Subject: Traffic Hazards

Del,

Attached is a picture at the top of Union & 14th. I'm sitting on the white line, which is a stop line, in a vehicle heading east on 14th looking north on Union.

As you see those shrubs block the view even after you've pulled out four or five feet.

I think those shrubs should be removed and they are a traffic hazard.

Sincerely,

John Wood

Del Cesar, City Manager  
The Dalles City Hall  
The Dalles, OR 97058

Dear Mr. Cesar,

I am requesting a loading zone at 201 Washington St.

At present, there is 59" of yellow curb. I believe most loading zones are approximately 25", which would be satisfactory if it is close to the Washington St. door. This should allow 14" from First St. for a yellow zone and one additional parking space to the South on Washington.

Most of our freight is handled by van, but there is an occasional freight truck delivery.

Thank you for your attention to this request at your earliest convenience.

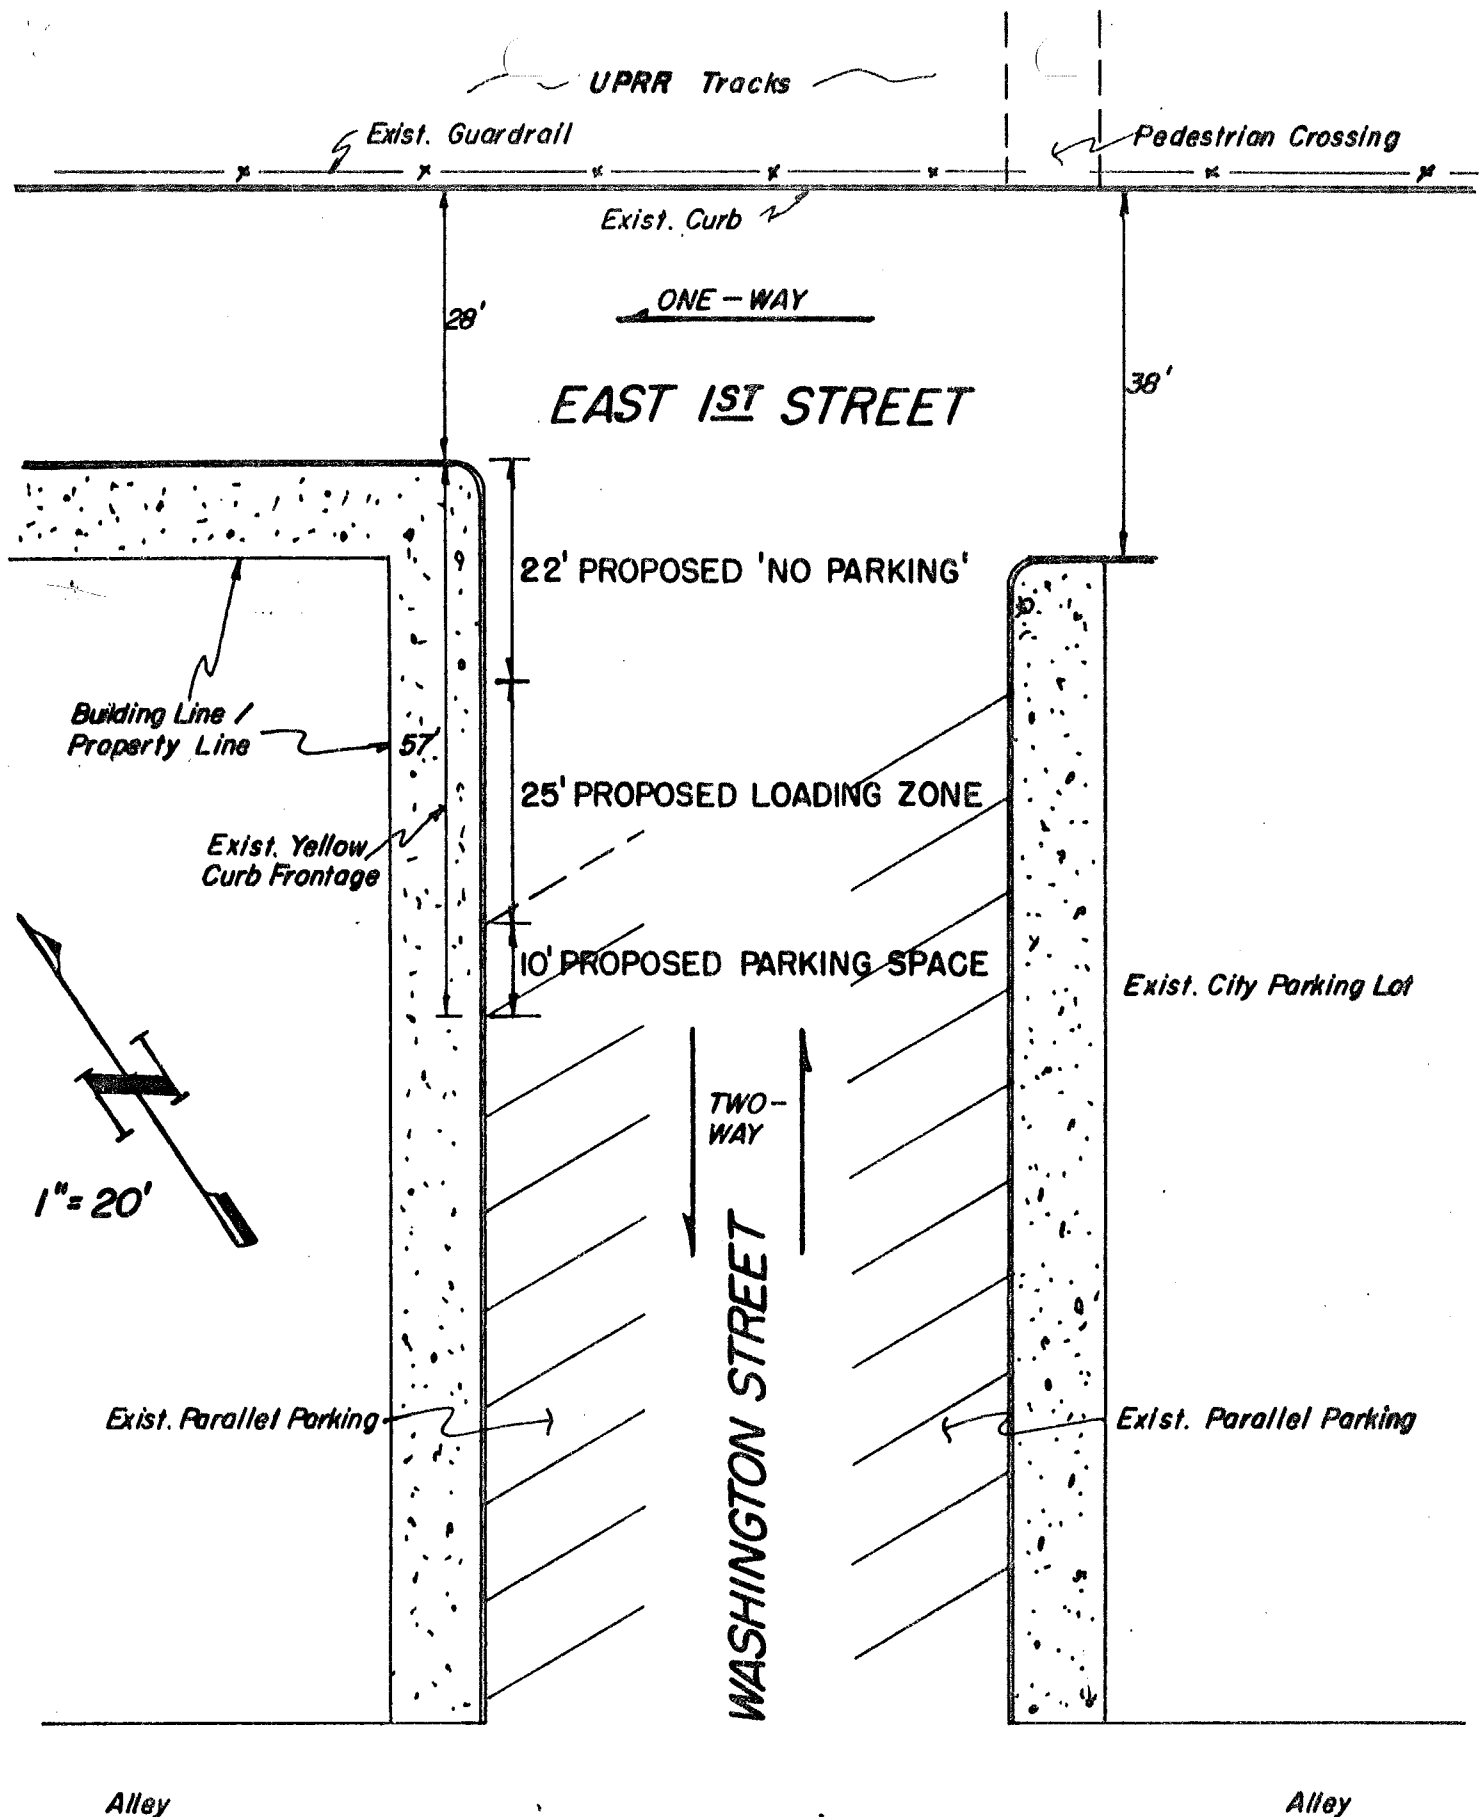

Sincerely,

Charles Hartmann,
