FINDING #15: The Applicant is applying to rent three guest rooms on a short term basis. Although the Applicant intends on promoting a "bike-centric" accommodation with fewer cars than a typical guest house, the subject property will still provide adequate parking for both on and off-street spaces. Not including curb cuts, there is 50 feet of street frontage providing at least two (2) on-street parking spaces, and the driveway can provide at least two off-street parking spaces. **Criterion met.**

The subject property is on a block of Liberty Street that currently boasts two (2) inns, two (2) apartment buildings, and one (1) bakery. Operating as a

bicycle oriented accommodation, providing adequate parking spaces, and located close to many downtown amenities, staff determined that traffic impacts will be minimal within the neighborhood. **Criterion met.**

3. *The maximum number of occupants per facility shall be determined by the Director and the Fire Marshall. The maximum number of occupants shall be posted inside, near the front door, in a conspicuous place. Maximum occupancy is based on 2 persons per bedroom or a Fire Marshall approved number of persons per square feet.*
