# Agency Budget Officer's Message for Fiscal Year 2019-2020

To the Urban Renewal Budget Committee:

Following is the proposed budget for the Columbia Gateway Urban Renewal Agency for the 2019-2020 Fiscal Year. The proposed budget is balanced, as required by state law.

#### **Background**

The purpose of the Columbia Gateway Urban Renewal Agency ("Agency") is to administer the statutory tax increment revenues for funding of the goals and objectives of the Columbia Gateway/Downtown Urban Renewal Plan ("Plan") through designated projects and programs within the Urban Renewal Plan Area. The Agency, composed of the Mayor and City Councilors, began operating under the Oregon Urban Renewal Laws and the adopted Columbia Gateway/Downtown Urban Renewal Plan on August 23, 1990 (Ordinance No. 90-113).

In 2016 the Agency Board was restructured to include representation from the taxing districts located within Plan Area, as well as public members. The Board now consists of three members of the City Council, and one representative each from the Northern Wasco County Parks and Recreation District, Port of The Dalles, Wasco County and Mid-Columbia Fire and Rescue District, and two public members representing Plan Area businesses (Ordinance No. 16-1346).

The Plan, as amended governs the 318.12 acre Urban Renewal Plan Area ("Area") of the City of The Dalles, Oregon. The Area was established in 1990, amended in 1993 to reduce its size, and amended further in 1998, also to reduce its size. A substantial amendment of the Plan was adopted in 2009 to increase the size of the Area and the maximum indebtedness allowed under the Plan.

The **MISSION** of the urban renewal agency is to eliminate blight and depreciating property values within the Agency's jurisdiction and in the process, attract aesthetically pleasing, job producing private investments that will stabilize or increase property values and protect the Area's historic places and values. To accomplish its **MISSION** the Agency has adopted fourteen goals and objectives which provide the overall guidance in developing and implementing an urban renewal program.

#### <u>Funds</u>

The Urban Renewal Agency has two separate funds; *the Urban Renewal Debt Service Fund* which accounts for tax increment revenue and repayment of debt obligations issued to fund Agency projects, and the *Urban Renewal Capital Projects Fund*, where administration and project implementation are accounted for.

The Agency contracts with the City to provide staff to administer programs and required materials and services. In addition, the Agency at times contracts with outside experts, including financial consultants, engineers, and an attorney specializing in urban renewal law. Total contract costs for these functions are budgeted to be \$241,700 in the **Capital Projects Fund**.

Total debt obligations outstanding for the Agency as of July 1, 2019 are approximately \$6,240,000. This is the remaining balance of a \$10,205,000 Bond that was issued in 2009 by the City and Agency. If paid in accordance with the debt payment schedule as issued, the outstanding debt will be paid in full on June 30, 2029. However the City Council and previous Agency Board set a goal to repay this Bond in full by June 30, 2025, four years ahead of the obligation. Pursuant to terms of the issuance additional payments could not be made for the first ten years of the debt. If the City Council and Agency Board were to formalize the prepayment goal, the Agency would be required to make prepayments totaling \$3,203,250 (principal and interest) between July 1, 2019 and June 30, 2025. As of this date the Agency Board has not taken a formal action to accelerate the Bond repayment schedule.

Debt service payments totaling \$1,602,876 for FY 2019-2020 are budgeted in the **Debt Services Fund**.

#### **Projects and Programs**

**Urban Renewal Consultants**: \$85,000 is budgeted for consultant-assisted studies and services. Legal services is budgeted at \$5,000 to provide assistance to the City Attorney on urban renewal matters. The implementation phase of the state grant funded Downtown Visioning Study is budgeted at \$25,000. Specific action items in the implementation plan will be further refined upon the conclusion of the study effort. An urban renewal financial consultant is budgeted at \$30,000 to review the current Plan's goals and objectives, projects list, financial assumptions and to propose Plan amendments as needed. The work will also include a long-term finance plan, an updated TIF forecast, site specific development assumptions (based on the Downtown Visioning Study) and a recalculation of the maximum indebtedness used to date and maximum indebtedness remaining within the Plan Area. \$25,000 is budgeted for a study to assess the feasibility of undergrounding overhead utilities in the downtown. Agency staff will partner with the City Public Works Department as well as Northern Wasco County PUD and other utility providers. It is anticipated additional funding will be needed if this study progresses to the design and construction phases.

**Engineering Services:** \$81,900 is budgeted to pay for engineering costs for previously identified projects; First Street/Riverfront Connection project and the Mill Creek Trail.

**Property Rehabilitation:** \$97,170 is budgeted for approved property rehabilitation projects; \$60,000 of this amount is accounted for in the Property Rehabilitation Grant and Loan Program. The remaining \$37,170 represents previously approved interest loan subside awards (Canton Wok, Honald Building, and Gayer Building).

**Property Rehabilitation Grant and Loan Programs:** \$60,000 is available to fund the loan and grant programs for eligible properties. The Agency administers the following programs: façade improvement grants, fire system suppression grants, civic improvements grants, historic design and restoration grants, and redevelopment of unused and underused property loans. To date, these programs have assisted thirty-eight businesses and properties.

**Opportunity Driven Projects:** \$2,719,498 is budgeted and will be available to fund high priority projects identified in the Plan.

