AGENDA ITEM SUMMARY

DATE OF MEETING:	May 27, 2020
ITEM TITLE:	PUBLIC HEARING: PROPOSED FISCAL YEAR 2019-2020 SUPPLEMENTAL BUDGET - MEDICAID FUND
PRESENTER:	Christina Shew, Director of Finance
DIRECTOR:	Aurora Jackson, General Manager
ACTION REQUESTED:	Public Hearing

PURPOSE: To request that the Board of Directors hold a public hearing for the proposed Fiscal Year 2019-2020 Supplemental Budget for the Medicaid Fund in accordance with ORS 294.473.

HISTORY: Annually in May or June, the LTD Board adopts a budget for each of its five (5) funds. The budget for each fund reflects LTD's financial plan for the fiscal year that starts every July 1 and ends every June 30. The budget is reviewed and approved by the LTD Budget Committee (the LTD Board plus an equal number of citizen electors), who provide a recommendation to the Board of Directors to adopt the budget as presented, or as amended, on or before June 30 of every year. Each of the five (5) funds have their own budget and the resources and expenditures within those funds must balance (resources >= expenditures) in order for the budget to be adopted. The budget adopted by the LTD Board of Directors creates the authority for LTD to spend public money.

The adopted budget reflects input from the LTD Budget Committee and the public. It is based on LTD's good faith estimate of expected resources and expenditures for the year. Because the budget is based on estimates, Oregon Local Budget Law allows for changes after the budget is adopted known as a "supplemental budget" (ORS 294.473). Supplemental budgets are required for transfers and expenditures that expect to exceed the adopted budget by greater than 10 percent. The last time the LTD Board of Directors adopted a supplemental budget was March 20, 2019.

Monthly, LTD reviews actual expenditures and forecasts whether any expenditures are at risk of exceeding the adopted budget. The below risks were identified to the Fiscal Year 2019-2020 Budget:

1. **Medicaid Fund:** Expenditures are forecasted to exceed budget by \$1.5 million as a result of increases in Trillium and Pacific Source Medicaid medical service volume increases and non-emergency medical provider service cost increases from increased OAR 410-141-3920 – 410-141-3965 requirements which became effective January 1, 2020. LTD is contractually obligated to provide non-emergent transportation services based on the least-cost, most-appropriate mode of transport for all eligible trips, for all eligible individuals for the Coordinated Care Organizations (CCO) coordinating services for OHP members primarily within Lane County. These include trips within and outside of our region. LTD requests that CCO's reimburse 100% of the costs to provide non-emergency medical services. Increased costs resulting from additional OAR requirements are intended to be covered through negotiated administrative state reimbursement rates.
2. **Medicaid Fund:** In January 2020, the Comprehensive Annual Financial Report (CAFR) was issued. The FY20 Medicaid Fund had a beginning working capital assumption of \$132,000, but the CAFR actual beginning working capital was only \$5,831. The difference between the actual and estimate is due to timing of reimbursements for negotiated administrative costs and claims reimbursements which every year is a challenge to predict.

The two risks identified above require a request for a public hearing and a supplemental budget in order to comply with Oregon Local Budget Law. The Fiscal Year 2019-2020 Supplemental Budget request is summarized below:

Medicaid Fund:

- Increase the budgeted expenditures by \$1,467,400, which results in an amended expenditure budget of \$13,578,609. This increase in expenditures is planned to be offset by increases in claims reimbursements from Trillium and Pacific Source.
- Increase the transfer from the General Fund by \$188,000 to cover lower than budgeted beginning working capital fund balance and to increase the working capital operating reserve, which covers any gap period while awaiting reimbursement from CCOs or the State. While LTD works to recover as close to 100% of costs through the CCOs, LTD also has been willing to provide some funding to support the value of the service coordination to the community through the one-call center.
- There are no other budget changes to the Medicaid Fund expenditures, transfers, or reserves, and with these changes the Medicaid Fund is in balance.

RECOMMENDATION: In alignment with Oregon Local Budget Law, staff recommend that the Board hold a public hearing regarding the supplemental budget for the Medicaid Fund for the fiscal year 2019-2020, which increases the appropriated expenditures and transfers. Supplemental budget details are summarized below:

- Medicaid Fund expenditure increase of \$1,888,850 resulting in a total expenditure budget of \$13,498,775
- General Fund transfer increase of \$188,000, which results in an amended transfer out to the Medicaid Fund of \$413,003

ALTERNATIVES:

1. Postpone the public hearing to the June Board meeting.
2. Postpone the public hearing to an alternate date at a special Board meeting.

NEXT STEPS:

- Adopt the Fiscal Year 2019-2020 Supplemental Budget as presented [amended].
- In alignment with Oregon Local Budget Law, staff will follow the required reporting.

SUPPORTING DOCUMENTATION:

Actions

Today's Options:

- Request to approve the Proposed Fiscal Year 2019-2020 Supplemental Budget – Medicaid Fund as presented [amended].

Future:

- Board will hold a public hearing at the May 27 special Board meeting.
- Based on feedback from the Budget Committee and Board of Directors, any necessary revisions will be made.
- Board will adopt the Proposed Fiscal Year 2019-2020 Supplemental Budget – Medicaid Fund by resolution at the June 24 special Board meeting.

AGENDA ITEM SUMMARY

DATE OF MEETING:	May 27, 2020
ITEM TITLE:	PROPOSED FISCAL YEAR 2020-2021 ANNUAL BUDGET
PRESENTER:	Christina Shew, Director of Finance
DIRECTOR:	Aurora Jackson, General Manager
ACTION REQUESTED:	Public Hearing

PURPOSE: To request that the Board of Directors hold a public hearing for the Fiscal Year 2020-2021 (FY21) proposed Budget in accordance with ORS 294.453.

HISTORY: In accordance with ORS 294.408, the Board of Directors must adopt a budget for each of its five (5) funds by the close of the current fiscal year. For LTD, the fiscal year ends on June 30, 2020.

Oregon Budget Law is designed to encourage citizen involvement in the control and expenditure of public funds. Therefore, prior to adoption, the proposed budget must: 1) Be reviewed and approved by a Budget Committee as presented or amended (ORS 294.414); 2) Have a public hearing on the Budget Committee approved budget (ORS 294.453); and 3) self-balance (resources>= expenditure) by fund (OAR 150-294.352(1)-(A)).

The proposed Budget for FY21 was posted for public comment on Saturday, April 25, 2020. The Budget Committee questioned, reviewed, and provided its recommendation to the Board on the proposed budget on May 18, 2020. A financial summary and Notice of Budget Hearing (form LB-1) was published on May 21, 2020, in accordance with ORS 294.438.

An overview and the highlights of the Budget and the Budget Committee's recommendation will be presented at the May 27, 2020, Board of Directors meeting. A link to this presentation will be posted to the LTD website prior to the May 27, 2020, Board meeting, but after the May 18, 2020, Budget Committee meeting.

CONSIDERATIONS: In alignment with Oregon Local Budget Law, staff recommend that the Board hold a public hearing regarding the FY21 proposed budget. Budget details are posted on the LTD website.

ALTERNATIVES:

- The Board may postpone the public hearing on the FY21 proposed Budget to an alternate date on or before FY21 budget adoption.
- The Board may hold a public hearing on the FY21 proposed Budget and request a second public hearing on or before the FY21 Budget adoption.

NEXT STEPS:

- Staff will update the FY21 proposed Budget with input from 1) the Budget Committee and 2) the Board of Directors.
- Staff will be requesting Board adoption of the FY21 budget as presented or amended at the June 24, 2020, Board of Directors meeting. Adoption by the Board of Directors creates the authority for LTD to spend public money effective July 1, 2020.
- After FY21 Budget adoption, staff will file the FY21 with the State of Oregon, as required by Oregon Budget Law, and the new budget will become the FY21 business plan beginning July 1, 2020.

SUPPORTING DOCUMENTATION:

- 1) FY2020-2021 Proposed Budget Presentation
- 2) Budget Committee Follow Up – User Revenue Projections
- 3) FY21 Proposed Budget <https://www.ltd.org/annual-budget/>
- 4) FY21 Budget highlights and overview <https://www.ltd.org/annual-budget/>

PROPOSED MOTION: N/A

Proposed Fiscal Year 2020-2021 Budget

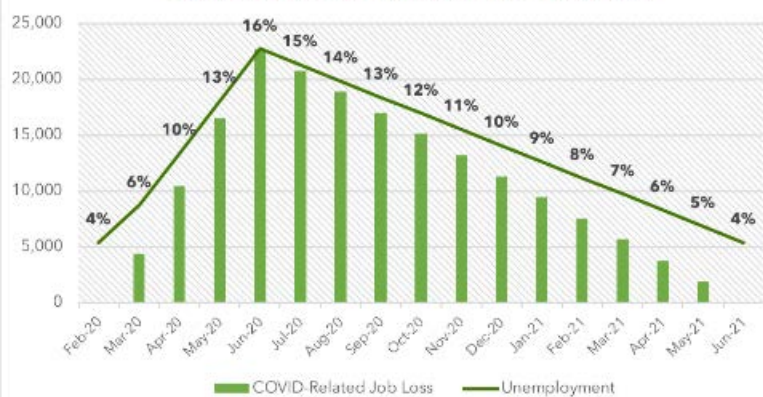

FY2020 - 2021 PAYROLL TAX SCENARIOS

Payroll tax assumption used

Scenario A: Unemployment by Month

Scenario B: Unemployment by Month

Scenario C: Unemployment by Month

LTD BOARD OF DIRECTORS' RESPONSES TO THE ECONOMIC UNCERTAINTY*

“We need to be making decisions with the long-term vision in mind” – Josh Skov

“V-shape is too optimistic and the LTD estimate is too optimistic” - Kate Reid

“Size our budget to the community needs and our budget” – Carl Yeh

“We should be looking at the U and multi-peak scenarios” – Caitlin Vargas

“This is potentially an opportunity to adjust everything” – Don Nordin

“It will take awhile to build ridership back up” – Josh Skov

“Use the CARES Act money to supplant local funds” – Emily Secord

FINANCIAL RESOURCES

The Coronavirus Aid, Relief, and Economic Security (CARES) Act:

- \$25 million for LTD of which \$16.5M is proposed to be used in FY20-21
- No Local Match required
- Utilize Federal grants process to apply for funds
- May be used to support Operational, Capital, & other expenses
- May be applied to costs incurred as far back as January 20, 2020
- Funds do not expire

Continued State and Federal Lobbying efforts:

- Remove restrictions on use of Statewide Transportation Improvement Fund (STIF)
- Additional Federal relief for extended economic downturn

KEY FACTORS

Service Levels:

- \leq 254,000 revenue service hours to contain cost
- Alternative service models to safely serve essential trip needs

CARES Act Funds:

- COVID-19 related Material and Service Expenditures
- COVID-19 related Personnel costs
- Recover COVID-19 related decreases in the Pension fund
- Recover COVID-19 related revenue loss

FISCAL YEAR 2020-2021 PROPOSED BUDGET

ALL FUNDS RESOURCES & REQUIREMENTS

All Funds Total Requirements & Non-appropriated Reserve \$130,067,472

All Funds Total Resources \$130,067,472

MINIMUM 2 MONTHS OPERATING RESERVE POLICY

FY2020-2021

Board direction to increase Operating reserves beyond current policy. On track in FY19-20 until emergence of COVID-19.

FY20-21 Requirements (\$55.1M) > Resources (\$51.6M), bringing operating reserve back to 2 months minimum requirement

GENERAL FUND BUDGET

Total General Fund Resources \$62,967,678

Total General Fund Requirements \$62,967,678

GENERAL FUND – PERSONNEL SERVICES

Amalgamated Transit Union:

- Personnel Reductions
- Contractual wage increases*:
 - July 1, 2020: 2%
 - January 1, 2021: 1.5%

**Contract ends June 30, 2021*

Administrative Staff:

- Personnel Reductions
- Furlough Days

Medical:

- 7% rate increase January 1, 2021.

GENERAL FUND – PENSION FUNDING

Retirement - Administrative Employees (Closed Plan)

	2013	2014	2015	2016	2017	2018	2019
Employer contributions	1,161,609	1,333,241	1,174,309	1,842,970	1,842,970	1,577,474	1,506,168
Investment income(loss)	1,298,746	2,081,971	222,900	(361,265)	1,893,124	1,357,720	1,051,294
Benefits paid to participants	690,418	939,485	1,182,843	1,224,898	1,332,068	1,413,238	1,504,188
Administrative expenses	92,282	87,860	55,910	105,822	54,251	84,998	69,893
Funded ratio	70%	75%	73%	69%	67%	69%	71%

Current Reality:

- March 2020 CYTD return = -16.20% (\$3.4M loss)

Funded ratio factors:

- Investment income drop in FY16
- Increased retirees receiving benefits (up 10)
- Decrease in active employees contributing to the plan
- Discount rate reduced to 5.5% (from 6.25%), increasing the pension liability by \$2M

GENERAL FUND – PENSION FUNDING

Current Reality:

- March 2020 CYTD return = -16.22% (\$5.3M loss)

Funded ratio factors:

- \$0.6M Investment income drop in FY17 (CY 2016)
- Discount rate reduced to 5.75% (from 6.50%), increasing the pension liability by >\$3M

CAPITAL FUND BUDGET

Total Capital Fund Resources \$40,833,473

Total Capital Fund Requirements \$40,833,473

CAPITAL FUND BUDGET HIGHLIGHTS

- All projects included in this fund were in the FY2020-2029 Community Investment Plan, with one exception:
 - Planning Studies (\$544K)
 - \$5.5M General Fund transfer represents the grant match requirements for FY21 projects
 - \$10.8M WC restricted for grant match for projects continuing past FY21
- 48% = Replacement of aging fleet – 18 fixed-route revenue vehicles & 3 mobility service vehicles
 - 10% = Santa Clara Transit Station
 - 8% = Technology software and hardware infrastructure
 - 3% = Planning projects
 - 1% = FTN Safety & Amenity Improvements

FY21 SPECIALIZED SERVICE BUDGET HIGHLIGHTS

Specialized Services Fund Total Resources \$10,366,137

Specialized Services Fund Total Requirements \$10,366,137

FY21 SPECIALIZED SERVICE BUDGET HIGHLIGHTS

- Expect full year of higher ridership for both Mentor Oregon and Full Access Brokerage clients.
- STIF programs included in this Fund:
 - Out-of-District Florence & Oakridge routes
 - Cottage Grove Transit Demand Plan
 - Mobility as a Service
- Operating revenues and requirements are both up \$0.7M due to STIF programs & increased ADA Paratransit trips over the last 3 years.
- General Fund transfer requirement is flat

Point2point BUDGET

P2P Resources \$1,243,316

P2P Requirements \$1,243,316

Point2point BUDGET HIGHLIGHTS

- Most Point2point (P2p) programs have a 10.27% local match requirement.
- Rideshare activities are funded at 100%.
- Vanpool is funded through the General Fund.
- Requirements are \$145K lower. Most P2p programs are on a 3-year cycle with FY21 being the last year of the program cycle so only remaining funds can be expended.
- Transfers vary primarily by the programs, associated match requirements and existing BWC to fund match.

MEDICAID BUDGET

Medicaid Fund Total Resources \$14,656,737

Medicaid Fund Total Requirements \$14,656,737

MEDICAID BUDGET HIGHLIGHTS

- Expect full year of both Trillium and Pacific Source clients.
- Operating revenues and requirements are both up \$2.1M due to Medicaid Medical services (Trillium & Pacific Source).
- Waivered non-medical service cost increases, partially offset by new contract resources that increase the ride reimbursement rate by almost \$4/trip.
- General Fund transfer requirement is roughly flat compared to the estimated FY20 transfer.

PROPOSED BUDGET SUMMARY

ACTION ITEMS

Today's Action:

- Request to approve the Proposed Fiscal Year 2020-2021 Budget as presented [amended] for the following funds:
 - General Fund
 - Capital Fund
 - Point2Point
 - Specialized Services
 - Medicaid

Future Actions:

- Board will hold a Public Hearing at the May 27 Regular Meeting of the Board of Directors
- Based upon feedback from the Budget Committee and Board of Directors, any necessary revisions will be made
- Board will adopt the Proposed Fiscal Year 2020-2021 Budget at the June 24 meeting

MEMORANDUM

DATE: May 27, 2020
TO: LTD Board of Directors
FROM: Aurora Jackson, General Manager
SUBJECT: BUDGET COMMITTEE FOLLOW UP – USER REVENUE PROJECTIONS

In accordance with the Oregon Revised Statutes, on May 18, 2020, the LTD Budget Committee met to review the FY2021 Proposed Budget for its five funds. The Committee approved the proposed budget with the condition that the LTD Board of Directors receive the logic for the revenue projections identified for group passes, fares and other passes. These revenues are part of the General Fund and make up 7% of the anticipated resources.

Group Pass, Fares & Passes

Group pass, fares and other passes are all user revenues and directly tied to LTD's ridership projections. In past years, LTD's ridership has averaged ten million riders but given the impact of COVID-19 on the local economy, educational establishments and riders' concerns, ridership is anticipated to drop between 30 to 60 percent. Given this premise, LTD projects an annual ridership of four to seven million riders in FY2021. Using these ridership factors, the percentage of fares to passenger boardings are typically 68%. If ridership was projected at four million riders, the assumed revenue would be \$2.7 million. If ridership was projected at seven million riders, the assumed revenue would be \$4.8 million.

In the Proposed FY2021 Budget, LTD projected \$4.1 million for all combined user revenues. This projection is highly optimistic and actual revenues could likely be much lower. As with all of the revenue projections, some revenues are projected very conservatively while others are projected more optimistically. User fare revenues were projected optimistically given they make up a very low percentage of anticipated revenues. The largest revenue in the General Fund is payroll tax revenues and these revenues are projected conservatively in accordance with the Board of Directors' direction at the April 15 Board meeting.

If the Board would like to budget more conservatively for the combined user revenues, a couple of options would be to: 1) reduce the combined user revenue to the lower amount of \$2.7 million, or 2) something in between such as \$3.75 million. Either option would require a rebalancing of the General Fund by either increasing revenue in another source or by reducing costs.

If the Board would like to maintain the combined user revenue as proposed, it could choose to modify this projection at a future date once a more accurate picture was available.

Quick Reference: FY2021 General Fund Revenue Projections \$62,967,678:

REVENUE	AMOUNT	% OF BUDGET
Payroll tax	\$27,117,649	43%
Self-employment tax	\$1,388,463	2%
State-in-lieu tax	\$315,751	1%
Fares & Passes	\$2,429,638	4%
Group Pass	\$1,677,077	3%
State assistance	\$1,533,333	2%
Advertising	\$322,000	1%
Beginning Working Capital	\$11,320,433	18%
Interest	\$52,500	<1%
Miscellaneous	\$270,067	<1%
CARES Act Funds	16,540,767	26%

AGENDA ITEM SUMMARY

DATE OF MEETING: May 27, 2020

ITEM TITLE: RIDERSHIP AND OPERATIONS UPDATE

PREPARED BY: Tom Schwetz, Director of Planning and Development

DIRECTOR: Aurora Jackson, General Manager

ACTION REQUESTED: None. Information Only

PURPOSE: To provide the Board with an update on current ridership trends and operations.

ROLE OF THE BOARD: The Board's role in this instance is to obtain information.

HISTORY: Beginning with the closure of the UO during the week of March 16, LTD's ridership experienced a decline until the week of March 23 when data indicates that ridership leveled out. Figure 1 provides an overall view of LTD's ridership trends between April 20 and May 21, 2020, for both LTD's fixed route service and RideSource services.

Trends in Fixed-Route Service

Overall, every route has the experienced ridership reductions. In particular, EmX and LTD's core routes have seen heavy reductions, though EmX continues to carry the majority of overall ridership. LTD's ridership has gone from an average of about 35,000 boardings per day on an average weekday in 'normal' times to about 10,000 boardings on an average weekday. This represents about a 70% reduction in our ridership – similar to what is being seen across the country. During this period of time, evening service (after 8:30 PM) - has been fairly stable currently at about 900 average weeknight boardings.

On May 8, 2020 Lane County formally submitted its "Blueprint for Re-opening" to the Governor. Phase 1 of this blueprint will include opening of some businesses that can be expected to increase the level of travel and social interaction within the Eugene-Springfield area. In that context, LTD's ridership trends are expected to change. As of the date this memo was written, weekday boardings during Phase 1 Reopening (May 15-May 21) are averaging approximately 10,000. While this is not enough data to firmly establish a shift in ridership, staff will be continuing to assess the level of change in boardings, how transit is being used in this phase of re-opening, and where overloads may be occurring.

In terms of who might be using LTD's services during this period of time, it is useful to consider which community residents are most transit dependent. Though there are likely many factors that would cause someone to be dependent on transit, income, access to a vehicle, and possession of a driver's license are some of the most important factors. In LTD's 2019 Origin-Destination Survey, 61% of riders indicated that they do not have a driver's license. Many riders (46%) live in households that do not own a car. While many students do not have access to a vehicle, nearly as many non-students lack driver's licenses or vehicles.

Transit dependence is much more highly tied to income. A high percentage of LTD's ridership is comprised of lower-income individuals who tend to ride transit more days per week than those who have higher incomes. In 2019, 45% of our non-student ridership made less than \$15k per year, and 56% make \$25k or less. Overall, our 2019 survey indicates that 47% of our ridership in 2019 reported incomes of less than \$15k. In the 2015 survey, this number was 46%. It is with that reality in mind, that it was decided to move to a modified Sunday service, which is operating from 7:30 AM to 10:30 PM, rather than the 8:30 AM to 8:30 PM span that would normally be operated on Sundays.

Stop-Level Boarding Analysis

Staff has been researching the change in boarding activity between last year and this year between the end of March and late April with respect to high-volume stop locations. This provides some insight into who might be using those stops and possibly the purpose of their trip making. As can be seen in Figure 2, the majority of highest stop locations in 2019 for regular service were associated with University and LCC students. In contrast, the highest

used March-April 2020 stop locations are primarily in the northwest and western side of Eugene, River Road, and parts of Springfield. Several of these stops are associated with shopping-related trip making (for example, Wagner East of Cubit is the stop associated with Winco).

Note that several of the stops associated with shopping are on both lists and represent stops on the West Eugene EmX line. There is also a correlation between the 2020 stop locations and lower income concentrations of population. LCC and UO have made up 50% of overall ridership in the past, but large parts of LTD's approximately 10% ridership decline are related to UO and LCC ridership as well as the rest of the community. A specific example of this - the 79X used to be a large contributor to student ridership. There has been a significant reduction in the demand for that service due to with the students moving closer to the University in response to the increase in housing adjacent to campus.

For March 30 through April 24, 2020, the top EmX station in terms of average weekday boardings during that period was the Commerce Station Outbound, having approximately 246 boardings on an average weekday. Using Figure 3, you can see that, for the same period in 2019, that stop was experiencing 678 average weekday boardings. In addition, you can look at the table showing the 2019 top 10 EmX stops and see that the Commerce Station Outbound was ranked number 3 in 2019.

