6. REPORT: Multnomah County Sheriff's Office Annual Report

<0:08:55>

Captain/Chief Steve Bevens, Multnomah County Sheriff's Office (MCSO), stated there was an event in Troutdale at the Outlet Mall. It was an armed robbery where 3 individuals showed a gun at a shoe store. One of MCSO's patrol sergeants found the vehicle around Animal Control and pursued it. It went throughout Troutdale, Fairview, Wood Village and ended on Sandy Boulevard. Spike strips were put out and the vehicle kept driving on just the wheels. While the pursuit was going, one, possibly two, suspects were shooting at our deputies. A patrol vehicle was hit by gunfire. 2 of the 3 suspects were caught and the third is outstanding. As he gives the presentation, he hopes that council realizes that the Sheriff's Office works very hard for the city. Crime is getting more violent, and weapons are involved. He stated that Undersheriff Nicole Morrissey O'Donnell and Chaplain Jeff Durbin are present tonight.

Chaplain Jeff Durbin thanked the Council for letting him attend the meeting. He stated it's a great honor to work with the Sheriff's Deputies. He has known the Captain for a long time and they're good friends. He thanked Council for the proclamation on Parkinson's disease. It did force him to retire but it was also a blessing because he gets to be Chaplain and he thoroughly enjoys it.

Captain Bevens showed the Council a PowerPoint presentation (attached as Exhibit A).

<0:38:12>

Councilor Glantz asked about the NARCAN increase and asked if it's coming from Troutdale residents.

Captain Bevens replied a lot is happening in Troutdale and on Frontage Road but it's happening everywhere. The Sheriff's Office in Troutdale has had people walk in there with medical conditions and collapse in the lobby. They need more NARCAN and have received a grant to get more. They need more pads for their AEDs because they're using them more.

Councilor Glantz stated she noticed that the number of burglaries is almost in half.

Captain Bevens stated that because of COVID, in 2020 more people were at home.

Mayor Lauer stated in the last 2 years, and this year, it's getting more brazen. It's almost like that agreement that we have in a society with law and order, it's almost like it's starting to

separate or fracture a little bit. When he's sitting at a stop light and his light is green and there is a trailer that runs the red light and then another and another. People don't want to agree with law and order right now. He would like to do whatever he can to support law enforcement (LE) in what they do every day.

Gene Bendt, Troutdale resident, stated he's been a Troutdale resident since 1990 and his family supports LE 150%. He experienced the end of an arrest at the outlet mall 3 or 4 days ago. His biggest concern is people above LE influencing or superseding laws. People should be prosecuted and punished, it's the only deterrent.

Rich Allen, Troutdale resident, stated he encourages an indoor range. He thinks it's vital to the safety of officers and the public to stay well practiced.

- 7. RESOLUTIONS:** A presentation for State Grant Application(s):
- 7.1** A resolution authorizing the City Grant Application for the Sandy River Greenway Riverfront Trail and Park Project.
- Urban Renewal Agency Called to Order:**
- 7.2** A resolution authorizing the Agency Application for the Sandy River Greenway Riverfront Trail and Park Project.

8. PUBLIC HEARING / ORDINANCE (Introduction): An ordinance amending Troutdale Municipal Code Chapter 2.48 – Elections.

<1:06:21>

Ray Young gave a brief overview of the staff report.

Councilor Ripma stated he wasn't in favor of the change. He thinks it's better to collect signatures, but he would be willing to do it temporarily for one more election. He urged the Council to do it that way and take this up again at the next election. Getting 25 signatures doesn't do any harm and it's not that burdensome.

Councilor Moon stated Council could pass the ordinance and then if they didn't like it then it could be repealed.

Councilor Glantz stated she could see increasing the fee in a couple years. She doesn't have a problem with easy. She's all for making it easy for people to do this.

Councilor White stated he prefers signatures. It's like a resume in a way. He thinks it's important to get people out there and have the personal touch. He thinks it's important enough to evaluate after the next election.

Councilor Kranz stated she agrees with Nick and Sandy.

Councilor Caswell stated she has no strong opinion either way. 25 signatures are just as easy as paying \$50. Neither is a hinderance.

Mayor Lauer stated he is all for adding the fee. He thinks 25 signatures is just as easy as paying \$50. He's in favor of adding it and coming back to revisit it.

Councilor Moon asked to put a post-election debrief on it.

Mayor Lauer opened the public hearing at 8:16pm.

Diane Castillo-White, Troutdale resident, stated she wanted to bring attention to the new way of running for Council this year. She doesn't think 25 signatures is a hurdle. She thinks candidates should get out there and get to know their neighbors and find out what their interests are and their issues.

Paul Wilcox, Troutdale resident, complimented Ray on the text changes. They are very clear and concise. He stated after his last presentation he expanded the cities that he was looking at. He hadn't included Portland in his initial survey because Portland is such a huge city compared to Troutdale. He didn't think it was comparable. Portland also offers a fee option to become a City Commissioner and the fee is \$30. If you want to run for Mayor, it's \$50 and the signature amount is 100.

