October 2, 1981

The Honorable John Lundell, Mayor
and Members of the City Council
City of The Dalles
The Dalles, Oregon

We have examined the basic financial statements of the various funds and account groups of the City of The Dalles for the year ended June 30, 1981, as listed in the foregoing table of contents. Our examination was made in accordance with generally accepted auditing standards and the Minimum Standards for Audits of Oregon Municipal Corporations and, accordingly, included such tests of the accounting records and such other auditing procedures as were considered necessary in the circumstances.

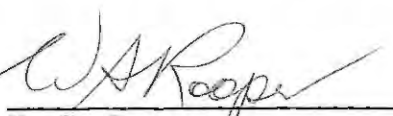

The amounts shown as Fixed Assets represent an accumulation of additions, less sales and retirements. Since no fixed asset register is maintained by the City we are in no position to express an opinion on these values as shown on the various balance sheets.

In our opinion, subject to the above comments on Fixed Assets, the financial statements referred to above present fairly the financial position of the various funds and account groups of the City of The Dalles at June 30, 1981, and the results of operations of such funds and the changes in financial position of the Water and Sewer utility funds for the year then ended in conformity with generally accepted accounting principles which, except for the changes, with which we concur, in the method of accounting for inventories and vacation pay as described in "Notes to Financial Statements," have been applied on a basis consistent with that of the preceding year.

The accompanying supplemental schedules and related information presented on pages 62 to 67 are not necessary for a fair presentation of the basic financial statements in accordance with generally accepted accounting principles but are presented as additional analytical data. This information has been subjected to the tests and other auditing procedures applied in the examination of the basic financial statements mentioned above and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Nelson, Rooper and Onstott, P. C.

GENERAL FUND

The General Fund accounts for the financial operations of the City which are not accounted for in any other fund. Principal sources of revenue are property taxes, franchise fees, state and county shared revenues and federal and state grants. Primary expenditures in the General Fund are made for police protection, fire protection, library and general government.

ENTERPRISE FUNDS

The Sewer Fund and Water Fund are used to finance and account for the acquisition, operation and maintenance of sewer and water facilities and services which are entirely or predominantly self-supporting by user charges. The operations of these funds are accounted for in such a manner as to show a profit or loss similar to a comparable private enterprise.

BONDED DEBT (DEBT SERVICE) FUND

The Bonded Debt (Debt Service) Fund provides for the payment of principal and interest on general obligation Library Bonds and the State Office Building Revenue Bonds.

Bonded debt issued for the water, sewer, and special assessment funds are a liability of those respective funds and serviced by them. The principal sources of revenue for the Debt Service Fund are property taxes transferred from the General Fund and rental revenues from the State Office Building.

SPECIAL REVENUE FUNDS

These funds account for revenue derived from specific tax or other earmarked revenue sources, including state gas tax, grants and funds set aside to finance particular functions or activities. Funds included in the special revenue category follow:

- . Street & Storm Sewers Fund
- . Revenue Sharing Fund
- . Airport Fund
- . Parks and Recreation Fund
- . Special Sewer Fund
- . Parks and Recreation Special Fund
- . Ambulance Special Fund
- . Fire Equipment Special Fund
- . Public Works Equipment Special Fund
- . Civic Center Special Fund
- . Water Utility Capital Reserve Fund
- . Sewage Treatment Building Conversion and Reserve Fund
- . Unemployment Insurance Reserve Fund
- . CETA Grant Fund
- . Tourist Promotion Fund
- . Selective Traffic Law Program Grant
- . Crime Prevention Program Fund
- . Traffic Study Program Grant

Note: This fund was set up in February, 1964, under O.R.S. 280.100 for a ten-year period from the date of the first deposit (1/31/64), to hold funds received as payments in lieu of the dedication of land for park and recreation purposes, pursuant to city ordinances relating to new sub-divisions. Moneys are to be used to acquire and develop park and recreation facilities in the City of The Dalles as directed by the Council. The ten-year life of this fund expired 1/31/74, and a new ten-year fund was established October 21, 1974 to continue the accumulation of money to acquire and develop park and recreation facilities until February 4, 1984.