Trends in RideSource Operations

On March 16, consistent with LTD's fixed-route service, RideSource switched to urgent and essential trips only. When Sunday service on fixed-route was stopped, RideSource stopped providing non-life sustaining ADA trips on Sundays. Medicaid trips or life sustaining trips are available through LTD's external providers at all times. Data has been gathered on LTD's RideSource operations during this time period. Governor Brown lifted the order which had delayed non-urgent procedures at medical facilities beginning on May 1, 2020. LTD continues to urge fixed-route and paratransit riders to avoid travel on public transit unless there is an urgent and essential need. Paratransit riders are allowed to self-select whether a trip is considered urgent and essential.

Figure 1, Page 3 provides an overview of the RideSource Call Center Activity and RideSource Trips by Date and Program for the period April 20 through May 20. This data continues to show a lower ridership for the service, though an increasing trend since the May 1 action by the Governor.

Safe Operations for Essential Trips

Ridership productivity is not the goal at this time. This is true for two reasons; first, we need to make sure that we are providing a 'useful' level of service - one that meets the demands we are observing during this period; and second, we need to run enough frequency to avoid too many people on a bus at one time. LTD began managing loads on April 4. Currently, LTD is limiting 40 foot buses to 20 passengers and 60 foot buses to 30 passengers. In addition, on April 9, LTD began requiring that all passengers wear masks (i.e., masks, bandanas, scarves) while on LTD property or vehicles. This can be characterized as a "Public Health First" approach to service deployment - safely operate the minimum level of service that can be provided for essential trip making in the region.

Ridership levels will continue to be monitored closely as conditions change. A report on both ridership activity and operational activities will be provided at each of the board's meetings during this period.

Yellow		Represents a Top 10 Stop							
***		Eugene Station and Springfield Station stops not included							

How to read this chart: this chart provides comparisons between the boarding activity for regular service stops that ranked as the top 10 stops in 2019 and the boarding activity for regular service stops that ranked as the top 10 in 2020. One of the comparisons looks at how the top 10 regular service stops have shifted as a result of the UO and LCC being closed and the economy slowing down as a result of Covid. A second comparison can be made between the average weekday boardings for a top 10 stop and 2019 and what those stops are experiencing in terms of average weekday boardings in 2020. Similarly, the table shows that the number 1 ranking regular service stop in 2020 is at Wgner and Cubit near Winco on Barger. In 2019, that station was ranked number 5. The number 2 ranking regular service stop in 2019 was University of Oregon Station - Bay F with 541 average weekday boardings. In contrast, in 2020, this stop only had 27.1 average weekday boardings.

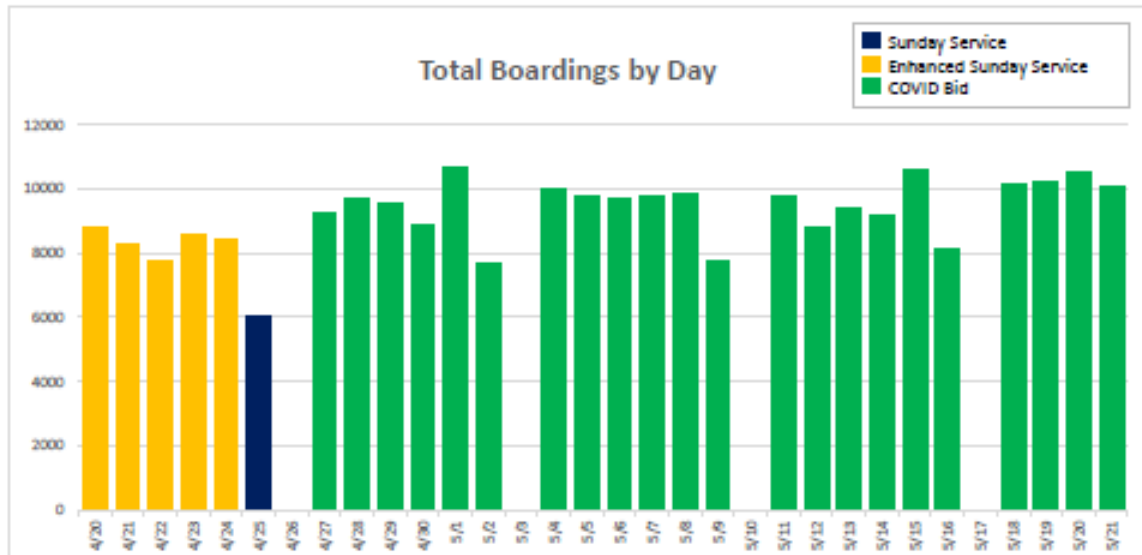

An example: for March 30 through April 24, 2020, the number 5 regular service stop in terms of average weekday boardings during that period was the N/S of Olympic E of 18th, having approximately 43 boardings on an average weekday. Using this table, you can see that, for the same period in 2019, that stop was experiencing 117 average weekday boardings. In addition, you can look at the table showing the 2019 top 10 regular service stops and see that the stop at N/S of Olympic E of 18th was not ranked the Top 10 in 2019.

Figure 3 - Comparison of Average Weekday Boarding Activities - 2019 and 2020 Top 10 EmX Stops

Average Weekday Boardings March 30 through April 24, 2020 (20 weekdays)					Average Weekday Boardings April 1 through April 26, 2019 (20 weekdays)				
2020 Top 10	Stop	Stop Name	Average Weekday Boardings 2020 by Stop	Average Weekday Boardings 2019 by Stop	2019 Top 10	Stop	Stop Name	Average Weekday Boardings 2019 by Stop	Average Weekday Boardings 2020 by Stop
1	9961	Commerce Station Outbound	245.7	678.0	1	9966	EmX Walnut Station Inbound	762.3	50.9
2	9953	Seneca Station Outbound	125.6	374.9	2	9964	EmX Dads' Gates Station Inbound	704.0	21.1
3	9940	Monroe/7th Station Outbound	90.0	356.6	3	9961	Commerce Station Outbound	678.0	245.7
4	9939	Monroe/6th Station Inbound	89.1	217.7	4	9965	EmX Agate Station Inbound	663.7	30.0
5	9948	Garfield/10th Station Outbound	80.2	245.1	5	9903	EmX Dads' Gates Station Outbound	579.1	22.1
6	9947	Garfield/11th Station Inbound	74.4	165.6	6	9902	EmX Hilyard Station Outbound	476.2	44.6
7	9938	Charnelton Station Inbound	65.1	210.3	7	9953	Seneca Station Outbound	374.9	125.6
8	9951	Oak Patch Station Outbound	52.4	249.6	8	9940	Monroe/7th Station Outbound	356.6	90.0
9	9963	EmX Hilyard Station Inbound	52.0	292.9	9	9904	EmX Agate Station Outbound	341.0	16.4
10	9966	EmX Walnut Station Inbound	50.9	762.3	10	9963	EmX Hilyard Station Inbound	292.9	52.0
Green		Represents a Top 10 Stop							
***		Eugene Station and Springfield Station stops not included							

How to read this chart: this chart provides comparisons between the boarding activity for EmX stops that ranked as the top 10 stops in 2019 and the boarding activity for EmX stops that ranked as the top 10 in 2020. One of the comparisons looks at how the top 10 EmX stops have shifted as a result of the UO and LCC being closed and the economy slowing down as a result of Covid. A second comparison can be made between the average weekday boardings for a top 10 stop and 2019 and what those stops are experiencing in terms of average weekday boardings in 2020. Similarly, the table shows that the number 2 ranking EmX stop in 2020 is the Seneca Station Outbound. In 2019, that station was ranked number 7. The number 2 ranking EmX stop in 2019 was Dads’ Gates station inbound with 704 average weekday boardings. In contrast, in 2020, this stop only had 21 average weekday boardings.

An example: for March 30 through April 24, 2020, the top EmX station in terms of average weekday boardings during that period was the Commerce Station Outbound, having approximately 246 boardings on an average weekday. Using this table, you can see that, for the same period in 2019, that stop was experiencing 678 average weekday boardings. In addition, you can look at the table showing the 2019 top 10 EmX stops and see that the Commerce Station Outbound was ranked number 3 in 2019. Similarly, the table shows that the number 2 ranking EmX stop in 2020 is the Seneca Station Outbound. In 2019, that station was ranked number 7.

Re: Questions about LTD 2020–2021 Proposed Budget

Dear LTD Board of Directors:

Thank you for continuing to serve our community while keeping people safe during these difficult times.

Until recently, LTD was planning for the future with various efforts: a strategic business plan, Transit Tomorrow, a mobility management plan, MovingAhead, etc. Now COVID-19 has turned the transit business upside down. It is unclear when or even if things will return to “normal.” Thus any budget adopted now will likely need to be supplemented in light of new information.

Our Transportation Options Committee has reviewed the proposed budget <www.ltd.org/annual-budget> in detail. We have the following questions about particular line items under particular funds:

General Fund

1. **Public Affairs:** Two years ago, the Public Affairs Department had 4 FTE in the General Fund. Last year it had 1 FTE. Is there any allocation for this function in 2020–2021?

General Fund / Point2point Fund

2. **Point2point:** Over the last few years, the Point2point *Department* has had roughly 5 FTE in the General Fund. Now it is proposed to have no FTE, but the Point2point *Fund* shows operating requirements of \$1,209,819. How will this work?

Capital Projects Fund

3. **Transfer to Capital Projects Fund:** Over the last two years, no resources have been transferred from the General Fund to the Capital Projects Fund. For the coming year, \$5,454,931 is proposed to be transferred in order to satisfy grant match requirements. Will this transfer impact General Fund revenues, which are much lower this year?

Building a successful community by bringing people together
to promote transportation options, safe streets, and walkable neighborhoods.

Better Eugene-Springfield Transportation • PO Box 773, Eugene, OR 97440 • 541-343-5201

info@best-oregon.org • www.best-oregon.org • www.facebook.com/BetterEugeneSpringfieldTransportation

BEST is a 501(c)(3) nonprofit. Contributions are tax-deductible to the extent the law allows. Tax ID #42-1661720.

4. **Total Capital Outlay:** \$30,005,575 is proposed. This amount is far above that in recent years. Are all of these capital outlays essential in a time of limited resources?

Capital Projects Fund: Improvement Projects (IP)

5. **MovingAhead:** \$453,677 is proposed. Will LTD lead MovingAhead, or is LTD looking for the City of Eugene to lead in the coming year?
6. **Main Street-McVay Transportation Study:** \$105,000 is proposed. What is LTD's role in the study, and is it still timely?
7. **Planning Studies:** \$543,908 is proposed. Are these studies itemized in the budget document?
8. **FTN Safety & Amenity Improvements:** \$560,000 is proposed. With resources limited, are these a priority in the coming year?
9. **Technology Infrastructure & Systems:** \$450,000 is proposed for NOVUS Modules and \$500,000 is proposed for Platform Validators. With resources limited, are these a priority in the coming year?

Capital Projects Fund: State of Good Repair (SGR)

10. **Revenue Vehicles – Fixed Route:** \$17,600,001 is proposed. How many vehicles are currently on order? Will vehicle needs be reevaluated in FY20/21?
11. **Technology Infrastructure & Systems:** \$2,296,140 is proposed. This amount is far above that in recent years. What does this number include?

Capital Projects Fund: Other Projects

12. **Transit Tomorrow:** What services does the community most need? Although the answer might change, the question is as relevant now as it was before COVID-19. How does LTD plan to identify the right mix of services going forward?

We appreciate your attention to these details, and welcome your thoughts or questions. Many thanks in advance

For BEST,

Marianne Nolte

Subject: [External Sender] Comment on 2020-2021 Proposed Budget

Dear Board of Directors,

I note that in the proposed FY20-21 Department summary, the FTE assigned to Point2Point decreases from 5.4 to 0. While certainly concerning, this is to some degree understandable when compared to loss of 43 FTE (nearly 20%) in Operations. What is not understandable is why the Point2Point fund still includes 1.2 million in funding, if there's no staff to actually administer these programs. I would appreciate some explanation of how LTD expects to continue to deliver on Point2Point programs without any staff. Presumably some functions can be absorbed by other staff, but surely not 5.4 FTE worth.

Thank you,

Josh Kashinsky

Cc: Southeast Neighbors Transportation
Subject: [External Sender] Southeast Neighbors Transit budget feedback

Dear all,

Thanks for the dedication of the board and to the budget committee to our beloved transit system and the bus drivers and admin staff during this important time. Southeast Neighbors transportation committee has a few questions and/or comments to make in regards to what we've seen in this budget and the rest we'll send in email:

1. We recognize the extenuating circumstance under which this amended budget came out and the work that has gone into it, however, the press release only came out on Friday about the LTD budget, giving the public effectively 2 business days before this public hearing tonight -- not enough time. .
2. We'd like to ask/seek clarification about the \$544,000 allotment to "Planning Studies" listed in the budget, which seems like a very specific and very large amount in a difficult year of lay-offs and cut-backs. What is this money allocated for?
3. We see public safety as issue #1 in the continuation of mass transit now and into the future. We see the public Safety staff reduction as possibly very concerning. We urge discussion for room in the budget for potential bus, stop and station modifications that may be necessary to ensure public health and safety while riding.
4. The "Mobility as service" program for Cottage Grove and EmGo have been given an allotment of \$6.5 million over 10 years, which by the way is almost as much as the student free pass program costs. This allotment seems out of place and order right now since LTD just this past winter continued to label these programs as PILOTS to reviewed in August The last presentation on EmGo to the public did not posit the average cost per ride. In these fiscally uncertain times, we assert the need for much deeper analysis in order to prove their value to the transit district. While nice, is this price tag a cost-effective way to use public transportation funds, particularly in downtown where there is already frequent bus service? And is the pilot evaluation closed and when was this voted on?
5. We note the \$1.7 million from the capital fund and another \$560,000 for Frequent Transit Network for safety and amenity improvements-- we assume this means the EmX lines only.. We worry that the budget, aside from the Santa Clara Station, does not reflect improvements, to the urban/neighborhood routes that constitute how the rest of Eugene experiences public transit, such as route speed and stop accessibility and safety. We urge and remind LTD to robustly and effectively support its current transit model so as to increase appeal and usefulness for the entire community. We are not against using resources for the existing FTN, but we urge you to seriously consider how starving other corridors of community investment and improvement impacts their overall usefulness to the community.
6. Lastly, we support The District in any consideration of switching away from the variable and uncertain business tax-based and fare-based local revenue sources. A steady and constant basic fee per household system, such as the annual fee for the Eugene Public Library or the monthly Corvallis Transit System's Transit Operations Fee, would be more equitable and predictable sources for local revenue. We support continuation of free fares to everyone who uses a Smartpass for up to 4 rides a day for this ENTIRE fiscal year, As Smartpasses can collect the necessary ridership data and can also be revoked in cases of system abuse .

Thanks for your consideration of these items,
Jess Roshak and the SEN Transportation Board

Re: Questions about LTD 2020–2021 Proposed Budget

Dear LTD Board of Directors:

Thank you for continuing to serve our community while keeping people safe during these difficult times.

Until recently, LTD was planning for the future with various efforts: a strategic business plan, Transit Tomorrow, a mobility management plan, MovingAhead, etc. Now COVID-19 has turned the transit business upside down. It is unclear when or even if things will return to “normal.” Thus any budget adopted now will likely need to be supplemented in light of new information.

Our Transportation Options Committee has reviewed the proposed budget <www.ltd.org/annual-budget> in detail. We have the following questions about particular line items under particular funds:

General Fund

1. **Public Affairs:** Two years ago, the Public Affairs Department had 4 FTE in the General Fund. Last year it had 1 FTE. Is there any allocation for this function in 2020–2021?

General Fund / Point2point Fund

2. **Point2point:** Over the last few years, the Point2point *Department* has had roughly 5 FTE in the General Fund. Now it is proposed to have no FTE, but the Point2point *Fund* shows operating requirements of \$1,209,819. How will this work?

Capital Projects Fund

3. **Transfer to Capital Projects Fund:** Over the last two years, no resources have been transferred from the General Fund to the Capital Projects Fund. For the coming year, \$5,454,931 is proposed to be transferred in order to satisfy grant match requirements. Will this transfer impact General Fund revenues, which are much lower this year?

Building a successful community by bringing people together
to promote transportation options, safe streets, and walkable neighborhoods.

Better Eugene-Springfield Transportation • PO Box 773, Eugene, OR 97440 • 541-343-5201

info@best-oregon.org • www.best-oregon.org • www.facebook.com/BetterEugeneSpringfieldTransportation

BEST is a 501(c)(3) nonprofit. Contributions are tax-deductible to the extent the law allows. Tax ID #42-1661720.

4. **Total Capital Outlay:** \$30,005,575 is proposed. This amount is far above that in recent years. Are all of these capital outlays essential in a time of limited resources?

Capital Projects Fund: Improvement Projects (IP)

5. **MovingAhead:** \$453,677 is proposed. Will LTD lead MovingAhead, or is LTD looking for the City of Eugene to lead in the coming year?
6. **Main Street-McVay Transportation Study:** \$105,000 is proposed. What is LTD's role in the study, and is it still timely?
7. **Planning Studies:** \$543,908 is proposed. Are these studies itemized in the budget document?
8. **FTN Safety & Amenity Improvements:** \$560,000 is proposed. With resources limited, are these a priority in the coming year?
9. **Technology Infrastructure & Systems:** \$450,000 is proposed for NOVUS Modules and \$500,000 is proposed for Platform Validators. With resources limited, are these a priority in the coming year?

Capital Projects Fund: State of Good Repair (SGR)

10. **Revenue Vehicles – Fixed Route:** \$17,600,001 is proposed. How many vehicles are currently on order? Will vehicle needs be reevaluated in FY20/21?
11. **Technology Infrastructure & Systems:** \$2,296,140 is proposed. This amount is far above that in recent years. What does this number include?

Capital Projects Fund: Other Projects

12. **Transit Tomorrow:** What services does the community most need? Although the answer might change, the question is as relevant now as it was before COVID-19. How does LTD plan to identify the right mix of services going forward?

We appreciate your attention to these details, and welcome your thoughts or questions. Many thanks in advance

For BEST,

Marianne Nolte

Subject: [External Sender] Comment on 2020-2021 Proposed Budget

Dear Board of Directors,

I note that in the proposed FY20-21 Department summary, the FTE assigned to Point2Point decreases from 5.4 to 0. While certainly concerning, this is to some degree understandable when compared to loss of 43 FTE (nearly 20%) in Operations. What is not understandable is why the Point2Point fund still includes 1.2 million in funding, if there's no staff to actually administer these programs. I would appreciate some explanation of how LTD expects to continue to deliver on Point2Point programs without any staff. Presumably some functions can be absorbed by other staff, but surely not 5.4 FTE worth.

Thank you,

Josh Kashinsky

Subject: [External Sender] Southeast Neighbors Transit budget feedback

Dear all,

Thanks for the dedication of the board and to the budget committee to our beloved transit system and the bus drivers and admin staff during this important time. Southeast Neighbors transportation committee has a few questions and/or comments to make in regards to what we've seen in this budget and the rest we'll send in email:

1. We recognize the extenuating circumstance under which this amended budget came out and the work that has gone into it, however, the press release only came out on Friday about the LTD budget, giving the public effectively 2 business days before this public hearing tonight -- not enough time. .
2. We'd like to ask/seek clarification about the \$544,000 allotment to "Planning Studies" listed in the budget, which seems like a very specific and very large amount in a difficult year of lay-offs and cut-backs. What is this money allocated for?
3. We see public safety as issue #1 in the continuation of mass transit now and into the future. We see the public Safety staff reduction as possibly very concerning. We urge discussion for room in the budget for potential bus, stop and station modifications that may be necessary to ensure public health and safety while riding.
4. The "Mobility as service" program for Cottage Grove and EmGo have been given an allotment of \$6.5 million over 10 years, which by the way is almost as much as the student free pass program costs. This allotment seems out of place and order right now since LTD just this past winter continued to label these programs as PILOTS to reviewed in August The last presentation on EmGo to the public did not posit the average cost per ride. In these fiscally uncertain times, we assert the need for much deeper analysis in order to prove their value to the transit district. While nice, is this price tag a cost-effective way to use public transportation funds, particularly in downtown where there is already frequent bus service? And is the pilot evaluation closed and when was this voted on?
5. We note the \$1.7 million from the capital fund and another \$560,000 for Frequent Transit Network for safety and amenity improvements-- we assume this means the EmX lines only.. We worry that the budget, aside from the Santa Clara Station, does not reflect improvements, to the urban/neighborhood routes that constitute how the rest of Eugene experiences public transit, such as route speed and stop accessibility and safety. We urge and remind LTD to robustly and effectively support its current transit model so as to increase appeal and usefulness for the entire community. We are not against using resources for the existing FTN, but we urge you to seriously consider how starving other corridors of community investment and improvement impacts their overall usefulness to the community.
6. Lastly, we support The District in any consideration of switching away from the variable and uncertain business tax-based and fare-based local revenue sources. A steady and constant basic fee per household system, such as the annual fee for the Eugene Public Library or the monthly Corvallis Transit System's Transit Operations Fee, would be more equitable and predictable sources for local revenue. We support continuation of free fares to everyone who uses a Smartpass for up to 4 rides a day for this ENTIRE fiscal year, As Smartpasses can collect the necessary ridership data and can also be revoked in cases of system abuse .

Thanks for your consideration of these items,
Jess Roshak and the SEN Transportation Board

Lane Transit District

PROPOSED BUDGET

2020-2021

P: 541-682-6100 | F: 541-682-6111 | LTD.org

May 14, 2020

TO: Lane Transit District Budget Committee
FROM: Aurora Jackson, General Manager
Christina Shew, Budget Officer
SUBJECT: Fiscal Year 2020-2021 Budget Message

In accordance with Oregon Budget Law, as set forth in Chapter 294.305 to 294.565 of the Oregon Revised Statutes, Lane Transit District (the District) has prepared its proposed annual budget for Fiscal Year 2020-2021 (FY21). This year’s budget has been developed amidst global economic instability driven by a COVID-19 pandemic, a state of emergency in Oregon which has all non-essential businesses shuttered, the resulting historic level of jobless claims, and ultimately the demand for transit falling to record lows.

While much of our focus to date has appropriately been on the public and employee health implications of COVID-19, the rising unemployment and drop in ridership have significant financial impacts. The budget that we present reflects that uncertain environment and the challenges we face. The strategies embedded in the budget will ensure the District’s short- and long-term financial sustainability.

In this context, the District’s principles are the foundation on which the draft budget was developed.

Service:

- Use a “Public Health First” approach to service deployment - safely operate the minimum level of service that can provided for essential trip making in the region.

Short- and long-term financial sustainability:

- Scale service levels based on economic recovery and available resources.
- Maintain minimum 2 month reserve requirement.

