Subject: Revised Stormwater SCM Comprehensive Reports for Terminal 4
Date: Sunday, February 25, 2024 9:38:00 AM

Kelly-

The Department of Environmental Quality (DEQ) has completed review of the following documents related to stormwater source control at the Port of Portland's Terminal 4 Slip 1 and Slip 3 facilities:

1. Basin M Vegetated Infiltration Basin Operational Year 2 Comprehensive Report, Terminal 4 Slip 1
2. Response to Oregon DEQ Comments, Basin M Vegetated Infiltration Basin Year 2 Comprehensive Report, Terminal 4 Slip 1
3. Basin K1 Bioinfiltration Basin Operational Year 2 Comprehensive Report, Kinder Morgan Port of Portland Terminal 4, Slip 3
4. Response to Oregon DEQ Comments, Basin K1 Bioinfiltration Basin Operational Year Comprehensive Report, Terminal 4 Slip 3

The response to comment documents and revised reports are acceptable to DEQ. DEQ appreciates the continued diligence of the Port of Portland and Kinder Morgan Bult Terminals, Inc. to meet their source control obligations. If you have any questions, please contact me.

Regards,

Jeff K. Schatz, R.G.
