

To Whom It May Concern:

Re: **Designation of “Authorized Representative”**

By signing this document below, I hereby authorize Advanced Chemical Transport, Inc. (DBA ACTenviro) or its designee to act as my “authorized representative” as defined by the Resource Conservation and Recovery Act in 40 CFR 260.10 to prepare documents required for transportation and disposal. Such services are to include, preparing and signing documentation such as profiles, manifests, bills of lading, notifications and certifications or land disposal restrictions and other necessary documents.

I hereby certify that I have authority to execute this letter designating ACTenviro to act as my Authorized Representative. I further understand the below-named company remains fully liable under Federal and State hazardous waste regulations as the “generator” of the waste material.
