured by the FDIC and \$761,047 collateralized under the PFCP.

Deposits

The City's deposits and investments at June 30, 2013 were as follows:

2. Governmental Activity 2007 General Obligation Refunding Bonds

General obligation bonds are direct obligations that pledge the full faith and credit of the City and are payable from ad valorem debt service levy proceeds. The 2007 Refunding Bonds were issued to prepay or partially prepay three outstanding general obligation bond issues. The bonds are payable on June 1 and December 1 of each year. Interest is variable over a fixed schedule, set out at the issuance date. The City's outstanding general obligation bonds represent funding primarily for capital projects. The Debt Service Fund has been used to liquidate the general obligation debt. Loan #LEBGO2007, final maturity in 2027, interest 4%-5%, original issue amount \$19,970,000.

3. Governmental Activity NW Urban Renewal District 2010 General Obligation Refunding Bonds

On November 2, 2010, the City issued general obligation bonds of \$3,310,000 (par value) with interest rates of 2% to 3.5% to advance refund the portion of the Series 2000 general obligation bonds maturing December 1, 2010, with interest rates of 5.75% to 6%, and a par value of \$3,420,000. All defeased bonds have been paid in full. As a result of the advance refunding, the City reduced its total debt service requirements by \$658,966, which resulted in an economic gain (difference between present value of the debt service payments on the old and new debt) of \$431,283. Interest is variable over a fixed schedule, set out at the issuance date. The bonds are payable on June 1 and December 1 of each year. The NW Urban Renewal District Fund has been used to liquidate the debt. Loan #LebanonUR10, final maturity 2020.

NOTES TO BASIC FINANCIAL STATEMENTS

June 30, 2013

III. DETAILED NOTES ON ALL FUNDS AND ACCOUNT GROUPS (Continued)

G. Long-Term Liabilities (Continued)

4. Governmental Activity Pension Obligation Bonds

The City issued the 2002 pension obligation bonds for the purpose of funding the City's portion of the PERS Unfunded Actuarial Liability (UAL). Interest is fixed and ranges between 2% and 7.36%. Interest rates increase in accordance with the original bond agreements. Interest is due semiannually on June 1 and December 1. The Debt Service Fund has been used to liquidate the debt. Loan #PERS, final maturity 2028, original issue amount \$2,081,188.

5. Governmental Activity Note Payable - Samaritan Health Services

The City signed the note payable in 2009 to finance the purchase of infrastructure additions in the North Gateway Urban Renewal District. The note calls for annual payments on February 14. The North Gateway Urban Renewal District Fund has been used to liquidate the note payable. Final maturity 2030, interest at 6%, original issue amount \$1,025,239.

6. Governmental Activity Note Payable - General Fund Special Public Works

The City signed the note payable in 2009 to complete various capital projects. The note calls for annual payments on December 1. The General Fund has been used to liquidate the note payable. Loan #B07002, final maturity 2028, interest 3%-5.25%, original issue amount \$1,779,833.

7. Governmental Activity Note Payable - NW Urban Renewal District Special Public Works Fund

The City signed the note payable on May 1, 2007. The funds were used for urban renewal projects. Interest rates increase in accordance with the original debt agreements. Interest is due annually on December 1. The NW Urban Renewal District Fund has been used to liquidate the note payable. Loan #B05003, final maturity 2031, interest 4%-4.375%, original issue amount \$3,677,462.

III. DETAILED NOTES ON ALL FUNDS AND ACCOUNT GROUPS (Continued)

G. Long-Term Liabilities (Continued)

11. Business-Type Activity 2010 Wastewater Revenue Refunding Bonds

On October 13, 2010, the City issued wastewater revenue refunding bonds of \$7,010,000 (par value) with interest rates of 2% to 3.75% to advance refund the portion of the Series 2000 wastewater revenue bonds maturing November 12, 2010, with interest rates of 5.25% to 5.7%, and a par value of \$2,140,000. All defeased bonds have been paid in full. As a result of the advance refunding, the City reduced its total debt service requirements by \$355,618, which resulted in an economic gain (difference between present value of the debt service payments on the old and new debt) of \$304,730. Interest is variable over a fixed schedule, set out at the issuance date. The bonds are payable on March 1 and September 1 of each year. The Enterprise Fund has been used to liquidate the debt. Loan #LebanonWW10, final maturity 2031.

12. Business-Type Activity 2004 Water Revenue Refunding Bonds

On January 22, 2004, the City issued water revenue refunding bonds of \$2,910,000 (par value) with interest rates of 2% to 4.2% to refund the 1993 special lease obligation. Interest is variable over a fixed schedule, set out at the issuance date. The bonds are payable on April 1 and October 1 of each year. The Enterprise Fund has been used to liquidate the debt. Loan #Lebanon2004, final maturity 2021.

