## **CITY OF THE DALLES**

### **HISTORIC LANDMARKS COMMISSION**

CITY HALL COUNCIL CHAMBERS  
313 COURT STREET

THE DALLES, OREGON 97058

*CONDUCTED IN A HANDICAP ACCESSIBLE MEETING ROOM*

**Wednesday, April 27, 2011 at 4 PM**

- I. Call to Order**
- II. Roll Call**
- III. Approval of Agenda**
- IV. Approval of Minutes: March 23, 2011**
- V. Public Comments – Items Not on the Agenda**
- VI. Public Hearings**

**A. Historic Landmarks Commission Application #125-11 – Wasco County; #127-11 – John Howe; #128-11 – The Mint LLC; #129-11 – City of The Dalles; #130-11 – Gary Honald/John Howe;** The City of The Dalles is applying to the Historic Landmarks Commission for approval to install Wi-Fi outdoor sector access points, either with or without a base station antenna, to assist in the transmission of a wireless internet network system throughout the downtown area of the City of The Dalles. Locations are: 511 Washington Street, further described as 1N 13E 3BC tax lot 6800; 115 E. 2<sup>nd</sup> Street, further described as 1N 13E 3BA tax lot 1900; 710 E. 2<sup>nd</sup> Street, further described as 1N 13E 3DB tax lot 300; 225 E. 1<sup>st</sup> Street, further described as 1N 13E 3BA tax lot 700; 400 E. 2<sup>nd</sup> Street, further described as 1N 13E 3BD tax lot 5300. All properties are zoned CBC – Central Business Commercial.

**B. Historic Landmarks Commission Application #126-11 of Dong Xi LLC,** to modify the existing dual entryway and storefront with a new entry and façade similar to the existing Canton Wok Family Restaurant. The property is located at 312 E. 2<sup>nd</sup> Street and is further described as 1N 13E 3BD tax lot 5200. The property is zoned CBC – Central Business Commercial.

**VII. Resolutions**

**A. Resolution #120-11 approving HLCs 125-11 – Wasco County; 127-11 – John Howe; 128-11 – The Mint LLC; 129-11 – City of The Dalles; 130-11 – Gary Honald/John Howe**

**B. Resolution #121-11 approving HLC 126-11 – Dong Xi LLC**

**VIII. Pioneer Cemetery Discussion**

**IX. Staff/Commissioner Comments**

**X. Next meeting date: Wednesday, May 25, 2011**

**XI. Adjournment**

# **HISTORIC LANDMARK COMMISSION MINUTES**

**April 27, 2011**

City Hall Council Chambers  
313 Court Streets  
The Dalles, OR 97058  
Conducted in a handicap accessible room.

## **CALL TO ORDER**

Vice-Chairman McNary called the meeting to order at 3:59 PM.

## **ROLL CALL**

The following Commissioners were present:

Robert McNary
Pat Smith
Dennis Davis

The following Commissioners were absent:

Eric Gleason
Dixie Parker

Staff present:

Dawn Marie Hert, Associate Planner
Carole Trautman, Administrative Secretary

## **APPROVAL OF AGENDA**

Vice-Chairman McNary called for approval of the agenda as submitted. Commissioner Smith stated the agenda could be changed to show Gary Honald as a property owner in HLC Application #130-11. Commissioner Smith moved to approve the agenda as modified. Commissioner Davis seconded the motion. The motion carried unanimously, Gleason and Parker were absent.

## **APPROVAL OF MINUTES**

Commissioner Davis moved to approve the March 23, 2011 minutes as submitted. Commissioner Smith seconded the motion. The motion carried unanimously, Gleason and Parker were absent.

## **PUBLIC COMMENTS**

None.

## **PUBLIC HEARINGS**

**Historic Landmarks Commission Applications #125-11 of Wasco County; #127-11 of John Howe; #128-11 of The Mint LLC; #129-11 of City of The Dalles; and #130-11 of Gary Honald and John Howe,** for approval to install Wi-Fi outdoor sector access points, either with or without a base station antenna, to assist in the transmission of a wireless internet network system throughout the downtown area of the City of The Dalles. The property locations are (respectively): 511 Washington Street, further described as 1N 13E 3BC tax lot 6800; 115 E. 2nd Street, further described as 1N 13E 3BA tax lot 1900; 710 E. 2nd Street, further described as 1N 13E 3DB tax lot 300; 225 E. 1st Street, further described as 1N 13E 3BA tax lot 700; 400 E. 2nd Street, further described as 1N 13E 3BD tax lot 5300. All properties are zoned CBC – Central Business Commercial.

Vice-Chairman McNary read the rules for conducting a public hearing. There were no ex-parte contacts, bias, or conflicts of interest by the Commissioners. There were no challenges from the audience. McNary opened the public hearing and called for the Staff Report.