Note: This fund was set up in September, 1961, under O.R.S. 280.100 for a ten-year period from the date of the first deposit (Jan. 1962), to make funds available to replace or add to the City's ambulance equipment. As determined by Council, net receipts from the operation of the ambulance are to be deposited in this fund, either annually or semi-annually. As the ten-year life of this fund expired in January 1972, a new ten-year fund was established July 1, 1972 to continue the accumulation of money for the replacement of ambulance and equipment. A new ambulance was purchased in 1979-80.

Reserved for Replacement or Addition to the Water System:		
Reserve balance July 1, 1980	(24,517)	
Plus revenues (see below)	21,255	
Plus refunds expenditures (see below)	<u>157,653</u>	
Reserve balance June 30, 1981		<u>154,391</u>

<u>TOTAL LIABILITIES AND RESERVES</u>	<u>154,391</u>
---------------------------------------	----------------

Note: This fund was set up on March 4, 1974 under O.R.S. 280.100 for a ten-year period beginning January 1, 1974 to hold funds received as capital payments under Section (6)h of City Ordinance No. 878, and additional sums as the council may elect. The funds are to be used for replacing or adding to the City's water supply, transmission and storage system and works. Costs of remodeling the Wicks Filter Plant has exhausted this fund. Upon the sale of water bonds in 1980-81 the Wicks Plant costs were returned to this fund and are shown as minus expenditures below.

NOTES TO FINANCIAL STATEMENTS

CITY OF THE DALLES, OREGON
NOTES TO FINANCIAL STATEMENTS

1. Summary of Significant Accounting Policies:

The following is a summary of significant accounting policies utilized by the City in preparation of the accompanying financial statements:

Bases of Accounting

The following funds are maintained using the modified accrual basis of accounting:

General Fund
Special revenue funds
Bonded Debt (Debt Service) Fund

Under such modified accrual basis of accounting, revenues are recorded as received in cash, except for revenues susceptible to accrual, and expenditures are recorded when the liability for them is incurred except for:

Interfund transactions for services which are recorded on the accrual basis.

Interest expense on general obligation bonds which is recorded on its due date.

Earned but unpaid vacations which are recorded as expenditures when paid.

The following funds are accounted for utilizing the accrual basis of accounting:

Enterprise funds
Special assessment funds

Under the accrual basis of accounting, revenues are recorded at the time they are earned and expenditures are recorded at the time liabilities are incurred.

The bases of accounting described above are in accordance with generally accepted accounting principles.

Investments

Investments are carried at cost, which approximates market.

CITY OF THE DALLES, OREGON
NOTES TO FINANCIAL STATEMENTS, Continued

1. Summary of Significant Accounting Policies, Continued:

Property Taxes Receivable

All uncollected property taxes are shown in the balance sheet as assets but are offset by a reserve and, accordingly, are not included in revenues.

Accounts and Loans Receivable and Federal and State Grants Receivable

Revenues which are susceptible to accrual in the general and special revenue funds include accounts receivable and federal and state grants receivable. These receivables are shown in the balance sheet as assets and are included in revenues. Federal and state grant revenues are recognized when the related reimbursable grant expenditures are incurred.

Inventory of Materials and Supplies

The City accounts for materials and supplies using the purchases method of accounting, except for Enterprise Funds where inventories are valued at the lower of cost or market on a first-in, first-out basis. (Also, see Note: Change in Method of Accounting for Inventories: Enterprise Funds.) Under the purchases method, materials and supplies are expensed when purchased. Reported inventories are equally offset by a fund balance reserve which indicates that they do not constitute "available spendable resources" since they are not a component of net current assets.

