**STAFF REPORT  
HISTORIC LANDMARKS REVIEW  
#194-21**

**TO:** The Dalles Historic Landmarks Commission

**FROM:** Dawn Marie Hert, Senior Planner

**HEARING DATE:** Wednesday, January 26, 2022

**ISSUE:** The Dalles Main Street along with the Walldogs are requesting approval to paint a mural on the south-facing alley wall.

**SYNOPSIS:**

APPLICANTS	The Dalles Main Street/Walldogs
PROPERTY OWNER	Dong Xi, LLC
LOCATION	320 E. Second Street, The Dalles, OR 97058
ZONING	“CBC-1” – Central Business Commercial, Commercial Historic District
EXISTING USE	Mixed Use Commercial, Retail and Restaurant
SURROUNDING USE	Commercial
HISTORIC STATUS	Classified as Non-Compatible, Non-Contributing in The Dalles Commercial Historic District

**NOTIFICATION:** Published advertisement in local newspaper; notification to property owners within 100 feet, State Historic Preservation Office (SHPO).

**RECOMMENDATION:** Approval, with conditions, based on the following findings of fact.

**BACKGROUND:** The historic name of this structure is the Vogt Block. The structure was built circa 1900 and extensively remodeled in 1962. The current one-story building replaces a majority of a late 19th century structure. There are a variety of finishes on the exterior walls. Finish materials include wood, stucco, and brick. The building has a stylized mansard roof form made of glazed tile above a concrete barrel vault canopy over the store entrances. The storefront window frames and building are made of aluminum. The original structure is evident on the rear elevation. The brick surface is punctuated with tall doors covered with iron shutters. The

windows are one over one double-hung wood sash; some of the windows have been boarded over. A smaller rear entrance has Colonial Style doors flanked by fluted pilasters with dentilated capitals. The structure is classified as Non-Compatible, Non-Contributing in The Dalles Commercial Historic District.

The applicants are requesting approval to place a 19' wide by 24' tall mural, painted by Walldogs, on the south facing wall. The rear façade is painted brick. At this time the design has not been determined for the location, but will be similar to the two other Walldogs "teaser murals" completed in our community and will include local historic events and people. This mural will be part of the upcoming Walldogs event set for August 2022.

**ANALYSIS:** The Historic Landmarks Commission is responsible for conducting hearings dealing with proposed alterations to historic buildings. The Dalles Municipal Code, Title 11 Planning, Chapter 11.12 – Historic Resources provides process as well as established design guidelines to assist the Commission in making these decisions. The purpose of the Historic Landmarks Commission, the Historic Code and the review criteria are to:

- *Protect historic and cultural resources from destruction, inappropriate alteration, and incompatible adjacent development;*
- *Stabilize and improve property values in historic districts and citywide;*
- *Enhance the city's attractiveness to visitors and residents, and stimulate business, industry and tourism;*
- *Educate The Dalles' citizens and visitors concerning the city's heritage;*
- *Preserve the historic housing stock of The Dalles;*
- *Comply with The Dalles comprehensive Plan regarding historic resources under Statewide Planning Goal 5.*

#### **A. THE DALLES MUNICIPAL CODE – TITLE 11.12 – HISTORIC RESOURCES – CODE RELATING TO HISTORIC RESOURCES WITHIN THE CITY OF THE DALLES.**

Section 11.12.070, Subsection A. Review Criteria:

3. "Secretary's Standards. Commission decisions shall be based on the Secretary of the Interior's Guidelines for the Treatment of Historic Properties." The following are pertinent standards from the "Guide".

*1. A property shall be used as it was historically or be given a new use that requires minimal change to its distinctive materials, features, spaces, and spatial relationships.*

**FINDING A1:** There are no plans for modifications to the existing use of this building. The current use is the same as the historic use of the property. Criterion does not apply.

*2. The historic character of a property shall be retained and preserved. The removal of historic materials or alterations to features and spaces that characterize a property shall be avoided.*

**FINDING A2:** The proposed mural will not remove any historic elements. Care shall be taken with the mural painting. Criterion will be addressed as a condition of approval.

3. *Each property shall be recognized as a physical record of its time, place, and use. Changes that create a false sense of historical development, such as adding conjectural features or architectural elements from other buildings, shall not be undertaken.*

**FINDING A3:** This property is recognized as a physical record of its time. This mural will not create a false sense of historic development. Criterion does not apply.