Associate Planner Hert presented the Staff Report. Staff's recommendation is approval, with conditions, based on the findings of fact. Gorge Networks, under contract with Google, will design, install and maintain a wireless network over the entire downtown area of The Dalles. The project will be owned by the City and will provide free services to casual internet users for three years. The equipment will be placed on the roof of each structure via a tripod which will cause the access points/antenna to be visible from the street, allowing the signal to be transmitted to units on other building and light structures throughout the downtown area. The units will be painted to match each building's character, and the tripods will be placed on rubber matting for easy removal, if necessary, in the future. If they are removed in the future, the essential form and integrity of the structures will be unimpaired. Associate Planner Hert highlighted the list of proposed conditions of approval.

Vice-Chairman McNary asked Associate Planner Hert if there will be wires running from the antenna to any application inside the building. Hert stated her understanding is that the equipment will all be wireless. She explained that Commissioner McNary had contacted Community Development earlier inquiring about The Mint Building having some cellular towers on it. The application process was treated slightly different because it was not dealing with a wireless communication tower. There was another review before the Planning Commission for those types of towers, and no applications limited the number of towers that could be placed on the building.

**Proponent:**

David Keleher, 407 9<sup>th</sup> Street, Hood River, OR, explained there will be some cabling that will tap into existing power systems. Keleher stated that the power requirements are minimal. The units cost about \$1.00 a month, and there will be some installations requiring only one cable. On other buildings where a QLife fiber has previously been installed, Keleher reported, a second Wi-Fi cable will be required. The equipment setup consists of a rubber mat, a tripod, and the wireless electronic unit on top of the tripod. Keleher further stated that the tripod can be customized to have as low of a profile as possible to minimize visibility from the street. Basically, the top unit (sector unit) that sits on the tripod will be visible from the street.

Keleher also explained that very heavy sandbags will be used at the base of the tripod to stabilize the units during severe winds. Commissioner Smith asked if this procedure had been done previously because she was concerned about the wind. Mr. Keleher stated this system and setup has been used many times.

Commissioner Davis asked if this is the extent of the equipment that will be used. Mr. Keleher stated that there will be other equipment used in various places, but not on historic buildings. Associate Planner Hert told the Commission that there are some other historic buildings that may come in with Wi-Fi applications in the future. Vice-Chairman McNary clarified that the entire Wi-Fi system would not be usable if some of the equipment could not be placed on historic buildings.

**Proponent:**

Jim Schwinof, 2610 E. 15<sup>th</sup> Street, The Dalles, OR, stated that Wi-Fi systems are somewhat different from other systems. The City has taken a look at what historic buildings would best serve the Wi-Fi system and maximize its usage. As installation begins, setup may change in order to get the best service. He also commented that the historic buildings are precious to The City of The Dalles, and if there was a possibility that something else was required to be attached to the historic buildings, the City would re-submit applications with another proposal to the Historic Commission.

Vice-Chairman McNary stated that as long as the equipment is not visible to the exterior of the historic buildings, then it is not of concern to the Commission. Mr. Schwinof commented that the project developers are trying to limit the visibility.

**Opponents:**

None.

Associate Planner Hert advised the Commission that Chairman Gleason met with her to discuss the Wi-Fi applications. She advised the Commissioners that Gleason is in favor of the applications as long as the equipment is non-invasive to the buildings.

Vice Chairman McNary closed the public testimony portion of the hearing.

Commissioner Smith moved to approve HLC Applications #125-11, 127-11, 128-11, 129-11 and 130-11 with the conditions of approval. Commissioner Davis seconded the motion. The motion passed unanimously, Gleason and Parker were absent.

**Historic Landmarks Commission Application #126-11 of Canton Wok Family Restaurant**, for approval to modify the existing dual entryway and storefront with a new entry and façade similar to the existing Canton Wok Family Restaurant. The property is located at 312 E. 2<sup>nd</sup> Street and is further described as 1N 13E 3BD tax lot 5200. The property is zoned CBC – Central Business Commercial. It is classified as a non-contributing, non-compatible building.

Associate Planner Hert presented the Staff Report. Hert stated that the property owner, Yan Xi Ma (hereinafter referred to as “Kelly”), submitted two different renderings of possible entry and storefront modifications. The applicant’s ultimate goal is to make the storefront compatible to her adjacent storefront and to keep an historic look to the building even though the building is deemed non-contributing, non-compatible. Option #1 consists of a brick storefront that matches her existing storefront. Understanding that this option does not lend itself to historic accuracy, Hert explained, Kelly also submitted Option #2, a stucco design. Hert said Kelly’s intention is for the Commission to request either Option #1 or Option #2. Hert further explained that, in reviewing this application, Chair Gleason’s opinion was that Option #2, the stucco facade, would be more historically accurate. Hert reported Kelly is not prepared financially to proceed with the Façade Improvement Plan, and Urban Renewal does not have any financial assistance available at this time. The proposed intermediary “fix”, Hert commented, is a temporary “fix” with possible plans to continue on with an historic renovation at a later date.

Commissioner McNary asked if the doors will be aluminum-framed doors, and if so, would the building be in code violation? Hert responded that the door and window frames are aluminum. However, they would not be in violation because the building does not carry a Primary or Secondary historic status.

