DISCUSSION ITEM

Partnership with Columbia Gorge Community College

Prince introduced Professor Clark, the Advanced Manufacturing Program Professor.

Professor Clark said the students would need framework from the Committee. HE said they could do everything from design to installation, as long as the piece didn't need a crane to install

Prince said the Committee was open to having students design. She said durability was important.

Alsheimer said a kinetic element would be nice.

Grossman said Transportation Manager David Mills said the piece could be 5 feet across and tall, as long as it didn't hinder line of sight for drivers.

Krummrich said she was excited to bring whimsy back to Kelly Triangle.

It was the consensus of the Committee to meet the students at Kelly Triangle before the October 17th meeting. The Committee also wanted to invite David Mills to the meeting for guidance on size and location.

Prince said she would email photos to Professor Clark of the existing wind sculptures.

BEAUTIFICATION COMMITTEE

"To add to the rich cultural history of our place; share the beauty of our community; and instill a sense of pride in our public, private, and communal outdoor spaces."

Brainstorm Ideas

Trees

Grossman updated the Committee on City Manager Klebes request that a member of the Committee and Grossman visit with Hood River and Redmond on their programs and how they are working.

There was some discussion on plantings, hanging baskets, and additional trees that are not doing well.

Ferrer recommended moving forward with information gathering. Nelson, Rahmlow and Ferrer voiced interest in being on the committee meeting with Hood River and Redmond.

Brainstorming list - Krummrich

After some discussion it was the consensus of the Committee that each member would review the list Krummrich provided; pick their top five (or add their own ideas); send top five to Izetta to include in the next agenda.

Security Sign at Dock

There was some discussion about having a sign at the planter at the dock saying "Security Camera in Use".

Grossman said she would check with General Services to see if there is a sign.

Plaque at Dock Planter

Ferrer said it was the consensus of the committee to leave the dots to identify three separate sculpture. Ferrer will have Sign Pro send the invoice to Grossman.

Other Business

Prince announced she had submitted a letter of resignation to Grossman and the Mayor. She said the next meeting would be her last.

After some persuading from the Committee, Prince said she would remain on the Committee, if the Committee agreed it was valuable. She said her job had grown substantially and she couldn't commit to chairing the committee or being in attendance all the time.

The Committee agreed that Prince could attend as possible. She committed to working on the December Holiday Decorations Award committee.

Krummrich said she was resigning in June. She said the Mayor had asked for a four year commitment. She said she wasn't sure if the committee would continue past that date.

BEAUTIFICATION COMMITTEE

"To add to the rich cultural history of our place; share the beauty of our community; and instill a sense of pride in our public, private, and communal outdoor spaces."

Grossman said the Committee sunsets June 30, 2023 unless the Mayor extends the life of the Ad-hoc committee.

Alsheimer said the Master Gardeners would not have the capacity to conduct Secret Garden Tours.

It was recommended that the Master Gardeners be included in the selection of the monthly award process.

Alsheimer said she would let them know at the next meeting. She said she was a Master Gardener.