Responsive:

- Maximum flexibility and quick decision-making to adapt to the highly uncertain operating environment.
- Continue to be vigilant in preparing for and protecting the health of our employees in these uncertain times.

For FY21, the majority of our non-grant revenue sources are expected to decline, many reducing significantly. Payroll-type taxes have historically comprised more than half of our revenue. This important source of funding is projected to decline 28 percent (\$11.3 million) from 2019 actuals. Revenues from cash fares, calendar-based and group passes are approximately 10 percent of our revenue and are projected to decline 42 percent (\$2.9 million) from 2019 actuals. Lastly, \$2.9 million in planned House Bill 2017 Statewide Transportation Improvement Funds (STIF) grant expenditures for service increases will not be implemented due to the pandemic.

On March 27, the Federal government passed the Coronavirus Aid, Relief, and Economic Security (CARES) Act. This program provides \$25 billion in Federal assistance to support the transit industry. Of that \$25 billion, the District is eligible for \$25 million. These funds are available to support operating capital and other COVID-19-related expenses.

In order to sustain the District's safe and vital transit services, the FY21 budget plans to utilize \$16.5 million of the \$25 million CARES Act dollars to offset COVID 19 costs and revenue shortfalls from payroll-type taxes, cash fares & passes, marketing and Federal & State operating assistance.

Transit demand has fallen to approximately 30 percent of pre-COVID-19 levels. Heavy-use transit events (e.g., Butte to Butte, Olympic Trials, possibly the Oregon Country Fair, and others) have been cancelled or postponed, non-essential business are closed, students are distance learning, and people are working from home, furloughed or laid-off. The economic recovery of the region is uncertain and the restoration of transit demand is expected to be slow as people have developed new alternative work and entertainment habits, while continuing a degree of social distancing until a treatment or vaccine is available.

In order to ensure the District's short- and long-term sustainability and preemptively manage the potential risks associated with the economic and transit demand uncertainty, our budget reflects a 11 percent (\$5.8 million) reduction from the FY20 adopted budget in our fixed-route operating expenditures to align with our projected available resources and reduction in transit demand.

The following message describes key budget assumptions, factors impacting the District finances, and efforts to strengthen the District's financial position.

FY21 BUDGET ASSUMPTIONS

The District's budget is comprised of five funds: General Fund, Specialized Services Fund, Medicaid Fund, Capital Projects Fund, and the Point2point (P2p) Fund. Each fund maintains a separate budget and balance sheet. The General Fund is the primary fund for the District's day-to-day operations. Money is transferred from the General Fund to the other four funds to provide local match, cover unfunded mandates, and support vital services.

The following section will explain several key assumptions that underpin the FY21 budget.

General Fund Revenue vs. FY20 Adopted Budget

Historically, payroll and self-employment taxes comprise the single greatest source of revenue for the General Fund, followed by passenger fares, federal assistance, and state assistance. The General Fund also houses the District's fixed-route operating reserves and beginning working capital balances. General Fund Revenues for FY21 are budgeted at \$51.6 million, compared to \$53.4 million in FY20.

Revenue shortages that will be recovered through the CARES Act include:

- Payroll-type taxes - Down 25 percent (\$9.7 million) inclusive of a 0.01 percent rate increase, which takes effect January 2020.
- Cash fares and passes, including special service programs - Budgeted to decrease by \$2.2 million, largely due to COVID-19 transit demand reductions and the move to not collect fares implemented in March 2020 to protect the safety of our transit operators.
- Planned Federal Fixing America's Surface Transportation Act formula funding of \$4.2 million - Will be replaced with CARES Act funding.
- Advertising revenue - Expected to decline from its pre-COVID-19 estimate by \$45,000 of \$367,000 (the contractual minimum), but will be \$22,000 higher than the FY20 adopted budget.

Revenue shortages that will not be recovered through the CARES Act:

- \$2.9 million in planned House Bill 2017 STIF grant expenditures for service increases not implemented due to the pandemic.

Programs funded by STIF:

- The youth and low-income fare programs are budgeted at \$1.5 million. The expectation is that these programs will operate as planned in FY21.

General Fund Expense vs. FY20 Adopted Budget

In light of the COVID-19 pandemic, related economic downturn, and associated short- and long-term impacts on ridership, the District's focus has shifted. We have moved from increasing ridership to providing a safe transit service for the community that provides essential trips while balancing annual non-grant dependent resources with annual operating requirements. To achieve this balance, we have to make reductions in our operating budget. Therefore, the District's General Fund is proposed to expend \$45.6 million in FY21 compared to a FY20 adopted budget expenditure of \$51.3 million. The specifics of these reductions have not yet been determined, but the District is committed to operating within this lower budget envelope. Below are the strategies and major factors impacting the expenditure decisions in FY21.

- The District is operate no greater than 254,000 hours of fixed-route service in FY21. This is a reduction of planned pre-COVID-19 annual projected levels of 291,000 hours which reflects the reduction in transit-demand.
- In direct response to the reduced fixed-route service levels and projected reduction in payroll tax revenue, the District will reduce its workforce.
- The FY19 – FY21 Amalgamated Transit Union (ATU) agreement was ratified in April 2018, increasing wages 2 percent on July 1, 2020, and 1.5 percent on January 1, 2021. This contract expires June 30, 2021.
- Historically, the District's single largest material expenditure line has been Fuel and Lubricants. Fuel costs will decrease from the FY20 budget due to both a reduction in service hours and a significant drop in fuel prices. With the current economic uncertainties, as well as uncontrollable market fluctuations, fuel costs are expected to remain low. The FY20 adopted price per gallon was \$2.75. FY21 price per gallon is projected to be \$1.81.
- Our second largest expenditure, Parts, has been increasing since FY17, growing \$331,000 from FY19 to FY20. In FY21, Parts will be held to no greater than the FY20 budgeted amount of \$2.1 million.
- Facilities costs increased \$335,000 from FY18 due to the doubling of the EmX infrastructure. Costs have now stabilized. The FY21 budget will be reduced from the FY20 budgeted amount by \$.3 million.
- A new electronic fare collection system was implemented in August of 2019. This account-based fare payment system improves the reliability and convenience over paper bus passes. Customers are able to use a mobile application, an electronic card, or a single-use ticket purchased at a local outlet for bus fare. Cash is also still accepted for fare. This solution has reduced the total amount of physical cash that the agency must process and provides anonymized travel pattern information to inform the District's service planning staff. Given the declines in ridership, fare management transaction fees are budgeted at \$100,000.
- The General Fund transfer to the Medicaid Fund has increased by \$172,000 as a result of increased rides for two coordinated care organizations – Trillium and PacificSource. Historically, the District only provided non-emergency medical transportation (NEMT) service for Trillium.
- A General Fund transfer to the Capital Projects and P2p Funds was not needed in FY20, as

both funds had adequate beginning working capital to cover the grant match requirements. In FY21, the grant match requirements resume. Details of the programs being matched through the General Fund transfer is detailed in the respective fund summaries below.

Specialized Services Fund vs FY20 Adopted Budget

The Specialized Services Fund houses the District's non-fixed-route transportation services. Included in this fund are: paratransit services, rural and county services, and other mobility services.

Paratransit Services

The District is federally mandated to provide complimentary paratransit services to individuals with disabilities who are unable to ride fixed-route transit. Demand for this service continues to grow. For a portion of FY20, while coordinating with the State of Oregon, the District accepted additional clients through Mentor Oregon and Full Access Brokerage. In FY21, the District expects to provide a full year of service to these clients which increases ridership and operating requirements. While the District cannot limit demand for a federally mandated service, the District can do things to manage for factors beyond its control. The District utilizes a least-cost, most-appropriate model when booking paratransit rides, and the RideSource paratransit brokerage is operated out of a shared one-call, call center that arranges more than a dozen other transportation services. The District also leverages collaborative partnerships and Medicaid trips that might otherwise be booked as less cost-effective ADA rides. These strategies reduce trip costs and control overhead to help contain expenses.

The paratransit services budget is proposed at \$7.6 million compared to a \$7.5 million FY20 adopted budget. This increase accounts for overall ridership increases, in addition to newly established trips by individuals who receive their services through Mentor Oregon or Full Access Brokerage. During the first half of FY20, only individuals who received services through Lane County Senior and Disability Services were eligible for paratransit services.

This expanded service will cover approximately 100 individuals in the Eugene-Springfield metropolitan area. The program budget is for 1,000 trips per week. These trips are reimbursed by the state at 69 percent of cost and would be ADA paratransit trips if not in this program.

Rural and County Services

Rural and county service cost is up \$219,000 as a result of STIF-funded rural program enhancements and expansions.

Other Mobility Services

The District provides a number of mobility services. The newest was a downtown Eugene mobility-on-demand service in partnership with the City of Eugene, Lane County, Lane Council of Governments, and RideZero. This service, known as EmGo, provides all electric powered vehicles that pick up and deliver riders from one of more than 70 pick-up locations throughout downtown Eugene. The District also offers an on-demand mobility as a service pilot that was launched in January 2019 in the city of Cottage Grove. These STIF-funded mobility services increase the FY21 budget \$300,000 over the FY20 adopted budget.

Medicaid Fund vs. FY20 Adopted Budget

The District is the contracted broker for NEMT services for Trillium and PacificSource's Medicaid clients. The District does not control the costs charged by these coordinated care organizations or the Oregon Revised Statutes (ORS). Both of these factors continue to increase costs to the District in FY21.

The proposed FY21 budget for the Medicaid Fund is \$14.5 million, an increase of \$2.5 million over FY20. Oregon has historically championed medical transportation as a fundamental benefit of Medicaid.

Capital Projects Fund

The Capital Projects Fund finances the District's strategic investments in system expansion as well as projects to optimize our existing infrastructure, including planning, construction, facility maintenance, and repair projects. The proposed FY21 budget for the Capital Projects Fund is \$30 million compared to FY20 budget of \$17 million. With the exception of some portion of planning studies, all projects in this fund are grant funded. The \$5.5 million transfer from the general fund represents the grant match requirements.

Significant projects include a number of investments in bus operations.

- The District has the fourth oldest fleet among peers [Source: American Bus Benchmarking Group (ABBG)]. The District will be utilizing federal grants to replace and/or repair the aging buses in our fleet. Our near-term fleet replacement plan includes the following:
 - Ten 40-foot electric buses
 - Ten mobility service vehicles
 - Overhauls of our hybrid system vehicles.
- The District has a transit station on River Road in Eugene. This station has a number of operational safety issues and conflicts with the Oregon Department of Transportation's (ODOT) plan for Beltline. As a result, the District is developing a new station on a previously acquired site at Hunsaker Lane and River Road (aka Santa Clara Transit Station or SCTS). The total project cost is \$10.3 million with an expected capital outlay of \$4.1 million in FY21.
- In alignment with our Community Investment Plan, the District will be investing \$2.3 million to upgrade our computer hardware and software system. These systems keep the District running efficiently and securely.

P2p Fund

The District houses the region's Transportation Options Program, known as P2p. The program offers various services including vanpools, carpool schemes, Safe Routes to School, and administration of the annual Business Commute Challenge. Most of the P2p budget is comprised of grant funds allocated by the Metropolitan Policy Committee, the governing body of the region's Metropolitan Policy Organization and ODOT. Several regional partners, including the local cities, all three school districts, and LTD, provide local funds to match grant dollars in the P2p Fund.

ECONOMIC CONDITIONS

After years of economic expansion, Lane County and the global economy has entered an economic recession triggered by the COVID-19 pandemic. More than 16,000 Lane County workers have applied for unemployment benefits between March 15 and April 15, or about 9 percent of the labor force. This is approximately 12 times the prior 4 weeks. The degree of economic deterioration, its severity and duration are uncertain and an economic recovery is highly dependent on the degree of government intervention and the ability to effectively control COVID-19 and the confidence people have in returning to their pre-COVID-19 activities.

FACTORS IMPACTING BUDGET

The key factors impacting the budget are: (1) Economic recession resulting in a significant payroll tax base decline, (2) Contractual ATU wage and benefit increases, (3) Investment to replace our aging fleet, (4) STIF-funded projects and associated resources, (5) \$25 million in CARES Act revenues, and (6) Public Health First operational changes.

Key Factor 1: Economic Recession Resulting In A Significant Payroll Tax Base Decline

Payroll taxes move in direct proportion to employment and wages. A weakening employment outlook means declining payroll tax revenues, which comprise over 70 percent of our General Fund annual revenues. Reductions in these revenues, resulting from an economic downturn, has a material impact on the ability for the District to meet its ongoing operating requirements. The District's priority is creating a structurally balanced budget. This means that incoming annual resources (excluding Federal grant assistance) must equal or exceed the ongoing operating cash requirements and that the District is able to maintain a minimum of 2 months of operating reserve. Declining payroll tax revenues create an ongoing challenge to manage costs in order to cover existing requirements without utilizing existing working capital or utilizing federal assistance for operations. The District has committed to effectively using resources by managing costs to ensure the District's financial sustainability by: (1) Improving service efficiencies, (2) Operating at a service level that matches our available resources, (3) Considering total cost of ownership as we replace our aging fleet, and (4) Improving processes and investing in technology to keep personnel costs low.

Key Factor 2: Contractual ATU Wage and Benefit Increases

An agreement covering the period July 1, 2018, through June 30, 2021, was reached with the ATU. This agreement increases wages 2 percent on July 1, 2020, and 1.5 percent on January 1, 2021. This agreement also caps medical insurance premium increases at 7 percent for FY21.

Key Factor 3: Investment to Replace Our Aging Fleet

Federal disinvestment in transit bus replacement programs in the MAP-21 transportation authorization, and the District's decision to use capital funds to support operations during the recession of the 2000's, have resulted in an aging bus fleet. By the conclusion of FY21, more than 60 percent of the District's fleet will have met or exceeded their useful life. In FY21, the District will replace a number of its aging buses with all-electric vehicles. The District will be using both federal formula and state grant programs for its fleet replacements.

Key Factor 4: STIF-Funded Projects and Associated Resources

Oregon House Bill 2017 established a new 0.1 percent employee payroll tax to fund public transportation in Oregon that benefits a high percentage of low-income households. STIF funds are divided into Formula Funds (90 percent), Discretionary Funds (5 percent), Intercommunity Discretionary Funds (4 percent), and administrative funds (1 percent). The District is the Qualified Entity of the STIF funds allocated to Lane County.

In 2018, the District's Board of Directors appointed the Lane County STIF Advisory Committee to review submitted project proposals from eligible Public Transportation Service Providers for STIF Formula Funds and to develop a prioritized project list that makes up the Lane County STIF Formula Fund Plan. ODOT estimates that Lane County will generate \$13,828,000 in STIF Formula Funds from July 2018 to June 2021. Of those funds, \$13,115,000 will be generated within the District, and \$713,000 will be generated outside of the District.

Three Public Transportation Service Providers submitted project proposals for Lane County STIF Formula Funds. The STIF Advisory Committee reviewed the submitted projects and created two prioritized project lists to be funded at 100 percent of ODOT estimates: projects within the District boundary and projects outside of the District boundary. In FY21, In-District projects total \$9.9 million and Out-of-District projects total \$1.2 million.

Key Factor 5: \$25 Million in CARES Act Revenues

The CARES Act provides \$25 million in Federal assistance. This grant program does not require a local match and can be used to replace lost revenues used for operational, capital, and other COVID-19-related expenses. Costs incurred since January 20, 2020 that fall under this program

can be reimbursed through the CARES Act grant funding. The District will be using these funds to replace lost revenues including, but not limited to, payroll-type taxes and fare revenues.

Key Factor 6: Public Health First Operational Changes

The District has been a leader in taking swift and proactive action to protect the public and its employees. Some actions include: (1) Limiting 40 foot buses to 15 passengers and 60 foot buses to 20 passengers, (2) Requiring all employees and passengers to wear masks, (3) Suspending the collection of fares to allow rear door boarding, (4) Sending operators who are over the age of 65 home with pay, (5) Requiring all LTD staff and vendors that enter LTD to have their temperature taken. Some of these actions come with an increased cost to the District.

CONCLUSION

The proposed FY21 budget aligns District costs with its revenues, right-sizes expenditures, provides a reserve account, and develops a solid foundation for long-term fiscal responsibility. The budget facilitates a safe and appropriate level of transit mobility while the District analyzes the most efficient way to sustainably meet the community's needs into the future.

We want to thank the Board of Directors, Budget Committee, and the District staff for their continued commitment to serving the public, especially front-line employees who have put themselves in harm's way in order to continue to provide essential transit services to our community. The strong leadership from the District's Board, advisory bodies, partners, taxpayers, and customers has helped the District to serve as a leader in the transit industry and a public agency of which the community can be proud.

Sincerely,

Aurora Jackson

**LTD BOARD OF DIRECTORS
BUDGET COMMITTEE
MEMBERSHIP ROSTER**

The Budget Committee shall consist of fourteen (14) members as follows: seven (7) Board members and seven (7) appointed members who live within the LTD service area. All members of the Committee have equal authority.

Each Board member may appoint one (1) member to the Committee so long as the member resides within LTD's service area, regardless of whether the member resides within that Board member's sub-district.

Board members shall serve on the Budget Committee throughout the duration of their Board appointment. Appointed Committee members shall serve for three year, staggered terms, with the member's term beginning July 1 of the respective year. Appointed Committee members may be reappointed for additional terms, at the discretion of the LTD Board of Directors.

Annual Budget Calendar

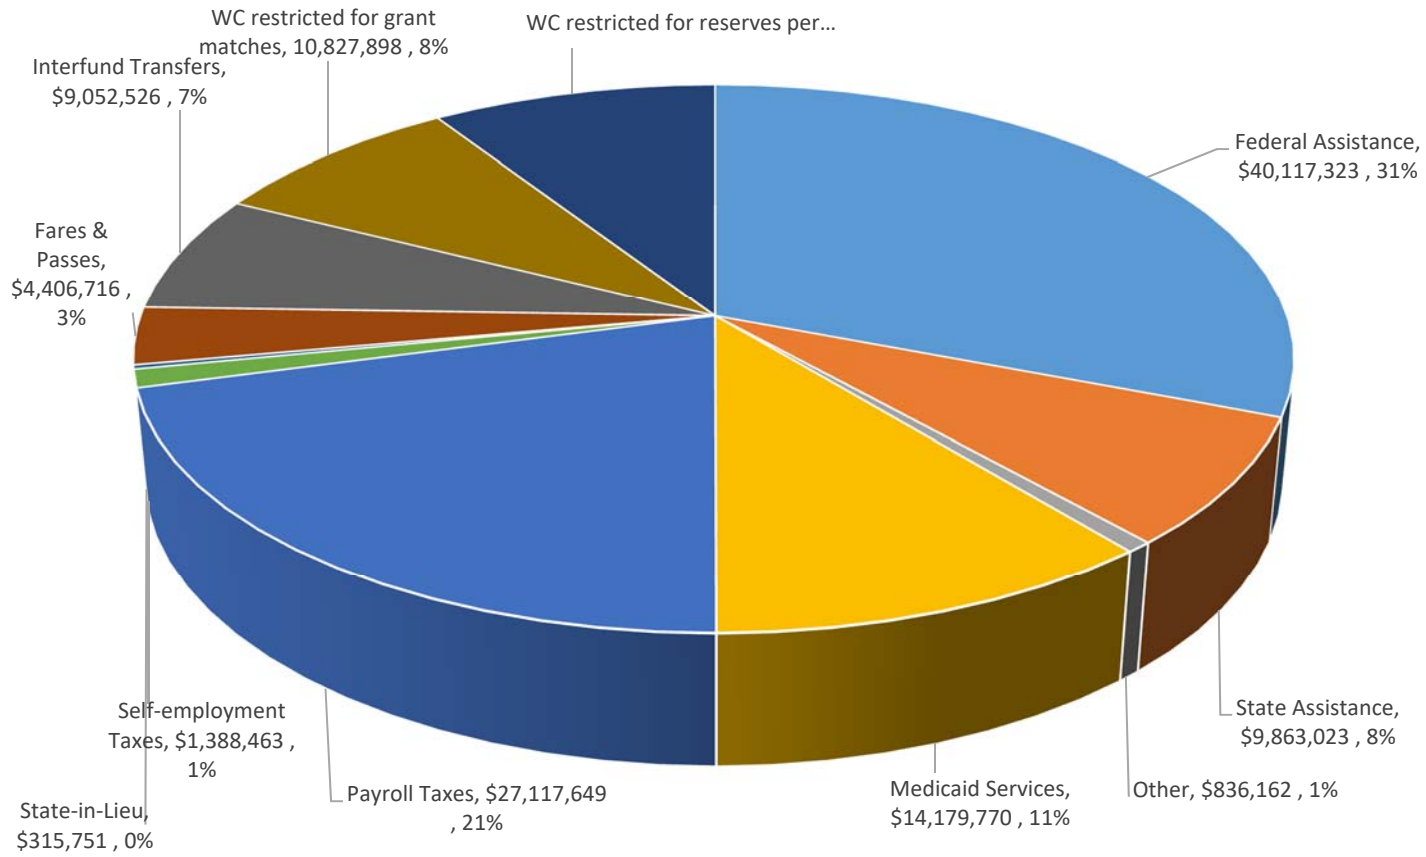

July 2019	New fiscal year begins. Preliminary year-end financial report for year ended June 30 to the Board of Directors.
August	Previous year's performance analysis begins. Preparation of materials for independent audit begins.
September/ October	Previous year's performance analysis completed. Materials for independent audit prepared. Independent audit of previous fiscal year's financial activity begins. New federal fiscal year begins. Community Investment Plan (CIP) finalized. CIP published for public review. Fiscal Year service, fare, and structural change discussions.
October/ November	Board approves Community Investment Plan. Comprehensive Annual Financial Report (CAFR) prepared for previous fiscal year.
December	Budget calendar for coming fiscal year prepared.
January/ February	Current Fiscal year mid-year revenue and expenditure projections. New Fiscal year revenue and expenditure projections. CAFR with report of independent auditor presented to Board of Directors. Key issues from auditor's report reviewed with Board.
March	Mid-year revenue and expenditure projections completed. Proposed new fiscal year revenue and expenditure projections completed. Proposed new fiscal year budget released for public comment. Proposed budget finalized.
May	Staff presents proposed budget to the Budget Committee. Budget Committee meets to discuss the proposed budget and make changes. Budget Committee approves budget and sends to the Board for adoption. Financial Summary and notice of Budget Hearing published. Public hearing at Board of Directors meeting.
June	Board adopts budget for the new fiscal year that begins July 1. New fiscal year's Adopted Budget filed with the State. Community Investment Plan preparations begin.

** - FTE's 100% charged to capital do not hit the general fund as their fully burdened cost is charged to projects in the capital fund and the positions exist only while funded.