Commissioner Davis asked if the property was going to have its own separate entrance. Associate Planner Hert advised that the property was going to be predominantly used as an extended banquet/meeting room for large groups, and that the property's entrance will not be used on a regular basis.

**Proponent:**

Yan Xi Ma, "Kelly", 310 E. 2<sup>nd</sup> Street, The Dalles, OR (Associate Planner Hert spoke on Kelly's behalf). Hert explained that the Canton Wok Family Restaurant is expanding and redoing the front of the expansion building. Her proposals are more of a temporary "fix", and this is her way of expanding her business. Associate Planner Hert and Dan Durow have talked to Kelly about a Façade Improvement Plan. However, Hert stated, right now she is focusing on this one expansion. Hert explained that Kelly's building would be a great corner for Urban Renewal or the Main Street Project. Hert also said that Chair Gleason has old photos of the building that may be of interest to Kelly in the future.

Commissioner Smith asked the proponent if she wants the front of the new section to match her existing restaurant. Would she eventually want to stucco over the brick? Associate Planner Hert, speaking on behalf of Kelly, stated that the application presented before the Commission is for the new property only. However, Kelly's original thought was to have her storefronts look similar. Hert explained to the Commission that she talked to Kelly about the possibility of having the storefront done in stucco to be more historically accurate. Therefore, Hert reported, Kelly and Hert worked together to come up with a proposed temporary "fix." Commissioner Davis stated he felt she wanted the new storefront to match Canton Wok, and if the two storefronts do not match, it may not be the best solution for her business.

**Proponent:**

Chris Lei, 2109 Dry Hollow Road, The Dalles, OR, stated he is for the storefront renovation. He further stated that Kelly has done some extensive brick work on areas of her building that are not necessarily visible or appreciated by the public, and that her intention is to continue on with the brick from the original Canton Wok. Lei commented that Kelly realizes the brick allows the property owner to stucco over it, and she has masonry workers that can manage this. Also, Lei said, there are windows that need repair. Lei commended her for investing capital, during the economically difficult times, to improve her business and appearance of downtown The Dalles and the existence of the remaining block. Lei advised the Commission that Kelly is open to recommendations from the Historic Landmarks Commission. He requested that the Commission allow the applicant the option to choose the storefront appearance.

**Opponent:**

None

Vice Chairman McNary closed the public testimony portion of the hearing.

## **DELIBERATION**

Commissioner Smith commented that she believed the applicant should decide on the storefront modification style. Commissioner Davis concurred with Smith's comment. The applicant, Davis said, can stucco over brick later. If Canton Wok wants continuity, brick would be fine, in Davis' opinion.

Vice Chair McNary called upon Associate Planner Hert for her suggestion. Hert suggested the Commission approve the staff's recommendation in the written report "as is", because leaving the report "as is" will allow the applicant to choose between Option #1 or Option #2.

Commissioner Davis moved to approve HLC Application #126-11 with the proposed conditions of approval. Commissioner Smith seconded the motion. The motion passed unanimously, Gleason and Parker were absent.

## **RESOLUTIONS**

Commissioner Smith moved to adopt Resolution 120-11 approving HLC Applications 125-11, 127-11, 128-11, 129-11, and 130-11. Commissioner Davis seconded the motion. The motion passed unanimously, Gleason and Parker were absent.

Commissioner Davis moved to adopt Resolution 121-11 approving HLC Application 126-11. Commissioner Smith seconded the motion. The motion passed unanimously, Gleason and Parker were absent.

## **PIONEER CEMETERY**

Vice Chairman McNary asked Associate Planner Hert if Sally Donovan had done any work on resetting the headstones. Hert will be meeting with Donovan on May 13, 2011 and will ask her. Hert also reported that the water issue was resolved, it turned out to be natural ground water—not broken pipes or water valves.

Vice Chairman McNary reported that Jack Bissett may have a group of adults that may be able to help out on a Saturday, the actual date was unclear. McNary asked Associate Planner Hert what should be done about the waste on clean up day. Hert advised she will talk with Terry Harkrader to get the waste removal authorized.

McNary reported that he has a concern regarding old fencing that needs to be torn out; it will be a problem. McNary also reported that Chair Gleason is removing concrete around the old headstones.

Vice Chairman McNary asked Associate Planner Hert if she checked to see if there were available funds for the spring cleanup project. Hert reported there are no remaining funds, because funds were used for fencing. She is in the midst of trying to facilitate a reimbursement from the Pioneer Cemetery grant that could eventually be used for the cleanup project. McNary advised that the Commission is obligated to do some kind of a cutting before the fire season starts. Hert reassured McNary that something will be done, she will find some volunteers if need be. McNary indicated he could ask Jack Bissett if the Commission could use Bissett's crew of volunteers for the cleanup rather than the fencing job. Hert also commented that there is a mower available at City Hall, she will check on that. Davis reassured there will be volunteers to help out as in the past. After further discussion, the Commission agreed upon the possible date of May 21 for the cleanup day. Associate Planner Hert stated she would

publish public notices in the paper and send reminders to the Commissioners to calendar. Commissioners will check their calendars, and Hert will email them reminders.