Enterprise Fund Fixed Assets

Fixed assets are capitalized at cost. Depreciation is computed using the straight-line method over the assets' estimated useful lives (five to fifty years). No depreciation is taken in the year the assets are acquired. Normal maintenance and repairs are charged to operations as incurred. Expenditures for major additions, improvements and replacements are capitalized. Gains or losses from sales or retirements of enterprise funds' fixed assets are included in operations.

General Fixed Assets

General fixed assets are stated at cost. Fixed assets are charged to expenditures in the budgetary funds as purchased and capitalized in the General Fixed Assets Account Group. Proceeds from sales of general fixed assets are recorded as General Fund revenue. Depreciation is not computed on fixed assets in the General Fixed Assets Account Group.

CITY OF THE DALLES, OREGON
NOTES TO FINANCIAL STATEMENTS, Continued

1. Summary of Significant Accounting Policies, Continued:

Budget

An annual budget is prepared for the general and special revenue funds in accordance with the modified accrual basis of accounting and legal requirements set forth in the Oregon Local Budget Law. Budget amounts shown in the basic financial statements include the original budget amounts and all appropriation transfer amounts approved by the City Council. The debt service fund is not budgeted as a separate fund although it should be.

2. Organization and Operation:

The City of The Dalles, under its charter of 1899, is governed by an elected mayor and four councilmembers who comprise the City Council. The City has adopted the manager-council form of government with the manager the chief executive officer and the council acting as a legislative body. The City Clerk-Treasurer is the financial officer and all financial transactions are handled by his office. The City's financial operations are accounted for in the following funds and account groups:

General Fund

The General Fund accounts for the ordinary activities of the City which are not accounted for in any other fund.

Special Revenue Funds

Street and Storm Sewer Fund - This fund accounts for revenues from motor vehicle fee apportionments from the State of Oregon and expenditures as specified under Article IX, Section 3 of the Constitution of the State of Oregon. Other revenues include those from the newly enacted City fuel license tax, which became effective May 1, 1980, and various interfund transfers and interdepartmental revenues. Motor Vehicle fees from the State are not accounted for in a separate fund as they are in some municipalities. Expenditures for street maintenance and construction exceed these license fees each year.

City engineering costs are no longer accounted for as a separate department of the General Fund. Rather, engineering costs are now charged equally to the Water, Sewer, and Street and Storm Sewer Funds. Also, revenues from engineering department fees that previously had been included in General Fund revenue are now shared equally by the above three funds.

CITY OF THE DALLES, OREGON
NOTES TO FINANCIAL STATEMENTS, Continued

2. Organization and Operation, Continued:

Federal Revenue Sharing Fund - This fund accounts for revenue sharing funds received from the United States Government and the expenditure thereof.

Airport Fund - This fund accounts for revenues derived from rentals from the operator of the airport and the Federal Aviation Administration, and a City aviation gas tax (2 cents per gallon). Expenditures are for basic maintenance and capital outlay incurred in providing airport services to the general public.

Parks and Recreation Fund - This fund accounts for revenues derived from a special three-year levy and expenditure thereof.

Unemployment Reserve Fund - This fund accounts for revenues derived from transfers from other funds to provide for possible unemployment claims under the Unemployment Compensation Act and expenditures thereof. No transfers were made this year as the carryover balance was sufficient to meet claims.

Tourist Promotion Fund - This fund accounts for revenues derived from a 5% tax on transient room rentals and expenditures for tourist promotion by The Chamber of Commerce.

Equipment Reserve Funds - These funds account for the accumulation of resources to provide for the replacement of equipment. Resources of these funds are provided by transfers from other funds.

CETA Fund - This fund accounts for CETA receipts from the Mid-Columbia Economic Development District, and/or the Mid-Columbia Council of Governments, and disbursements for personal services by CETA employees.

Selective Traffic Law Program Fund - This fund accounts for grant revenues from a State of Oregon Traffic Safety Grant and expenditures for selective traffic enforcement.