**Fund 018 Projects:** \$200,000 is budgeted in Fund 018 to fund the local match requirement for the next phase of the First Street/Riverfront Connection Project. As authorized, the next project phase consist of right-of-way acquisition and preparation of final engineering plans and specifications. Fund 018 is used as a repository until such time as there are sufficient funds to undertake an identified capital project.

#### **Conclusion**

The Urban Renewal District is fully capable of funding the projects and expenses described above.

Respectfully Submitted,

Steven K. Harris, AICP Urban Renewal Manager/ Urban Renewal Budget Officer

#### **Columbia Gateway Urban Renewal Agency**

#### Fiscal Year 2019-2020

## **Financial Resources**

The Columbia Gateway Urban Renewal Agency financial resources consist of Beginning Working Capital, Revenues, and Other Financing Sources. The FY 2019-2020 beginning balance of the combined funds is \$2,839,946. Revenues consist of property taxes and interest income, and the combined total is \$1,710,138. Other resources include sale of surplus property (\$20,000), loan principal payments (\$140,222) and loan interest payments (\$22,939).

The property taxes are to be first received in the Debt Service Fund as required by the bond document. If there are revenues from property taxes remaining after debt service requirements have been met, then and only then are the remaining monies received in the Capital Projects Fund. We are anticipating this will happen in the budget for FY 2019-2020.

#### **Overview Summary**

Agency:	Urban Renewal Agency	
Fund:	Capital Projects Fund (200)	
Program:	Other (419)	

#### Mission

By and through the Cooperation Agreement with the City of The Dalles, the primary mission of the Urban Renewal Agency Capital Project Fund is the enhancement of public and private properties, increasing the likelihood of investments in the City, and increasing property values in the District. In many cases, the Urban Renewal monies will be used as matching monies, along with grants and private monies, enhancing property within the Urban Renewal District through the removal of blight. The administration of this program is also expensed in this fund, covering all aspects of money management and planning.

#### Description

The requirement of the Urban Renewal Agency is the creation of accounting funds being collected and the dispensing of monies covering the operation of the Agency. The Capital Projects fund covers all accounting of revenues and expenses in response to the above requirements. All administrative and capital outlay debt is paid from this fund.

#### 2019-20 Goals, Projects and Highlights

- Continue the financing of the adopted Plan of the Urban Renewal Agency through the debt instrument (Cooperation Agreement) with the City of The Dalles, the bonded debt service, and the collection of property taxes.
- Continued funding of administrative and engineering services provided to the Agency by the City of The Dalles.
- Proceed with next phases of the First Street/Riverfront Connection Project, proceed with next phases which include preparation of construction documents and a funding strategy to supplement earmarked federal funds.
- Continue working with Tokola Properties on the redevelopment of the Agency-owned Tony's Building property.

- If determination made, upon completion of economic/fiscal impact analysis for Hanlon Development project, enter into a Development and Disposition Agreement with developer for the redevelopment of the vacant downtown Griffith Motors property.
- Continue to provide funding assistance for engineering services for Phase 1 of Mill Creek Trail project.
- Implement next phase of downtown visioning strategy, including amendments to the Urban Renewal Plan as needed.
- Adopt strategy for the future disposition of the Agency-owned First Street properties.
- Complete feasibility study, including identification of potential funding sources, for the undergrounding of utilities in the downtown area.

#### 2018-19 Accomplishments/Comments

- Entered into Development and Disposition Agreement (DDA) with Tokola Properties for the development of a residential/commercial downtown mixed use development project.
- Prepared for and attended BOLI hearing on proposed Tokola Properties development project.
- Initiated a state grant funded downtown visioning study.
- Entered into an Exclusive Negotiating Agreement (ENA) with GBHD, LLC for the development of a downtown hotel. Developer did not meet terms of the agreement, which led to the termination of the agreement by the Agency.
- Entered into an Exclusive Negotiating Agreement with Hanlon Development for the development of a residential/commercial mixed-use development project on the downtown Griffith Motors property.
- Amended ODOT/City agreement and project description for First Street/Riverfront Connection Project, updated estimated construction cost estimates and project schedule.
- Amended Urban Renewal Plan project list to include Mill Creek Trail to allow for Agency assisted funding of engineering services.

#### Major Issues to be Resolved in the Next 5 Years

- Maximize opportunities for grants, partnerships, and matching grants for designed projects.
- Adopt downtown parking management plan, including possible construction of a parking structure.
- Adopt Agency financial plan, including analysis of new bond issuance to implement Urban Renewal Plan goals and objectives.
- Review and update as necessary the Urban Renewal Plan, including goals, objectives, strategies and identified public infrastructure improvements including the West Gateway, and Third Street and Third Place Streetscape projects.

Agency:	Urban Renewal Agency
Fund:	Debt Service Fund (210)
Program:	Debt Service (470)

#### **Mission:**

The mission of the Debt Service Fund is to maintain the one-year reserve payment and to continue to make principal and interest payments on the bonded debt.

#### Description

The requirement of the bond document calls for all property taxes of the Urban Renewal Agency to be received in this fund before any of these financial resources are directed elsewhere. The revenues, along with the working capital amount of this fund, must be present for payment of debt when it is required. All recommended budgets meet this requirement.

#### 2019-2020 Goals, Projects and Highlights

• A continuation of paying for debt created by bonded debt.

#### 2018-2019 Accomplishments/Comments

• Debt payments made.