Specialized Services Fund Total Resources \$10,366,137

Specialized Services Fund Total Requirements \$10,366,137

Specialized Services

Through Lane Transit District's (LTD) Specialized Services Fund, the District administers federal, state, and local resources to provide transportation services to older adults and people with disabilities living within Lane County. RideSource is the focal point for access to a variety of transportation programs. The Specialized Services Fund also administers new and innovative programs that support transportation within Lane County. Specialized Services oversees the following metro and rural services:

Metro Area Services

- **ADA Paratransit.** LTD's contracted paratransit service is an origin-to-destination service for people who are unable to use fixed-route service due to a disability and who need to travel within LTD's core service area (excluding rural routes). This service meets the Americans with Disabilities Act (ADA) requirements for "complementary paratransit."
- **ADA Shopper.** The Shopper is a neighborhood shopping shuttle serving Eugene and Springfield. The driver assists riders with their groceries and packages. The Shopper operates five days a week serving different neighborhoods each day.
- **Transit Training and Hosts.** LTD contracts with Alternative Work Concepts (AWC) to provide one-on-one training for people who need additional assistance using fixed-route service. LTD also contracts with AWC to provide Transit Hosts who assist passengers with pre-scheduled transfers and support training activities, and who provide ride and schedule information out of the downtown Eugene Station each weekday.
- **Transportation supporting Behavioral Health.** White Bird Clinic arranges transportation for people who are unable to use traditional public transportation while receiving behavioral health services, primarily for treatment and other essential activities.

Rural Services

- **Diamond Express.** The Diamond Express operates three roundtrips each weekday between Oakridge and the metro area as an intercity connection and is open to the general public. It is supported by funds from the City of Oakridge and the Statewide Transit Network Program that connects non-urbanized communities with larger transportation. It also includes a Dial-A-Ride program for residents attending a senior meals site.
- **Rhody Express.** The Rhody Express is a local fixed-route service operating within the City of Florence, operated by River Cities Taxi. Service is available weekdays between 10:00 a.m. and 6:00 p.m. and is open to the general public. It is supported by a formula transportation grant for rural areas and funds from the City of Florence.
- **South Lane Services.** LTD contracts with the City of Cottage Grove, who in turn contracts with the nonprofit agency, South Lane Wheels, providing local Dial-a-Ride services that are open to the general public in Cottage Grove, Creswell, and surrounding rural areas. These services are supported by a formula transportation grant for rural areas.

Lane County Service

- **Escort.** A door-through-door service for people who are in need of more assistance than provided through our ADA paratransit service. RideSource, Senior & Disability Services' Senior Connections Program, and the Senior Companion Program all participate in the support and recruitment of volunteers. Volunteer drivers receive a per mile reimbursement for trips provided to and from eligible appointments. The program serves older adults and people with disabilities throughout Lane County.

- **Transportation Assessments.** LTD contracts with Senior & Disability Services, AWC, and White Bird Clinic to provide comprehensive transportation assessments and services using in-person interviews to determine the most appropriate mode of transportation.
- **RideSource.** A service of LTD, RideSource is the integrated transportation brokerage coordinating transportation services for multiple human service programs. RideSource manages transportation programs through an integrated call center and integrated service delivery model. Through this coordination, the programs served realize increased efficiency allowing them to stretch their program dollars, while the customer receives reliable and convenient service by calling one number to access a variety of transportation programs.

Additional Services

- **Mobility as a Service (MAAS).** LTD provides funds to support operations and administration of Mobility on Demand (MOD) projects such as EmGo in downtown Eugene and the Cottage Grove Connector. This fund includes marketing and planning projects.
- **STIF Administration and Passthrough.** LTD serves as a Qualified Entity for distributing STIF funds to recipients, such as a transit demand plan in Cottage Grove.

Medicaid Fund Total Requirements \$14,656,737

Medicaid

The Medicaid program provides transportation services to individuals who qualify for Oregon Health Plan medical coverage. With the opening of the RideSource Call Center on May 19, 2008, Lane Transit District (LTD) became the countywide broker for all Medicaid nonemergency medical transportation (NEMT) trips. These are trips that qualified recipients take to and from medical services that are covered through their Medicaid benefits when they have no other means of transportation. Trip requests are taken by the Call Center and are then scheduled with the least costly, most appropriate contracted transportation provider. Trips are provided door to door in most cases.

On July 1, 2013, LTD became one of two pilot project areas to work with Coordinated Care Organizations (CCO) as a part of the State of Oregon's HealthCare Transportation Program with Trillium Community Health Plans who was selected to serve as the initial local CCO for Lane County. NEMT services and payments are now integrated into the CCO system along with behavioral and dental health care services allowing a more holistic view of the customer's needs. LTD now works directly with Trillium and PacificSource Health Plans to provide trips for individuals served under their health plans as a part of the Oregon Health Plan. For those individuals eligible for NEMT, but not served through Trillium or PacificSource, LTD continues to work directly with the Oregon Health Authority's Department of Medical Assistance Programs.

On January 1, 2014, with the start of services under the Affordable Care Act (ACA), the RideSource Call Center saw a 30 percent increase in service requests for NEMT. This was due to the Medicaid Expansion under the ACA in which Oregon participates. As Medicaid does not have a specific open enrollment period, it is anticipated that this growth in service requests will continue to increase over the fiscal year. In addition, Trillium is encouraging their members to use the transportation benefit as a method to increase access to healthcare.

On January 1, 2021, the Oregon Health Authority implemented CCO 2.0. The main changes that affect us here in Lane County is the increase in quantity and level of performance metrics and requirements both contractually and legislatively. In addition, they added a second CCO to serve Lane County, PacificSource Health Plans. LTD is contracting with both Trillium and PacificSource as CCOs, and for a few Oregon Health Authority, to provide NEMT services to members in Lane County.

NEMT revenues are collected through reimbursement of the actual trip cost, plus a per member, per month payment to cover administrative costs. LTD works with the CCOs in setting that rate and LTD continues to monitor.

In addition to trips to medical services, a second program provides transportation services across Lane County for Medicaid recipients who have a qualifying care plan that is managed by their Senior and Disability Services Case Manager. Local transportation is one benefit that allows people to continue to stay in their homes or other community residential settings rather than moving into a nursing care facility. Through a cost-sharing arrangement between LTD and the Department of Human Services, individuals are allowed to take trips that help keep them connected to their local community. This expands their transportation options.

There are strict guidelines a transportation provider must follow in order to provide services for the RideSource Call Center. These include specific levels of training for drivers, maintaining operational and safety standards for all vehicles, motor vehicle and criminal background checks

of all drivers, specific levels of insurance coverage, and unscheduled quality assurance inspections in the field. Providers who have met these requirements, and are currently registered to offer these services in Lane County, include Medical Transportation Management, River Cities Taxi, and many of the local taxi and medical transport companies.

Point2point

Point2point (P2p), formerly Commuter Solutions, was started by Lane Transit District (LTD) in 1995 with the regional partner agencies including Lane County, Lane Metropolitan Planning Organization (MPO), City of Eugene, City of Springfield, City of Coburg, and the Oregon Department of Transportation (ODOT) in order to help reduce reliance on single-occupancy vehicles and to help lower congestion in the Lane metropolitan area. This program serves as the Lane MPO Regional Transportation Options Program. This effort supports LTD's mission of providing transportation mobility options and choices for the traveling public.

Through the P2p Fund, the District will continue to manage and administer federal, state, and local resources to provide transportation options projects and programs predominately in the Lane MPO area. Funding is received from the Lane MPO through the Surface Transportation Program-Urban, ODOT, and the Federal Highway Administration. Special one-time grant funds, such as STIP Enhance, are received on a frequent basis to support special projects.

Lane Metro Area Programs

❖ Employer Programs

P2p staff works with regional businesses on a one-to-one basis to establish relationships and share information and resources on all transportation options available for employers and their employees. This information includes programs and operation and promotion of services such as the following:

- Emergency Ride Home – Free workplace program for employees to use alternative commute modes and who need a ride home in an emergency.
- Group Pass/Commuter Club Voucher – Staff assists in the promotion and dissemination of information on the LTD Group Bus Pass and Commuter Club Voucher services.
- Employer Transportation Coordinator – Staff works with volunteer employer-based Employer Transportation Coordinators to share information with their workplace on transportation options to and from work.
- Employer Survey Research – Staff works with employers to develop survey tools for that business to use to learn more about employee commute habits and travel needs.
- Dot Maps – Staff develops geocoded maps that show where the business employees live to assist with finding carpool partners.
- Employer/Activity Center Site Maps – Staff develops site specific maps that identify what transportation options are available for each specific work site.
- Employer transportation fairs – Staff provides marketing materials for employees with specific information on their travel options.

❖ Ridesharing

- Get There – Staff manages Lane County's online ridesharing database and develop ongoing efforts to make the region's travelers aware of this tool.
- Valley Vanpool – P2p is one of three partners who operate the Valley Vanpool program, which offers vanpools for work travel up and down the Willamette Valley.
- Carpool and Vanpool Parking – Staff facilitates development of preferential carpool and vanpool parking at business locations.

❖ **Outreach and Community Transportation Education**

- P2p dedicates staff time year round to raise the general public awareness of transportation options in the region through channels, including direct marketing, social media, print media, and community outreach and conducting special events.
- Each year P2p staff attends or leads 60 community outreach opportunities to new and existing market niches.

❖ **School Programs**

- School Carpooling – P2p operates this carpool matching program to encourage families to carpool to and from the regional schools.
- Safe Routes to Schools (SRTS) – P2p staff provides for the following:
 - Staff support for the growing regional SRTS Program that is offered in all three local school districts.
 - Management of grant funds and all program reporting.
 - School walking maps and map updates to encourage increased walking and biking to local schools.
 - Leading school and family outreach events to share active transportation and safety messaging.
 - Stipends or supplies for year round education and encouragement activities related to active transportation.

❖ **Campaign and Challenges**

- Staff develops and leads regional transportation options events and challenges such as the Business Commute Challenge and the Oregon Drive Less Challenge (Lane County) to encourage the use of transportation options as a lifestyle.

❖ **SmartTrips**

- Staff, when funding is available, leads SmartTrips programming in Springfield and regionally. SmartTrips is a targeted outreach and education program that highlights all the transportation options in a particular neighborhood or surrounding new infrastructure, such as the Gateway EmX Service. Staff provide knowledge exchange with the City of Eugene in their SmartTrips programming.

Congestion Mitigation

- P2p staff assist ODOT and regional partners with congestion mitigation during construction disruption events, communicate with the general public, employers, and schools on options for travel during closures or extended delays.

Lane County Services

- P2p, with support from ODOT, hosts rural safety-oriented events in cities such as Florence, Cottage Grove, and Oakridge to encourage awareness of safe travel habit including visibility.

Research

- Staff conduct research and/or assist with awareness of new transportation options services (e.g., car sharing, bike sharing, or electronic bike lockers).

SECTION 1: CONTEXT FOR LTD'S COMMUNITY INVESTMENTS

COMMUNITY INVESTMENTS FRAMEWORK

In everything Lane Transit District (LTD) does, we carry the community and its aspirations forward. Public Transportation services enable the residents of our community to connect to jobs, school, doctor's appointments, shopping, family and friends, and much more. Public transportation makes a significant contribution towards establishing a community identity, supporting vibrant commercial and social exchanges, improving physical health, and guiding sustainable neighborhood and regional development. In that context, we take responsibility for joining with our regional partners to create a livable community.

Community Investments allow LTD to meet operational and long-term goals. LTD believes in providing people the independence to achieve their goals while creating a more vibrant, sustainable, and equitable community. How we do this includes serving the community with respect, collaborating internally and externally, and caring for our customers, employees, and business partners. What we do includes providing safe and accessible vehicles, services, and facilities; practicing sound fiscal and sustainability management; delivering reliable, public transportation services; offering services that reduce dependency on the automobile; and providing leadership for the community's transportation needs.

Coordinating and collaborating with our partners enables us to better leverage the significant investments we make in our service and capital infrastructure. As Eugene, Springfield, and surrounding communities continue to grow and regional transportation demands diversify, there is a need for LTD to connect effectively to the economic development, social equity, and environmental stewardship goals of the broader community. Integrating LTD's plans for growth and development with the goals of the communities that we serve ensures that we fully leverage our investments and are contributing most effectively to the growth and prosperity of the region's residents.

The Community Investment Plan (CIP) is a 10-year framework that provides direction and guidance for LTD's community investments. Annual revisions of the CIP are developed with input from riders, community partners, and the general public. The CIP addresses short-term issues as well as our district's long-term transportation and livability goals.

COMMUNITY INVESTMENT PRIORITIES

LTD projects vary in scale in terms of size, cost, and community benefit. Some of these projects maintain existing systems, while others redefine the services provided by LTD. LTD is committed to maintaining current infrastructure while purposefully investing in new projects that allow for the District to meet the changing needs of our riders and community.

The CIP has two fundamental objectives: 1) to facilitate the efficient use of LTD's limited financial resources, and 2) to implement regional priorities that anticipate the need for public transportation in the future. The Transportation Systems Plans (TSP) of the Cities of Eugene and Springfield, and the Central Lane Metropolitan Planning Organization (MPO) Regional Transportation Plan (RTP) are

examples of local and regional planning mechanisms that are supported by the CIP. A complete description of these and other guiding documents are found in Appendix A. LTD's projects using federal funds are programmed into the Metropolitan Transportation Improvement Program (MTIP) list of expenditures for approval by the Central Lane MPO.

The FY 2020-2029 10 year CIP totals approximately \$448 million. Of those projects, \$283 million have secured funding, \$36 million have identified funding, but still in the application or approval process, and \$129 million are projects with an unidentified funding source.

Project Category	Tier II Funding identified.			Total Project Cost
	Tier I Funding Secured	In application process	Tier III Unfunded	
Improvement Projects	23,629,926	230,000	10,926,410	34,786,336
State of Good Repair	18,708,261	10,707,990	106,426,214	135,842,465
Preventative Maintenance	6,500,000		6,500,000	13,000,000
Point2point	2,156,260	2,202,440	4,987,206	9,345,906
Medicaid	120,283,749			120,283,749
Specialized Services	79,749,170	5,911,200		85,660,370
Operations	32,346,000	16,840,000	200,000	49,386,000
Totals	283,373,366	35,891,630	129,039,830	448,304,826

Sections 2 and 3 summarize all CIP projects included in the 10-year plan.

CIP DEVELOPMENT AND REVIEW PROCESS

The CIP is reviewed and adopted annually. Staff create the draft CIP that is submitted to the public for a minimum 30-day comment period. The public can submit in writing any comments or questions about the plan and testify at a public hearing that is scheduled within the comment period. Once the public comment period is concluded, all comments or questions along with staff responses are submitted to the LTD Board of Directors. Staff then revises the draft plan and presents the final CIP to the Board for adoption.

Development and Review Schedule

July 1	Fiscal year begins
July – June	Staff tracks progress of projects and funding
June – September	Staff develops draft CIP
September	Submit CIP to public for 30-day comment period
October	Public hearing on CIP; public comments/staff responses published
November	Board adopts CIP
April	Staff develops budget. CIP priorities are matched with limited resources into the proposed budget
April	Budget Committee is presented draft proposed budget and approves a budget
May	Board of Directors adopt budget

PROJECT FUNDING DECISIONS

There are three types of projects in the CIP: 1) State of Good Repair (SGR); 2) Improvement; or 3) Operations. **SGR** projects keep the District's assets in good working order to continue providing high-quality service to the community. These include vehicle replacement, maintenance and upgrades to technology and facilities, and other projects intended to keep our current service quality high. **Improvement** projects increase the investments in the community adding additional service and/or user benefits. These can include frequent transit network projects and technology, and facility upgrades that increase benefits to the community. **Operations** projects include Medicaid and other specialized services such as mobility as a service or transportation services for older adults and people with disabilities; transportation options that reduce the reliance on single-occupancy vehicles; and projects that improve service along our fixed route corridors.

Projects are reviewed by staff, and 11 criteria are considered when making final project funding decisions:

- 1) **Project Deferral Implication** – To what extent will deferring a project create unsafe conditions and/or cause noticeable disruption to the level of service or user benefits and/or put the District out of compliance with legal, compliance, or regulatory mandates?
- 2) **Feasibility of Implementation** – What is the likelihood that the project will be completed within the requested budget and schedule?
- 3) **Operating Budget/Organizational Capacity/Resources** – What impact will the project have on the operating budget and resources of the District and will the ongoing costs be sustainable given the projected incoming revenue sources?
- 4) **Other Benefits** – What benefits (beyond ridership/quality of service delivery) does the project have to the community (e.g., data insight, better transparency)?
- 5) **Ridership/Quality of Service Delivery** – What impact will this project have on ridership, quality of service delivery, and benefits to the community?
- 6) **Economic Impact** – How will a project increase the District's revenue, create jobs, and/or improve the local economy?
- 7) **Environmental Impact** – How will a project preserve the natural environment, conserve natural resources, reduce pollution, or otherwise contribute to a sustainable community?
- 8) **Alignment with Agency Strategic Objectives** – To what extent does this project align with the District's strategic objective "to provide people with the independence to achieve their goals and to create a more vibrant, sustainable, and equitable community"?
- 9) **Alternatives Considered** – What additional options exist to address the project's objectives (e.g., extend the life of existing assets, compress space, change routes, etc.)
- 10) **Public/Private Partnerships/Contractual Relationships** – Coordinating through a contract a public or private partnership (e.g., IGA with the City of Eugene, Eugene Mobility on Demand contract).
- 11) **Project Interdependencies or Conflicts** – What impact does this have on other proposed or existing District projects? Does this project conflict with any other project or initiative?

Following the staff review process, projects are organized into three tiers based on their funding status. For the purposes of this plan, LTD has documented projects that are ongoing from the previous year and are currently in design and/or construction.

Funding tiers include the following:

Tier I: Full funding has been secured.

Tier II: Funding is in the process of being secured (application or approval).

Tier III: Funding source has not yet been identified.

LTD's final decision to commit funds occurs through the annual budget process. Although the CIP is the starting point for the annual budget, the projects actually budgeted each year vary from those proposed in the CIP as a result of available funding and the funding needs of existing projects already underway. Projects proposed in the CIP reflect the planned project cost. The budget for the current state of a project may change between CIP adoption and project implementation.

PROJECT CLASSIFICATION

Projects are sorted by the following major classifications:

Frequent Transit Network (FTN): These projects encompass the planning, design, purchase, installation, and construction of service that increases capacity along major transportation corridors. The FTN strengthens regional connectivity by tying service and investment decisions to the level of development along corridors.

Fleet: These projects relate to the rehabilitation, replacement, or expansion of revenue and non-revenue vehicles used by the District across all modes.

Facilities: These are projects that fund the design, purchase, installation, construction, and rehabilitation of the District's administrative and station facilities, shelters, bus signage, pedestrian access, bicycle access, functional landscaping improvements, and other passenger amenities.

Technology Infrastructure and Support Systems: These projects deal with the acquisition, implementation, and enhancement of hardware, software, technology, infrastructure, and video and communications equipment.

Safety and Security: These projects deal with the acquisition, implementation, and enhancement of security and safety programs that support the delivery of transportation service.

Operations: These projects expand or maintain the District's services including preventative maintenance projects, ADA paratransit services, contracted services, and single-occupancy-vehicle (SOV) alternatives.

SECTION 4: APPENDICES

APPENDIX A: GUIDING DOCUMENTS

There are various federal, state, regional, and internal planning mechanisms that guide and influence land use and transportation planning. Existing planning mechanisms include federal regulations, state legislation, and local and internal plans and policies. Guiding documents already in existence have support from state authorities and regional policy makers. The LTD CIP, therefore, includes a range of adopted and budgeted projects that are consistent with other existing plans and policies. Implementing CIP projects that complement existing planning mechanisms increases the likelihood of public support and maximizes the region's resources.

All capital investments implemented by LTD and other regional and state partners must be consistent with economic, social, and environmental regulations established by federal regulatory bodies, including the United States Department of Transportation (USDOT), Federal Transit Administration (FTA), and the Federal Highway Administration (FHWA).

The following are a summarization of legislation, regulations, and plans currently influencing LTD transportation planning and services.

STATE

Oregon Transportation Plan

The Oregon Transportation Plan (OTP) is the state's long-range multimodal transportation plan. The OTP considers all modes of Oregon's transportation system as a single system and addresses the future needs of airports, bicycle and pedestrian facilities, highways and roadways, public transportation, and railroads through 2030.

<https://www.oregon.gov/ODOT/Planning/Pages/Plans.aspx>

Statewide Transportation Strategy

The Statewide Transportation Strategy (STS) is a long-term vision to reduce transportation-related greenhouse gas emissions and increase our region's energy security through integrated transportation and land use planning through 2050. The STS is neither directive nor regulatory, but rather points to promising approaches that should be further considered by policymakers at the state, regional, and local levels.

The STS was developed through extensive research and technical analysis, as well as policy direction and technical input from local governments, industry representatives, MPO's, state agencies, and others.

In 2018, the Oregon Transportation Commission adopted an amendment to incorporate the STS as part of the OTP.

<https://www.oregon.gov/ODOT/Planning/Pages/STS.aspx>

The Statewide Transportation Improvement Program (STIP) is Oregon's four-year transportation capital improvements program. It is the document that identifies the funding for, and scheduling of, transportation projects and programs. It includes projects on the federal, state, city, and county

transportation systems, multimodal projects (highway, passenger rail, freight, public transit, bicycle and pedestrian), and projects in the National Parks, National Forests, and Indian tribal lands.

<http://www.oregon.gov/ODOT/TD/STIP/Pages/about.aspx>

Transportation Planning Rule

The Transportation Planning Rule (TPR), adopted in 1991, seeks to improve the livability of urban areas by promoting changes in land use patterns and transportation systems that make it more convenient for people to drive less to meet their daily needs.

The TPR mandates consistency between the various state, regional, and local community transportation plans:

- Requires the Oregon Department of Transportation (ODOT) to prepare a TSP and identify a system of transportation facilities and services adequate to meet identified state transportation needs;
- Directs counties and metropolitan organizations to prepare regional transportation system plans that are consistent with the state TSP; and
- Requires counties and cities to prepare local transportation system plans that are consistent with the regional plans.

LOCAL

TransPlan

The Eugene-Springfield Metropolitan Area Transportation Plan (TransPlan) guides regional transportation system planning and development in the Eugene-Springfield metropolitan area over a 20-year planning horizon. TransPlan establishes the framework upon which all public agencies can make consistent and coordinated planning decisions regarding inter- and intra-jurisdictional transportation. The regional planning process ensures that the planning activities and investments of the local jurisdictions are coordinated in terms of intent, timing, and effect. TransPlan was adopted, updated, and amended by the full governing bodies of Eugene, Springfield, and Lane County. It was most recently amended in July 2002. TransPlan also served as the RTP for the MPO, which at that time did not include the City of Coburg. Since then, new RTP's have replaced TransPlan, the latest being adopted in 2017.

