-----ADDENDUM #1-----
EAST 9TH STREET WATER EXTENSION
CONTRACT NO. 2023-002

Dear Contractor,

The City of The Dalles is issuing an Addendum to the **East 9th Street Water Extension Contract 2023-002**. The following will show the changes and where they occur.

1. **Prevailing Wage Rate** – Contract documents make reference to the current prevailing wage being July 1, 2022 rates as amended on October 1, 2022. New rates were published just before advertising of project. Contract to be amended to include the most recent version of the prevailing wage rates.
2. **Special Provision 00150.15** – Revised Special Provisions to include a revision to Section 00150.15 to include contractor's responsibility to establish survey field controls to be used on the project.

If you have any questions regarding the project, feel free to contact me.

Sincerely,

Todd Stephens, Project Engineer

00150.15 Construction Stakes, Lines, and Grades

(REPLACE) *Replace the entire section with the following:*

00150.15 Construction Stakes, Lines, and Grades:

(a) General - General layout of the project, including line and grade, will be furnished by the contractor. The contractor shall conduct all necessary surveys and field investigations to accuracy standards consistent with construction tolerances. Surveys shall be performed by a land surveyor licensed by the state of Oregon or a qualified engineer.

(b) Agency Responsibilities - The Agency shall conduct surveys as necessary to provide ties between control points or construction base lines established in the plans and existing monuments with descriptions available from Wasco County or City of The Dalles. If the stakes, monuments, or other reference points are destroyed or damaged by the contractor, it will be the responsibility of the contractor to replace same at no expense to the Agency.

(c) Contractor Responsibilities - The contractor shall establish all field controls necessary for construction of the project in accordance with the plans and specifications from the control points or construction base lines established by the Agency. In addition, the contractor shall obtain any permission required prior to entering upon private property to perform any task required. In the event contractor is denied access to private property, contractor shall immediately notify the Project Manager and give the location to which access was denied, the name of the person who denied access, the reason access was sought, and any alternative site that may be used for the same purpose. Agency shall thereupon endeavor to assist contractor in gaining the required access.