#### **COMMISSIONER/STAFF COMMENTS**

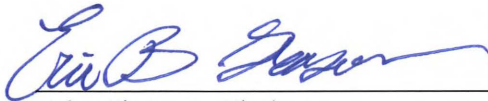

- Associate Planner Hert has a meeting scheduled for May 13, 2011, regarding the Rock Fort location.
- She has not prepared her memo to the City Council regarding the HLC's decision to re-confirm its 2011 Goals.
- Hert reported that Barb Pasheck came to the office and gave her some documentation on the history of the Rock Fort Monument.

#### **ADJOURNMENT**

The meeting was adjourned at 5:10 PM.

The next meeting is scheduled for May 25, 2011 at 4:00 PM.

Respectfully submitted by Carole Trautman, Administrative Secretary.

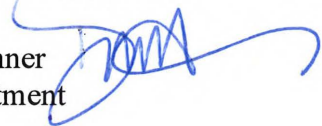

A handwritten signature in blue ink, appearing to read "Eric Gleason", is written over a horizontal line.

Eric Gleason, Chair  
Historic Landmarks Commission

**City of The Dalles**

**TO:** The Dalles Historic Landmarks Commission

**FROM:** Dawn Marie Hert, Associate Planner  
Community Development Department

**HEARING DATE:** April 27, 2011

**ISSUE:** Installation of Wi-Fi outdoor sector access points, either with or without a base station antenna, to assist in the transmission of a wireless internet network system throughout the downtown area of The Dalles.

**SYNOPSIS:**

APPLICANT	City of The Dalles
PROPERTY OWNER	Wasco County; John Howe; The Mint LLC; City of The Dalles; Gary Honald/John Howe.
LOCATIONS	511 Washington Street; 115 E. 2nd Street; 710 E. 2nd Street; 225 E. 1st Street; 400 E. 2nd Street
ZONING	CBC - Central Business Commercial
EXISTING USES	County Government Offices; Commercial uses; Wine Tasting & Light Manufacturing; Vacant; Restaurant & Commercial Activities
SURROUNDING USE	Commercial – Retail, Offices & Restaurants
HISTORIC STATUS	Secondary, Commercial Historic District; Compatible, Non-Contributing, Commercial Historic District; Primary, Local Inventory; Primary, Commercial Historic District; Secondary, Commercial Historic District.

**NOTIFICATION:** Published advertisement in local newspaper; notification to property owners within 100 feet, SHPO.

**RECOMMENDATION:** Approval, with conditions, based on the following findings of fact.

**BACKGROUND:** The historic names of these sites are:

Wasco County Courthouse, built in 1912-1914;  
Pacific Power and Light Company, built in 1954;  
The US Mint, built in 1864-1868;  
Waldron Bros. Drug Store, built in 1867; &  
Williams Hardware Store, built in 1910.

The City of The Dalles, working with a grant from Google, awarded Gorge Networks with the contract to design, install and maintain a wireless network over the entire downtown area of The Dalles. Local citizens and visitors will be wired straight into the Internet, for free, in the downtown area, via a network link to the fiber optic loop in The Dalles.

The project which will be owned by the City and will provide free services to casual users of the Internet for three years. The network will cover the area from Mill Creek to Brewery Grade, including Thompson Park and the Marine Terminal. It will be an added attraction, allowing public web access to visitors and residents of The Dalles while frequenting the downtown area.

The wireless equipment will be placed on the roof of each structure via a tripod which will cause the access points/antenna to be visible from the street, allowing the signal to be transmitted to units on other building and light structures throughout the downtown area. The units will be painted to match each building's character and the tripods' assembly will be placed on a rubber mat, not fastened, but weighted down and stabilized by masonry block, all within the confine of the rubber matting. If, in the future, the unit is removed, the historic character and integrity will be returned to its original state.

**ANALYSIS:** The Historic Landmarks Commission is responsible for conducting hearings dealing with proposed alterations to designated historic landmarks. The City of The Dalles General Ordinance 94-1194 will serve as a tool to help the Commission make these decisions. The purpose of the Historic Landmarks Commission, the Historic Ordinance, and the review criteria are to:

- *Protect historic and cultural resources from destruction, inappropriate alteration, and incompatible adjacent development;*
- *Stabilize and improve property values in historic districts and citywide;*
- *Enhance the city's attractiveness to visitors and residents, and stimulate business, industry and tourism;*
- *Educate The Dalles' citizens and visitors concerning the city's heritage;*
- *Preserve the historic housing stock of The Dalles;*
- *Comply with The Dalles Comprehensive Plan regarding historic resources under Statewide Planning Goal 5.*

## **CITY OF THE DALLES GENERAL ORDINANCE 94-1194—AN ORDINANCE RELATING TO HISTORIC RESOURCES WITHIN THE CITY OF THE DALLES**

Section 7, Subsection A. Review Criteria:

“Secretary’s Standards. Commission decisions shall be based on the Secretary of the Interior’s Guidelines for the Treatment of Historic Properties.” The following are pertinent standards from the “Guide”.

