CHANGES TO AGENDA

No changes.

REGULAR AGENDA ITEMS

Item 4(a): Sewer Video Inspection Equipment Replacement – Change Order

At the March 1, 2021 meeting, City Council approved a contact with QUES to replace critical equipment in the sewer inspection van that is well beyond the end of its service life. The contract was approved for a total amount of \$120,224. During the replacement, QUES staff noted that a cable used to connect the camera transporter to the inspection van was pretty worn out. The cable is used as a tether for the video inspection equipment and also transmits the video data back to the inspection van. It is important that this piece of equipment is in good condition to support the new equipment. Unfortunately, the original contract assumed that this cable would be reused so the cost of a replacement was not included. The additional cost to replace the cable has been estimated at \$5,435.75. The detailed estimate is attached to this memo. The funds for this change order are available in the Public Works Improvement Fund.

It is recommended that City Council authorize staff to approve a change order for the new inspection camera cable in the amount of \$5,435.75.

City Council Action: Motion made by Councilor Rocka, seconded by Councilor Hilton, to authorize staff to approve a change order for the new inspection camera cable in the amount of \$5,435.75. Motion carried unanimously. Ayes: Councilors Brownson, Herman, Rocka, Hilton, and Mayor Jones; Nays: None.

ADJOURNMENT

There being no further business, the meeting was adjourned at 12:03 pm to convene the City Council Work Session.