Mayor Lauer closed the public hearing at 8:20pm.

Councilor Ripma stated he recognizes that more than half of the Councilors are in favor of this. He will acquiesce and not make a motion to amend it.

9. MOTION: A motion to allow that City Committees be provided information regarding officers' election.

<1:20:46>

Ray Young gave a brief overview of the staff report.

Councilor Ripma stated Ray did a great job and he endorses the proposal to provide this information.

Councilor Glantz stated it's great.

Mayor Lauer asked if it would be a good idea to add cliff notes of the Roberts Rules in it.

Ed Trompke, City Attorney, replied that there is a 4-page version online.

Ray Young stated that the City will buy some copies for use for each committee.

Mayor Lauer opened public comment.

Tanney Staffenson, Troutdale resident, stated the only thing he was thinking about is a lot of the committees have specific things to their committee. Staff might want to include those for those committees (budget law, planning procedures, historic landmarks, etc.).

Paul Wilcox stated regarding the restriction of a person only being able to chair 2 committees, he's starting to see people on 3 and 4 committees. He asked what happens if someone nominates themselves to a committee that they're not the chairperson of but they're already on 2 other committees and they say they'll resign one of their other committee chairs if you put them on the committee they're being nominated for.

Mayor Lauer closed public comment.

MOTION: Councilor Moon moved to approve the motion to allow that City Committees be provided information regarding officers' election. Seconded by Councilor White.

VOTE: Mayor Lauer - Yes; Councilor White – Yes; Councilor Moon – Yes; Councilor Glantz – Yes; Councilor Ripma – Yes; Councilor Caswell – Yes and Councilor Kranz – Yes.

Motion passed 7-0.

10. MOTION: A motion to approve the February 8, 2022 City Council Regular Meeting Minutes.

<1:34:00>

Ray Young gave a brief overview of the staff report.

Ed Trompke stated this happens often. He explained that what happens is the original minutes are adopted and then a reference is made in a subsequent meeting by the Councilor that the statement that they made is not what they intended to say and put it on the record for that date and it would be in those minutes.

Councilor White stated when he heard what he said in full context it made a lot more sense. It sounds like I'm accusing staff of providing skewed information and that was not his intent. He meant it would be easy for a group to want to be overly generous with the Council.

MOTION: Councilor Ripma moved to approve the February 8, 2022 City Council Regular Meeting minutes. Seconded by Councilor Glantz.

VOTE: Mayor Lauer - Yes; Councilor White – Yes; Councilor Moon – Yes; Councilor Glantz – Yes; Councilor Ripma – Yes; Councilor Caswell – Yes and Councilor Kranz – Yes.

Motion passed 7-0.

HOPE Team COVID-19 Response

As in all communities, the COVID-19 pandemic greatly impacted our houseless community.

As services and basic necessities became scarce, the HOPE Team:

- Continued weekly outreach event providing access to: mobile showers, food and other necessities, services, shelter, and medical treatment;
- Coordinated with health providers to ensure that those experiencing houselessness had access to vaccines and vaccine information;
- Conducted hundreds of welfare checks to ensure members of the houseless community remained healthy and informed;
- There were zero known cases of Covid in the community served by the HOPE Team.

Facts about COVID-19 / Coronavirus 

Symptoms are similar to the flu: coughing, fevers, and shortness of breath. The virus spreads in two main ways:

- A sick person coughs or sneezes very tiny droplets full of the virus. A well person close by (within 6 feet) gets those droplets in their nose or mouth, or into their lungs.
- The droplets land on a surface or objects, or from the sick person's hand after covering a cough. A well person touches something with the virus on it, then touches their own nose or mouth or face.

Be aware of your most vulnerable neighbors
Anyone can get infected. Most people have mild symptoms and get better on their own.

Some people get very sick who are older or have other conditions (heart or lung immune system). They need you when to get help.

Help limit the spread
Wash your hands well with soap and water. Both can help.
Avoid touching your face.
Avoid sharing food, utensils.
If you have a fever, cover your mouth with a bandana, mask, or cloth as much as possible. If you are coughing or sneezing, separate yourself from others.

Tenga en cuenta a sus vecinos más vulnerables
Cualquiera se puede infectar. La mayoría de las personas tienen síntomas leves y se recuperan por su propia cuenta. En algunas personas puede llegar a ser grave, especialmente en las personas mayores.

Datos sobre COVID-19
Los síntomas son similares a los de la gripe: tos, fiebre y dificultad para respirar. El virus se propaga principalmente de dos maneras:
• Una persona enferma tose o estornuda y libera gotitas muy pequeñas que caen cerca (a menos de 6 pies) de otra persona.
• Las gotitas caen sobre una superficie u objetos, o de la mano de la persona enferma luego de cubrirse al toser o estornudar. Una persona sana toca algo que tiene el virus y luego se toca la nariz, la boca o los ojos.
