THE DALLES, OREGON 97058

FISCAL YEAR 1993-94 **BUDGET MESSAGE**

Two years have passed since implementation of Ballot Measure 5. In that time we have seen the demise and partial reconstruction of the City's Urban Renewal program, the tremendous negative impact on our local schools, the inability to finance a consolidated fire district and a levelling off of revenues in the general fund. Imposing a state-wide tax mandate has cost the citizens of The Dalles their right to create their own government and fund it to the level they might otherwise have chosen. The attached budget document reflects this fact.

This budget document contains a summary section which gives an over-view of the entire budget in two recap forms; the inter-fund transfer detail information and salary schedules. Following the summary section are the detail budgets by fund type. All areas use standard account numbers for common expenditure items and follow the same presentation format. This year extensive detail information has been added to clarify what is included within line-item totals.

The budget is presented as "balanced". This means resources meet expenditures. It may be easy to assume that all is well because we have this balanced document. However, closer analysis is needed to fully comprehend where we are headed in the near future.

The following graph identifies the revenues for general fund from 1988-89 through 1993-94 (proposed):

The first year impact from Ballot Measure 5 shows in 1991-92. Total general fund revenues decreased by \$89,554. This trend continues for 1992-93 and is anticipated for 1993-94. This is pointed out only to help committee members focus on the theory used to develop departmental budgets within the general fund.

The rest of the City's funds are fairly well within our control. Minus some serious intervention from the State, our Street Department will be alright as well as tourism. Utilities are healthy and well under way with the adopted CIP plans. The Wastewater budget includes the new contract with OMI. The various revenue sources and the inter-relationship between the funds will be discussed at the first meeting to bring all members to a common understanding of this complex document.

Major highlights of this budget include:

- Salaries/Wages
 - 3.65% COLA for police union employees
 - 3.5% COLA for fire union employees
 - -0- COLA for OPEU general employees (currently in negotiation for new contract)
 - -0- COLA for all non-union employees (to be recommended)
- Final year of extra 2% motel tax for Oregon Trail Celebration
- Utility rates8% increase in water rates10% increase in sewer rates
- New customer service representative position in finance department
- Proposed timber sale revenue of \$50,000 to General Fund
- Contract to operate the Wastewater Treatment Plant
 Wastewater Department personnel reduction of 6
- New vehicles/equipment
 3 new police vehicles
 1st year lease payment on new fire truck
 1 3/4 ton pickup in Water Department

This will be the second year of a voter approved supplemental tax levy of \$602,907. The County is in the same position. It is anticipated that both entities will attempt to get voter approval for increased tax bases for these amounts next fall or spring. Approval would secure the same percentage split of the \$10 tax assessment while avoiding the costs of elections in future budgets.

This is a conservative budget. We have used caution because of what we frankly don't know. This includes:

- Will the state eliminate shared revenues of liquor and cigarette taxes?
- Will the state pre-empt local governments from levying local gasoline taxes to fund road programs?
- Will the state pre-empt local governments from levying local transient room taxes for tourism?
- Will the state fund the purchase or long-term lease of the state office building and remain in The Dalles?
- Will we be able to build a new fire station?
- Will we be able to remodel City Hall?
- Will we find new revenue for general fund to keep pace with rising costs?

This document is the result of many changes from the first draft of requests. Without exception, every department has significantly reduced their original list. General fund alone has cut requests by about \$700,000. The only way to further reduce is by eliminating people and programs.

Your unenviable task is to help forge a budget document that will accomplish the Council's adopted goals (attached) and satisfy the demands of the public. The future does not appear to allow for expanding services without some new source of revenue, yet expansion of some areas is needed to comply with ever increasing mandates and the growing work loads of several departments

God bless each one of you as you work together to solve the complex issues facing our fine community.

S U M M A R I E S The following budget summaries detail the 1993-94 budget request by fund. The General Fund is stated separately, as are the Street and Storm Sewer Fund and the Tourism Promotion Fund. Other special revenue funds are shown in total as a group. All other funds are grouped by service and shown in total. Each summary states beginning balances, revenues and transfers in, coming down to total resources for each respective fund.

The first summary details General Fund expenditures by department, and categorizes expenditures for all other funds by type of service.

The second summary details expenditures for each fund by expenditure category, totaling across all funds. The prior year's budget (1992-93) is shown for comparative purposes on this summary.

The General Fund accounts for the financial operations of the City not accounted for in any other fund. Principal sources of revenue are property taxes, franchise fees, transient room taxes and state shared revenues. Expenditures are primarily for general government operations, public safety, and culture and recreation.

