

Water Quality Fees 2024

Draft Rules – Edits Highlighted

Key to Identifying Changed Text:

~~Deleted Text~~

New/inserted text

Note: DEQ is not proposing to amend any rule language except for the fees found in the tables attached to the rules. The only exception to this is that DEQ is proposing to move the fees found in the rule text of OAR 340-049-0065 into a table that will be attached to this rule. Proposed fees can be found in the tables starting on page 13 of this document.

Division 45

REGULATIONS PERTAINING TO NPDES, WPCF, and UIC PERMITS

340-045-0075

Permit Fee Schedule

(1) OAR chapter 340, division 71 contains the fee schedule for onsite sewage disposal system permits, including WPCF permits, and graywater reuse and disposal system WPCF individual permits.

(2) DEQ establishes fees for various industrial, domestic and general water quality permits:

(a) Table 70A lists the application and modification fees that apply to industrial NPDES and WPCF individual permits.

(b) Table 70B lists the annual fees that apply to industrial NPDES and WPCF individual permits.

(c) Table 70C lists application, modification and annual fees for domestic NPDES and WPCF individual permits.

(d) Table 70D lists annual population fees.

(e) Table 70E lists annual pretreatment fees applicable to domestic wastewater systems.

(f) Table 70I lists application, annual and surcharge fees for Underground Injection Control rule authorizations and general permits.

(3) DEQ must consider the following criteria when classifying a facility for determining applicable fees. For industrial sources that discharge to surface waters, discharge flow rate refers to the system design capacity. For industrial sources that do not discharge to surface waters, discharge flow refers to the total annual flow divided by 365:

(a) Tier 1 industry. A facility is classified as a Tier 1 industry if the facility:

(A) Discharges at a flow rate that is greater than or equal to 1 mgd; or

- (B) Discharges large biochemical oxygen demand loads; or
 - (C) Is a large metals facility; or
 - (D) Has significant toxic discharges; or
 - (E) Has a treatment system that will have a significant adverse impact on the receiving stream if not operated properly; or
 - (F) Needs special regulatory control, as DEQ determines.
- (b) Tier 1 domestic facility. A facility is classified as a Tier 1 domestic facility if the facility:
- (A) Has a dry weather design flow of 1 mgd or greater; or
 - (B) Serves an industry that can have a significant impact on the treatment system.
- (c) Tier 2 industry or domestic facility: A facility is classified as Tier 2 if it does not meet Tier 1 qualifying factors.
- (4) New permit application fee. Unless this rule does not require it, the applicant must submit the applicable new permit application fee listed in Table 70A, 70C, 70G, or 70I with each application. The facility category and type of permit (e.g., individual vs. general) determines the amount of the fee.
- (5) Permit modification fee. Tables 70A and 70C list the permit modification fees. Modification fees for Individual WPCF Underground Injection Control permits are contained in Table 70I. Permit modification fees vary with the type of permit, the type of modification and the timing of modification as follows:
- (a) Modification at time of permit renewal:
- (A) Major modification — involves an increase in effluent limitations or any other change that involves significant analysis by DEQ;
 - (B) Minor modification — does not involve significant analysis by DEQ.
- (b) Modification prior to permit renewal:
- (A) Major modification — involves an increase in effluent limitations or any other change that involves significant analysis by DEQ. DEQ may require a permittee requesting a significant modification to their permit to enter into an agreement to pay for these services according to ORS 468.073. ORS 468.073 allows DEQ ". . . to expedite or enhance a regulatory process by contracting for services, hiring additional staff or covering costs of activities not otherwise provided during the ordinary course of department business"
 - (B) Minor modification — does not involve significant analysis by DEQ.
- (6) Annual fees. Tables 70B and 70G list applicable annual fees for general and industrial permit holders. Table 70H lists applicable annual fees for Municipal Separate Storm Sewer permits. Tables 70C, 70D, and 70E also list annual fees for domestic sources and include the following:
- (a) Annual fee. This is based on the type of treatment system, the dry weather design flow, and the duration assigned to the permit before a renewal application is required;

(b) Population-based fee. A permit holder with treatment systems other than Type F (septage alkaline stabilization facilities) must pay an annual population-based fee. Table 70D lists the applicable fee;

(c) Pretreatment fee. A source DEQ requires to administer a pretreatment program under federal pretreatment program regulations (40 C.F.R., Part 403; January 29, 1981, and its amendments) must pay an additional annual fee plus a fee for each significant industrial user specified in their annual report for the previous year. Table 70E lists the applicable fee.

