Hello Daniel,

It was good talking with you this morning about the plans for 1082 Highway 99 North, Eugene, OR.

I've attached the Cost Recovery Agreement for this site. Please fill it out and return it to [info.lust@deq.oregon.gov](mailto:info.lust@deq.oregon.gov). Our program will need it to place this site on our waiting list for the project manager assignment. We currently have an extensive waiting list but are aware you will be conducting site work in the near future.

Please provide us with any information about the utility lines inside the building, including depth and location. It would help us fully evaluate the concern about vapor intrusion. You can also submit work plans or reports to the general program inbox listed above.

If you have any additional questions or concerns, please don't hesitate to reach out.

Thank you,

Rachel