Crime Prevention Program Fund - This fund accounts for donations received for crime prevention and expenditures for the promotion of crime prevention.

Traffic Safety Program Grant - This fund accounts for grant revenues received from a second Oregon State Traffic Safety Grant and expenditures for consulting services for traffic safety studies.

Bonded Debt (Debt Service) Fund

The Bonded Debt (Debt Service) Fund accounts for monies provided for the payment of general obligation bond principal and interest not specifically payable by other funds, and bond principal and interest on the State Office Building Revenue Bonds.

Enterprise Funds

The Sewer and Water Funds account for the acquisition, operation and maintenance of the municipal sewer and water systems.

CITY OF THE DALLES, OREGON

2. Organization and Operation, Continued:

Enterprise Funds, Continued:

Change in Method of Accounting for Inventories: Enterprise Funds

The City has accounted for inventories at the lower of cost or market on a first-in, first-out basis for the fiscal year ending June 30, 1981. In prior years inventories in the Enterprise Funds were accounted for using the purchases method of accounting and expensed as purchased.

The new method of accounting for inventories was adopted to recognize changes in accounting for governmental entities as a result of new requirements by the Municipal Finance Officers Association as set forth in Governmental Accounting, Auditing, and Financial Reporting, 1980. Because information relating to inventory balances at June 30, 1980 were not available, prior years financial statements and the beginning balances in Retained Earnings for the fiscal year ending June 30, 1981 have not been retroactively adjusted. The cumulative effect of the change for the fiscal year ending June 30, 1981, was to increase net income by \$151,741 and \$31,243 in the Water utility and Sewer utility funds, respectively.

Change in Method of Accounting for Vacation Pay: Enterprise Funds

The City has accrued the liability for vacation pay in the Water Utility and Sewer Utility funds for the fiscal year ending June 30, 1981. In prior years vacation pay was expensed as employees utilized vacation time earned. The new method of accounting for governmental entities as a result of new requirements by the Municipal Finance Officers Organization and Financial Accounting Standards Board Statement No. 43, Accounting for Compensated Absences. Because information relating to the liability for vacation pay at June 30, 1980 was not available, prior years financial statements and the beginning balances in Retained Earnings for the fiscal year ending June 30, 1981 have not been retroactively adjusted. The cumulative effect of the change for the fiscal year ending June 30, 1981, was to decrease net income by \$13,348 and \$13,251 in the Water Utility and Sewer Utility funds, respectively.

Special Assessment Funds

Improvement Fund - This fund accounts for the construction and financing of specific street and sewer projects, the collection of assessments from the benefited property owners and payment of principal and interest on Bancroft Improvement Bonds.

Capital Projects Fund

The Eastside Water Construction Fund was set up to account for the cost of constructing new water mains and a reservoir in the east side of the City. It is financed by U.S. grants, property owner assessments, sale of warrants, and transfers from the Water Fund. The assessments are collected by the Improvement Fund and turned over to this fund. Construction was completed during 1980-81 and the fund was closed early in the 1981-82 fiscal year.

CITY OF THE DALLES, OREGON
NOTES TO FINANCIAL STATEMENTS, Continued

2. Organization and Operation, Continued:

Account Groups

General Fixed Assets Account Group - This account group accounts for the City's investment in fixed assets, with the exception of those assets held by enterprise funds.

General Long-Term Debt Account Group - This account group accounts for the amount of unmatured long-term indebtedness not recorded in the enterprise and special assessment funds and is backed by the full faith and credit of the City.

3. Commitments and Contingencies:

Vacation Pay

Accumulated unpaid vacation pay is accrued when incurred in enterprise funds. Such amounts are not accrued in governmental funds. At June 30, 1981, unrecorded General and Special Revenue Fund liabilities for accumulated unpaid vacation pay was \$47,908 and \$17,584 respectively. These amounts do not exceed a normal year's accumulation.