***1. A property shall be used as it was historically or be given a new use that requires minimal change to its distinctive materials, features, spaces, and spatial relationships.***

FINDING A-1: The uses for these sites will remain the same, no change in use is anticipated or being requested. The applicant is proposing to place an antenna on the roof of the building to be used for internet connections. Criterion met.

***2. The historic character of a property shall be retained and preserved. The removal of historic materials or alterations to features and spaces that characterize a property shall be avoided.***

FINDING-A2: There will be nothing removed with these application requests. The wireless antennas will be placed so that removal of the structure at a later date will not alter the historic structures. Criterion met.

***3. Each property shall be recognized as a physical record of its time, place, and use. Changes that create a false sense of historical development, such as adding conjectural features or architectural elements from other buildings, shall not be undertaken.***

FINDING-A3: These properties are recognized as a physical record of their time. The only changes proposed will be the placement of antennas and base stations. The antenna’s heights vary depending on the height of the roof and/or parapet of the historic buildings. The antennas will be minimally visible from below and will not create a false sense of historical development. Criterion met.

***4. Changes to a property that have acquired historic significance in their own right shall be retained and preserved.***

FINDING-A4: No such changes are proposed with this application. Criterion met.

***5. Distinctive features, finishes, and construction techniques or examples of craftsmanship that characterize a property shall be preserved.***

FINDING-A5: This proposal does not seek to alter any of the above. Criterion does not apply.

***6. Deteriorating historical features shall be repaired rather than replaced. Where the severity of deterioration requires replacement of a distinctive feature, the new feature shall match the old in design, color, texture, and other visual qualities and, where possible, materials. Replacement of missing features shall be substantiated by documentary and physical evidence.***

FINDING-A6: The applicant is not repairing or replacing any missing historical features. Therefore, this criterion does not apply.

***7. Chemical or physical treatments, such as sandblasting that cause damage to historic materials shall not be used. The surface cleaning of structures, if appropriate, shall be undertaken using the gentlest means possible.***

FINDING-A7: The applicant proposes no chemical or physical treatments and no structures will be affected by this application. Therefore, this criterion does not apply.

***8. Significant archaeological resources affected by a project shall be protected and preserved. If such resources must be disturbed, mitigation measures shall be undertaken.***

FINDING A8: No archaeological resources are expected to be affected by this proposal as there will be no ground excavation. Criterion does not apply.

***9. New additions, exterior alterations, or related new construction shall not destroy historic materials that characterize the property. The new work shall be differentiated from the old and shall be compatible with the massing, size, scale, and architectural features to protect the historic integrity of the property and its environment.***

FINDING-A9: The addition of the antennas will not destroy historic materials that characterize the properties. Criterion met.

***10. New additions and adjacent or related new construction shall be undertaken in such a manner that, if removed in the future, the essential form and integrity of the historic property and its environment would be unimpaired.***

FINDING-A10: The antennas will be placed in a manner that will make them easy to remove. If removed in the future, the essential form and integrity of the structure will be unimpaired. Criterion met.

**CONCLUSIONS:** Placement of the antenna to the roof of City Hall is consistent with both General Ordinance # 94-1194 and The Dalles Comprehensive Plan. In all respects this application meets the standards of the Secretary of the Interior and the City of The Dalles General Ordinance No. 94-1194, as well as The Dalles Comprehensive Plan, with the following conditions:

**Proposed Conditions of Approval:**

1. Work will be completed in substantial conformance to the proposals as submitted and reviewed.
2. The addition of the antennas shall be undertaken in such a manner that, if removed in the future, the essential form and integrity of the historic structure and its environment would be unimpaired.

**CITY of THE DALLES**313 COURT STREET  
THE DALLES, OREGON 97058

(541) 296-5481

HLC# 125-11**HISTORICAL LANDMARKS APPLICATION**

Application is required for modifications and/or alterations to the exterior of certified historic structures and all structures within certified historic districts. Additionally, new construction within established historic districts are also required to appear before the City of The Dalles Historical Landmarks Commission.

Name:	The City of The Dalles	Wasco County (Wasco County Courthouse)
Address	313 Court Street	511 Washington The Dalles, OR
Site Address		511 Washington
Telephone	(541) 296-5481	

Please describe your project goals.

Installation of 2- Wi-Fi Outdoor Sector Access Point (AP) with base station antenna to assist in the transmission of a wireless internet network system throughout the downtown area of the City of The Dalles.

How will your project affect the appearance of the building and or site?

The equipment will be placed on the roof of the structure via a tripod which will cause the access points/antenna to be visible from the street, allowing the signal to be transmitted to units on other buildings and light structures throughout the downtown area.

What efforts are being made to maintain the historic character of this structure?

The units will be painted to match each buildings character and the tripod assembly will be placed on a rubber mat, not fastened, but weighted down and stabilized by masonry block, all within the confine of the rubber matting. If, in the future, the unit is removed, the historic character of the building will be returned to its original state.

What is the current use of this property?