Regional Transportation Plan

RTP guides planning and development of the transportation system within the Central Lane Transportation Management Area. The federally required RTP includes provisions for meeting the transportation demand of residents over at least a 20-year planning horizon while addressing transportation issues and making changes that can contribute to improvements in the region's quality of life and economic vitality. It includes consideration of all transportation modes: roadways, transit, bikeways, and pedestrian circulation, as well as freight movement and regional aspects of air, rail, and inter-city bus service.

The regional planning process thus ensures that the planning activities and investments of the local jurisdictions are coordinated in terms of intent, timing, and effect. Projects in the RTP are initiated

at the local and state level (i.e., within the planning processes of the cities of Eugene, Springfield, and Coburg; LTD; Lane County; and ODOT).

<https://www.lcoq.org/DocumentCenter/View/5430>

Metropolitan Transportation Improvement Program

The MTIP is a set of transportation improvements and projects that are scheduled to occur within the Central Lane MPO area over a four-year time period. The MTIP lists anticipated expenditures for significant local projects drawn from the capital improvement programs of Eugene, Springfield, Coburg, Lane County, LTD, and ODOT. All MTIP projects are determined by the transportation needs identified in the area's long-range transportation plan, the RTP.

Federal legislation requires that the MPO, in cooperation with the State and with transit operators, develop an MTIP that is updated and approved at least every four years. All projects within the MTIP are included in the Oregon STIP.

<http://www.lcoq.org/709/Metropolitan-Transportation-Improvement->

Unified Planning Work Program

The Unified Planning Work Program (UPWP) is a federally required certification document describing the transportation planning activities to be undertaken in the Central Lane metropolitan area for a specific fiscal year or years. Development of the UPWP provides local agencies with an opportunity to identify transportation needs, objectives, and products. The UPWP sets priorities for regional transportation planning activities that are responsive to the goals set by the regional transportation plan and the federal mandates of the current transportation funding bill within the guidelines set by the USDOT.

<http://www.lcoq.org/707/Unified-Planning-Work-Program>

Transportation System Plans

TSP's are a requirement of state land use law and are in place at the county level as well as cities within LTD's service area. The City of Eugene adopted its TSP in 2017. The City of Springfield adopted its TSP in 2014 and is in the process of adopting an updated version in 2019. The TSP's identify improvements for all modes of transportation, including the roadway, bicycle and pedestrian, transit, and rail networks.

These planning initiatives closely consider public input and local, regional, and state policies, plans, and rules; including the Eugene Bike and Pedestrian Plan¹ and the Oregon Highway Plan.

City of Eugene TSP:

City of Springfield TSP:

<http://www.springfield-or.gov/dpw/TSP.htm>

Capital Improvement Program(s):

¹ City of Eugene Transportation System Plan. <https://www.eugene-or.gov/3941/Transportation-System-Plan>

The City of Eugene, City of Springfield, Lane County, and other surrounding communities' CIP identify needs for construction of capital projects or improvements to the cities' or county's infrastructure based on various adopted long-range plans, goals, and policies. These CIP's seek to improve the safety, utility, and efficiency of the existing road network, accommodate future growth in traffic volumes, reduce maintenance costs, conserve fuel, accommodate alternative transportation modes, and promote economic development.

INTERNAL

The Lane Coordinated Public Transit-Human Services Transportation Plan

The Lane Coordinated Public Transit-Human Services Transportation Plan, also referred to as the Lane Coordinated Plan, supports transportation and connections for people who depend on public transportation services in Lane County. The plan satisfies federal requirements that projects selected for funding under the Enhanced Mobility for Individuals and Individuals with Disabilities (Section 5310) Program be included in a locally developed, coordinated public transit-human services transportation plan, and that the plan be developed and approved through a process that includes participation by seniors, individuals with disabilities, representatives of public, private, and nonprofit transportation and human services providers and other members of the public utilizing transportation services. These coordinated plans identify the transportation needs of individuals with disabilities, older adults, and people with low incomes, provide strategies for meeting these needs, and prioritize transportation services for funding and implementation. This plan is currently under revision.

https://www.ltd.org/file_viewer.php?id=2158

Long-Term Planning

The Long-Range Transit Plan takes stock of LTD's current conditions, considers implications of the future, and identifies short- and long-term goals that can help LTD adapt to future changes and uncertainties. This plan was last adopted in 2014 and is currently under revision. A key component in updating this plan includes the Transit Tomorrow study currently in progress.

https://www.ltd.org/file_viewer.php?id=1063

<https://www.ltd.org/transit-tomorrow/>

System Safety Program Plan

The System Safety Program Plan (SSPP) serves as a guideline for the establishment of technical and managerial safety strategies to identify, assess, prevent, and control hazards to transit customers, employees, the public, and others who may come into contact with the system. This SSPP describes the policies, procedures, and requirements to be followed by management, maintenance, and operations personnel in order to create a safe environment. This plan is being used as a tool in the development of the Public Transit Agency Safety Plan which is currently under development and scheduled to be finalized in fiscal year 2020.

Point2point Strategic Plan

The Point2point Strategic Plan is a blueprint to strengthen our area's ability to curtail the growth in vehicle miles traveled and the use of single-occupancy vehicles through innovative transportation programs and services. The plan is based upon the premise that a comprehensive, cross-jurisdictional approach to managing the demand for road use will result in more effective and innovative planning and services.

This plan highlights a course of action to further advance opportunities for commitment and collaboration from community partners. The result of these partnerships, if the course is taken, will enhance the regional transportation options network to move more people, more efficiently, in fewer vehicles. This plan is currently under revision.

<https://www.ltd.org/p2p-resources/>

APPENDIX B: FUNDING SOURCES

Programs presented in the CIP are funded by a mix of federal, state, and local sources. The four major sources include the following:

- Federal: FTA and FHWA
- State: ODOT Special Transportation Fund (STF) and State Transportation Improvement Fund (STIF effective January 1, 2019) and other state programs/sources
- Local: District payroll, self-employment, and state-in-lieu taxes
- Fares: Paid by users

FEDERAL FUNDING PROGRAMS

Federal funds for public transportation are authorized and appropriated by Congress, primarily through the USDOT. The FTA and FHWA provide funding allocations to the states and reimburse for eligible expenses, including state administration of the FTA programs. Large urban providers, including LTD, also receive some funds directly from the FTA. Many federal sources require local/state matching funds that vary from 10 percent to about 50 percent depending on the program. FTA does not allow fare revenue to be used for local match. Table 1 below summarizes the major sources of federal public transportation funding and which LTD funds utilize these sources.

Table 1. Major Sources of Federal Public Transportation Funding in Oregon

Program/Source	Purpose	Allocation Method		LTD Fund	Program Links
		USDOT	ODOT		
FTA §5310/ODOT E&D: Seniors and Individuals with Disabilities	Seniors and individuals with disabilities; includes capital projects, preventative maintenance, and purchased services	Formula to urban areas and states	Formula and discretionary to STF agencies. Capital purchases going forward will go through the ATC/discretionary grant committee before being allocated to capital purchase	Specialized Services, Capital	https://www.transit.dot.gov/funding/grants/enhanced-mobility-seniors-individuals-disabilities-section-5310
FTA §5311: Formula Grants for Rural Areas	Rural populations less than 50,000	Formula to states	Formula to rural providers	Specialized Services, Capital Fund	https://www.transit.dot.gov/rural-formula-grants-5311
Transit Network and Intercity	Bus service over longer distances between cities and regions	Minimum 15 percent set aside from 5311	Discretionary to intercity providers	Specialized Services, Capital	https://www.transit.dot.gov/rural-formula-grants-5311

STATE FUNDING PROGRAMS

State funds for public transportation are currently limited to a few major sources:

- STF (cigarette tax, non-highway use gas tax, ID card revenues, and general fund)
- Mass Transit Payroll Tax (payment by state agencies to eligible transit districts allocated by the Department of Administrative Services based on salaries of state employees within the district)
- A portion of DMV fees for custom vehicle license plates for passenger rail
- STIF (employee payroll tax)

Table 2 below summarizes the major sources of State public transportation funding and which LTD funds utilize these sources.

Table 2. Current Major Sources of State Public Transportation Funding in Oregon

Program/Source	Purpose	Allocation Method	LTD Fund	Program Links
STF: Special Transportation Fund ORS 391.800 through 391.830	Seniors, people with disabilities	ODOT by formula and discretionary; STF agency discretionary local prioritization	Specialized Services, Capital	http://www.oregon.gov/ODOT/RPTD/Pages/Funding-Opportunities.aspx

APPENDIX C: PROJECT DESCRIPTIONS

LTD CIP 2019

LTD CIP PHASE DEFINITIONS

Project Phase Definitions	
Business Case Justification	Identification of project need, including vetting against the 11 criteria, proposed funding sources, spend budget, timeline, ongoing incremental resources and costs
Secure Funding	Grant funding application through grant award, approval through CIP and budget processes
Project Initiation	RFP and other procurement processes, stakeholder identification
Planning	Concept, public engagement, analysis
Environmental Process	Environmental assessment, demonstrating federal NEPA requirements are met
Design	Schematics, design development
Acquisition	Product or service deliver inclusive of real estate, buses, etc. Includes testing and final acceptance. May come before or after Build, Construction and Assemble phase
Build, Construction, Assemble	Includes construction, permitting, building, awaiting delivery. May come before or after Acquisition phase.
Rollout, Commissioning, Active	Go live on a software project, occupancy, revenue service, etc.
Project Closeout	Closeout activities, final payment, post-mortems

IMPROVEMENT PROJECTS – FACILITIES

Santa Clara Transit Station - Key: 20947 #17-SCTSTA-0301005

FUNDING SOURCE	BUDGET	REMAINING	TIMELINE	PROJECT PHASE
5307 Formula - 1738-2018-1	3,000,000	3,000,000	FY 2017-2021	Planning
STBG	600,000	600,000		
ConnectOregon - 31655	3,000,000	2,476,210		
LTD Match	3,700,000	3,570,739		
Total Project	10,300,000	9,646,949		

Construct new station near Hunsaker Lane and River Road in Eugene, including a Park & Ride. The new facility will accommodate both regular and EmX service, reducing operational delays and improving the customer experience. **The project continues to progress as scheduled. Project Staff provided FTA with NEPA documents for the project, as well as a status update during the reporting period.**

IMPROVEMENT PROJECTS - FREQUENT TRANSIT NETWORK

EmX Franklin Blvd Phase 1 Transit Stations #19-FKLNST-0301010

FUNDING SOURCE	BUDGET	REMAINING	TIMELINE	PROJECT PHASE
LTD Match	287,000	222,705	FY 2019	Build, Construction, Assemble
ConnectOregon - 30139	648,000	458,235		
Total Project	935,000	680,940		

Construct two EmX stations (one for either direction of travel) within the City of Springfield's revised roadway layout. **The project is progressing as scheduled.**

Main-McVay Transit Study - Key: 19776 #19-M/McTS-0301011

FUNDING SOURCE	BUDGET	REMAINING	TIMELINE	PROJECT PHASE
LTD Match	245,542	24,608	FY 2013-2021	Planning
5339 - OR-39-0007	750,000	0		
FHWA Transfer 5307 - OR-2018-035-00	315,000	215,002		
Total Project	1,310,542	239,610		

LTD is working in partnership with the City of Springfield to identify the highest priority transit capital improvements along the Main Street Corridor in coordination with the City of Springfield's Main Street Safety Project. **The project is progressing as scheduled.**

River Road Transit Community Implementation Plan - Key: 20988 #19-RRTCIP-0301012

FUNDING SOURCE	BUDGET	REMAINING	TIMELINE	PROJECT PHASE
LTD Match	34,200	34,200	FY 2019	Build, Construction, Assemble
TOD - OR-2017-019-00	450,000	450,000		
City of Eugene	79,800	79,800		
Total Project	564,000	564,000		

Collaborative effort between the City of Eugene and LTD to enable transit-oriented development along the River Road Corridor. **The project is progressing as scheduled.**

West Eugene EmX Extension - Key: 16779 #12-WEEEXT-0301013

FUNDING SOURCE	BUDGET	REMAINING	TIMELINE	PROJECT PHASE
LTD Match	3,600,000	128,778	FY 2012-2019	Project Close-out
ConnectOregon	2,866,645	515,112		
5307-Formula - 1738-2018-2	1,600,000	1,600,000		
Oregon Lottery	17,800,000	581,627		
Federal Small Starts	75,000,000	0		
Total Project	100,866,645	2,825,517		

Design, engineering, construction, and the purchase of vehicles for the West Eugene EmX Extension. The extension of the EmX Green Line from the Eugene Station to West 11th Avenue west of Commerce Street, which opened for service in September 2017. **LTD processed the final State disbursement request for the remaining City of Eugene invoices recently paid which will facilitate the reconciliation necessary to initiate project/grant closeout.**

MovingAhead System - Key: 18862 #19-MOVAHD-0301014

FUNDING SOURCE	BUDGET	REMAINING	TIMELINE	PROJECT PHASE
LTD Match	263,245	60,711	FY 2019	Planning
FHWA Transfer 5307- OR-2018-025-00	2,300,000	530,439		
Total Project	2,563,245	591,150		

MovingAhead is a cooperative effort of the City of Eugene, LTD, and regional partners in the community to determine what improvements are needed on some of our most important transportation corridors. **The project is progressing as scheduled.**

FTN Safety and Amenity Improvements - Key: 21404 #20-FTNSAI-0301015

FUNDING SOURCE	BUDGET	REMAINING	TIMELINE	PROJECT PHASE
LTD Match	164,375	164,375	FY 2020-2022	Planning
STBG	475,000	475,009		
CMAQ	525,000	525,000		
Total Project	1,164,375	1,164,384		

Using results of the Pedestrian Network Analysis (a study that is part of the Comprehensive Operations Analysis called Transit Tomorrow), implement various safety and amenity improvements along the Frequent Transit Network (FTN). **Activities necessary in order to process the required request to transfer FHWA funds to FTA are in progress.**

IMPROVEMENT PROJECTS - TECHNOLOGY INFRASTRUCTURE & SYSTEMS

Software - NOVUS Modules			#19-NOVUSM-0301018	
FUNDING SOURCE	BUDGET	REMAINING	TIMELINE	PROJECT PHASE
ICAM Federal Grant	240,000		FY 2019	Secure Funding
Trillium Innovation Grant	160,000			
Total Project	400,000			

Software in support of the RideSource center, allocated to purchase the Passenger Portal module in NOVUS. This module will allow RideSource customers to book their own rides in a secure web page. This will free up call center resources and provide a greatly enhanced user experience for our customers. They will also be able to book rides at times when the call center is not open. Call center space is currently very constrained with no room to seat more customer service representatives. This software has the potential to alleviate the problems with finding more space for staff. **LTD was not a selected recipient for funding under the Trillium Community Health Plan Innovation Fund. Alternative funding will continue to be explored.**

IMPROVEMENT PROJECTS - NON-CAPITAL PROJECTS

Comprehensive Operations Analysis - Key: 21173 #19-COMPOA-0301019

FUNDING SOURCE	BUDGET	REMAINING	TIMELINE	PROJECT PHASE
LTD Match	638,982	638,982	FY 2019	Planning
STBG - 1738-2018-9	53,838	53,838		
Total Project	692,820	692,820		

Called "Transit Tomorrow", this is a detailed study of a transit system designed to identify existing strengths, areas for improvements, and options to improve and increase usage. **The project is progressing as scheduled.**

Communications Assessment #19-COMASS-0301020

FUNDING SOURCE	BUDGET	REMAINING	TIMELINE	PROJECT PHASE
General Fund	150,000	150,000	FY 2019 - 2020	Planning
Total Project	150,000	150,000		

A detailed study of LTD's communications structure and systems to identify strengths, areas for improvement, and options to increase efficiency and effectiveness. **The project is progressing as scheduled.**

STIF Grant Administration #19-STIFGA-0301023

FUNDING SOURCE	BUDGET	REMAINING	TIMELINE	PROJECT PHASE
2017 State Transportation Improvement Fund	2,640,000	2,640,000	FY 2019 - 2028	Secure Funding
Total Project	2,640,000	2,640,000		

Reflects 10-year estimate of LCOG and LTD costs for overall administration of STIF program. Includes the outreach and recommendation, monitoring, reporting, and other administration activities. **The project is progressing as scheduled. The actual grant application was submitted May 1, 2019; approval of the plan as submitted has not yet been received.**

STATE OF GOOD REPAIR – FLEET

Accessible Services Vehicle Replacement - Keys:
19106/19107/19485/19381/21003

#19-ASVEHR-0302012

FUNDING SOURCE	BUDGET	REMAINING	TIMELINE	PROJECT PHASE
LTD Match	149,790	36,138	FY 2019	Acquisition
ODOT 32010 - STF/FY18	7,043	0		
ODOT 32197 - 5310	61,534	0		
5310 - OR-16-X045	304,871	52,859		
5310 - OR-2017-026-00	232,854	74,729		
5309 - OR-04-0049	214,057	46,049		
Total Project	970,149	209,775		

The purchase of replacement and expansion vehicles for the provision of metro Accessible Services such as the American with Disabilities Act complementary paratransit service. **The project is progressing as scheduled; the vehicles funded by the various specified grants have been received.**

Diamond Express Vehicle - Key: 20990

#19-DMXVEH-0302013

FUNDING SOURCE	BUDGET	REMAINING	TIMELINE	PROJECT PHASE
ODOT - 31455	169,069	0	FY 2019	Acquisition
ODOT 32010 STF - out of district	34,629	0		
Local - City of Oakridge	130,000	130,000		
Total Project	333,698	130,000		

The replacement of the highly problematic Diamond Express vehicle, currently being covered by an old 300 series bus. The communities of Oakridge and Westfir have come to depend on Diamond Express to access the metro area. The service acts as a lifeline and connects residents to local hospitals, shopping, schools, and employment. **The project is progressing as scheduled; the Purchase Order for the replacement vehicle has been issued.**

Florence/Yachats Vehicle - Key: 20987

#19-FYVEH-0302014

FUNDING SOURCE	BUDGET	REMAINING	TIMELINE	PROJECT PHASE
STF - 31386	10,270	0	FY 2019	Acquisition
ODOT 31675 - 5311	89,730	0		
Total Project	100,000	0		

This vehicle is being paid for by a special one-off ODOT grant especially for this program. This vehicle will be a connector for Yachats and Florence. It will help the Yachats community have more access to medical care, education, and services for daily living. **As previously reported, the replacement vehicle has been received. This project has been completed.**

Five 40-foot Electric Buses (No/Low) - Key: 21155

#20-40FTEV-0302019

FUNDING SOURCE	BUDGET	REMAINING	TIMELINE	PROJECT PHASE
LTD Match	609,890	588,516	FY 2020	Project Initiation
5339 - OR-2018-012-00	3,479,675	3,415,550		
STIF	550,000	550,000		
Total Project	4,639,565	4,554,066		

Procurement of five additional 40-foot electric buses to replace aging fleet. The project is progressing as scheduled. Although project staff had worked on a RFP; the project team, with concurrence from LTD management, has opted to utilize the State of Washington contract which is expected to be executed in September. As previously reported, LTD continues to work with a consultant on the deployment of the electric buses.

Five 40-foot Buses in 2019 - Keys: 18755/17336

#19-40FT19-0302020

FUNDING SOURCE	BUDGET	REMAINING	TIMELINE	PROJECT PHASE
LTD Match	852,745	852,721	FY 2019	Acquisition
5307 - OR-95-X055-02	2,072,328	2,072,328		
5339 - OR-2017-015-00	943,814	943,625		
5337 - OR-2017-016-00	331,113	331,113		
Total Project	4,200,000	4,199,787		

Procurement of five 40-foot electric buses in fiscal year 2019 to replace aging fleet. The project is progressing as scheduled. Two BYD buses are in revenue service; two additional buses have been delivered but have yet to be accepted for service.

Fleet Procurement Plan - Key: 21388

#19-FLTPRP-0302021

FUNDING SOURCE	BUDGET	REMAINING	TIMELINE	PROJECT PHASE
LTD Match	14,307	14,307	FY 2019	Secure Funding
STBG	125,000	125,000		
Total Project	139,307	139,307		

Transit vehicles have a lifespan of approximately 12 years. As LTD considers further electrification of its fleet, as well as other fuel types, it will need to determine how to make that transition and what types of vehicles will allow it to continue to provide high-quality service to the community while lowering its environmental impact and controlling operating and maintenance costs. This plan will assist LTD in strategically investing in its fleet during this transition period and also in understanding what mix of vehicle types will maximize operational capacity in the long run. The Fleet Procurement Plan will also help LTD to understand when the capital costs of replacing transit vehicles is more cost effective than maintaining older vehicles. Activities necessary in order to process the required request to transfer FHWA funds to FTA are in progress.

Electric Bus Fleet Procurement - Key: 21389

#19-EBUSPR-0302022

FUNDING SOURCE	BUDGET	REMAINING	TIMELINE	PROJECT PHASE
LTD Match	168,673	168,673	FY 2019-2021	Secure Funding
CMAQ	1,000,000	1,000,000		
Total Project	1,168,673	1,168,673		

Transit vehicles have a lifespan of approximately 12 years. In its effort to be fiscally responsible, LTD has maintained many of its vehicles beyond 12 years. However, as vehicles age, maintenance costs increase, and this increase eventually offsets any savings generated by delaying the purchase of new vehicles. Many of LTD's vehicles are at the appropriate point in their lifespan to consider replacement.

