Hi Travis,

In your response to Chris, please also include why the antifreeze tanks and the used oil filter processing activity are not included in the Cleaner Air Oregon Emissions Inventory.

Thank you,

Heather Kuoppamaki, P.E. | heather.kuoppamaki@deq.oregon.gov | c: 503-407-7596

Subject: RE: EcoLube tank emissions

Hello Travis,

DEQ needs some clarification to understand the Tank IDs in the submitted CAO EI documents, as compared to the 2017 Review Report and the 2022 Annual Report. Please review the two tables below as well as the follow-up questions to provide clarification. Please respond by email to DEQ by **January 19, 2024**.

The following tanks are identified in AQ520 and Attachment B, submitted to CAO, as well as the 2022 Annual Report, but are not in the 2017 Review Report, Paragraph 10:

Tank ID (per AQ520 Form)	Response
TK 10401	
TK 10402	
TK 10403	
TK 10404	
TK 10501	
TK 10502	
CT-1	
CT-2	
CT-3	
CT-4	
CT-5	
CT-6	
MDO-1	

The following tanks are in the 2017 Review Report, Paragraph 10, but are not identified in the submitted CAO EI documents and/or in the 2022 Annual Report, per Condition 8.3.a.vi:

Tank ID (per 2017 Review Report)	Additional Questions/Notes	Response
Pre-process 1		
Pre-process 2		
Pre-process 3		
Pre-process 4		

Process 5		
Process 6		
Water Storage	Is this 'WW-1' in the 2022 AR?	
VGO		
AF (Tank #1, Flux Storage)	Is this 'AF-1' in the 2022 AR and CAO EI?	
EG-1		
EG-2		
EG-3		
NewAF-1		
NewAF-2		
NewAF-3		
NewAF-4		
GP-1		
GP-2		
BL-1		
GO-1		
GO-2		
GO-3		
GO-4		
SO-1	In CAO EI, but not AR	
SO-2	In CAO EI, but not AR	

In addition to understanding the above, DEQ has the following questions for clarification:

1. Tank ID# Jail 11 – 2022 annual report states 'removed from site', but Att_B and Form 520 both have Jail 11 emissions. What is the status of this tank?
2. AQ520, worksheet '2. Emissions Units & Activities' has tanks TK 10501 (row 48) and TK 10502 (row 49). Attachment B, worksheet 'Tabl-B4_Tanks' has tanks TK10405 (row 29) and TK 10406 (row 30). Are these tanks the synonymous, and if yes, which Tank IDs are correct?

Please let me know if you have any questions or if you would like to discuss the request further. Thank you,

Chris