Various commercial

Will the use change as a result of approval of this application? NO

### HISTORICAL LANDMARKS APPLICATION

Application is required for modifications and/or alterations to the exterior of certified historic structures and all structures within certified historic districts. Additionally, new construction within established historic districts are also required to appear before the City of The Dalles Historical Landmarks Commission.

Name:	The City of The Dalles	The City of The Dalles (Wadron Drug Bldg.)
Address	313 Court Street	313 Court The Dalles, OR
Site Address		225 East 1st
Telephone	(541) 296-5481	

Please describe your project goals.

Installation of 1- Wi-Fi Outdoor Access Point (AP) to assist in the transmission of a wireless internet network system throughout the downtown area of the City of The Dalles.

How will your project affect the appearance of the building and or site?

The equipment will be placed on the roof of the structure via a tripod which will cause the access points/antenna to be visible from the street, allowing the signal to be transmitted to units on other buildings and light structures throughout the downtown area.

What efforts are being made to maintain the historic character of this structure?

The units will be painted to match each buildings character and the tripod assembly will be placed on a rubber mat, not fastened, but weighted down and stabilized by masonry block, all within the confine of the rubber matting. If, in the future, the unit is removed, the historic character of the building will be returned to its original state.

What is the current use of this property?

Various commercial

Will the use change as a result of approval of this application? NO

List any known archeological resources on site.

No. Units will be installed on the roof structure, with no type of excavations required.

The review criteria for each application are the Secretary of the Interior's Standards. These standards have been adopted by City Ordinance 94-1194 as local review criteria.

**I certify that the above information is correct and submit this application with nine (9) copies of a site plan drawn to scale, nine (9) copies of detailed, elevation drawings with proposed changes, and nine (9) current color photographs (4X6 inch minimum) of the building/structure front.**

**STAFF REPORT  
HISTORIC LANDMARKS REVIEW #126-11  
Canton Wok – Vogt Block**

**TO:** The Dalles Historic Landmarks Commission

**FROM:** Dawn Marie Hert, Associate Planner  
Community Development Department

**HEARING DATE:** April 27, 2011

**ISSUE:** To convert the existing non-contributing, non-compatible storefront with a new façade that will be similar to the existing Canton Wok Family Restaurant, which is adjacent to the subject property.

**SYNOPSIS:**

APPLICANT	“Kelly” of Canton Wok Family Restaurant
PROPERTY OWNER	Dong Xi LLC
LOCATION	312 East Second Street
ZONING	CBC – Central Business Commercial
EXISTING USE	Retail/Restaurant
SURROUNDING USE	Commercial
HISTORIC STATUS	Non-contributing, Non-compatible – The Dalles National Commercial Historic District #54

**NOTIFICATION:** Published advertisement in local newspaper; notification to property owners within 100 feet, SHPO.

**RECOMMENDATION:** Approval, with conditions, based on the following findings of fact.

**BACKGROUND:** The historic name of this structure is The Vogt Block, commonly known as the House of Chin. The original three-story Vogt Block structure was destroyed in the Fire of 1891 and in 1900 was rebuilt as a two story building. In 1909, the building housed several businesses including clothing, jewelry, piano, drug, crockery, dry goods, and grocery store, as well as a theatre. In 1962 a fire destroyed the upper floor and the building was completely remodeled/rebuilt, replacing much of the early 20<sup>th</sup> century structure. The building is located in the Commercial Historic District and is classified Non-contributing, Non-compatible.

**ANALYSIS:** The Historic Landmarks Commission is responsible for conducting hearings dealing with proposed alterations to designated historic landmarks. City of The Dalles

General Ordinance 94-1194 will serve as a tool to help the Commission make these decisions. The purpose of the Historic Landmarks Commission, the Historic Ordinance and the review criteria are to:

- *Protect historic and cultural resources from destruction, inappropriate alteration, and incompatible adjacent development;*
- *Stabilize and improve property values in historic districts and citywide;*
- *Enhance the city's attractiveness to visitors and residents, and stimulate business, industry and tourism;*
- *Educate The Dalles' citizens and visitors concerning the city's heritage;*
- *Preserve the historic housing stock of The Dalles;*
- *Comply with The Dalles comprehensive Plan regarding historic resources under Statewide Planning Goal 5.*

## **CITY OF THE DALLES GENERAL ORDINANCE 94-1194—AN ORDINANCE RELATING TO HISTORIC RESOURCES WITHIN THE CITY OF THE DALLES**

### **Section 7, Subsection A. Review Criteria:**

“Secretary’s Standards. Commission decisions shall be based on the Secretary of the Interior’s Guidelines for the Treatment of Historic Properties.” The following are pertinent standards from the “Guide”.

***1. A property shall be used as it was historically or be given a new use that requires minimal change to its distinctive materials, features, spaces, and spatial relationships.***

FINDING A-1: The use for this site will remain similar being used as a food service type. The previous uses for the site varied. Canton Wok is expanding their current business into the commercial space to have larger areas for meetings and banquets. Criterion met.