LTD's Community Investment Plan identifies more than \$30,000,000 in vehicle replacement needs during the FFY18-21 grant period. Therefore, LTD is requesting \$1,000,000 in STBG funds to assist in the purchasing of two 40-foot, all-electric, transit buses. Each 40-foot, all-electric bus is expected to cost approximately \$850,000 for a total project cost of approximately \$1,700,000. **Activities necessary in order to process the required request to transfer FHWA funds to FTA are in progress.**

Replacement Parts - ACM - Key: 21326

#19-ACMPTS-0302023

FUNDING SOURCE	BUDGET	REMAINING	TIMELINE	PROJECT PHASE
LTD Match	175,560	175,560	FY 2019-2021	Project Initiation
5307 Formula - 1738-2018-8	702,240	702,240		
Total Project	877,800	877,800		

The purchase of replacement parts that are failing and/or unreliable as they have reached the end of their useful lives. **This Associated Capital Maintenance (ACM) grant will be used for major bus components consistent with the provisions specified in the FTA circular (9030.1E). The grant application is in progress.**

Spare Parts for Tooling for 16200 Series Buses - Key: 17959

#19-TOOLSP-0302024

FUNDING SOURCE	BUDGET	REMAINING	TIMELINE	PROJECT PHASE
LTD Match	67,467	40,035	FY 2019	Rollout, Commissioning, Active
5309 - OR-04-0038	269,869	160,142		
Total Project	337,336	200,177		

Procurement of spare parts, tooling, and training for 16200 series 2016 New Flyer buses. **The project is progressing as scheduled. LTD received several items that had been ordered and processed an additional PO an essential training module that will facilitate maintaining these vehicles in a state of good repair.**

Five 60-foot Diesel Bus Procurement - Keys: 20950/21339

#19-60FTDL-0302025

FUNDING SOURCE	BUDGET	REMAINING	TIMELINE	PROJECT PHASE
LTD Match	786,127	785,947	FY 2019	Acquisition
5339 - 1738-2018-3	967,350	967,350		
5339 - OR-2016-020-00	582,947	582,947		
5309 - OR-03-0122-01	1,336,346	1,335,626		
5337 - 1738-2018-3	257,871	257,871		
Total Project	3,930,641	3,929,741		

Procurement of five 60-foot diesel buses will replace the oldest 60-foot subfleet, four of which are no longer usable for revenue service and the fifth one is used sparingly because of ongoing mechanical issues. **The project is progressing as scheduled and the Purchase Order has been issued to New Flyer of America.**

One 40-foot Diesel/Hybrid Bus - Key: 20951

#19-40FTDH-0302026

FUNDING SOURCE	BUDGET	REMAINING	TIMELINE	PROJECT PHASE
LTD Match	114,011	113,876	FY 2019	Acquisition
5339 - OR-2018-021-00	646,062	645,297		
Total Project	760,073	759,173		

Procurement of one 40-foot diesel/hybrid bus to help relieve the pressure of using part of LTD's contingency bus fleet in revenue service. These contingency buses range in age from 15 years to 19 years. **The project is progressing as scheduled and the Purchase Order has been issued to New Flyer of America.**

STATE OF GOOD REPAIR – PREVENTATIVE MAINTENANCE

Preventative Maintenance - Key: 19377			#19-PREVMN-0103001	
FUNDING SOURCE	BUDGET	REMAINING	TIMELINE	PROJECT PHASE
5307 Formula - OR-2018-023	5,040,000	0	FY 2019	Rollout, commissioning, active
General Fund	1,260,000	0		
Total Project	6,300,000	0		

Preventative maintenance on federal assets to improve their performance, safety and longevity. While the PM project is ongoing, all funds under this particular grant have been exhausted. The grant closeout is in progress.

SPECIALIZED SERVICES OUT OF DISTRICT

Total Project	2,412,000	519,568		
Transportation for eligible individuals who receive vocational benefits through Lane County Developmental Disabilities Services. Provides transportation to/from home and work. This is shared cost service offered through the RideSource Call Center. <i>While this project is ongoing, this particular grant has been closed.</i>				
Lane County Coordination Mobility Management - Key: 21001			#19-MOBMGT-0154009	
FUNDING SOURCE	BUDGET	REMAINING	TIMELINE	PROJECT PHASE
ODOT 32197 - 5310	297,313	0	FY 2019	Rollout, Commissioning, Active
ODOT 32010 - STF	34,029	0		
Total Project	331,342	0		
LTD oversees the coordination of transportation and transportation eligibility across a variety of transportation programs, including ADA paratransit, Medicaid Medical (NEMT) and Non-Medical, Veterans Transportation, and Crucial Connections (gap-based transportation) under its Mobility Management Program. Transportation eligibility assessments are conducted mostly in the homes of participants by a trained transportation coordinator. Assessments are conducted through three agencies, coordinated by Lane Council of Governments: LCOG Senior & Disability Services, White Bird Clinic, and Alternative Work Concepts. <i>While this project is ongoing, this particular grant has been closed.</i>				

Mental Health and Homeless - Key: 20995 #19-MENH&H-0154010

FUNDING SOURCE	BUDGET	REMAINING	TIMELINE	PROJECT PHASE
ODOT 32197 - 5310	176,499	0	FY 2019	Rollout, Commissioning, Active
ODOT 32010 - STF	20,201	0		
Total Project	196,700	0		

Mental health transportation services in partnership with White Bird Clinic provides basic transportation for clients experiencing severe, persistent mental illness who are elderly, veterans, unhoused, and at/or below the national poverty level. The service is cost effective to the community by reducing crisis care for clients. *While this project is ongoing, this particular grant has been closed.*

Metro ADA Ops and Shopper Services - Key: 20991 #19-OP&SHP-0154011

FUNDING SOURCE	BUDGET	REMAINING	TIMELINE	PROJECT PHASE
Farebox	600,000	0	FY 2019	Rollout, Commissioning, Active
5310 Formula - OR-2018-024	232,138	0

ODOT 32010 - STF-IN	1,091,719	0		
General Funds	4,027,276	0		
Total Project	6,232,142	0		

This is origin-to-destination service within the metro area for people unable to use regular bus service (some or all of the time) because of a disability. RideSource ADA meets the Federal Transit Administration-mandated ADA requirements, serving a ¾ mile boundary around the fixed-route service. The Shopper is a low-cost, neighborhood-based shopping shuttle operating within the same metro ADA boundary. The driver assists people with their groceries and packages and is currently operated by Medical Transportation Management. Transportation coordinators from White Bird Clinic, Alternative Work Concepts, and Senior and Disabled Services (S&DS) make in-person evaluations to determine eligibility. S&DS is a division of the Lane Council of Governments and the local Area Agency on Aging. *While this project is ongoing, this particular grant has been closed.*

Pearl Buck - Key: 20997 #19-PRLBCK-0154012

FUNDING SOURCE	BUDGET	REMAINING	TIMELINE	PROJECT PHASE
ODOT 32197 - 5310	173,700	0	FY 2019	Rollout, Commissioning, Active
Local Funds	133,280	0		
Total Project	306,980	0		

Pearl Buck Center contracts with RideSource to transport at-risk children attending Pearl Buck Preschool. RideSource is a central partner with Pearl Buck Center in providing children, whose parents have cognitive disabilities, with safe, dependable, door-to-door transportation to a specialized preschool program. *While this project is ongoing, this particular grant has been closed.*

Service Animal Pilot #19-SVANML-0154013

FUNDING SOURCE	BUDGET	REMAINING	TIMELINE	PROJECT PHASE
ODOT 31386 - STF/State	86,578	0	FY 2019	Rollout, Commissioning, Active
General Funds	30,000	0		
Total Project	116,578	0		

A service animal “paw print” program, which expedites boarding processes. *This grant has been closed.*

South Lane Wheels Services - Key: 20991 #19-SLSRVC-0154014

FUNDING SOURCE	BUDGET	REMAINING	TIMELINE	PROJECT PHASE
ODOT 32010 - STF	89,945	0	FY 2019	Rollout, Commissioning, Active
Total Project	89,945	0		

South Lane Wheels (SLW) provides service to the general public in the rural areas of South Lane County, including the communities of Cottage Grove, Dorena, Lorane, London, and Creswell, with transportation to Eugene-Springfield. This project provides matching for SLW's 5311 funding. Without SLW, the cost of providing transportation to the outlying areas would overtax the remaining system, create a service gap that may force residents to move to urban areas, and potentially undermine the effectiveness of the remaining businesses and community services. *The project is progressing as scheduled.*

Transit Host - Key: 20999 #19-TRHOST-0154015

FUNDING SOURCE	BUDGET	REMAINING	TIMELINE	PROJECT PHASE
ODOT 32197 - 5310	144,968	0	FY 2019	Rollout, Commissioning, Active
ODOT 32010 - STF	16,592	0		
Total Project	161,560	0		

Alternative Work Concepts contracts with LTD to provide the Transit Host Program, which allows people who otherwise would use paratransit services the additional support needed to use the fixed-route system for their routine trips. Transit hosts are located at the main downtown transfer station to assist with scheduled transfers from one bus to another, which enables people to reach their final destination. This added support mechanism results in a great cost savings to LTD, and, more importantly, means greater independence, self-worth, and empowerment to people with significant disabilities. *While this project is ongoing, this particular grant has been closed.*

Travel Training - Key: 20999 #19-TRVLTR-0154016

FUNDING SOURCE	BUDGET	REMAINING	TIMELINE	PROJECT PHASE
ODOT 32197 - 5310	131,468	0	FY 2019	Rollout, Commissioning, Active
ODOT 32010 - STF	15,047	0		
Total Project	146,515	0		

Alternative Work Concepts contracts with LTD to provide travel training to people with disabilities on the fixed-route bus system. *The project is progressing as scheduled. Although the budget was revised to reflect actual total project cost/prior year's expenditures, the total project cost as reflected in the CIP remains unchanged.*

Veterans Transportation - Key: 20995 #19-VETTRP-0154017

FUNDING SOURCE	BUDGET	REMAINING	TIMELINE	PROJECT PHASE
ODOT 32197 - 5310	17,946	6,463	FY 2019	Rollout, Commissioning, Active
ODOT 32010 - STF	2,054	741		
Total Project	20,000	7,204		

Transportation for service members, veterans, and their families. Most trips funded are for critical medical needs or to provide a short-term, stop-gap solution while a permanent transportation plan is implemented in conjunction with the VA hospitals, Disabled American's Veteran's transportation program, and volunteers. *While this project is ongoing, this particular grant has been closed.*

Volunteer Coordination #19-VOLCRD-0154018

FUNDING SOURCE	BUDGET	REMAINING	TIMELINE	PROJECT PHASE
ODOT 31386 - STF/State	108,700	108,700	FY 2019	Rollout, Commissioning, Active
General Fund (LTD Staff)	7,300	7,300		
Total Project	116,000	116,000		

The RideSource Call Center works to provide door-through-door service for people who need a high level of assistance and do not have other transportation options. Medical Transportation Management, Senior and Disabled Services, and the Senior Companion Program all participate in the support and recruitment of volunteers. Some volunteer programs provide long-distance transportation services to and from medical appointments. This program funds recruitment, retention, and training of volunteer drivers. **The project was unable to be fully implemented as anticipated.**

Volunteer Reimbursement - Key: 20994 #19-VOLRMB-0154019

	BUDGET	REMAINING	TIMELINE	PROJECT PHASE
ODOT 32010 - STF	15,385	0	FY 2019	Rollout, Commissioning, Active
ODOT 32197 - 5310	134,420	0		
Local Funds	20,400	0		
Total Project	170,205	0		

This is a door-through-door service for people who need a high level of assistance and do not have other transportation options. Medical Transportation Management (MTM), Senior and Disabled Services, and the Senior Companion Program all participate in the support and recruitment of volunteers. Volunteer drivers using their own cars receive a per mile reimbursement. MTM volunteers often use agency vehicles. The program serves older adults and people with disabilities throughout Lane County. **While this project is ongoing, this particular grant has been closed.**

MEDICAID

NEMT - State Reimbursed			#19-NEMTSR-0165001

Total Project	1,063,000	231,743		
Waivered transportation is non-medical rides for low-income seniors and disabled persons living outside of nursing facilities. Rides are for basic needs, including grocery shopping, social outings, church, and hair care. The project is progressing as scheduled.				

POINT2POINT

Drive Less Connect - Key: 20969 #19-DLCONN-0146001

FUNDING SOURCE	BUDGET	REMAINING	TIMELINE	PROJECT PHASE
ODOT - 32517	101,349	-	FY 2019-2021	Rollout, Commissioning, Active
Total Project	101,349	-		

Point2point manages the Drive Less Connect Ridesharing Database for this region. Included with this effort is year-round outreach and education on how to use the program, encouraging carpooling and the tracking of transportation options trips along with the preparation and leadership of Lane County-wide participation in the Oregon Drive Less Challenge held in the early fall each year. This is funded by ODOT and a state priority outlined in the State Transportation Options Plan. *While the program is ongoing, funds for this year's allocation have been exhausted.*

Employer Transportation Coordinator Toolkit #19-TOOLKT-0146002

FUNDING SOURCE	BUDGET	REMAINING	TIMELINE	PROJECT PHASE
ODOT - 32359	30,724	-	FY2017-2019	Rollout, Commissioning, Active
Total Project	30,724	-		

Develop a host of tools for the local business employer transportation coordinators to use to assist their employees with accessing transportation options information. The project is designed to develop a Transportation Options (TO) Liaison Toolkit to create a cadre of community transportation option information specialists. This is funded by ODOT as a demonstration project to help all TO providers in Oregon with new tools when working with employers. It is outlined in the Point2point five-year strategic plan that is directed by all local jurisdictional transportation staff. *The project has been completed; this grant is closed.*

Safe Routes to School Assistants - Key: 21147 #19-SRTSAS-0146003

FUNDING SOURCE	BUDGET	REMAINING	TIMELINE	PROJECT PHASE
STBG - OR-2018-026	45,762	45,762	FY 2019-2023	Rollout, Commissioning, Active
General Fund (in kind)	4,700	4,700		
Total Project	50,462	50,462		

Safe Routes To School (SRTS) program assistants work closely with the school district SRTS coordinators implementing enhanced SRTS encouragement events, expanded education, and outreach services at the three local school districts (Bethel, Eugene, and Springfield). This program has proven to affect behavior change and school-age travel choices to and from school. This effort supports all local partner agency transportation goals and is a priority to all of them. *The project is progressing as scheduled.*

Smart Routes to School Bike Parking - Key: 21148 #19-SMTBKP-0146004

FUNDING SOURCE	BUDGET	REMAINING	TIMELINE	PROJECT PHASE
CMAQ 1738-2018-10	72,681	72,681	FY 2019-2020	Rollout, Commissioning, Active
General Fund	18,170	18,170		
Total Project	90,851	90,851		

Develop short-term bicycle parking at three local school districts to improve the worst bike parking supply as rated in the Safe Route To School Regional Bicycle Parking Assessment. This effort is to help improve deficiencies in local school district bike parking facilities and in turn make it easier for local students to bike to school, which is a regional partner agency priority. *The project is progressing as scheduled.*

Safe Routes to School Bike Ped Program Expansion - Key: 21390 #19-BKPEDX-0146007

FUNDING SOURCE	BUDGET	REMAINING	TIMELINE	PROJECT PHASE
CMAQ	154,468	154,468	FY 2019-2021	Secure Funding
City of Eugene (in kind)	17,680	17,680		
Total Project	172,148	172,148		

The Regional Safe Routes to School (SRTS) mission is to serve a diverse community of parents, students, and organizations advocating for and promoting the use of transportation options including active transportation and the practice of safe bicycling and walking to and from schools throughout the Central Lane MPO area. The Eugene-Springfield SRTS program provides in-class pedestrian safety to second grade students and in-class bicycle safety education to fifth or sixth grade students throughout the regional school districts. These programs teach students how to walk and bike safely. They also encourage active travel and promote safe travel behaviors, which in turn can result in future safe drivers. This is a regional priority outlined specifically in local TSPs, the state transportation options plan, and the Point2point five-year strategic plan. The program is growing exponentially, and this helps meet some of that demand. **Activities necessary in order to process the required request to transfer FHWA funds to FTA are in progress.**

Safe Routes to School Regional Program - Keys: 20964/21328 #19-SRTSRG-0146008

FUNDING SOURCE	BUDGET	REMAINING	TIMELINE	PROJECT PHASE

Total Project	630,249	601,940		

This project supports funding for three district Safe Routes To School programs in order to maintain the current level of K-8 programming in the 4J, Bethel, and Springfield school districts from FFY 2019-2021. This is a regional partner/agency priority and is listed in all local TSPs, the state transportation options plan, and the Point2point five-year strategic plan. It has multi-year committed funding. **The project is progressing as scheduled.**

Transportation Options - Key: 21130 #19-TRANOP-0146009

FUNDING SOURCE	BUDGET	REMAINING	TIMELINE	PROJECT PHASE
FHWA Transfer 5307 - OR-2017-024	300,000	300,000	FY 2019-2021	Secure Funding
ODOT - REGION 2 - 32517	94,571	0		
General Funds	5,000	0		
Total Project	399,571	300,000		

This program provides a variety of positive marketing opportunities for LTD and more importantly provides options for the region's travelers to use a variety of transportation options in the region. Point2point does extensive year-round outreach and education about how to use the options and does a great deal of education on how to access and trip plan using the LTD fixed-route and accessible services transportation. The face-to-face outreach component provides a human face to the services we provide. Direct services include the management of the Valley Vanpool Program (17 vans), Emergency Ride Home, Drive Less Connect Ridesharing software for Lane County, lead the Business Commute Challenge and the Oregon Drive Less Challenge in Lane County, and lead the Regional Safe Routes to Schools Program. The Point2point program is supported by local and state partners, and it helps meet the regional goals around improving transportation system efficiency and climate recovery. **While the project is ongoing, funds allocated for grant 32517 for this fiscal year have been exhausted.**

UO Gateway SmartTrips - Key: 17162 #19-SMTUOG-0146010

FUNDING SOURCE	BUDGET	REMAINING	TIMELINE	PROJECT PHASE
STP - OR-95-X030	180,000	167,220	FY 2019-2021	Rollout, Commissioning, Active

Outreach and encouragement activities for the Safe Routes to School (SRTS) program. This adds funding to the expanding SRTS program for the last two years of the funding cycle. It is a growing program and is a regional priority. **The project is progressing as scheduled.**

Vanpool - Key: 19395 #19-VNPOOL-0146010

FUNDING SOURCE	BUDGET	REMAINING	TIMELINE	PROJECT PHASE
General Funds	185,000	111,479	FY 2019	Rollout, Commissioning, Active
Total Project	185,000	111,479		

Operation of Point2point-Valley Vanpool program. Manage interest and help conduct outreach on the vanpool program and help attract new riders. Manage issues with the vanpools as they arise. Manage pick-up and drop-off locations. The vanpool program helps reduce 2,000,000 miles on Interstate 5 each year and helps meets the state and local goals to lower congestion and reduce carbon emissions. **The project is progressing as scheduled.**

Lane Transit District

Glossary

Glossary of Terms

A

Accessible Services	An LTD program that encompasses policy development and compliance with the requirements of the Americans with Disabilities Act of 1990 (ADA) for both fixed-route and paratransit services; administration of the Special Transportation Fund (STF) for the older adults and people with disabilities and other grant funded services; technical assistance through grant writing and contract management; program development for services throughout Lane County; and oversight of the RideSource Call Center. Primary focus is transportation for older adults, people with disabilities, and persons with low incomes.
ACES	<i>Accessible and Customer Services</i> (LTD) – An LTD work group.
ACH	<i>Automated Clearing House</i> – The process/organization/institute that electronic payments (paperless checks) go through before being transmitted to a vendor’s bank account.
ACT	<i>Area Commission on Transportation</i> – Advisory body chartered by the Oregon Transportation Commission (OTC) addressing all aspects of transportation (surface, marine, air, and transportation safety) with primary focus on the state transportation system.
ADA	<i>Americans with Disabilities Act of 1990</i> - Federal civil rights legislation for people with disabilities; requires accessibility features and practices on public transit systems and the provision of a “complementary paratransit service” for persons unable to use regularly scheduled fixed-route services due to a disability.
ADAAA	<i>Americans with Disabilities Act Amendments Act of 2008</i> – Effective January 1, 2009, the amendments to the ADA clarifies and reiterates who is covered by the law’s civil rights protections and revises the definition of “disability” to more broadly encompass impairments that substantially limit a major life activity. The law also states that mitigating measures, including assistive devices, auxiliary aids, accommodations, medical therapies, and supplies have no bearing in determining whether a disability qualifies under the law.
Ad Hoc Fare Policy Committee	The Ad Hoc Fare Policy Committee is a short-term committee created for the purpose of reviewing the District’s fare system. The committee will provide recommendations to the Board of Directors regarding the current fare system structure.
Adopted Budget	Final version of the budget formally adopted by Resolution by the LTD Board of Directors.
Alternative Fuels	Low-polluting fuels that are used to propel a vehicle instead of high-sulfur diesel or gasoline. Examples include methanol, ethanol,

propane or compressed natural gas, liquid natural gas, ultra-low-sulfur or “clean” diesel, and electricity.

Approved Budget

Version of the budget agreed upon by the Budget Committee that is presented to the Board of Directors for adoption.

APTA

American Public Transportation Association – A national, nonprofit trade association representing the public transit industry. APTA members include more than 400 public transit systems, as well as state and local departments of transportation and planning agencies, manufacturers and suppliers of transit equipment, consultants, contractors, and universities.

Arbitration

A method of settling disputes where labor and management present their case to an impartial third party, called an arbitrator, who has the responsibility to decide the case.

ARR

Annual Route Review – A yearly process where staff consider changes to bus service. The changes can include service additions or deletions; adjustments; or redesign of current service.

ARRC

Accident Route Review Committee – A team of elected and appointed employees who review accidents and make a determination of preventability based on standards, policy and best practices. This committee may also review routing changes and make recommendation based on safety and training.

Articulated Bus

A bus, usually 55 feet or more in length, with two connected passenger compartments that bend at the connecting point when the bus turns a corner.

ASUO

Associated Students of the University of Oregon – A nonprofit organization funded by the University of Oregon. Its purpose is to provide for the social, cultural, educational, and physical development of its members, and for the advancement of their individual and collective interests both within and without the University. The ASUO is the student government, is run by students for students, and works on campus, city, state, and federal-level campaigns. Membership consists of all students at the University of Oregon who have paid the current term or semester student incidental fee.

ATU

Amalgamated Transit Union – A major labor union representing workers in the transit industry; membership is limited to operators, mechanics, and other non-supervisory employees of the transit industry.

AVL/APC

Automated Vehicle Location System/Automated Passenger Count System – An ITS system that provides current and immediately available data on actual ridership, including on and off counts by stop and trip length in miles.

AWC

Alternative Work Concepts – A local nonprofit agency specializing in vocational services and provides in-person transportation eligibility assessments.

B

BAT Lanes

Business Access and Transit Lanes – Lanes that are reserved for transit or vehicles intending to turn at the next intersection (or beforehand, into a business driveway) and for those vehicles merging left or right after turning into a designated BAT lane.

Bid

A process (and resulting work assignments) in which bus operators pick the runs they will be driving on a weekly basis. Major bids are fall, winter, and summer.

Bi-directional Lane

A single lane that uses block signaling to allow transit vehicles to travel in both directions.

Binding Arbitration

Arbitration with a final and binding award, which is often enforceable in the courts.

Block

A block links trips together and varies from 2 hours to 19 hours in duration. A specific vehicle is assigned to each block.

Block Signaling

Technology to control vehicle access in bi-directional lane segments.

Boardings

A boarding, or unlinked trip, occurs every time a customer boards a bus. A trip requiring a transfer would count as two boardings.

BRT

Bus Rapid Transit – A bus system based on light-rail transit principles, which utilizes buses rather than trains and track, and requires much lower capital investment. Key elements include exclusive right-of-way; signal priority; increased service frequency; low-floor, multiple-door buses; and a prepaid fare mechanism.

Budget Committee

The committee meets on an as-needed basis but generally convenes in the fourth quarter of each fiscal year in time to provide advice to the Board of Directors prior to the adoption of an annual budget. The Committee is composed of all seven Board members and seven citizen members. Each LTD Board member selects one citizen member to fill a term of three years.

C

CAC

Citizens Advisory Committee – Representative stakeholders who meet regularly to discuss issues of common concern, such as transportation, and to advise sponsoring agency officials. These groups effectively interact between citizens and their government.