AUDIT COMMENTS AND DISCLOSURES
REQUIRED BY STATE REGULATIONS

CITY OF THE DALLES, OREGON
AUDIT COMMENTS AND DISCLOSURES
REQUIRED BY STATE REGULATIONS

Oregon Administrative Rules 165-30-100 through 165-30-295 of the Minimum Standards for Audits of Oregon Municipal Corporations, prescribed by the Secretary of State in cooperation with the Oregon State Board of Accountancy, enumerate the financial statements, schedules, comments and disclosures required in audit reports. The required statements and schedules are set forth in the preceding sections of this report. Required comments and disclosures related to our examination of such statements and schedules are set forth following.

CITY OF THE DALLES, OREGON
AUDIT COMMENTS AND DISCLOSURES
REQUIRED BY STATE REGULATIONS

I. Internal Accounting Control:

We have examined the financial statements of the City of The Dalles, Oregon for the year ended June 30, 1980, and have issued our report thereon dated October 2, 1981. As part of our examination, we made a study and evaluation of the City's system of internal accounting control to the extent we considered necessary to evaluate the system as required by generally accepted auditing standards. Under these standards, the purposes of such evaluation are to establish a basis for reliance on the system of internal accounting control in determining the nature, timing and extent of other auditing procedures that are necessary for expressing an opinion on the financial statements and to assist the auditor in planning and performing his examination of the financial statements.

The objective of internal accounting control is to provide reasonable, but not absolute, assurance as to the safeguarding of assets against loss from unauthorized use or disposition, and the reliability of financial records for preparing financial statements and maintaining accountability for assets. The concept of reasonable assurance recognizes that the cost of a system of internal accounting control should not exceed the benefits derived and also recognizes that the evaluation of these factors necessarily requires estimates and judgments by management.

There are inherent limitations that should be recognized in considering the potential effectiveness of any system of internal accounting control. In the performance of most control procedures, errors can result from misunderstanding of instructions, mistakes of judgment, carelessness or other personal factors. Control procedures whose effectiveness depends upon segregation of duties can be circumvented by collusion. Similarly, control procedures can be circumvented intentionally by management either with respect to the execution and recording of transactions or with respect to the estimates and judgments required in the preparation of financial statements. Further, projection of any evaluation of internal accounting control to future periods is subject to the risk that the procedures may become inadequate because of changes in conditions and that the degree of compliance with the procedures may deteriorate.

Our examination of the financial statements made in accordance with generally accepted auditing standards, including the study and evaluation of the City's system of internal accounting control for the year ended June 30, 1981, that was made for the purposes set forth in the first paragraph above, would not necessarily disclose all weaknesses in the system because it was based on selective tests of accounting records and related data.

CITY OF THE DALLES, OREGON
AUDIT COMMENTS AND DISCLOSURES
REQUIRED BY STATE REGULATIONS, Continued

I. Internal Accounting Control, Continued:

The Internal Control system could be improved by separating the cashier function from the account receivable posting function, but staff limitations seem to preclude this.

II. Accounting Records:

The accounting records are kept on a Burroughs automatic bookkeeping machine and are quite adequate considering the limitations of the equipment. If the water and sewer flat rate billings were not posted on the machine, or if some of the posting were done at night, the machine could be used for additional purposes.

III. Adequacy of Collateral Securing Depository Balances:

We examined certificates of participation issued by the City's depositories stating that eligible securities have been pledged by them for the purpose of complying with the provisions of ORS 295.

We compared the City's deposits with the total collateral certificates of participation and the amount insured by F.D.I.C. This comparison revealed that collateral was sufficient during the fiscal year to comply with ORS 295, with the exception of January, February and March when the Oregon Bank collateral was short by \$1,000.

IV. Indebtedness:

The general obligation indebtedness of the City is in compliance with the limitation imposed by ORS 287.004 and 223.295.