(7) Technical activities fee. Table 70F lists the technical activity, plan review and administrative fees. They are categorized as follows:

(a) All permits. A permittee must pay a fee for NPDES and WPCF individual and general permit-related technical activities. DEQ will charge a fee for initial submittal of engineering plans and specifications. DEQ will not charge fees for revisions and re-submittals of engineering plans and specifications or for facilities plans, design studies, reports, change orders, or inspections.

(b) General permits. A permittee must pay the technical activity fee shown in Table 70F when the following activities are required for application review:

(A) Disposal system and environmental management plan review;

(B) Site inspection and evaluation.

(8) For permits the Oregon Department of Agriculture administers, the permit applicant or permit holder must pay the permit fees following the fee schedule the Oregon Department of Agriculture establishes.

(9) Administrative activity fees are listed in Table 70F:

(a) The annual electronic reporting requirement waiver fee applies to permit holders who qualify for a temporary or permanent waiver exempting them from submitting data and reports electronically.

(b) A permittee must pay a fee for a transfer of ownership as specified under OAR 340-045-0045 and for requests to change the legal or common name on the permit issued to the facility.

Division 48

REGULATIONS PERTAINING TO 401 DREDGE AND FILL WATER QUALITY CERTIFICATION

340-048-0055

Fee Schedule for Certifications

- (1) Applicability. The fees established in this rule apply to any person, including a federal agency, submitting an application for certification to DEQ.
- (2) Fee Determinations. To determine the appropriate fee to process and review an application for certification, DEQ will do the following:
 - (a) Perform an initial review of the application and other materials submitted;
 - (b) Determine the estimated program costs incurred by DEQ in reviewing the proposed project based on the types of tasks expected, the amount of staff time and other expenses, and assign a tier using the criteria in Section (3);
 - (c) Submit an invoice or, if necessary, multiple invoices, to the applicant based on the appropriate fee schedule provided in Section (4); and

(d) As necessary, revise an assigned tier based on documentation of the expected types of tasks or program costs incurred, if appropriate, and notify the applicant of such revisions.

(3) Project Tiers. The following tier schedule describes the types of tasks expected to appropriately process and review proposed projects for certification:

(a) Tier 1 — This tier applies to those projects that incur minimal program costs and impacts to water quality. To qualify under this tier, the project must meet the following:

(A) Potential for minimal impacts to water quality;

(B) Low level of public participation;

(C) No more than standard coordination with federal state or local agencies required;

(D) Stormwater management plan review not required or will be addressed through the National Pollutant Discharge Elimination System permitting process;

(E) Limited technical assistance needed; or

(F) Within the scope of a United States Army Corps of Engineers Nationwide 404 category requiring a DEQ 401 certification and involving only a stormwater management plan or sediment evaluation review component;

(G) Within the scope of the proposed application, the project has been modified or altered that the DEQ 401 review and certification requires re-issuance, including DEQ public notice.

(b) Tier 2A — This tier applies to those projects that incur a higher than minimal amount of program costs and impacts to water quality. To qualify under this tier, the project must meet some of the following:

(A) Potential for greater than minimal impacts to water quality;

(B) Basic level of public participation required, including but not limited to response to comment;

(C) No more than standard coordination with federal state or local agencies required;

(D) Limited stormwater management plan review or technical assistance to a reviewing permitted entity or agent required;

(E) Limited technical assistance needed; or

(F) Sediment characterization, if required, finds sediment and new surface suitable for in-water exposure.

(c) Tier 2B — This tier applies to those projects that incur higher program costs due to greater potential impacts on water quality. To qualify for this tier, the project must meet a majority of the following:

(A) Potential for greater water quality impacts if the waterway is identified on DEQ's 303(d) list or is covered by a total maximum daily load, or multiple waters of the state are affected;

(B) High level of public participation required with potential for one or more public meetings or hearings;

(C) More than standard coordination with multiple federal, state or local agencies required, including but not limited to one or more meetings or pre-application site visit;

- (D) Complex stormwater management plan review and coordination required;
- (E) Moderate and on-going level of technical assistance needed;
- (F) Large or complex compensatory mitigation review required;
- (G) Sediment characterization, if required, finds sediment or new surface unsuitable for in-water exposure, so that coordination with the DEQ Solid Waste or Environmental Cleanup programs is necessary; or
- (H) Preparation of a full evaluation and findings report needed.

