Please explain why you would like to serve on this committee and give any other background you might have in this area.

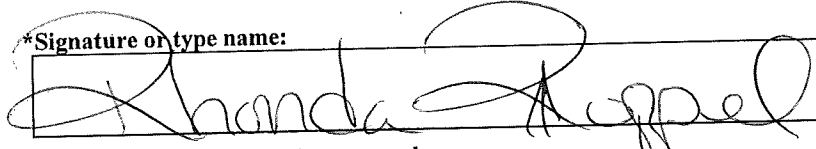

My reasons for wanting to become involved are simple; I am a homeowner in Molalla raising grand-children who are enrolled in local schools. I would love for Molalla to become more than a "bedroom community" and grow our local economy. Although growth in a small town can cause anxiety, coming from small towns myself, I know it can be done while preserving the appeal and history of Molalla.

If applying for re-appointment to this Commission/Board/Committee/Task Force, please indicate what has been the key accomplishment of the group during your service.

N/A

If you could make any improvement to the Commission/Board/Committee/Task Force, what would it be?

I am unable to speak on how I would improve the Planning Commission at this time. I would like the opportunity to participate and collaborative look for ways to improve how we work together and with the community. Consistant participation on this Commission seems to be lacking and I am committed to showing up for meetings and adding a productive voice to this group.