***2. The historic character of a property shall be retained and preserved. The removal of historic materials or alterations to features and spaces that characterize a property shall be avoided.***

FINDING-A2: Due to the major modifications and lack of historic photos for rehabilitation; the applicant is requesting to alter the front to be similar and appropriate for the historic district. According to the inventory sheets, there are no materials known that characterize the property. Criterion met.

***3. Each property shall be recognized as a physical record of its time, place, and use. Changes that create a false sense of historical development, such as adding conjectural features or architectural elements from other buildings, shall not be undertaken.***

FINDING-A3: This property is recognized as a physical record of its time. The applicant will be required to follow the historic guidelines to ensure that the restoration will be an appropriate fit for the historic district. The rehabilitation will be required to be similar in mass, scale and materials as approved by the Secretary of Interior’s Standards for Rehabilitation. This will be addressed as a condition.

**4. Changes to a property that have acquired historic significance in their own right shall be retained and preserved.**

FINDING-A4: No such changes are proposed with this application. Criterion met.

**5. Distinctive features, finishes, and construction techniques or examples of craftsmanship that characterize a property shall be preserved.**

FINDING-A5: This proposal does not seek to alter any of the above, as there is a minimal chance that any exist. Criterion does not apply.

**6. Deteriorating historical features shall be repaired rather than replaced. Where the severity of deterioration requires replacement of a distinctive feature, the new feature shall match the old in design, color, texture, and other visual qualities and, where possible, materials. Replacement of missing features shall be substantiated by documentary and physical evidence.**

FINDING-A6: The applicant is not repairing or replacing any missing historical features. The rehabilitation will bring back a store front that compliments the historic district. Therefore, this criterion does not apply.

**7. Chemical or physical treatments, such as sandblasting that cause damage to historic materials shall not be used. The surface cleaning of structures, if appropriate, shall be undertaken using the gentlest means possible.**

FINDING-A7: The applicant proposes no chemical or physical treatments. The existing non-historic rock and tile is planned to be removed and replaced with a new store front. Therefore, this criterion does not apply.

**8. Significant archaeological resources affected by a project shall be protected and preserved. If such resources must be disturbed, mitigation measures shall be undertaken.**

FINDING A8: No archaeological resources are expected to be affected by this proposal. The applicant is responsible to notify the appropriate authorities if any archaeological resources are found with the rehabilitation of the building. This will be addressed as a condition of approval.

**9. New additions, exterior alterations, or related new construction shall not destroy historic materials that characterize the property. The new work shall be differentiated from the old and shall be compatible with the massing, size, scale, and architectural features to protect the historic integrity of the property and its environment.**

FINDING-A9: The exterior alterations to the non-compatible, non-contributing structure will be in compliance with the historic design guidelines for the Commercial Historic District. The commercial front will be brought back to compliment the mix of the surrounding buildings. The primary entrance will be slightly recessed and be similar to the existing Canton Wok storefront. The storefront will be constructed of wood, brick or stucco and large plate glass windows. The guidelines recommend development and adoption of a Façade Improvement Plan. This item will be addressed as a condition of approval.

***10. New additions and adjacent or related new construction shall be undertaken in such a manner that, if removed in the future, the essential form and integrity of the historic property and its environment would be unimpaired.***

FINDING-A10: At this time it is unknown if any historical features exist on the structure. Therefore, this criterion does not apply.

**B. General Ordinance No. 96-1207 ~ Design Guidelines for The Dalles Commercial Historic District**

**MATERIALS**

*The sense of cohesiveness and continuity of The Dalles' commercial area derives in part from the consistent use of building materials in building facades. New construction and rehabilitation should use appropriate materials that provide scale making a more pedestrian friendly environment.*

**GUIDELINES:**

- a. For building renovations, original materials should be restored wherever possible.*
- b. When materials need to be replaced for restoration they should be compatible in quality, color, texture, finish and dimension to the original materials (see page 2, Secretary of the Interior's Standards for Rehabilitation).*
- c. New construction should use materials compatible with the historic buildings in quality, color, texture, finish and dimension. Predominant materials of the commercial historic district are:
  - brick*
  - stone*
  - cast iron*
  - glazed terra cotta*
  - cement plaster (stucco)**
- d. The use of wood for windows is recommended.*
- e. The use of reflective and smoked glass is prohibited.*
- f. Whenever possible, the natural color of the materials should be retained.*
- g. An ordinance prohibiting the painting of brick, unless it is damaged or has already been sandblasted, should be adopted.*
- h. Sandblasting of brick is prohibited as it severely damages the brick.*
- i. When painting a building the following color scheme is recommended:
  - darkest-window sash*
  - medium-building*
  - lightest-trim, detail**

**FINDING B-1:** The color choice of the building is planned to match the existing Canton Wok. Shades of Tan with a red brick accent. The materials that the applicant is proposing range from brick to match the adjacent building or a stucco applied in complimentary colors. The use of wood windows will be recommended and smoked and reflective glass is prohibited. Criterion can be met as conditions of approval.

