REPORT ON BUDGET

City Manager Smith, reported the Library Budget of \$28,130.00 was approved by the Budget Committee and would be expected to be our next year budget barring accident. He reported that the Civic Center study ordered by the Council would include possible new library facilities. As the next budget included new staff, it was decided to recruit for the night shift since the only trouble in coverage has been during the hours the high school students study in the library. There has been only one applicant. An advertisement in the Chronicle was authorized with Mrs. Reed delegated to put the ad in the paper.

MRS. HUNT WELCOMED

Dr. Rice, Chairman welcomed Mrs. James Hunt and asked for suggestions as to improvements of our County Service.

Meeting adjourned.

Respectfully submitted,

Jean Reed
Secretary