13. Business-Type Activity Note Payable - Cannibal Project

The note payable was signed in 2007 to finance wastewater system projects. The note calls for semiannual payments on June 27 and December 27. The Enterprise Fund has been used to liquidate the debt. Loan #Siemens, final maturity 2022, interest 4.087%, original issue amount \$4,311,575. The note agreement requires that net revenue in each fiscal year is at least 1.25 times the year's annual debt service.

14. Business-Type Activity Loan Payable - DEQ

The loan payable was signed in 2009 to pay the cost of wastewater improvement projects. The loan is backed by utility revenues. The loan calls for semiannual payments on April 1 and October 1. The Enterprise Fund has been used to liquidate the debt. Loan #R56200, final maturity 2029, interest 2.93%, original issue amount \$900,000.

19. Legal Debt Limit

The City's legal annual debt service limit (as defined by Oregon Revised Statute 478.410) as of June 30, 2013 was approximately \$32,079,241. The City's legal debt service limit is 3% of the real market value of property within the City.

IV. OTHER INFORMATION

A. Risk Management

The City is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; and natural disasters for which the City carries commercial insurance. There was no significant reduction in insurance coverage from the previous year. There were no insurance settlements exceeding insurance coverage in any of the past three years.

B. Commitments

The City has entered into an agreement with Samaritan Health Services under which the City will repay amounts invested by Samaritan Health Services to improve or add infrastructure within the North Gateway Urban Renewal District. The total costs allowed to be repaid under the agreement are \$5,105,900. Improvements must be in place no later than 2029. Amounts invested by Samaritan Health Services are added to an existing loan agreement as described in Note III-G. As of June 30, 2013, \$1,025,239 had been invested under the agreement.

NOTES TO BASIC FINANCIAL STATEMENTS

June 30, 2013

IV. OTHER INFORMATION (Continued)

C. Retirement Plans

1. Oregon Public Employees Retirement System

Plan Description

The City contributes to two pension plans administered by the Oregon Public Employees Retirement System (PERS). The Oregon Public Employees Retirement Fund (OPERF) applies to the City's contribution for qualifying employees who were hired before August 29, 2003, and is a cost-sharing, multiple-employer, defined benefit pension plan. The Oregon Public Service Retirement Plan (OPSRP) is a hybrid successor plan to the OPERF and consists of two programs: the pension program and the defined benefit portion of the plan. OPSRP applies to qualifying City employees hired after August 29, 2003. Benefits are calculated by a formula for members who attain normal retirement age. The formula takes into account final average salary and years of service. Beginning January 1, 2004, all PERS member contributions go into the Individual Account Program (IAP), the defined contribution portion of the plan. PERS members retain their existing PERS accounts, but any future member contributions are deposited into the member's IAP, not the member's PERS account.

Both PERS plans provide retirement and disability benefits, post-employment healthcare benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. PERS is administered under Oregon Revised Statute (ORS) Chapter 238, which establishes the Public Employees Retirement Board as the governing body of PERS. PERS issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by writing to PERS, P.O. Box 23700, Tigard, Oregon 97281-3700, by calling (503) 598-7377, or by accessing the PERS website at http://oregon.gov/PERS/.

Funding Policy

The City is required by ORS 238.225 to contribute at an actuarially determined rate for the qualifying employees under the OPERF plan and a general service rate for the qualifying employees under the OPSRP plan. The OPERF, OPSRP, and OPSRP Fire and Police rates in effect for the year ended June 30, 2013 were 11.10%, 7.22%, and 9.93%, respectively. The contribution requirements for plan members are established by ORS Chapter 238 and may be amended by an act of the Oregon Legislature. Covered employees are required by state statute to contribute 6% of their annual salary to the system, but the employer is allowed to pay any or all of the employees' contributions in addition to the required employer's contribution. The City has elected to pay the required employee contribution of 6% of covered payroll, which is invested in the OPSRP Individual Account Program.

NOTES TO BASIC FINANCIAL STATEMENTS

June 30, 2013

IV. OTHER INFORMATION (Continued)

C. Retirement Plans (Continued)

1. Oregon Public Employees Retirement System (Continued)

Annual Pension Cost

The City's contributions to PERS for the years ending June 30, 2011, 2012, and 2013 were equal to the required contribution for each year. In 2002, the City issued a pension obligation bond, the proceeds of which were used to finance a portion of its estimated unfunded actuarial liability. (See Note III-G.)