The following chart illustrates the fund's revenue levels for 1991-92 actuals, 1992-93 Adopted Budget, and the 1993-94 Adopted Budget.

RESOURCES

General Fund resources consist of revenues and operating transfers from other funds. Primary revenues consist of property taxes which account for 54% of budgeted revenues in fiscal year 1993-94, franchise fees, revenue sharing and tax turnovers from the State of Oregon, ambulance services revenues, court fines and forfeitures, and other miscellaneous receipts. Operating transfers from the Water and Waste Water Funds, the Street and Storm Sewer Fund and the Special Assessments Fund are made to the General Fund for administrative services provided.

The following chart illustrates General Fund total revenues for 1991-92 actuals, 1992-93 Adopted Budget and the 1993-94 Adopted Budget.

I TY COUNCIL

Mission: Making Decisions in The Dalles for a Better City and a Better Future.

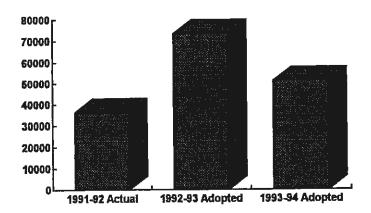

Composed of five voting members plus the Mayor, the City Council is the policy making body of The Dalles. Specific voter approved powers for the Council are contained in the City Charter while their own administrative and operational policies are adopted by ordinance or resolution.

Elected for two year terms by the entire electorate of the City are the Mayor, who does not vote except to break a tie, and the Councilor-at-Large, who acts as Mayor Pro-Tem and does vote on all issues.

Four Councilors are elected by Ward as prescribed in the City Charter for four year terms. Each Councilor may vote on all issues before the Council.

The City Council has the responsibility of establishing policy to govern the affairs of the City, appointing the City Manager, adopting the annual budget and performing all other actions necessary to properly guide the government as representatives of the citizens of The Dalles.

The following chart illustrates the department's expenditure levels for 1991-92 actuals, 1992-93 Adopted Budget, and the 1993-94 Adopted Budget.

Mission: To Help You Succeed!

The City Manager is the administrative head of the City. Most duties are outlined by the voter adopted City Charter. The City Manager's duties are almost entirely administrative and involve considerable interaction with City Council, citizens, commissions, other government agencies, and staff.

Department personnel include the manager and one administrative assistant. The administrative assistant functions as department secretary as well as coordinating communications with the Mayor and City Council members, and all appointed boards and commissions of the City.

The following chart illustrates the expenditure levels by category for 1991-92 actuals, 1992-93 Adopted Budget, and the 1993-94 Adopted Budget.

G

Mission: To Provide A Variety Of Legal Services To City Council Members, Staff Members and Citizens Promptly and Efficiently.

The Legal & Judicial Department consists of the City Attorney's office and the Municipal Court. Staff include the City Attorney and Legal Secretary, the Municipal Court Judge, and the Municipal Court Clerk.

The City Attorney is appointed by the Council and represents the City in all actions, suits or proceedings in which the City of The Dalles is legally interested. The City Attorney is responsible for preparing and reviewing a wide variety of documents including contracts, deeds, resolutions and ordinances. The City Attorney attends City Council meetings and Planning Commission meetings and gives legal advice to staff members and City Council on questions concerning any matter in which the City is interested.

The Municipal Court, presided over by the Municipal Court Judge, has jurisdiction over all crimes and offenses punishable by ordinances of the City of The Dalles, and certain offenses provided for by Oregon law. The Municipal Judge is the judicial officer of the City and is appointed by the Council.

PERSONNEL

Mission: People at Work

The Personnel Department administers the City personnel programs in accordance with established rules, policies and procedures, and insures that all personnel transactions comply with applicable state and federal employment regulations. This includes interpretation of City rules, policies and procedures to supervisory officials and to City employees in connection with personnel transactions and departmental programs. Job classification studies are conducted for City positions to determine the appropriateness of allocations and the Personnel Department prepares class specifications for new job categories and makes recommendations to the City Manager for classification changes. The Personnel Director serves as the A.D.A. compliance person, and administers the retirement plan for the City. Recruitment, examinations and E.E.O.C. compliance are performed by the Personnel Department. The City's official personnel files are maintained in this department. The Personnel Director works under the direction of the City Manager.