CAFR	<i>Comprehensive Annual Financial Report</i> (sometimes referred to as audited financial statements) – An annual financial report on assets, liabilities, revenues, and expenditures prepared in a standardized format that must conform to the Government Accounting Standards Board (GASB) accounting and financial reporting standards. The CAFR describes what actually was spent and the status of assets and liabilities at the end of the fiscal year.
CATC	<i>Comprehensive and Accessible Transportation Committee</i> – A state-mandated advisory committee that reports to the LTD Board of Directors and LTD staff on issues related to accessible public transportation and human services transportation throughout Lane County. The CATC is composed of 16 members representing seniors and people with disabilities, including representatives from east, west, and South Lane County. Members also represent rural service providers, South Lane Wheels, Rhody Express, and the Diamond Express.
Categorical Exclusion	A category of actions that do not individually or cumulatively have a significant effect on the human environment and that have been found to have no such effect in procedures adopted by a federal agency in implementation of these regulations and for which, therefore, neither an environmental assessment nor an environmental impact statement is required.
Call Center	(see Medicaid Transportation Brokerage and RideSource Call Center)
Carpool/Vanpool Program	A Transportation Options program that encourages commuters to share rides by providing matching services and incentives. (Also known as Rideshare)
CCO	<i>Coordinated Care Organization</i> – A network of all types of health care providers who have agreed to work together in their local communities for people who receive health care coverage under the Oregon Health Plan (Medicaid).
Certificate of Excellence	An award issued by the Governmental Finance Officers Achievement Association (GFOA) to organizations such as LTD whose for comprehensive annual financial reports (CAFRs) achieve in Financial the highest standards in government accounting and Reporting financial reporting.
CFR	<i>Code of Federal Regulations</i> – The codification of the general and permanent rules and regulations published in the <i>Federal Register</i> by the executive departments and agencies of the federal government.
CIP	<i>Community Investment Plan</i> – A ten-year plan to identify improvement projects and relevant funding sources that may result in major capital expenditures.
CLMPO	<i>Central Lane Metropolitan Planning Organization</i> – Formal name for the Eugene-Springfield metropolitan area MPO. (See MPO.)

CNG	<i>Compressed Natural Gas</i> – A clean-burning alternative fuel for vehicles.
COA	<i>Comprehensive Operations Analysis</i> – Project name was changed to Transit Tomorrow
COLA	<i>Cost of Living Adjustment (Allowance)</i> – An increase or decrease in employees' wages or salaries made on the basis of changes in agreed-upon economic indices, usually the Consumer Price Index (CPI).
Community Events	Community events are defined as both one-time events, such as the 2012 U.S. Track and Field Olympic Trials at UO's Hayward Field, and annual or recurring events, such as the Butte to Butte.
Comprehensive Review	Formerly known as Triennial Review this is an FTA audit of LTD policies, procedures, and internal controls required every three years.
<i>ConnectOregon</i>	<i>ConnectOregon</i> is a lottery-bond-based initiative (\$42 million) approved by the Oregon Legislative Assembly to invest in air, rail, marine, bicycle, pedestrian, and transit infrastructure to ensure Oregon's transportation system is strong, diverse, and efficient.
Contract Committee	The Committee provides the Board of Directors with oversight and recommendations of Lane Transit District's finances. The Committee is responsible to review and make recommendations to the Board of Directors regarding all contracts valuing \$150,000 and above as set forth in resolution 2017-03-15-011. The Contract Committee is composed of three Board members and meets on the second Monday of the month on an as needed basis.
Coverage	Coverage is used to describe the design of a bus route. Coverage is often measured as the percentage of households that are within one-quarter mile of a bus stop.
CPI	<i>Consumer Price Index</i> – An economic index created by the federal government to track inflationary changes in the cost of a market basket of goods and services.
CMAQ	<i>Congestion Mitigation and Air Quality</i> – An improvement program through the Fixing America's Surface Transportation Act (FAST Act) to provide a flexible funding source to state and local governments for transportation projects and programs to help meet the requirements of the Clean Air Act.
CM/GC	<i>Construction Manager/General Contractor</i> – A construction delivery method where the construction manager acts as the general contractor with schedule and cost risk. The CM/GC provides design phase assistance in evaluating costs, schedule, and implications of systems and materials during design.

CMP	<i>Congestion Mitigation Program</i> – Implementation of programs and services to increase the use of transportation options during and after major infrastructure projects in our area.
COA	<i>Comprehensive Operations Analysis</i> – A detailed study of a transit system designed to identify existing strengths, areas for improvement and options to improve efficiency and increase usage.
CSC	<i>Customer Service Center</i> – Located at the Eugene Station for the purpose of providing route and schedule information, and the sale of fare instruments.
CSR	<i>Comprehensive Service Redesign</i> – Evaluation and restructuring of the entire service system.
CTAA	<i>Community Transportation Association of America</i> – A national member association promoting effective public and community transportation services focusing on rural, small city, and community transit. CTAA acts as a legislative advocate, provider of funding to rural transportation, and direct technical assistance and information to public, community, and human service transportation providers.

D

D&A	<i>Drug and Alcohol</i>
DAS	<i>Department of Administrative Services (State of Oregon)</i>
DBE	<i>Disadvantaged Business Enterprise</i> – A business owned and operated by one or more socially and economically disadvantaged individuals.
DCE	<i>Documented Categorical Exclusion</i> – Environmental analysis where a project may qualify as a categorical exclusion (CE) but requires additional documentation demonstrating that the specific conditions or criteria for the CEs are satisfied and that significant effects will not result.
DD	<i>Developmental Disabilities</i> – A physical and/or mental impairment that occurs before a person is 22 years old. The impairment has continued or can be expected to continue indefinitely and is likely to create barriers to the ability of the individual to function independently. As defined by Oregon Administrative Rule.
Deadhead	The movement of a transit vehicle without passengers aboard; often to and from a garage or to and from one route to another.
Defined Benefit Plan	A type of pension plan in which an employer promises a specified monthly benefit on retirement that is predetermined by a formula

based on the employee's earnings history, tenure of service and age, rather than depending on investment returns.

Defined Contribution Plan	A type of retirement plan in which the amount of the employer's annual contribution is specified. Individual accounts are set up for participants and benefits are based on the amounts credited to these accounts (through employer contributions and, if applicable, employee contributions) plus any investment earnings on the money in the account.
DEIS	<i>Draft Environmental Impact Statement</i> – A document required by the National Environmental Policy Act for federal government agency actions “significantly affecting the quality of the human environment.” A tool for decision making, an EIS describes the positive and negative environmental effects of proposed agency action and cites alternative actions.
Demand Response	Service on demand, often referred to as Dial-a-Ride or paratransit. Unlike a fixed-route system, there is no regular schedule and typically requires riders to schedule in advance. May offer a door-to-door or curb-to-curb assistance. Often used in reference to “complementary paratransit” services required under the Americans with Disabilities Act.
DHS	<i>Department of Human Services (State of Oregon)</i>
Diamond Express	Service introduced in March 2003 that makes an intercity connection between Oakridge and Eugene-Springfield three times each weekday. Coordinated through Accessible Services and funded with grants from federal Section 5311(f) Intercity Passenger Program, Special Transportation Fund, and local contributions.
DMAP	<i>Division of Medical Assistance Programs (State of Oregon)</i> – DMAP, part of the Oregon Health Authority (OHA), determines policy and Oregon Administrative Rules for medical assistance programs. It is responsible for Title XIX and Title XXI State Plans, informs clients and providers about policy and rule changes that affect OHA services, and pays claims and contracted payments for covered health care services.
DOL	<i>Department of Labor (Federal)</i>
DOR	<i>Department of Revenue (State of Oregon)</i>
DOT	<i>Department of Transportation (Federal)</i> – A cabinet-level agency with responsibility for highways, mass transit, aviation, and ports; headed by the Secretary of Transportation. The DOT includes the Federal Highway Administration (FHWA), the Federal Transit Administration (FTA), and the Federal Aviation Administration (FAA), among others.
DPS	<i>Transit Public Safety & System Security (LTD)</i> – An LTD work group.
Dwell Time	Length of time a bus is stopped to load and unload passengers.

E

EA	<i>Environmental Assessment</i> – A public document that analyzes a proposed federal action for the possibility of significant environmental impacts. The analysis is required by the National Environmental Policy Act of 1969 (NEPA). If the environmental impacts will be significant, the federal agency must then prepare an environmental impact statement.
EC	<i>Employee Council</i> – A group that represents the administrative employees of the District.
ECC	<i>Equity and Community Consortium</i> – An information and resource sharing and coordination forum for agencies and jurisdictions that provide governmental and public services in the Eugene-Springfield metropolitan area. The ECC reaffirms, renews, and expands the purpose, goals, and efforts embodied in the 2008 Diversity and Human Rights Consortium.
Economic Indicator	Statistical representation used in tracking the health of the economy. Examples include the Consumer Price Index and the Unemployment Rate.
EFT Payment	<i>Electronic Funds Transfer for Payments</i> – Payments that are transferred from LTD’s bank account to a vendor’s bank account via an electronic file transmission on the bank’s website; another name for paperless checks.
EHRC	<i>Eugene Human Rights Commission</i>
EIS	<i>Environmental Impact Statement</i> – An analysis, conducted for federally funded or approved projects per the National Environmental Policy Act of 1969 (NEPA), of the environmental impacts of proposed land development and transportation projects.
ERH	<i>Emergency Ride Home</i> – A program sponsored and funded by the Point2point program that provides emergency rides to employees who have commuted to work by means other than driving alone.
EmX (pronounced “MX”)	The name given to LTD’s bus rapid transit system; short for Emerald Express.
EmX West	An extension of the EmX Green Line that connects downtown Eugene and the West 11 th Avenue area.
EPA	<i>Environmental Protection Agency</i> – The U.S. government agency founded to “protect human health and to safeguard the natural environment—air, water, and land—upon which life depends.”

ES	<i>Eugene Station</i> – LTD’s main transit hub.
ETC Program	<i>Employee Transportation Coordinators Program</i> – Training and support offered to ETCs from worksites throughout the region.
Extra Board	Bus operators who bid to work a schedule that changes daily based on specific work rules. Extra Board operators receive their work assignments for the next day at 4:45 p.m. and are guaranteed minimum 40 pay hours per week.
EZ Access	See Rider Card.

F

Fall Bid	The term “bid” refers to the selection of work by bus operators. Operators bid based upon their seniority in the union. LTD has three bids per year: fall, winter, and summer. Service adjustments are timed with the bids.
Fare Instrument	Ticket or pass purchased in advance that is used as payment for a transit ride.
Fare Management System	Automated system to manage sales, collection, and tracking of fare media while providing access and convenience for the customers.
Farebox Recovery Ratio	Also known as farebox-to-operating cost ratio, this measures the percentage of the operating cost paid by customers. It is computed as the total farebox revenue (including sale of passes) divided by the total operating cost.
FAST Act	<i>Fixing America’s Surface Transportation Act</i> – Bipartisan, bicameral, five-year legislation signed into law December 2015 to improve the Nation’s surface transportation infrastructure, including roads, bridges, transit systems, and passenger rail network. In addition to authorizing programs to strengthen this vital infrastructure, the FAST Act also enhances federal safety programs for highways, public transportation, motor carrier, hazardous materials, and passenger rail.

Federal Grants:

<i>Section 5307 (Formula)</i>	<i>Urbanized Area Formula Program</i> – Federal grant funds allocated based on a set formula given a district’s population and ridership.
<i>Section 5308 (Clean Fuels)</i>	<i>Clean Fuels Grant Program</i> – Federal grant funds allocated to support emerging clean fuel and advanced propulsion technologies for transit buses and markets for those technologies.

Section 5309 (Discretionary)	Capital investment program for the Federal Transit Administration under 49 USC 5309. Allows federal grant funds to be allocated based on congressional discretion to finance New Starts, Small Starts, and Core Capacity projects.
Section 5310	<i>Elderly and Persons with Disabilities Formula Program</i> – Federal grant program that provides capital assistance primarily for transportation for the elderly and people with disabilities.
Section 5311	<i>Rural General Public Program</i> – Federal grant program that provides formula funding to states for the purpose of supporting public transportation in areas of less than 50,000 in population. Funding may be used for capital, operating, state administration, and project administration expenses.
Section 5311 (f)	<i>Intercity Passenger Program</i> – Federal grant program that promotes intercity passenger services, connecting rural communities through incentive funding, information and equipment to make vehicles accessible. Emphasis is placed on connecting communities of 2,500 or more with the next larger market economy and connecting bus, rail and air.
Section 5339	<i>Alternative Analysis Program</i> – Provides funding for new fixed guideway investment alternatives analyses.
Fixed Guideway	A public transportation facility using and occupying a separate right-of-way for the exclusive use of public transportation.
Fixed-Route Service	Fixed-route is the traditional term for bus service that operates on a specific schedule and along a consistent route. An alternative to fixed-route service would be demand-responsive service where routing and scheduling are created daily based upon the individual needs of riders.
Fleet Capacity	Maximum amount of service that can be delivered using all available buses in the fleet, excluding a minimum number of spare buses held in reserve for bus replacement in case of a breakdown, maintenance, and operator training.
FM	<i>Facilities Management (LTD)</i> – An LTD work group.
FMO	<i>Financial Management Oversight</i> – A periodic review of a transit district's financial policy, procedures, and internal related controls performed by independent consultants and paid for by the FTA.
FONSI	<i>Finding of No Significant Impact</i> – A National Environmental Policy Act of 1969 (NEPA) compliance document that affirms that an environmental assessment found that alternatives were evaluated and a proposed action would have no significant impact on the human environment.
Franklin EmX Corridor	An EmX route from downtown Eugene to downtown Springfield.

Frequency of Service	The number of transit vehicles in a given period passing by any given point on a route.
FSA	<i>Flexible Spending Account</i> – A benefit offered to an employee by an employer that allows a fixed amount of pre-tax wages to be set aside for qualified expenses. Qualified expenses may include child care or uncovered medical expenses. The amount set aside must be determined in advance and employees lose any unused dollars in the account at year-end.
FTA	<i>Federal Transit Administration</i> – An administration in the U.S. Department of Transportation that assists in developing improved mass transportation methods, techniques, facilities, and equipment; encourages planning and establishment of urban mass transportation systems; and assists states and local governments and their authorities in financing urban mass transportation systems.
FTN	<i>Frequent Transit Network</i> – Projects encompass the planning, design, and construction of service that increases capacity along major transportation corridors. The FTN strengthens regional connectivity by tying service and investment decisions to the level of development along corridors.

G

GASB	<i>Governmental Accounting Standards Board</i> – An accounting industry organization, part of the Financial Accounting Foundation, that issues Statements of Financial Accounting Standards that define and govern generally accepted accounting principles (GAAP) for state and local government entities in the United States.
Gateway EmX Extension	An extension of the EmX Green Line that connects downtown Springfield with the Gateway area.
Gateway Transportation Program	Assistance supplied by Point2point to reduce congestion, coordinate information and educational services, and work with businesses, property owners, and agency representatives to implement a variety of Transportation Option strategies in the Gateway area.
GDT	<i>Green Dream Team</i> – A group that exists to guide and facilitate a collaborative cross-departmental effort that will support LTD’s mission of creating a more vibrant, sustainable, and equitable community.
Geographic Coverage	Geographic coverage is the measure of how close transit service comes to where residents live. It will often be referred to as the percentage of households within a quarter-mile walking distance to a transit route.

GFOA	<i>Government Finance Officers Association</i> – A national group responsible for issuance of the Certificate of Achievement for Excellence in Financial Reporting.
GPP	<i>Group Pass Program</i> – Program designed for organizations to allow bulk purchase of transit passes for all members of the group at a significant cost savings.
GPS	<i>Global Positioning System</i> – Satellite-based information system required for real-time automated vehicle location system and passenger information system.
Guideway	Transit-only lane with curbs; used interchangeably with “transitway.”

H

Half Fare Program	A federally mandated program that requires transit districts to charge older adults and persons with disabilities one half the adult cash fare during off-peak hours.
Headway	Time interval between vehicles moving in the same direction on a particular route.
HOV	<i>High-Occupancy Vehicle</i> – A vehicle that can carry two or more persons. Examples of high occupancy vehicles are a bus, vanpool, and carpool. These vehicles sometimes have exclusive traffic lanes called HOV lanes, busways, transitways, or commuter lanes.
HIPPA	<i>Health Insurance Portability and Accountability Act</i> – A U.S. law designed to provide privacy standards to protect patients' medical records and other health information provided to health plans, doctors, hospitals, and other health care providers.
HR	<i>Human Resources and Risk Management</i> – An LTD work group.
HRA	<i>Health Reimbursement Account</i> – A tax-deferred arrangement (account) that is paid for solely by the employer, which reimburses the employee for medical care expenses incurred by the employee, employee spouse, and dependents. Amounts not used in a calendar year can be rolled over into consecutive calendar years, and therefore accumulate over time.
Human Resources Committee	The Human Resources (HR) Committee provides the Board of Directors with oversight and recommendations related to Lane Transit District's relationship with its General Manager, including the General Manager's goals, annual performance evaluation, performance, and compensation. The HR Committee is composed of three Board members who meet on the second Thursday of the month on an as needed basis to discuss issues related to LTD's employees.

Hybrid Abbreviation for hybrid-electric – Vehicle propulsion systems that are a combination of gas or diesel and electricity. EmX vehicles and Prius automobiles are examples in the LTD fleet.

I

Intermodal The ability to connect, and the connections between, modes of transportation.

IT *Information Technology* (LTD) – An LTD work group.

ITS *Intelligent Transportation Systems* – Advanced technologies systems like signal priority and automated vehicle locating that foster the use of advanced technologies to improve the safety, reliability, and efficiency of public transportation systems.

L

LaneACT *Lane Area Commission on Transportation* – An advisory body established to provide a forum for stakeholders to collaborate on transportation issues affecting Lane County and to strengthen state/local partnerships in transportation.

LC *Leadership Council* – LTD’s management team that addresses issues of the day.

LCC *Lane Community College*

LCOG *Lane Council of Governments* – A voluntary organization of local governments that strives for comprehensive, regional planning.

Livability Initiative A joint venture of the U.S. Department of Transportation (DOT), U.S. Department of Housing and Urban Development (HUD), and U.S. Environmental Protection Agency (EPA) to promote livable communities, improve the quality of life for more Americans, and create more transportation choices that serve the needs of individual communities.

LOC *Local Organizing Committee*

Local Budget Law State of Oregon statutory requirements governing the budget process, as detailed in Oregon Revised Statutes (ORS) 294.305-565.

LPA *Locally Preferred Alternative* – A federal term for the preferred design for a project.

M

Main-McvWay Governance Committee	The Our Main Street projects are coordinated through a three-tiered management structure that includes project direction provided by an ad hoc Governance Team membership and protocols.
MAP-21	<i>“Moving Ahead for Progress in the 21st Century”</i> – Transportation authorization, signed by President Obama, effective October 1, 2012, to restructure federal investments of surface transportation.
Mark-off	Mark-off time is time that is paid to bus operators for doing duties other than their regular assignment, e.g., committee work, proofreading, etc.
Medicaid Fund	A fund within LTD’s budget that includes transactions for transportation services provided under Medicaid for eligible participants.
Medicaid Transportation Brokerage	A centralized access point to provide transportation services. LTD contracts with the Oregon Department of Human Services Department of Medical Assistance Programs (DMAP). A <i>broker</i> provides call taking, eligibility verification, scheduling, and quality assurance for Non-Emergent Medical Transportation and Non-medical transportation for eligible clientele.
Medicaid Transportation Brokerage	A centralized access point to provide transportation services. LTD contracts with the Oregon Health Authority (OHA). A <i>broker</i> provides call taking, eligibility verification, scheduling, and quality assurance for Non-Emergent Medical Transportation and community (non-medical) transportation for eligible clientele.
Medicaid Waivered Non-medical	Transportation for Medicaid recipients who have a qualifying care plan managed by a Senior and Disability Services Case Manager under a Medicaid waiver. A certain amount of local transportation supports people staying in their homes or other community setting rather than residing in a nursing care facility. Also called community-based transportation within the RideSource Call Center and is one of the services offered.
Mini-Extra Board	Same as Extra Board except that Mini-Extra Board bus operators are guaranteed 60 hours per pay period instead of 80 hours.
Mobility Management	Making innovative use of the transit resources to respond to the demands of customers, which may include: providing non-traditional services such as vanpool, ride-share, or demand-responsive services; implementing technologies that increase travel options or convenience; providing information on all modes and ridesharing at a single call center; or influencing land use in favor of transit.

MOD	<i>Mobility on Demand</i> – A flexible demand-response system complimenting and connecting people to their community and to the transportation network system.
Modal Split	Percentage of the total participants using a particular method of transportation to an activity or event.
Mode	A specific form of transportation, such as automobile, subway, bus, rail, or air.
MovingAhead	A cooperative effort of the City of Eugene, Lane Transit District, and regional partners in the community to determine what improvements are needed on some of our most important transportation corridors. This effort will be carried out through multiple phases over the next several years. The first phase of effort will lead to the identification up to four priority corridors which would then undergo further development work leading to capital investments related to the transit system as well as other modes of travel.
Moving Ahead Oversight Committee	The City of Eugene and the Lane Transit District (LTD) are working with the community to prioritize corridors for near-term enhancements that serve people using transit, biking, walking, and mobility devices. MovingAhead will build from Envision Eugene and LTD's Long Range Transit Plan. These documents call for improving service for people using transit, and facilities for people biking and walking in our community.
MPC	<i>Metropolitan Policy Committee</i> – An intergovernmental committee created for problem solving and to resolve intergovernmental disagreements between the Cities of Eugene and Springfield, and Lane County.
MPO	<i>Metropolitan Planning Organization</i> – A federally required transportation planning body responsible for the regional transportation plan and the MTIP in its region: Lane Council of Governments (LCOG) is the designated MPO for this region.
MTIP	<i>Metro Transportation Improvement Program</i> – A federally mandated planning document that lists highway and transit projects for the region, approved by the MPC, and submitted to the state for inclusion in the State Transportation Improvement Program (STIP).
MTM	<i>Medical Transportation Management</i> – Contractor providing RideSource Brokerage operations. Medical Transportation Management, Inc., manages ADA and NEMT transportation and related services for systems across the US.
Multimodal	A trip involving several types of transportation, such as both rail and bus.

MXB *Mini-Extra Board* – Same as Extra Board except that Mini-Extra Board bus operators are guaranteed 60 hours per pay period instead of 80 hours.

N

NEMT *Non-Emergent Medical Transportation* – Trips provided through the RideSource Call Center for persons qualified for Oregon Health Plan Plus (OHP+) and who have no other reliable means of getting to and from Medicaid-covered medical services.

NEPA *National Environmental Policy Act of 1969* – An act to establish a national policy for the environment, to provide for the establishment of a Council on Environmental Quality, and for other purposes.