Annual pension expenses/expenditures are summarized as follows:

Fiscal Year	R	equired			То	tal Annual	Percentage	
Ended	Cont	Contribution to		Contribution to Annual Debt		Pe	nsion Cost	of APC
June 30	Ore	gon PERS		Service	(APC)		Contributed	
					_			
2011	\$	854,421	\$	367,772	\$	1,222,193	100%	
2012	\$	783,496	\$	124,904	\$	908,400	100%	
2013	\$	962,330	\$	127,563	\$	1,089,893	100%	

2. Deferred Compensation Plan

The City has authorized a deferred compensation plan to be made available to its employees wherein they may execute an individual agreement with the City for amounts earned by them, not to be paid until a future date when they are terminated by reason of death, permanent disability, retirement, or separation. The deferred compensation plan is authorized under Internal Revenue Code (IRC) Section 457 and has been approved by the Internal Revenue Service. Under the plan document, the City has a fiduciary responsibility to administer the plan in accordance with the requirements of IRC Section 457. The City has no liability for any losses that may be incurred under the plan.

NOTES TO BASIC FINANCIAL STATEMENTS

June 30, 2013

IV. OTHER INFORMATION (Continued)

D. Other Post-Employment Benefits

1. Retirement Health Insurance Account (RHIA)

Plan Description

As a member of Oregon Public Employees Retirement System (OPERS), the City contributes to the Retirement Health Insurance Account (RHIA) for each of its eligible employees. RHIA is a cost-sharing, multiple-employer, defined benefit other post-employment benefit plan administered by OPERS. RHIA pays a monthly contribution toward the cost of Medicare companion health insurance premiums of eligible retirees. Oregon Revised Statute (ORS) 238.420 established this trust fund. Authority to establish and amend the benefit provisions of RHIA reside with the Oregon Legislature. The plan is closed to new entrants after January 1, 2004. OPERS issues a publicly available financial report that includes financial statements and requires supplementary information. That report may be obtained by writing to PERS, P.O. Box 23700, Tigard, Oregon 97281-3700, by calling (503) 598-7377, or by accessing the PERS website at http://oregon.gov/PERS/.

Because RHIA was created by enabling legislation (ORS 238.420), contribution requirements of the plan members and the participating employers were established and may be amended only by the Oregon Legislature. ORS require that an amount equal to \$60 or the total monthly cost of Medicare companion health insurance premiums coverage, whichever is less, shall be paid from the Retirement Health Insurance Account established by the employer, and any monthly cost in excess of \$60 shall be paid by the eligible retired member in the manner provided in ORS 238.410. To be eligible to receive this monthly payment toward the premium cost, the member must: (1) have eight years or more of qualifying service in PERS at the time of retirement or receive a disability allowance as if the member had eight years or more of creditable service in PERS, (2) receive both Medicare Parts A and B coverage, and (3) enroll in a PERS-sponsored health plan. A surviving spouse or dependent of a deceased PERS retiree who was eligible to receive the subsidy is eligible to receive the subsidy if he or she (1) is receiving a retirement benefit or allowance from PERS or (2) was insured at the time the member died and the member retired before May 1, 1991.

NOTES TO BASIC FINANCIAL STATEMENTS

June 30, 2013

IV. OTHER INFORMATION (Continued)

D. Other Post-Employment Benefits (Continued)

1. Retirement Health Insurance Account (RHIA) (Continued)

Funding Policy

Participating entities are contractually required to contribute to RHIA at a rate assessed each year by OPERS; currently 0.59% of covered OPERF payroll and 0.50% of covered OPSRP payroll. The OPERS board of trustees sets the employer contribution rate based on the annual required contribution of the employers (ARC), an amount actuarially determined in accordance within the parameters of GASB Statement 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial liabilities (or funding excess) of the plan over a period not to exceed 30 years. The City's contributions to RHIA for the years ended June 30, 2011, 2012, and 2013 were \$14,772, \$25,801, and \$24,282, respectively, which equaled the required contributions each year.

E. Bargaining Unit

At June 30, 2013, the City had a total of approximately 93.85 FTE employees. Of this total, approximately 75% are represented by unions. The union agreement with AFSCME was ratified on March 20, 2013 and extends through June 30, 2016. The union agreement with Teamsters was ratified on October 16, 2013 and extends through June 30, 2014.

F. Restatements

Beginning net position of the City was restated as follows:

	 overnmental Activities	siness-Type Activities
Net position - beginning, as originally reported	\$ 27,302,344	\$ 24,079,350
Correction of accounts receivable adjustment incorrectly recorded	(642,903)	397,980

G. New Pronouncements

The Governmental Accounting Standards Board (GASB) has issued the following pronouncements that have future effective dates that will impact future financial presentations. Management has not currently determined what impact implementation of the following statements will have on future financial statements.