(d) Tier 3 — This tier applies to those projects that incur very high program costs because a large area is affected, a high degree of complexity is involved or greater potential water quality impacts may result. To qualify for this tier, the project must meet a majority of the following:

- (A) Potential for greater water quality impacts if the waterway is identified on DEQ's 303(d) list or covered by a total maximum daily load, or multiple waters of the state are affected;
- (B) High level of public participation required with extensive public comments and the potential for one or more public meetings or hearings;
- (C) Substantially more than standard coordination with multiple federal, state or local agencies required, including but not limited to one or more meetings;
- (D) Complex stormwater management plan review and coordination required;
- (E) High level or iterative technical assistance required or substantive project revisions received;
- (F) Large or complex compensatory mitigation review required;
- (G) Site visit(s) needed to understand impacts and advise on potential alternatives;
- (H) Sediment characterization finds sediment or new surface unsuitable for in-water exposure or contaminated soil is likely to be present, so that coordination with the DEQ Solid Waste or Environmental Cleanup Programs is necessary; or
- (I) Preparation of a full evaluation and findings report needed.

(e) Tier 4 — This tier applies to those projects that incur the highest program costs because a very large area is affected, an extremely high degree of complexity is involved, or a very high level of public participation is expected. To qualify for this tier, the project must meet all of the following:

- (A) All of the applicable factors identified in Tier 3; and
- (B) Coordination with the Governor's Office in conjunction with other state agencies, tribal nations and the federal government;
- (C) Review of additional documents such as National Environmental Policy Act Resource Reports, Environmental Assessments and Environmental Impact Statements.

(4) Fee Schedules. The following fees apply to tiers assigned under Sections (2) and (3):

(a) As of July 31, 2013, the following fees apply:

- (A) Tier 1 — \$985
- (B) Tier 2A — \$4,390
- (C) Tier 2B — \$12,105
- (D) Tier 3 — \$17,780
- (E) Tier 4 — \$14,020 per month or average monthly cost of a senior level technical staff position.

(b) In lieu of fees established by this section, DEQ may at its discretion enter into an intergovernmental agreement with another state or federal agency that provides for the payment of the estimated or actual costs of processing an application for certification.

(5) Review of Fee Determinations. An applicant may seek review of DEQ's determination of the appropriate fee as follows:

(a) An applicant may seek review of the fee determination by submitting a written request to the DEQ regional administrator within 30 days of receipt of an invoice. The request must state the specific reasons and provide documentation that the applicant believes supports a different fee amount. Upon receiving such a request, the DEQ regional administrator must respond within 60 days of receipt and render a decision.

(b) That decision may include:

(A) Determination that a different fee tier will apply subject to making specifically identified modifications to the proposed project;

(B) Denial of a request for a different fee amount; or;

(C) The determination that the proposed project meets the criteria for a different tier.

(c) If an applicant is not satisfied by the decision of the DEQ regional administrator, the applicant is entitled to request review by the DEQ director in the same manner as described in subsections (a) and (b) above.

(d) An applicant who is dissatisfied with the review of the director retains the right to a contested case hearing as provided in ORS chapter 183, provided the applicant has sought relief through subsections (a) through (c).

(6) Certification of Hydroelectric Projects. Fees for certification of a hydroelectric project as proposed to be licensed by the Federal Energy Regulatory Commission must be paid in accordance with ORS 468.065(3). Fees for a certification related to a hydroelectric project but for a license or approval not issued by the Federal Energy Regulatory Commission are based on the actual expenses incurred by the department, including expenses of the Environmental Quality Commission, related to the certification review and decision. In consultation with the applicant, DEQ will establish a periodic basis for billing the applicant.

(7) DEQ may approve a payment schedule for fees, including the submission of multiple invoices, for multi-year projects or projects assigned as a Tier 4.

(8) DEQ must receive the payment of the full invoiced fee before issuing a certification, and a review made pursuant to subsection (5) does not suspend the requirement to pay the appropriate fee. An application for certification is considered withdrawn if the applicant fails to pay the appropriate fee within 90 days of the invoice date. An applicant may request that

DEQ grant an extension of time to pay the appropriate fee to an applicant upon a showing of good cause, and DEQ will continue processing the application for certification. DEQ may refund the fee or some portion if it determines that no certification is required, that minimal program costs were not incurred, a revised tier assignment is provided or the wrong application has been filed.