Mission: Preparing For The Future

The Community and Economic Development Department is responsible for the development and implementation of current and long range management of the airport, coordination of the Columbia Gateway Urban Renewal Agency, visioning and other activities affecting the growth and development of the City. The department provides professional assistance to the City Council, Airport Commission, Planning Commission, Historical Landmarks Commission, and the Columbia Gateway Urban Renewal Agency. The staff assists these governing bodies in the development, maintenance and interpretation of the City's various ordinances. This department also holds primary responsibility for development and maintenance of the City's Comprehensive Plan. This plan is the primary document from which zoning, subdivision and other land use ordinances are developed and used by the City to guide development according to established policies.

F I R E Mission: To Provide Friendly, Innovative, Responsive, Efficient Service.

The primary mission of the Fire Department is to provide a range of programs designed to protect the lives and property of the inhabitants of the City of The Dalles from the adverse effects of fire or exposure to dangerous conditions created by either man or nature. To accomplish this mission, the department is staffed with full-time, paid personnel, volunteer firefighters, and a new firefighter cadet program. The department currently operates from a central fire station adjacent to City Hall, and prides itself that each firefighter is trained in not only fire suppression, but also fire prevention, public fire education and hazardous materials.

Mission: To Provide An Environment Of Safety And Security Within The City's Operations, and Ensure Compliance With City Codes In A Cost Effective Manner.

The Code Enforcement / Risk Management Department serves to enforce the various ordinances and codes of the City of The Dalles, as well as protect and advise against accidental loss or losses which would significantly affect personnel, property, the budget, or the ability of the City to fulfill its responsibility to the public. The department develops and applies risk management policies and procedures, including the systematic and continuous identification and analysis of loss exposures, the application of sound risk control procedures, and the financing of risk consistent with financial resources.

The department coordinates with police, fire, planning and utilities departments to investigate complaints from citizens concerning a wide variety of potential code violations. Citations may be issued and abatement procedures are initiated to ensure compliance with City ordinances.

Mission: Picture Yourself Reading

The Dalles-Wasco County Public Library serves the residents of Wasco County as well as the residents of surrounding areas through reciprocal borrowing agreements. It is operated as a General Fund department of the City of The Dalles and is funded half by the City and half by Wasco County. The library serves as the only library for the Columbia Gorge Community College and provides assistance to other libraries in Wasco County. Services provided by the library each year include more than 100,000 loans of books, magazines, compact discs, videos, maps and various other media; reference assistance and instruction in library use; interlibrary loans and reserve requests; an outreach program serving the homebound and institutions; ESL (English as a Second Language) and literacy services; and children's storyhours and film programs.

Mission: To provide for adequate street systems that are traffic safe for pedestrians, bikers, and all motorized vehicles, and that meet the needs and requirements of the physically disabled. Seventy-two miles of streets, one hundred twenty miles of walkways...an extension of the Oregon Trail!

The Street and Storm Sewer Fund is a special fund established to provide for a range of services involved with the construction, maintenance and repair of the City's streets and storm sewer system. Primary revenue sources are the allocation of state gas tax proceeds and local gas tax proceeds. Principal expenditures are for streets repair and construction, City-wide clean-up including daily street sweeping, signs for traffic control, emergency snow removal, street traffic control painting, vector control, weed control and citizens assistance. Other services provided include emergency response to flood and landslide control, and construction and maintenance of the City's storm sewer system.

The following chart illustrates the fund's revenues for 1991-92 actuals, 1992-93 Adopted Budget, and the 1993-94 Adopted Budget.

Mission: To Promote The Convention And Visitors Industry
And Encourage The Development Of Tourism In
The Dalles Area.

This fund is funded principally through the City's transient room tax applied to lodging facilities within the City limits, and various grants received in relation to the Oregon Trail Celebration. These revenues fund the local Convention and Visitors Commission, the regional strategies marketing effort and tourist related services, programs and facilities along with tourist related general government services. This fund is used to finance those programs, services and facilities which will enhance community and economic development through encouraging tourism.

This fund contains three separate departments; the Tourism Department, The Oregon Trail Department, and the Transportation Center Department. The Oregon Trail Department accounts for activities involved with the Oregon Trail Celebration, and the Transportation Center Department accounts for the costs of maintaining and operating the Transportation Center which houses the bus and train terminals. The following pages present an overall summary of the fund, the resources, and the expenditures by department.

The following chart illustrates the expenditure levels by department for 1991-92 actuals, 1992-93 Adopted Budget, and the 1993-94 Adopted Budget.