**CONCLUSIONS:** Rehabilitation of the façade of the building is consistent with both General Ordinance # 94-1194 and The Dalles Comprehensive Plan. In all respects this

application meets the standards of the Secretary of the Interior and the City of The Dalles General Ordinance No.94-1194, as well as The Dalles Comprehensive Plan, with the following conditions:

**Proposed Conditions of Approval:**

1. Work will be completed in substantial conformance to the proposals as submitted and reviewed.
2. The applicant is responsible to notify the appropriate authorities if any archaeological resources are found with the rehabilitation of the building façade.
3. The rehabilitation will be required to be similar in mass, scale and materials as approved by the Secretary of Interior's Standards for Rehabilitation.
4. Transom windows are recommended, not required.
5. Reflective and smoke glass is prohibited.
6. The use of wood windows is recommended, not required.
7. Development and adoption of a Façade Improvement Plan is recommended.

### HISTORICAL LANDMARKS APPLICATION

Application is required for modifications and/or alterations to the exterior of certified historic structures and all structures within certified historic districts. Additionally, new construction within established historic districts are also required to appear before the City of The Dalles Historic Landmarks Commission.

Name:	<u>Kelly (Canton Wok)</u>
Address	<u>312 E 2nd st The Dalles OR 97058</u>
Site Address	
Map and Tax Lot	
Telephone	<u>541-296-6500</u>
Zoning	

Please describe your project goals.

To replace existing dual entry entry and store-front with  
new entry and facade similar to existing Canton Wok Family  
Restaurant.

How will your project affect the appearance of the building and or site?

By installing a new facade the appearance of the building will  
improve and there will be one less vacant store-front in the down-  
town area.

What efforts are being made to maintain the historic character of this structure?

Efforts will be made to bring back a more historic looking  
facade by using materials such as stucco or brick.

What is the current use of this property?

Vacant

Will the use change as a result of approval of this application? Yes/No

List any known archeological resources on site.

NONE

The review criteria for each application are the Secretary of the Interior's Standards. These standards have been adopted by City Ordinance 94-1194 as local review criteria.

**I certify that the above information is correct and submit this application with nine (9) copies of a site plan drawn to scale, nine (9) copies of detailed, elevation drawings with proposed changes, and nine (9) current color photographs (4X6 inch minimum) of the building/structure front.**

## ***HISTORIC LANDMARKS RESOLUTION NO. 120-11***

**Adopting The Dalles Historic Landmarks Commission Application #125-11 – Wasco County; #127-11 – John Howe; #128-11 – The Mint LLC; #129-11 – City of the Dalles; #130-11 – John Howe.** These applications are for a Historic Landmarks Commission hearing to gain approval of the installation of Wi-Fi outdoor sector access points, either with or without a base station antenna, to assist in the transmission of a wireless internet network system throughout the downtown area of The Dalles. The historic names of these structures respectively are: Wasco County Courthouse, Pacific Power and Light Company, the US Mint, Waldron Bros. Drug Store, and Williams Hardware Store. The properties are classified respectively as: Secondary, Commercial Historic District; Compatible, Non-Contributing, commercial Historic District; Primary, Local Inventory; Primary, commercial Historic District and Secondary, commercial Historic District.

### **I. RECITALS:**

- A. The Historic Landmarks Commission of the City of The Dalles has, on April 27, 2011, conducted a public hearing to consider the above request.
- B. A Staff report was presented, stating findings of fact and conclusions of law.
- C. Staff Report numbers 125-11; 127-11; 128-11; 129-11 and 130-11 and the minutes of April 27, 2011, upon approval, provide the basis for this resolution and are herein attached by reference.

### **II. RESOLUTION: Now, Therefore, be it FOUND, DETERMINED, and ORDERED by the Historic Landmarks Commission of the City of The Dalles as follows:**

- A. In all respects as set forth in Recitals, Part "I" of this resolution.
- B. Historic Landmarks Review Nos. HLC 125-11; 127-11; 129-11 and 130-11 of Wasco County, John Howe (2), The Mint LLC, and the City of The Dalles are approved with the following Conditions of Approval:
  - 1. Work will be completed in substantial conformance to the proposals as submitted and reviewed.

2. The addition of the antennas shall be undertaken in such a manner that, if removed in the future, the essential form and integrity of the historic structure and its environment would be unimpaired.

### III. APPEALS, COMPLIANCE AND PENALTIES:

- A. Any party of record may appeal a decision of the Historic Landmarks Commission to the City Council for review. Appeals must be made in accordance to Section 9(a) of the Historic Landmarks Ordinance No. 1194, and must be filed with the City Clerk within ten (10) days of the date of mailing of this Order.
- B. Failure to exercise this approval within the time line set either by Order or by Ordinance will invalidate this permit.

APPROVED AND ADOPTED THIS 27<sup>th</sup> DAY OF APRIL, 2011.

---

Eric Gleason, Chairman  
Historic Landmarks Commission

I, Dan Durow, Director of the Community Development Department of the City of the Dalles, hereby certify that the foregoing Order was adopted at the meeting of the City Historic Landmarks Commission, held on April 27, 2011.
