 Bob Sanders, Public Works Director

Also Present: Mike Fagan
 Elisabeth Harney

The chairman called on Mike Warren, City Administrator to present the parts of the budget that had not yet been discussed.

The City Administrator began with an introduction of what had been discussed so far, a plan to discuss the water and sewer funds, and then to return to the general budget to decide which items could be placed on the "B" Ballot.

The Sewer Fund was discussed. The Development Fund is reduced because of the reduced level of building. Therefore, there is less revenue from this source. The resources for the Sewer Fund have been projected conservatively because of the uncertainty regarding building activity in the future. Each page was discussed carefully.

The Water Fund was next brought up for discussion. It's revenues from year to year are being depleted even faster than that of the sewer fund. The City will be treating more water and pumping more water in the next year as the new wells are put into operation. A rate increase is indicated.

The City Administrator presented a comparison of the tax rates, levels of the assessed value and level of services offered in seven other Oregon cities of comparable size. The comparison showed that Newberg's tax rate was very low, and with the proposed tax override of "A" and "B" Ballots would still be only up to the average of these other cities.

Items for the "B" Ballot designation were reviewed.

Motion: Gano-McIntosh to accept the recommendation of the Budget Committee for the 1981-1982 Budget and that a resolution be drawn setting an election May 19, 1981 on a special levy not to exceed \$771,222. comprised of an "A" Ballot of \$376,612. and a "B" Ballot not to exceed \$394,610. Carried unanimously.

Motion: Gano-McIntosh to adjourn. Carried unanimously.

SUPPLEMENTAL BUDGET
1980-1981

The Supplemental Budget provides for unforeseen revenues and expenditures for the fiscal year 1980-1981 ending June 30, 1981.

All expenditures are offset by grants. There are no additional taxes required.

Two grants from the State have been received for the library. The grant of \$1,789 is a per capita grant and can be expended as needed. The second grant of \$2,000 is a mini-grant restricted to expenditures for reference materials.

\$2,071 was received from Mid-Willamette Manpower Consortium to reimburse the City for a CETA trainee. The position was a dispatcher trainee charged to the Fire Department Budget.

A grant of \$6,525 has been received from Land Conservation and Development Commission. This is a maintenance grant for comprehensive planning.

Specific expenditures will be as follows:

LIBRARY \$3,789

1-455.223	Supplies	400.00
1-455.251	Books & Periodicals	521.00
1-455.251.1	Books-Reference	2,000.00

A MEETING OF THE
BUDGET COMMITTEE

Council Chambers

Newberg, Oregon

The meeting of the Budget Committee of the City of Newberg was called to order by Mayor Elvern Hall.

Roll Call:

Present:	Maybelle DeMay	Quentin Probst
	Roger Gano	Donna Proctor
	Leland Hall	Rick Rementeria
	Alan Halstead	Wingert Walker
	Eldon McIntosh	Lyle Wilson

Staff Present:

Michael Warren, City Administrator
Herbert Hawkins, Chief of Police
Arvilla Page, City Recorder
Bob Sanders, Public Works Director/Engineer
Doreen Turpen, Head Librarian

Others Present:

Mr. and Mrs. LeRoy Benham
Neil Jacox

The Mayor called for the election of a chairman of the Budget Committee.

Motion: Halstead-Gano to nominate Rick Rementeria, chairman and close the nominations. Rick Rementeria was unanimously elected chairman.

Chairman Rick Rementeria called for the election of a secretary.

Motion: Gano-McIntosh to nominate and unanimously elect Maybelle DeMay secretary. Motion carried unanimously.

Mike Warren commented on the way the budget had been put together by department heads with administrative review and Finance Committee review. He also discussed his memo to the Budget Committee. Quentin Probst questioned why the "A" Ballot amount is smaller than the "B" Ballot amount. Staff explained that the "A" Ballot is the maximum that can be presented to the voters under the regulations of the Legislature for tax sharing. The "B" Ballot represents the remainder needed for the city budget. We have been using water and sewer funds in the past to supplement the general fund and to keep taxes low. This is no longer possible as there is no surplus left in the water and sewer funds.

The Budget Committee then reviewed and discussed the General Budget page by page, asking where cuts had been made in the proposal of the department heads, why certain items had been either increased or decreased in a substantial amount from the last year. Revenue Sharing funds are used to support many parts of the general fund budget. The Committee deplored this dependency and agreed to try to eliminate this dependency in the future.

In summary, it was felt that the 1981-82 Budget was one of straightening out various funds and catching up with some maintenance that has been neglected or put off in past years. The "A" and "B" Budgets will only maintain the service level that has been available in the past. However, the Budget Committee and staff agreed that this was a good year to get things turned around and on a logical basis.

Other budgets that were reviewed were the Storm Sewers, and the State Tax Street Fund.

The meeting of the Budget Committee was adjourned to Monday, March 16, 1981 at 7:30 P.M. to review the remaining department budgets and to decide which items should be on the "B" Ballot.

A MEETING OF THE
BUDGET COMMITTEE

MONDAY, 7:45 P.M.

Mr. Warren reviewed the proposed supplemental budget. All revenues are from State Grants for library, fire and planning.

The library grant is a per capita grant and a special grant for purchase of reference material.

The planning grant is from LCDC for comprehensive plan maintenance. Part of the grant money will be used to do a housing quality survey which will be of use on an application for a Community Development Block Grant.

The third budget item is CETA funds for a fire dispatch training position.

Motion: Grobey-McIntosh that the proposed supplemental budget for 1980-1981 be adopted. Carried unanimously by those present.

Motion: Probst-Hall to adjourn. Carried unanimously by those present.

For many years the Chehalem Valley Senior Citizens Council has been discussing the problem of the lack of facilities within the Newberg area for the elderly. The City of Newberg has one of the highest percentages of Senior Citizens within the entire State, yet there is no facility or central meeting place for these long time residents.

The Chehalem Valley Senior Citizens Council respectfully request, on behalf of the over 500 signatures listed below a sum of \$ 100,000. to be included within the proposed budget. The sum would then be used toward the Senior Citizen building along with other monies from donations and civic projects.

We sincerely hope that the City Council will take into account the many names and the varying ages of the people signing the petition. All of the undersigned agree to assist in whatever manner possible to pass OUR BUDGET for the upcoming year.

For many years the Chehalem Valley Senior Citizens Council has been discussing the problem of the lack of facilities within the Newberg area for the elderly. The City of Newberg has one of the highest percentages of Senior Citizens within the entire State, yet there is no facility or central meeting place for these long time residents.

The Chehalem Valley Senior Citizens Council respectfully request, on behalf of the over 500 signatures listed below a sum of \$ 100,000. to be included within the proposed budget. The sum would then be used toward the Senior Citizen building along with other monies from donations and civic projects.

We sincerely hope that the City Council will take into account the many names and the varying ages of the people signing the petition. All of the undersigned agree to assist in whatever manner possible to pass OUR BUDGET for the upcoming year.

For many years the Chehalem Valley Senior Citizens Council has been discussing the problem of the lack of facilities within the Newberg area for the elderly. The City of Newberg has one of the highest percentages of Senior Citizens within the entire State, yet there is no facility or central meeting place for these long time residents.

The Chehalem Valley Senior Citizens Council respectfully request, on behalf of the over 500 signatures listed below a sum of \$ 100,000. to be included within the proposed budget. The sum would then be used toward the Senior Citizen building along with other monies from donations and civic projects.

We sincerely hope that the City Council will take into account the many names and the varying ages of the people signing the petition. All of the undersigned agree to assist in whatever manner possible to pass OUR BUDGET for the upcoming year.