New Starts Program A category of the Federal Transit Administration Capital Investment Program (49 USC 5309) that is used to fund new fixed-guideway systems, or an extension to an existing fixed-guideway system such as rail and potentially bus rapid transit.

NOFA *Notification of Funding Availability*

Northwest Natural Privately owned natural gas provider for the District.

NTD *National Transit Database* – The system through which the Federal Transit Administration (FTA) collects uniform transit data needed by the Secretary of Transportation to administer department programs. The data consist of selected financial and operating data that describe public transportation characteristics. Recipients of FTA Urbanized Area Formula Program (Section 5307) and Nonurbanized Area Formula Program (Section 5311) are required by statute to submit data to the NTD.

NTI *National Transit Institute* – Training, education, and clearinghouse services in support of public transportation in the United States.

O

OAA *Older Americans Act* – The Older American's Act of 1965 established the Administration on Aging, a national agency to oversee the development of services and opportunities for older people in every community across the nation.

OAR *Oregon Administrative Rules* – A compilation of the administrative rules of Oregon state agencies, compiled, indexed, and published by the Secretary of State's Office.

ODOT *Oregon Department of Transportation* – A department of the Oregon state government responsible for systems of transportation.

OHP+	<i>Oregon Health Plan Plus</i> – A state medical health plan provided to children and adults who are eligible for traditional Medicaid programs or for the Children's Health Insurance Program (CHIP).
OMB	<i>Office of Management and Budget</i> – The office within the executive branch of the federal government that prepares the President's annual budget, develops the federal government's fiscal program, oversees administration of the budget and reviews government regulations.
OMPOC	<i>Oregon Metropolitan Planning Organization Consortium</i> - The Oregon MPO Consortium is a forum for Metropolitan Planning Organizations (MPO) whose purpose includes addressing Oregon's growing transportation needs within metropolitan areas, the role of the State of Oregon in transportation investments and other related transportation needs and issues within the state.
OPEB	<i>Other Post-Employment Benefits</i> – Benefits received by an employee when he or she begins retirement, including health care and life insurance premiums, and deferred compensation. It does not include pension benefits.
Operating Revenues:	
<i>Cash fares</i>	Revenues from cash fares and daily, monthly, and three-month passes.
<i>Group pass</i>	Revenues from group pass programs with businesses such as ASUO and Symantec.
OPS	<i>Transit Operations (LTD)</i> – An LTD work group.
OPTIS	<i>Oregon Public Transit Information System</i> – An electronic web-based software program used for managing ODOT Public Transit Division grants.
ORS	<i>Oregon Revised Statutes</i> – The codified laws of the State of Oregon, which is published every two years to incorporate each legislative session's new laws.
OSHA	<i>Occupational Safety and Health Administration</i> – Agency responsible for promulgating rules, setting health and safety standards, and overseeing enforcement, whether by direct federal effort or by relying on state enforcement programs.
OTA	<i>Oregon Transit Association</i> – Created to assist members in the development and improvement of efficient, safe, and convenient transportation services, techniques and methods, facilities, and equipment.
OTC	<i>Oregon Transportation Commission</i> – Establishes state transportation policy and guides the planning, development, and

management of a statewide integrated transportation network. The governor appoints five commissioners, ensuring that different geographic regions of the state are represented. One member must live east of the Cascade mountain range; no more than three can belong to one political party.

OTP *Oregon Transportation Plan* – The comprehensive, long-range plan for a multimodal transportation system for the state, which encompasses economic efficiency, orderly economic development, safety, and environmental quality.

Other Revenues:

Special services Services given in regular transit revenue service, but paid for by some organization rather than by the rider, and for rides given along special routes for which revenue may be guaranteed by a beneficiary of the service. Example: Contractual arrangements for special service rides for sporting events, community events, etc., where fares are paid on a contractual basis.

Sponsored Services Public transportation services that are provided by a transit provider as part of a sponsorship or donation. Common sponsored agencies include local non-profit agencies who facilitate events and programs.

Payroll taxes Revenues generated from tax imposed on employers within the transit district based on the employer's payroll.

Self-employment taxes Revenues generated from tax imposed on self-employed individuals within the transit district based on the individual's non-excluded federal Schedule SE income.

State-in-lieu taxes Revenues from the State of Oregon in lieu of payment of employer payroll taxes.

Statewide Transportation Improvement Fund Revenues generated from a tax imposed on employees within the transit district based on the employee's eligible pay.

Other operating grants Revenues from grants for non-capital expenditures such as TDM and preventive maintenance.

P

P&D *Planning and Development (LTD)* – An LTD work group.

P2p *Point2point* – A grant-funded program housed at Lane Transit District charged with the coordination and implementation of many of the region's Transportation Options strategies.

P-card	<i>Purchasing Card</i> – A charge card issued to employees that works in a similar way to credit cards and can be used to purchase goods or services.
Paratransit	Alternatives to traditional modes of public transit such as bus and rail. Often refers to flexibly scheduled and routed transportation services using small buses or minivans. LTD’s paratransit services are coordinated under the RideSource Call Center.
Park & Ride Program	A program funded by Point2point to maintain existing sites and identify potential new sites where drivers can park their cars and either take a bus, walk, ride a bike, or meet a carpool.
Passenger Boarding	Occurs when a customer boards the bus.
Passenger Miles	The total number of miles traveled by passengers on transit vehicles; calculated by accumulating the total for all trip segments resulting from multiplying the number of passengers determined to be on board for each trip segment by the length of the trip segment.
PBI	<i>Passenger Boarding Improvements</i> – Capital improvements to aid passengers in boarding and deboarding transit vehicles. These may include improvements to transit stations, shelters, stops, and bus stop signs, among others.
PCE	<i>Progressive Corridor Enhancement</i> – A program to implement incrementally various transit enhancements along a corridor. Typical enhancements include signal priority, improved stops and stations, through-routing, improved service frequency, and queue- jump lanes. Improvements could eventually lead to implementation of an EmX level of service.
Peak Service (peak assignments)	Describes the point of time during the day when the District has the maximum number of buses operating. It is often described as the a.m. peak and the p.m. peak.
Pension Trusts	LTD maintains two pension trusts: one for union employees (ATU/LTD Pension Trust) and one for non-union employees (Salaried Employees Retirement Plan). These trusts differ somewhat in basic structure, but each has a Board of Trustees that has certain oversight responsibilities. The LTD Board is responsible for appointing three Trustees to the Salaried Trust and two Trustees to the ATU/LTD Trust. The three trustees for the Salaried Trust are the LTD Board president, the general manager, and the Human Resources director. The two trustees appointed by the Board for the ATU/LTD trust are the LTD Board president and the general manager.
PM	<i>Preventive Maintenance</i> – The maintenance of LTD assets to keep those assets in a state of good repair.
PMP	<i>Project Management Plan</i> – Guiding document for the management and administration of the West Eugene EmX Extension (WEEE) project.

PMOC	<i>Project Management Oversight Contractor</i> – Informs FTA’s determination regarding the adequacy of the Grantee’s legal, administrative and technical capacity, and capability to effectively and efficiently execute the project in all of its aspects, including planning, design, construction, testing, and revenue operations.
PP	<i>Pioneer Parkway</i> – A street in Springfield chosen for part of the second EmX route.
Private Provider	Contracted transportation providers, may include nonprofit providers, taxis, etc.. Primarily used to expand capacity for RideSource Brokerage services.
Proposed Budget	Version of the budget presented by management to the Budget Committee.
PUD	<i>Planned Unit Development</i> – A type of building development and regulatory process. As a building development, it is a designed grouping of both varied and compatible land uses, such as housing, recreation, commercial centers, and industrial parks, all within one contained development or subdivision.

Q

Queue Jumpers	A transit-priority technique that allows a bus to use an exclusive lane to bypass a queue of cars to reach a signalized intersection.
---------------	---

R

RAMP	<i>Real Estate Acquisition Management Program</i>
Reduced Fare Program	See Half Fare Program.
Report Time	The time an operator is allotted to perform safety pre-check of vehicles prior to going out for the day.
Revenue Hours	The period of time a bus is in service, boarding and deboarding customers.
Rhody Express	A local public transit service operating in Florence coordinated through Accessible Services. Funded under Section 5311 Rural General Public Program, Special Transportation Fund, and City of Florence.
Rider Cards	LTD provides rider cards such as Honored Rider free fare for persons age 65 and older, or half-fare for any persons with a current, valid Medicare card, or proof of receiving SSI or SSD along with a valid photo ID card. Veterans who receive 50 percent or higher disability

benefit are also eligible for half-fare. Persons with disabilities who need an accessible accommodation in order to ride the bus may also be eligible for half fare. The Half-Fare and Honored Rider cards may be obtained at the LTD Customer Service Center.

Rideshare Program	A program funded by Point2point to promote sharing of one vehicle by two or more commuters. (See Carpool/Vanpool.)
RideSource ADA Service	LTD paratransit services for people with disabilities who are unable to use regular fixed-route services as mandated under the Americans with Disabilities Act of 1990.
RideSource Call Center	LTD-administered call center that integrates human services and public transportation for older adults, people with disabilities and person of low income using a single telephone number. Provides integrated call taking, billing, scheduling, and dispatch services.
RIS	<i>Regional Information System of Lane County</i> – A regional service provider that offers information and technology sharing among governmental agencies.
RTOP	<i>Regional Transportation Options Plan</i> – A plan to both broaden and focus the definition and application of the Transportation Demand Management (TDM) elements of our local and regional transportation plans.
RTP	<i>Regional Transportation Plan</i> – Required by federal regulation, implemented by Lane Council of Governments.
RTSP	<i>Regional Transportation System Plan</i> – Required by Oregon law. Includes policies, projects, and strategies that guide regionally significant transportation investment within the Central Lane MPO. The development of this plan will involve the communities of Coburg, Eugene, and Springfield, including citizens, staff, and elected officials.
Run Cut	A run, also known as a duty, is a piece of work handled by bus operators. A block is how a bus is assigned to its daily activities. A block may be up to 19 hours long. The planners use software to cut the blocks efficiently into pieces of work called runs. Bus operators choose their runs during the bid process.

S

S&DS	<i>Senior and Disabled Services</i> – A division of the Lane Council of Governments.
SAC	<i>Service Advisory Committee</i> – Employee representatives who meet as needed to discuss service issues and advise Service Planning and Marketing staff about bus service planning and operations. This group effectively interacts among employees and Service Planning and Marketing staff.

SAFETEA-LU	<i>Safe, Accountable, Flexible, Efficient Transportation Equity Act: A Legacy for Users</i> – Enacted in August 2005, authorizes the federal surface transportation programs for highways, highway safety, and transit through FY 2009.
SBPG	<i>Standard Bus Procurement Guidelines</i> – Guidelines developed through an open and inclusive industry consensus process, funded by the Transit Cooperative Research Association (TCRP) and under the guidance of the American Public Transportation Association (APTA).
Schedule Hours	This is the sum of all revenue and non-revenue service hours the bus is in operation. This includes prep time, deadhead time (traveling to the beginning of a route), and layovers.
Scheduled Free Time	Paid time to individual operators to bring scheduled hours worked up to contractual minimums.
Scheduled Split Time	Thirty minutes of paid time for all scheduled runs with a split of 36 minutes or more from the end of the first piece of work to the start of the second piece of work.
Scheduled Travel Time	Bus operators are often required to begin their run/duty at a location out in the system. Travel time is the time paid to get the operator to the starting point of the run/duty.
SCTC	<i>Santa Clara Transit Station</i> – Proposed development of a transit station, located at the former Santa Clara Elementary School site on River Road between Green Lane and Hunsaker Lane in North Eugene.
SDS	<i>Senior and Disability Services</i> – A division of the Lane Council of Governments.
Service Hours	Total time a bus is in operation, including non-revenue service travel time between the garage and the start and end of route service.
SGR	<i>State of Good Repair</i> – An FTA grant program initiated to support reinvestment in bus fleets and bus facilities for both urbanized and rural areas.
SharePoint	A web-based collaborative platform that integrates with Microsoft Office. A document management and storage system.
Signal Pre-emption	Guarantees a green light at an intersection; available for emergency vehicles only.
Signal Priority	Provides priority for transit vehicles at signalized intersections.
SmartTrips	An individualized marketing program that promotes available transportation options to households and businesses living within a target neighborhood or geographic boundary.

Small Starts	A new category within the New Starts program for a fixed-guideway project with a total cost of less than \$250 million and a maximum cost of \$75 million New Starts grant funding.
Smart Ways to School Program	A program to implement transportation options programs and measure the effectiveness of efforts at selected school sites in the region.
SOV	<i>Single-Occupant Vehicle</i> – A vehicle with one occupant, the driver, who is sometimes referred to as a “drive alone.”
SP	<i>Service Planning</i> (LTD) – An LTD work group.
Span of Service	The time between the first bus trip in the morning and the last bus trip at night.
Special Services	Revenues for contracted transit services (e.g., event shuttles to fairs and sporting events) and purchased charter services (e.g., shuttles for a private group).
SRTS	<i>Safe Routes to School</i> – A nationwide program model implemented in the Eugene, Springfield, and Bethel school districts to increase the number of students walking and biking to school.
SSD or SSI	<i>Social Security Disability and Supplemental Security Income</i> (based on disability) – LTD offers half-price fares to current eligible recipients under the Rider Card program.
STBG	<i>Statewide Transportation Improvement Fund</i> is a new state payroll tax (one-tenth of 1 percent) collected from Oregon employees as a result of the passage of House Bill 2017 and provides a new dedicated source of funding to expand public transportation to access jobs, improve mobility, relieve congestion and reduce greenhouse gas emissions around Oregon.
STF	<i>Special Transportation Fund Program for the Elderly and People with Disabilities</i> – State of Oregon program funded by a tax on tobacco products and other state resources.
STF Advisory Committee	The Special Transportation Fund Committee is a state-mandated advisory committee that advises the LTD Board of Directors in carrying out the purposes of the Special Transportation Fund (the “STF”) for the elderly and people with disabilities Special Transportation Operating (the “STO”) Grants Program.
STIF	<i>Statewide Transportation Improvement Fund</i> is a new state payroll tax (one-tenth of 1 percent) collected from Oregon employees as a result of the passage of House Bill 2017 and provides a new dedicated source of funding to expand public transportation to access jobs, improve mobility, relieve congestion, and reduce greenhouse gas emissions around Oregon.

STIF Advisory Committee	The LTD Board of Directors has appointed an Advisory Committee to review potential STIF-funded projects and create a prioritized list of projects for the county. The Advisory Committee will meet at least two times per year.
STIP	<i>Statewide Transportation Improvement Plan</i> – Outlines the state’s transportation capital improvement program, listing proposed construction projects for a four-year period. The STIP meets the requirements of MAP-21, the federal act providing funds to states for transportation projects. The STIP is not a planning document. It is a project prioritization and scheduling document.
STP	<i>Surface Transportation Program</i> – Federal flexible funding that allocates a share of federal highway funds to state and local governments for road and transit-related projects.
STP-U	<i>Surface Transportation Program - Urban</i> – STP funds specifically allocated to the Eugene-Springfield urbanized area.
STS	<i>Statewide Transportation Strategy</i> – A long-term vision to reduce transportation-related greenhouse gas (GHG) emissions and increase the region’s energy security through integrated transportation and land use planning through 2050.
Strategic Planning Committee	This committee is composed of a core group of representatives from the LTD Board of Directors, key LTD partners including: the Eugene City Council, Springfield City Council, Lane County Board of Commissioners, and Oregon Department of Transportation. The committee also includes a diverse set of representatives from within the community. The Strategic Planning Committee provides the LTD Board of Directors with independent advice on strategic planning issues related to advancing the goals of the Long-Range Transit Plan, including but not limited to, developing the Frequent Transit Network, making better connections, reducing trip and waiting times, bridging the first and last mile, creating safer ways to access service, and optimizing solutions for urban and rural areas.
STRR	<i>Surface Transportation Reauthorization \$ Reform Act (State)</i> – Authorizes funds for federal-aid highways, highway safety programs, and transit programs, and for other purposes.
Summer Bid	The term “bid” refers to the selection of work by bus operators. Operators bid based upon their seniority in the union. LTD has three bids per year: fall, winter, and summer. Bids are timed with the service adjustment.
Supplemental Budget	A requirement of Oregon Budget Law when a proposed change to an adopted budget in expenditure appropriation is 10 percent or more in a fund. A Supplemental Budget requires published notification to

citizens as to the date and time of a public hearing on the proposed changes.

T

T4America	(See Transportation for America)
TAM	<i>Transit Asset Management</i> – An FTA business model that prioritizes funding based on the condition of transit assets, in order to achieve or maintain transit networks in a state of good repair.
TCRP	<i>Transit Cooperative Research Association</i> – A nonprofit educational and research arm of the American Public Transportation Association (APTA). The TCRP undertakes applied research and technical activities focusing on the needs of transit operating agencies. Research is conducted in all areas of public transportation, including operations, policy, planning, service configuration, engineering of vehicles and facilities, maintenance, human resources, and administration.
TDM	<i>Transportation Demand Management</i> – Refers to various strategies that change travel behavior (how, when, and where people travel) in order to increase transport system efficiency and achieve specific planning objectives.
TGM	<i>Transportation Growth Management</i>
TIGER	<i>Transportation Investment Generating Economic Recovery</i> – The American Recovery and Reinvestment Act of 2009 appropriated \$1.5 billion in discretionary grant funds to be awarded by the U.S. Department of Transportation for capital investments in surface transportation infrastructure. Grants are awarded for transportation investments that have a significant impact on the nation, a metropolitan area, or a region.
TIGGER	<i>Transit Investments in Greenhouse Gas and Energy Reduction</i> – The American Recovery and Reinvestment Act of 2009 (ARRA) provided \$100 million to be distributed as discretionary grants to public transit agencies for capital investments that will assist in reducing the energy consumption or greenhouse gas emissions of public transportation systems.
TIP	<i>Transportation Improvement Plan (local or regional)</i> – A program for transportation projects, developed by a metropolitan planning organization, in conjunction with the state.
TMA	<i>Transportation Management Area</i> – An area designated by the U.S. Secretary of Transportation, having an urbanized area population of over 200,000, or upon special request from the Governor and the metropolitan planning organization (MPO), or under special circumstances designated for the area.

TOGO	<p><i>Transportation Options Group of Oregon</i> – TOGO was formed to promote transportation options and balanced transportation systems. TOGO's goal is to create a greater awareness of transportation options and to provide a format for transportation options professionals and/or other interested entities or individuals to exchange and distribute information at the local/regional level. Transportation options include but are not limited to: transit (bus and light rail), car/vanpooling, walking, bicycling, teleworking, use of telecenters, car sharing, close-to-home commuting, park and rides, creative work schedules, commuter rail, and train.</p>
TPC	<p><i>Transportation Planning Committee</i> – A Lane Council of Governments committee that undertakes the technical activities necessary for the continuing comprehensive and cooperative transportation planning process in the Central Lane Metropolitan Planning Organization (CLMPO) area, as described in the Unified Planning Work Program (UPWP).</p>
TrAMS	<p>TrAMS is the Transit Award Management System, FTA's platform to award and manage federal grants. The TrAMS system maintains information on each recipient organization and the organization's compliance with eligibility requirements for awards, and tracks individual users within the organization. TrAMS is a web-based tool developed to allow recipients to apply for federal funds, manage their programs in accordance with federal requirements, and provide FTA with a method to approve, control, and oversee the distribution of funds.</p>
Transit Lane	<p>Traffic lane reserved for transit-only use.</p>
Transit Tomorrow	<p>LTD's effort to find out how to better get people to where they are going and what LTD's services will look like in the future by combining technical analysis and broad-based community input.</p>
Transit Training & Hosts	<p>LTD program operated under contract to provide assistance with transfers and riding information at the Eugene Station and conduct one-on-one travel training for people with disabilities who desire to learn to use the bus. Promotes and supports the use of fixed-route service as an alternative to using <i>RideSource</i> paratransit.</p>
Transit way	<p>Transit-only lane with curbs; used interchangeably with guideway.</p>
Transportation Disadvantaged	<p>Persons who must rely on public transit or paratransit services for most of their transportation. Typically refers to individuals of age without access to or ability to legally operate a personal vehicle.</p>
Transportation for America	<p>A growing, national coalition committed to creating a new national transportation program that will take America into the 21st Century by building a modernized infrastructure and healthy communities where people can live, work and play.</p>

Transportation Options	A grant-funded program housed at Lane Transit District charged with the coordination and implementation of many of the region's transportation options.
Triennial Review	See Comprehensive Review.
TransPlan	The Eugene and Springfield Area Transportation Plan consists of long-range projects and policies addressing optimal ways that cars, buses, bicycles, and pedestrians can travel in the Eugene-Springfield region. TransPlan serves as the regional transportation plan (RTP) for the Eugene-Springfield metropolitan area.
TSP	<i>Transportation System Plan</i> – A requirement of Oregon law, which governs plans at the county level as well as cities within LTD's service area. The TSPs identify improvements for all modes of transportation including roadway, bicycle and pedestrian, transit, and rail networks.
TVM	<i>Ticket Vending Machine</i> – A fare machine on the platform of the EmX stations for riders to purchase bus passes.

U

Unemployment Rate	Economic indicator that calculates the percentage of unemployed workers as compared to total employment.
United Front	A coalition of local governments in the Eugene-Springfield area supporting a broad, collective federal agenda.
UPWP	<i>Unified Planning Work Program</i> – A federally required certification document developed for the Central Lane MPO that describes the transportation planning activities to be undertaken in and surrounding the Central Lane metropolitan area.
UZA	<i>Urbanized Area</i> – A U.S. Bureau of Census designed area of 50,000 or more inhabitants consisting of a central city or two adjacent cities plus surrounding densely settled territory, but excluding the rural portion of cities.

V

Vacation Bid	Process by which bus operators choose their vacation time in seniority order based on a limited number of vacation spot available each week.
Vanpool	Program to coordinate intercity commuter transit utilizing a 7- to 15-passenger van driven by one of the commuters.

VEBA *Voluntary Employee Beneficiary Association* – Employer-paid employee benefit to assist with co-pays, deductibles, and other health care related costs incurred by the employee.

VMT *Vehicle Miles Traveled* – Total number of miles traveled by all the vehicles on the road or road system for a given period of time. The more cars there are on the road at the same time in the same area, the higher the VMT and the worse congestion will be. Reducing WMT can help ease traffic congestion.

W

EmX West Formerly referred to as West Eugene EmX Extension (WEEE), EmX West is an extension of the EmX Green Line that connects downtown Eugene and the West 11th Avenue area.

Winter Bid The term “bid” refers to the selection of work by bus operators. Operators bid based upon their seniority in the union. LTD has three bids per year: fall, winter, and summer. Bids are timed with the service adjustments.

X

XB *Extra Board* – Operators who bid to work a schedule that changes daily based on specific work rules. Extra Board operators receive their work assignments for the next day at 4:45 p.m.