Division 71
REGULATIONS PERTAINING TO ONSITE WASTEWATER TREATMENT
SYSTEM FEES

340-071-0140

Onsite System Fees

(1) This rule establishes the fees for site evaluations, permits, reports, variances, licenses, and other services DEQ provides under this division.

(2) Table 9A lists the site evaluation and existing system evaluation fees. [NOTE: All tables are found in OAR 340-071-0800.]

(3) Tables 9B and 9C list the permitting fees for systems not subject to WPCF permits. Online submittals for annual report evaluation fees may apply when DEQ implements online reporting. [NOTE: All tables are found in OAR 340-071-0800.]

(4) WPCF permit fees. Fees in this section apply to WPCF permits issued under OAR 340-071-0162. Table 9D lists the WPCF permit fees. [NOTE: All tables are found in OAR 340-071-0800.]

(5) Table 9F lists the innovative, Alternative Technology and Material Plan Review fees. [NOTE: All tables are found in OAR 340-071-0800.]

(6) Table 9E lists the Sewage Disposal Service License and Truck Inspection fees. [NOTE: All tables are found in OAR 340-071-0800.]

(7) Compliance Recovery Fee. When a violation results in an application in order to comply with the requirements in this division, the agent may require the applicant to pay a compliance recovery fee in addition to the application fee. The amount of the compliance recovery fee shall not exceed the application fee. Such violations include but are not limited to installing a system without a permit, performing sewage disposal services without a license, or failure to obtain an authorization notice when it is required.

(8) Land Use Review Fee. Land use review fees are listed in Table 9C and are assessed when an agent review is required in association with a land use action or building permit

application and no approval is otherwise required in the division. [NOTE: All tables are found in OAR 340-071-0800.]

(9) Contract county fee schedules.

(a) Each county having an agreement with DEQ under ORS 454.725 must adopt a fee schedule for services rendered and permits issued. The county fee schedule may not include DEQ's surcharge established in section (10) of this rule unless identified as a DEQ surcharge.

(b) The county must submit a copy of the fee schedule and any subsequent amendments to the schedule to DEQ.

(c) Fees may not exceed actual costs for efficiently conducted services.

(10) DEQ surcharge.

(a) To offset a portion of the administrative and program oversight costs of the statewide onsite wastewater management program, DEQ and contract counties must levy a surcharge for each site evaluation, report permit, and other activity for which an application is required in this division. The surcharge fee is listed in Table 9F. This surcharge does not apply to pumper truck inspections, annual report evaluation fees, or certification of installers or maintenance providers. [NOTE: All tables are found in OAR 340-071-0800.]

(b) Proceeds from surcharges DEQ and contract counties collect must be accounted for separately. Each contract county must forward the proceeds to DEQ under its agreement with the DEQ.

(11) Refunds. DEQ may refund all or a portion of a fee accompanying an application if the applicant withdraws the application before any field work or other substantial review of the application has been done.

[NOTE: All tables are found in OAR 340-071-0800.]

Division 49
REGULATIONS PERTAINING TO OPERATOR CERTIFICATION AND
OPERATOR CERTIFICATION PROGRAM SUPPORT FEES

340-049-0065

Fee Schedules for Wastewater System Operator Certification and Operator Certification Program Support

(1) Operator Certification Fee Schedule. Fees for new applications for certification, fees related to taking the exam, fees for evaluating reciprocity, fees for renewal of certification, and fees for reinstating certificates are found in Table A.

~~(1) Operator Certification Fee Schedule (See Table A below)~~

~~(a) Application Fee:~~

~~(A) Small Wastewater Systems: \$140~~

~~(B) Grade I or Grade I Provisional Treatment or Collection: \$140;~~

~~(C) Grade I or Grade I Provisional Treatment and Collection: \$200;~~

~~(D) Grade II Treatment or Collection: \$170;~~

~~(E) Grade III Treatment or Collection: \$200; and~~

~~(F) Grade IV Treatment or Collection: \$240.~~

~~(b) Examination Fee: \$100~~

~~(c) Re-examination or Reschedule Examination Fee: \$240~~

~~(d) Post-examination Application Fee: \$50~~

~~(e) Reciprocity Application Fee~~

~~(A) Grade I—Treatment or Collection: \$160;~~

~~(B) Grade I—Treatment and Collection: \$240;~~

~~(C) Grade II Treatment or Collection: \$190;~~

~~(D) Grade III Treatment or Collection: \$220; and~~

~~(E) Grade IV Treatment or Collection: \$260.~~

~~(f) Two-year Certificate Renewal Fee—One certificate or two: \$160~~

~~(g) Certificate Reinstatement and Renewal Fee—One certificate or two: \$280~~

~~(h) Certificate and Renewal Document Replacement: \$50~~

(2) Operator Certification Program Support Fee Schedule. The annual fee paid by wastewater systems to support the wastewater operator certification program is in Table B.