V. Budgets and Budgeting Practices:

The City's budgets for fiscal years June 30, 1980 and June 30, 1981 were reviewed. Except as mentioned below, the City has complied with statutory provisions in the preparation and adoption of budgets for the year under audit and the ensuing year:

CITY OF THE DALLES, OREGON
AUDIT COMMENTS AND DISCLOSURES
REQUIRED BY STATE REGULATIONS, Continued

V. Budgets and Budgeting Practices, Continued:

ORS 294.435(4) stipulates that no greater expenditure of public money shall be made for any specific purpose than the amount appropriated therefor. Expenditures exceeded appropriations for several funds, although such expenditures were for the purpose for which the funds were established.

ORS 294.460(1) stipulates that the payment of any loans not repaid in the year in which the loan is made shall be budgeted as a requirement in the ensuing year. Although there are interfund loans, the City has not budgeted any loan repayments.

ORS 294.396 stipulates that the budget message and the budget document shall be prepared a sufficient length of time in advance to allow adoption of the budget by the close of the current fiscal year. The budget resolutions appropriating funds for 1980-81 and 1981-82 were adopted after June 30 of the respective years.

VI. Tax Levies:

The tax levies as certified to the Wasco County Assessor are as follows:

	<u>1980-81</u>	<u>1979-80</u>
General Fund - within 6% limitation	\$ 716,661*	\$ 663,453*
Annexation increase	5,207	12,642
Parks and Recreation Levy	237,641	139,814
Bonded Debt (Debt Service) Fund not subject to 6% limitation	<u>325,942</u>	<u>15,431</u>
	<u>\$1,285,451</u>	<u>\$ 831,340</u>

* 106% of largest levy of the prior three years, constituting General Fund tax base as provided by Article XI, Section 11, Oregon Constitution.

CITY OF THE DALLES, OREGON
AUDIT COMMENTS AND DISCLOSURES
REQUIRED BY STATE REGULATIONS, Continued

VII. Programs Funded from Outside Sources:

A. Federal and State Grants:

We reviewed and tested, to the extent deemed appropriate, transactions and reports of the federal and state programs in which the City participates. We did not consider the scope of our audit engagement required us to make a complete audit examination of each project and our audit opinion on the City's basic financial statements does not cover each individual grant. Each grant is subject to audit by the grantor agency and any adjustments may become a liability of the appropriate fund.

Based on our tests of the accounting records and examination of reports to grantor agencies, we were satisfied as to the propriety of accounting for such expenditures and revenues for the fiscal year ended June 30, 1980, subject to any adjustments subsequently required as a result of audits performed by the grantor agencies.

B. Federal Revenue Sharing:

We reviewed and tested the City's participation in the Federal Revenue Sharing Program for financial compliance as prescribed in the audit guide issued by the Office of Revenue Sharing. The review disclosed no conditions which we considered to be matters of noncompliance.

VIII. Insurance and Fidelity Bonds:

We have examined the City's insurance and fidelity bond coverage at June 30, 1980. We ascertained that such policies appeared to be in force and comply with legal requirements relating to fidelity bond coverage. We are not competent by training to comment on the adequacy of the insurance policies covering City-owned property at June 30, 1981.

CITY OF THE DALLES, OREGON
AUDIT COMMENTS AND DISCLOSURES
REQUIRED BY STATE REGULATIONS, Continued

IX. Other Comments:

A. In April 1977 the City contracted with U.S. Appraisal Co. to appraise the City's fixed assets for insurance purposes. This appraisal updated in March, 1980, did not cover automotive and movable equipment, but by using this appraisal and other listings prepared for insurance purposes a starting place is available for setting up Fixed Asset records. As noted in our report letter, the City has no Fixed Asset ledger, and consequently, no effective control over fixed assets.

B. The City's retirement plan for employees is a money purchase plan in which the City matches contributions made by employees. There is no unfunded liability.

C. Pending litigation involving the City, will, according to counsel, have no adverse impact upon City finances.
