Subject: Arkema Quarter 1, 2023 Groundwater Monitoring Report  
Arkema Facility, ECSI No. 398

Dear Mr. Slater:

The Oregon Department of Environmental Quality received the *Arkema Quarter 1, 2023 Groundwater Monitoring Report* dated June 2023. Environmental Resources Management (ERM) prepared the report for Legacy Site Services LLC (Legacy). DEQ has the following comment.

- 1) Data quality issues continue to be noted. Laboratory issues (hold time exceedances, blank contamination, etc..) related to the analysis of VOCs seem to persist. DEQ requests that additional measures be taken to ensure high quality data is collected.

Please contact me at 503-860-3943 or by email at [Katie.Daugherty@deq.oregon.gov](mailto:Katie.Daugherty@deq.oregon.gov) if you have any questions.

Sincerely,

*Katie DAUGHERTY*