GASB Statement No. 65, *Items Previously Reported as Assets and Liabilities*, will be effective for the City beginning with its fiscal year ending June 30, 2014. GASB Concepts Statement No. 4, *Elements of Financial Statements*, specifies that recognition of deferred outflows and deferred inflows should be limited to those instances specifically identified in authoritative GASB pronouncements. Consequently, guidance was needed to determine which balances being reported as assets and liabilities should actually be reported as deferred outflows of resources or deferred inflows of resources, according to the definitions in Concepts Statement 4. Based on those definitions, Statement 65 reclassifies certain items currently being reported as assets and liabilities as deferred outflows of resources and deferred inflows of resources. In addition, this statement recognizes certain items currently being reported as assets and liabilities as outflows of resources and inflows of resources.

NOTES TO BASIC FINANCIAL STATEMENTS

June 30, 2013

IV. OTHER INFORMATION (Continued)

G. New Pronouncements (Continued)

GASB Statement No. 68, Accounting and Financial Reporting for Pensions, will be effective for the City beginning with its fiscal year ending June 30, 2015. Statement 68 replaces the requirements of Statement No. 27, Accounting for Pensions by State and Local Governmental Employers and Statement No. 50, Pension Disclosures, as they relate to governments that provide pension plans administered as trusts or similar arrangements that meet certain criteria. Statement 68 requires governments providing defined benefit pensions to recognize their long-term obligation for pension benefits as a liability for the first time, and to more comprehensively and comparably measure the annual costs of pension benefits. The statement also enhances accountability and transparency through revised and new note disclosures and required supplementary information (RSI).

H. Subsequent Events

Management has evaluated subsequent events through December 6, 2013, which was the date that the financial statements were available to be issued.

1. On July 31, 2013, the City issued the Full Faith and Credit Refunding Obligations, Series 2013 in the amount of \$15,235,000 to refund the 2003 Wastewater Refunding and 2004 Water Refunding Bonds, and to make payments related to the Lowe's distribution center.

AUDIT COMMENTS AND DISCLOSURES REQUIRED BY STATE REGULATIONS

INDEPENDENT AUDITOR'S REPORT REQUIRED BY OREGON STATE REGULATIONS

City Council City of Lebanon Lebanon, Oregon 97355

We have audited the basic financial statements of the City of Lebanon as of and for the year ended June 30, 2013, and have issued our report thereon dated December 6, 2013. We conducted our audit in accordance with auditing standards generally accepted in the United States of America.

Compliance

As part of obtaining reasonable assurance about whether the City of Lebanon's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grants, including the provisions of Oregon Revised Statutes, as specified in Oregon Administrative Rules 162-010-0000 through 162-010-0320 of the Minimum Standards for Audits of Oregon Municipal Corporations, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion.

We performed procedures to the extent we considered necessary to address the required comments and disclosures, which included, but were not limited to, the following:

Deposit of public funds with financial institutions (ORS Chapter 295)

Indebtedness limitations, restrictions, and repayment

Budgets legally required (ORS Chapter 294)

Insurance and fidelity bonds in force or required by law

Programs funded from outside sources

Authorized investment of surplus funds (ORS Chapter 294)

Public contracts and purchasing (ORS Chapters 279A, 279B, 279C)

In connection with our testing, nothing came to our attention that caused us to believe the City was not in substantial compliance with certain provisions of laws, contracts, and grants, including the provisions of Oregon Revised Statutes, as specified in Oregon Administrative Rules 162-010-0000 through 162-010-0320 of the Minimum Standards for Audits of Oregon Municipal Corporations, except as noted below.

- 1. The City was not in compliance with ORS Chapters 279A, 279B, and 279C as they relate to public contracts and purchasing.
- 2. The City expended funds in excess of the amounts appropriated, which is in violation of ORS 294.100. The following appropriations were over-expended for the fiscal year ended June 30, 2013:

Fund Department		Appropriations		Exp	enditures	Excess		
General Fund	Human Resources	\$	389,957	\$	509,885	\$	119,928	
General Fund	City Attorney	\$	122,200	\$	138,305	\$	16,105	
General Fund	Legislative	\$	135,712	\$	148,232	\$	12,520	
General Fund	Library	\$	576,663	\$	600,403	\$	23,740	
Special Revenue Fund	Park Enterprise	\$	47,627	\$	56,432	\$	8,805	
Special Revenue Fund	School Resource Officer	\$	36,375	\$	41,042	\$	4,667	
Capital Projects Fund	Senior Services Building Trust	\$	-	\$	1,604	\$	1,604	
Enterprise Fund	Wastewater 2010 Bond Project	\$	436,651	\$	436,874	\$	223	

OAR 162-010-0230 Internal Control

In planning and performing our audit, we considered the City of Lebanon's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the City of Lebanon's internal control over financial reporting. However, we noted certain matters that we have reported to management of the City in a separate letter dated December 6, 2013.

This report is intended solely for the information and use of the city council and management of the City of Lebanon and the Oregon Secretary of State, and is not intended to be, and should not be used by anyone other than these parties.
