## FISCAL YEAR 1992-1993 BUDGET MESSAGE

*The attached Budget Document reflects a "balanced" budget. This means that we estimate enough revenues, that when combined with remaining fund balances, equal or exceed proposed expenditures. We are able to do this because of one overriding assumption ... that our three year supplemental tax levy of \$602,907 will be approved. If approved by the voters, this will be the sixth consecutive year of the same levy amount and it will continue unchanged for two more years.*

*This is our second budget prepared under the influence of Ballot Measure #5. Most of our estimates and theories used last year were accurate and need little or no modification for this budget. The only fundamental change in financial policy from the current year is that storm sewer operations and improvements have been returned to the Street/Storm Sewer Fund and separated from the Wastewater Fund.*

*The budget document is arranged in the same format as last year. It begins with two city-wide summaries showing all sources of revenues, expenditures, transfers and reserves. Next are transfer work sheets followed by a summary sheet of salaries for all officers and employees of the City. The remainder of the budget is the detail for each fund of both revenue and expenditure by line item. The previous two year actual and current year budget are shown for each line item along with requested or projected amounts for FY 1992-93.*

*Major budget highlights include:*

- \* Cost of Living increases  
4% Police and all exempt employees  
3.7% Fire Union Employees  
3.2% OPEU employees*
- \* 2% increase in transient room tax to fund Oregon Trail Celebration*
- \* 5% increase in sewer rates*
- \* 3% increase in water rates*

*	\$9,000 to begin public information program		
*	\$58,000 increase in 9-1-1 budgets		
*	New division for Risk Management identified in General Fund		
*	New positions requested		
	Street Department 1 1/3		
	Water Department 3 1/3		
	Wastewater Department 2 1/3		
*	New vehicles and equipment:		
	2 new police patrol cars	\$	32,400
	1 new building maintenance truck		14,000
	Lease purchase (5 year lease)		
	2 backhoes and 1 blade grader		31,500
	Used water truck		40,000
	Meter reading truck		14,500
	Other Water Dept. vehicle/equipment		15,100
	Wastewater dump truck		50,000
	Rapid Ram Splitter		21,800
*	Other capital equipment:		
	Police Dept.	\$	17,200
	Fire Dept.		27,384
	Public Works Dept.		21,937
	Water Dept.		39,857
	Wastewater Dept.		62,877
*	Other capital construction projects:		
	Library Mezzanine (grants)	\$	219,000
	Street projects		275,910
	Storm sewer projects		122,413
	6th Street By-pass/bridge		271,320
	Water projects		2,641,957
	Wastewater projects		1,828,805
	Airport T-hangars		20,000

*The above capital project expenditures reflect the beginning of the water metering program for the entire city water service area. This will be a two year effort. Also, the Wastewater Treatment Plant interim improvements and the continuation of separating storm and sanitary sewer flows are addressed.*

*The impact of the May 19th election will be addressed when it is reality. The budget will not change regardless of the outcome. However, the actual expenditures could change dramatically if the levy fails. This is unknown and really cannot be addressed until after the final election of June 30th at which time our budget must already be adopted.*

*This budget document is the final product of many hours of hard work by a dedicated staff who have made every attempt to "hold the line" on expenditures and to present real numbers to provide the services expected by the community.*

*To those who have worked so hard to bring this budget to this point, my sincere thanks.*

*William B. Elliott  
City Manager*