This is a special revenue fund established for the fiscal year 1987-1988. The monies for this fund are from a special two year serial levy totaling \$290,698 and a grant in the amount of \$425,000. Expenditures from the fund consist of costs associated with the engineering and pumping stations for the dewatering of the Kelly Avenue Landslide area. The fund was closed during the 1992-1993 fiscal year through a transfer of the remaining balance to the Water Department Capital Reserve Fund.

The Parks Department Reserve Fund is a special revenue fund into which all monies received as payments in lieu of the dedication of land for parks and recreation purposes are deposited and retained. These monies are then used for the purpose of acquiring and developing park and recreation facilities in the City of The Dalles. Revenues consist principally of property tax receipts from prior years' levies.

The following chart illustrates the expenditure levels of the fund for 1991-92 actuals, 1992-93 Adopted Budget, and the 1993-94 Adopted Budget.

The Debt Service Fund Group records and accounts for revenues and expenditures related to the City's long term debt requirements. The group includes three funds; the Water Bond Debt Fund, the Debt Service Fund, and the Senior Center Grant Fund.

The following chart illustrates the expenditure levels by each fund in the group, for 1991-92 actuals, 1992-93 Adopted Budget, and the 1993-94 Adopted Budget.

The following chart illustrates total debt service payments for the City as recorded in the Debt Service Fund Group funds. Notice the drop anticipated in the 1993-94 Adopted Budget, due to the retirement of revenue bonds for the State Office Building during the 1992-93 fiscal year.

Mission: Meeting requirements of water supply for today while providing for demands of the future through conservation, capital improvements, planning and maximizing operational efficiencies and economies.

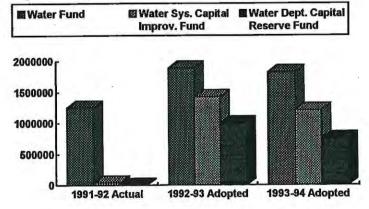

A safe, appealing, adequate water supply is our aim!

The Water Services Fund Group consists of three active funds; the Water Fund, the Water System Capital Improvement Fund and the Water Department Capital Reserve Fund. These funds account for the operations and reserves of the City's water utility. The Water Equipment Facilities Fund was closed during the 1990-1991 fiscal year and no activity was budgeted in either the 1991-1992, 1992-1993 or 1993-1994 fiscal years.

The following chart illustrates the fund group's revenues for 1991-92 actuals, 1992-93 Adopted Budget, and the 1993-94 Adopted Budget.

This fund is used to account for capital improvements to the City's water system. The unexpended bond proceeds from the 1980 issues were transferred to this fund, and revenues consist principally of interest earnings on those transferred amounts.

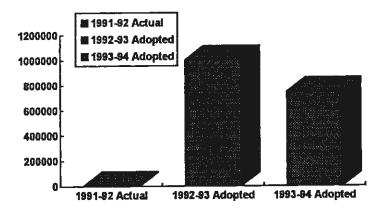

The following chart illustrates the fund's capital expenditures for 1991-92 actuals, 1992-93 Adopted Budget, and the 1993-94 Adopted Budget.

Mission: Protecting the environment through sound management and planning for systems capital improvement and maximizing operational efficiencies and economies of the waste water collection and treatment systems in meeting service and regulatory requirements for today and community development posterity!

The Waste Water Services Fund Group currently consists of two active funds; the Waste Water Fund and the Sewer Special Reserve Fund. These funds account for the operations and reserves of the City's waste water collection and processing utility. The Special Corps of Engineers Sewer Fund, and the Waste Water Treatment Fund were closed during the 1990-1991 fiscal year and no activity was budgeted in either fund during the 1991-1992, 1992-1993 or 1993-1994 fiscal years.

The following chart illustrates the fund group's revenues for 1991-92 actuals, 1992-93 Adopted Budget, and the 1993-94 Adopted Budget.

The following chart illustrates the fund group's expenditures by fund for 1991-92 actuals, 1992-93 Adopted Budget, and the 1993-94 Adopted Budget.

The Sewer Special Reserve Fund accounts for improvements to the City sewer system. The following funds were combined into this fund: the Waste Water Treatment Reserve Fund, the Special Corps of Engineers Sewer Fund, and the Waste Water Collection Replacement Fund. The fund's revenues consist primarily of systems development charges for new connections to the City's sewer system, and interest earnings.

The following chart illustrates the expenditure levels by category for 1991-92 actuals, 1992-93 Adopted Budget, and the 1993-94 Adopted Budget.