4. *Changes to a property that have acquired historic significance in their own right shall be retained and preserved.*

**FINDING A4:** No such changes are proposed with this application. Criterion met.

5. *Distinctive features, finishes, and construction techniques or examples of craftsmanship that characterize a property shall be preserved.*

**FINDING A5:** This proposal does not seek to alter any of the above. All distinctive features and finishes will remain. Criterion met.

6. *Deteriorating historical features shall be repaired rather than replaced. Where the severity of deterioration requires replacement of a distinctive feature, the new feature shall match the old in design, color, texture, and other visual qualities and, where possible, materials. Replacement of missing features shall be substantiated by documentary and physical evidence.*

**FINDING A6:** This proposal does not seek to remove or replace any deteriorating features with this application request. All historic features and finishes will remain. Criterion met.

7. *Chemical or physical treatments, such as sandblasting that cause damage to historic materials, shall not be used. The surface cleaning of structures, if appropriate, shall be undertaken using the gentlest means possible.*

**FINDING A7:** The applicant is not proposing any chemical or physical treatments. Any planned cleanings prior to painting of the mural will be required to meet the standards set forth by the Secretary of Interior. Criterion will be addressed as a condition of approval.

8. *Significant archaeological resources affected by a project shall be protected and preserved. If such resources must be disturbed, mitigation measures shall be undertaken.*

**FINDING A8:** No excavation or ground disturbance is indicated in this application submittal. Therefore, this criterion does not apply.

9. *New additions, exterior alterations, or related new construction shall not destroy historic materials that characterize the property. The new work shall be differentiated from the old and shall be compatible with the massing, size, scale, and architectural features to protect the historic integrity of the property and its environment.*

**FINDING A9:** Exterior alterations to the historic structure will be required to follow the historic design guidelines for the Commercial Historic District. The mural will be required to be compatible in massing and size of the project. Criterion will be addressed as a condition of approval.

10. *New additions and adjacent or related new construction shall be undertaken in such a manner that, if removed in the future, the essential form and integrity of the historic property and its environment would be unimpaired.*

**FINDING A10:** The essential form and integrity of the structure will be protected with the mural project. There are no plans to remove historic materials, only painting the mural on the existing painted south face of the building. Criterion met.

**B. THE DALLAS MUNICIPAL CODE – TITLE 11.12.095 – HISTORIC RESOURCES – CODE RELATING TO DESIGN GUIDELINES FOR HISTORIC RESOURCES.**

***SIGNS***

*Signs should not be the dominant feature of a building or site, yet they are a key component in identifying businesses and contributing to the livelihood of the street with their individuality. New construction and rehabilitation should maintain a system in which signs identifying businesses are visible to both pedestrian and automobile traffic without detracting from the architecture or overpowering the streetscape.*

***GUIDELINES:***

- a) Wall signs, window signs, canopy and projecting signs attached to buildings should be compatible in scale, without obscuring the architectural features.*
- b) Window signs should be at eye level to entice the pedestrian.*
- c) The window background should be treated as if it is a black surface in order for a painted sign to be readable.*
- d) The use of gold leaf window signs at an appropriate scale is recommended.*
- e) Hanging signs using front lighting are recommended.*
- f) Historic product signs painted on building sides should be preserved when possible, as they contribute to the character of the commercial area.*
- g) The use of historic photographs for reference is recommended.*
- h) Murals are not recommended on primary, secondary, and historic buildings as they lessen the integrity of the architecture and damage the building surface.*
- i) Free standing sign faces are not recommended.*
- j) Plastic sign faces are not recommended.*
- k) Can signs are not recommended.*

**FINDING B1:** The building is classified as a non-contributing, non-conforming historic building. The building has been painted in the planned location and no longer has exposed brick that the guidelines listed above are intended to protect. Staff has found the request to paint the mural on an existing painted face of the building will not lessen the integrity or damage the surface of the building. The applicant will need to complete a sign permit and be approved by staff prior to the mural being installed/painted. Criterion will be addressed as a condition of approval.

**CONCLUSIONS:** In all respects this application meets the standards of the Secretary of the Interior and The Dallas Municipal Code, Title 11-12 Historic Resources with the following conditions:

**Proposed Conditions of Approval:**

1. Work will be completed in substantial conformance to the proposals as submitted and reviewed.
2. The applicant will be required to obtain a sign permit approved by the Community Development Department prior to the mural being installed/painted.

3. Chemical or physical treatments, such as sandblasting, that cause damage to historic materials shall not be used. The surface cleaning of the structure, if appropriate, shall be undertaken using the gentlest means possible.
4. The alteration/addition of the mural to the historic structure will be required to follow the historic design guidelines for the Commercial Historic District. The mural will be required to be compatible in massing and size of the building; care shall be taken with the painting.