~~(2) Operator Certification Program Support Fee Schedule (See Table B below):~~

~~(a) Annual Operator Certification Program Support Fee—Wastewater Systems:~~

~~(A) ADWF less than 0.075 MGD: \$80;~~

~~(B) ADWF 0.075—0.499 MGD: \$100;~~

~~(C) ADWF 0.500—0.999 MGD: \$190;~~

~~(D) ADWF 1.0—1.999 MGD: \$360;~~

~~(E) ADWF 2.0—4.999 MGD: \$840;~~

~~(F) ADWF 5.0—9.999 MGD: \$1,840;~~

~~(G) ADWF 10.0—19.999 MGD: \$3,600;~~

~~(H) ADWF 20.0—29.999 MGD: \$6,000;~~

~~(I) ADWF 30.0 — 39.999 MGD: \$8,400;~~

~~(J) ADWF 40.0 — 59.999 MGD: \$12,000;~~

~~(K) ADWF 60.0 — 79.999 MGD: \$16,800;~~

~~(L) ADWF 80.0 — 119.999 MGD: \$24,000; and~~

~~(M) ADWF 120.0 MGD or greater: \$33,600.~~

~~(b) Late Fee: \$50 or 10 percent of the appropriate annual operator certification program support fee in subsection (a) above, whichever is greater.~~

Fee Tables

AR 340-045-0075 Table 70A Industrial NPDES and WPCF Individual Permits: Application and Modification Fees Effective November 1, 2023 <u>November 1, 2024</u>			
Application fees for new industrial permits			
Tier 1 Industrial Facilities	\$90,139 <u>\$92,843</u>		
Tier 2 Industrial Facilities	\$18,139 <u>\$18,683</u>		
Special WPCF Permits (OAR 340-045-0061)	\$856 <u>\$881</u>		
Note: New permit applications must include the annual fee specified in Table 70B in addition to the new permit application fee listed above. The application fee is not required for renewal unless a modification is needed or requested.			
Modification Fees ¹			
	Major		Minor
	At Permit Renewal	Prior to Expiration	
Tier 1 Industrial Facilities	\$22,645 <u>\$23,324</u>	\$44,997 <u>\$46,346</u>	\$1,577 <u>\$1,624</u>
Tier 2 Industrial Facilities	\$5,757 <u>\$5,929</u>	\$8,991 <u>\$9,260</u>	\$1,577 <u>\$1,624</u>
1. A new application, application fee and modification fee must accompany all requests for permit modification. DEQ may charge the environmental management plan review fee amount in Table 70F when only the environmental management plan required by the permit requires review.			

