

DEQ seeks comments on Proposed Conditional No Further Action for the PacifiCorp/Unocal Former Petroleum Terminal No. 0022 and Manufactured Gas Plant in Astoria

The Department of Environmental Quality seeks comments on its proposed Conditional No Further Action determination for the PacifiCorp/Unocal Former Petroleum Terminal No. 0022 and Manufactured Gas Plant at 256 Marine Drive in Astoria. Site conditions are considered protective of human health and the environment following cleanup activities, protective construction and implementation of institutional and engineering controls.

For more information: To view project documents and information on how to comment on this proposed action see the public notice at <http://www.oregon.gov/deg/Get-Involved/Pages/Public-Notices.aspx>
