RE: Termination of General 100-J Permit Coverage
File no. 8550
Permit no. 10057
Location: CertainTeed Corporation, 6350 NW Front Ave., Portland
Multnomah County

We received your email on April 29, 2024 requesting termination of National Pollutant Discharge Elimination System general 100-J permit coverage because your facility no longer needs coverage provided by the permit. Termination of this permit coverage is effective May 3, 2024.

Please be aware that if you reestablish this operation at a later date, you will need to submit a new application and pay the appropriate fees to DEQ to obtain a new permit.

Thank you for updating us on the status of your operation. If you have any questions, please contact Mark Bentz at 503-869-8264 or mark.bentz@deq.oregon.gov. I may also be reached at 503-229-5219.

Sincerely,

Tiffany Yelton-Bram
Water Quality Manager
Northwest Region