OAR 340-045-0075

Table 70B

Industrial NPDES and WPCF Individual Permit Annual Fees

Effective ~~November 1, 2023~~ **November 1, 2024**

Type	Description	NPDES Tier 1	NPDES Tier 2	WPCF Tier 1	WPCF Tier 2
B01	Pulp, paper, or other fiber pulping industry	\$31,518 <u>\$32,463</u>	N	\$29,252 <u>\$30,129</u>	N
Food or beverage processing - includes produce, meat, poultry, seafood or dairy for human, pet, or livestock consumption:					
B02	Washing or packing only	N	\$4,380 <u>\$4,511</u>	N	\$4,032 <u>\$4,152</u>
B03	Processing – small. Flow ≤ 0.1 mgd, or 0.1 < flow < 1 mgd for less than 180 days per year	N	\$6,550 <u>\$6,746</u>	N	\$6,197 <u>\$6,382</u>
B04	Processing – medium. 0.1 mgd < Flow < 1 mgd for 180 or more days per year, or flow ≥ 1 mgd for less than 180 days per year	N	\$9,243 <u>\$9,520</u>	N	\$8,890 <u>\$9,156</u>
B05	Processing – large. Flow ≥ 1 mgd for 180 or more days per year	\$31,518 <u>\$32,463</u>	\$27,694 <u>\$28,524</u>	\$29,252 <u>\$30,129</u>	\$27,337 <u>\$28,157</u>
Primary Smelting or Refining:					
B06	Aluminum	\$31,518 <u>\$32,463</u>	\$27,694 <u>\$28,524</u>	\$29,252 <u>\$30,129</u>	\$27,337 <u>\$28,157</u>
B07	Non-ferrous metals utilizing sand chlorination separation facilities	\$31,518 <u>\$32,463</u>	\$27,694 <u>\$28,524</u>	\$29,252 <u>\$30,129</u>	\$27,337 <u>\$28,157</u>
B08	Ferrous and non-ferrous metals not elsewhere classified	\$18,023 <u>\$18,563</u>	\$14,197 <u>\$14,622</u>	\$15,757 <u>\$16,229</u>	\$13,848 <u>\$14,263</u>
B09	Chemical manufacturing with discharge of process wastewater	\$31,518 <u>\$32,463</u>	\$27,694 <u>\$28,524</u>	\$29,252 <u>\$30,129</u>	\$27,337 <u>\$28,157</u>
B10	Cooling water discharges in excess of 20,000 BTU per second	\$18,023 <u>\$18,563</u>	\$14,197 <u>\$14,622</u>	\$15,757 <u>\$16,229</u>	\$13,848 <u>\$14,263</u>
Mining Operations – includes aggregate or ore processing:					
B11	Large (over 500,000 cubic yards per year or involving chemical leaching)	\$31,518 <u>\$32,463</u>	\$27,694 <u>\$28,524</u>	\$29,252 <u>\$30,129</u>	\$27,337 <u>\$28,157</u>
B12	Medium (100,000 to 500,000 cubic yards per year)	N	\$9,696 <u>\$9,986</u>	N	\$9,343 <u>\$9,623</u>
B13	Small (less than 100,000 cubic yards per year)	N	\$2,950 <u>\$3,038</u>	N	\$2,598 <u>\$2,675</u>

Table 70F
All NPDES and WPCF¹ Permits:
Technical Activity, Plan Review, and Other Fees
Effective ~~November 1, 2023~~ November 1, 2024

Activity	Fee
New or substantially modified sewage treatment facility	\$ 13,182 <u>\$13,577</u>
Minor facility or pump station modifications	\$ 1,432 <u>\$1,474</u>
Major system or pressure system expansion	\$ 1,004 <u>\$1,034</u>
Minor system expansion or modification	\$ 284 <u>\$292</u>
New or substantially modified septage alkaline stabilization facility	\$ 1,432 <u>\$1,474</u>
Site inspection and evaluation ²	\$ 2,244 <u>\$2,311</u>
Disposal system plan review ²	\$ 897 <u>\$923</u>
Environmental management plan review ³	\$ 897 <u>\$923</u>
Other Fees	
Annual temporary or permanent electronic reporting requirement waiver	\$ 1,092 <u>\$1,124</u>
Permit transfer, legal name change.	\$ 139 <u>\$143</u>

1. Does not include Onsite septic systems. Please see Tables 9A-9F in OAR 340-071 for appropriate technical activity fees.
2. This fee only applies when these activities are required for DEQ's review of a general permit application.
3. This fee is not charged to new applicants for individual NPDES and WPCF permits. Plans updated after the permit is issued are subject to plan review as specified in the permit. This includes but is not limited to biosolids management plan and recycled water use plan.

OAR 340-045-0075

Fee Tables

OAR 340-045-0075 Table 70A Industrial NPDES and WPCF Individual Permits: Application and Modification Fees Effective November 1, 2024			
Application fees for new industrial permits			
Tier 1 Industrial Facilities	\$92,843		
Tier 2 Industrial Facilities	\$18,683		
Special WPCF Permits (OAR 340-045-0061)	\$881		
Note: New permit applications must include the annual fee specified in Table 70B in addition to the new permit application fee listed above. The application fee is not required for renewal unless a modification is needed or requested.			
Modification Fees¹			
	Major		Minor
	At Permit Renewal	Prior to Expiration	
Tier 1 Industrial Facilities	\$23,324	\$46,346	\$1,624
Tier 2 Industrial Facilities	\$5,929	\$9,260	\$1,624
1. A new application, application fee and modification fee must accompany all requests for permit modification. DEQ may charge the environmental management plan review fee amount in Table 70F when only the environmental management plan required by the permit requires review.			

OAR 340-045-0075

Table 70B

Industrial NPDES and WPCF Individual Permit Annual Fees

Effective November 1, 2024

Type	Description	NPDES Tier 1	NPDES Tier 2	WPCF Tier 1	WPCF Tier 2
B01	Pulp, paper, or other fiber pulping industry	\$32,463	N	\$30,129	N
Food or beverage processing - includes produce, meat, poultry, seafood or dairy for human, pet, or livestock consumption:					
B02	Washing or packing only	N	\$4,511	N	\$4,152
B03	Processing – small. Flow \leq 0.1 mgd, or 0.1 < flow < 1 mgd for less than 180 days per year	N	\$6,746	N	\$6,382
B04	Processing – medium. 0.1 mgd < Flow < 1 mgd for 180 or more days per year, or flow \geq 1 mgd for less than 180 days per year	N	\$9,520	N	\$9,156
B05	Processing – large. Flow \geq 1 mgd for 180 or more days per year	\$32,463	\$28,524	\$30,129	\$28,157
Primary Smelting or Refining:					
B06	Aluminum	\$32,463	\$28,524	\$30,129	\$28,157
B07	Non-ferrous metals utilizing sand chlorination separation facilities	\$32,463	\$28,524	\$30,129	\$28,157
B08	Ferrous and non-ferrous metals not elsewhere classified	\$18,563	\$14,622	\$16,229	\$14,263
B09	Chemical manufacturing with discharge of process wastewater	\$32,463	\$28,524	\$30,129	\$28,157
B10	Cooling water discharges in excess of 20,000 BTU per second	\$18,563	\$14,622	\$16,229	\$14,263
Mining Operations – includes aggregate or ore processing:					
B11	Large (over 500,000 cubic yards per year or involving chemical leaching)	\$32,463	\$28,524	\$30,129	\$28,157
B12	Medium (100,000 to 500,000 cubic yards per year)	N	\$9,986	N	\$9,623
B13	Small (less than 100,000 cubic yards per year)	N	\$3,038	N	\$2,675
All facilities not elsewhere classified which dispose of process wastewater (includes remediated groundwater):					
B14	Tier 1 sources	\$32,463	N	\$30,129	N
B15	Tier 2 sources	N	\$6,279	N	\$5,922

**All NPDES and WPCF¹ Permits: Technical Activity, Plan Review,
and Other Fees**

Effective November 1, 2024

Activity	Fee
New or substantially modified sewage treatment facility	\$13,577
Minor facility or pump station modifications	\$1,474
Major system or pressure system expansion	\$1,034
Minor system expansion or modification	\$292
New or substantially modified septage alkaline stabilization facility	\$1,474
Site inspection and evaluation ²	\$2,311
Disposal system plan review ²	\$923
Environmental management plan review ³	\$923
Other Fees	
Annual temporary or permanent electronic reporting requirement waiver	\$1,124
Permit transfer, legal name change.	\$143

4. Does not include Onsite septic systems. Please see Tables 9A-9F in OAR 340-071 for appropriate technical activity fees.
5. This fee only applies when these activities are required for DEQ's review of a general permit application.
6. This fee is not charged to new applicants for individual NPDES and WPCF permits. Plans updated after the permit is issued are subject to plan review as specified in the permit. This includes but is not limited to biosolids management plan and recycled water use plan.

**SITE EVALUATION AND EXISTING
SYSTEM EVALUATION FEES**

Effective August 1, 2024

New Site Evaluation Fees

Fees in this section apply to each system for which site suitability is evaluated

Single family dwelling - First lot	\$819
Single family dwelling - Each additional lot evaluated during initial visit	\$819
Commercial facility with a design capacity of 1,000 gpd or less	\$819
Commercial facility with a design capacity of 1,001-1,500 gpd	\$1,031
Commercial facility with a design capacity of 1,501-2,000 gpd	\$1,243
Commercial facility with a design capacity of 2,001-2,500 gpd	\$1,455
Commercial facility s with a design capacity of 2,501-3,000 gpd	\$1,668
Commercial facility with a design capacity of 3,001-3,500 gpd	\$1,880
Commercial facility with a design capacity of 3,501-4,000 gpd	\$2,091
Commercial facility with a design capacity of 4,001-4,500 gpd	\$2,303
Commercial facility with a design capacity of 4,501-5,000 gpd	\$2,516
Commercial facility with a design flow greater than 5,000 gpd	\$2,776
Site Evaluation Report Review fee	\$771
Existing System Evaluation Report fee	\$771

OAR 340-071-0140

TABLE 9B

**PERMITTING FEES FOR SYSTEMS NOT
SUBJECT TO WPCF PERMITS**

Effective August 1, 2024

Type of Fee		System Type					Plan Review fees for Commercial Facility Systems
		A	B	C	D	E	
Construction- Installation Permit Fees	For systems with a design capacity of less than 600 gpd	\$539	\$1,041	\$1,214	\$1,488	\$1,832	\$0
	For systems with a design capacity of 601-1,000 gpd	\$539	\$1,041	\$1,214	\$1,488	\$1,832	\$443
	For systems with a design capacity of 1,001-1,500 gpd	\$655	\$1,157	\$1,330	\$1,581	\$2,000	\$520
	For systems with a design capacity of 1,501-2,000 gpd	\$771	\$1,272	\$1,446	\$1,676	\$2,062	4597
	For systems with a design capacity of 2,001-2,500 gpd	\$886	\$1,388	\$1,561	\$1,770	\$2,178	\$675
Reinspection fee		\$120	\$120	\$120	\$120	\$120	\$120
Pump Evaluation fee. For all permits that specify the use of a pump or dosing siphon except for sand filter, Alternative treatment technologies, Recirculating gravel filter, and pressurized distribution systems		\$77	\$77	\$77	\$77	\$77	\$77

System Type Key:

Type A = Gray Water waste disposal sumps

Type B = Holding tanks

Type C = Standard subsurface, Absorption trenches in saprolite, Redundant, Seepage trench, Steep slope

Type D = Alternative treatment technologies, Capping fill, Pressurized distribution, Tile dewatering

Type E = Recirculating gravel filter, Sand filter (commercial or residential)

WPCF PERMIT FEES

Effective November 1, 2024

	Application filing fee (all systems)	Permit processing fees for onsite systems with a design capacity of 1,200 gpd or less	Permit processing fees for onsite systems with a design capacity over 1,200 gpd
New application	\$126	\$1,025	\$5,125
Permit renewal (involving request for effluent limit modifications)	\$126	\$509	\$2,565
Permit renewal (without request for effluent limit modifications)	\$126	\$257	\$1,279
Permit modification (involving increase in effluent limitations)	\$126	\$509	\$2,565
Permit modification (not involving an increase in effluent limits)	\$126	\$382	\$1,279
Plan Review fee			
For commercial facilities with a design capacity less than 600 gpd		\$0	
For commercial facilities with a design capacity of 600 - 1,000 gpd		\$487	
For commercial facilities with a design capacity of 1,001 - 1,500 gpd		\$574	
For commercial facilities with a design capacity of 1,501 - 2,000 gpd		\$661	
For commercial facilities with a design capacity of 2,001 - 2,500 gpd		\$745	
For commercial facilities with a design capacity of 2,501 - 3,000 gpd		\$875	
For commercial facilities with a design capacity of 3,001 - 3,500 gpd		\$960	
For commercial facilities with a design capacity of 3,501 - 4,000 gpd		\$1,044	

OAR 340-071-0140 TABLE 9D**WPCF PERMIT FEES**

Effective November 1, 2024

Plan Review fee

For commercial facilities with a design capacity of 4,001 - 4,500 gpd	\$1,128
For commercial facilities with a design capacity of 4,501 - 5,000 gpd	\$1,216
Commercial facilities with a design capacity greater than 5,000 gpd	\$1,279
Single family dwelling	\$257

Annual Compliance Determination fee

Onsite sewage lagoon with no discharge	\$1,535
Treatment Standard 1 or better systems with design capacities less than 2,500 gpd	\$640
Treatment Standard 1 or better systems with design capacities of 2,500 - 20,000 gpd	\$1,279
Holding tanks, if by the date specified by DEQ, the owner does not submit written certification to DEQ that the holding tank has been operated the previous calendar year in full compliance with the permit or that the previous year's service logs for the holding tanks are not available for inspection by the DEQ	\$509
Holding tanks, if by the date specified by DEQ, the owner submits written certification to DEQ that the holding tank has been operated the previous calendar year in full compliance with the permit and that the previous year's service	\$54
Other systems with design capacities less than 20,000 gpd	\$640
Other systems with design capacities 20,000 gpd or more	\$1,279
