RE: Issuance of WPCF Permit no. 101887
File no. 64802
Facility: Camp Rilea STP, 91204 Rilea Oregon Rd., Warrenton
Clatsop County

Dear Ms. Toynton:

Your Water Pollution Control Facilities Permit has been renewed and is enclosed. This permit is DEQ's final action on permit renewal application no. 950230. DEQ received comments during the public notice period. Changes made to the permit based on public comment are addressed in the response to comments memorandum included with your permit.

Your permit is effective on June 1, 2024. Please read your permit carefully. Compliance with your permit is always required.

If you are dissatisfied with the conditions of this permit, you have 20 days to request a hearing before the Environmental Quality Commission or its authorized representative. A request for a hearing must be made in writing and state the grounds for the request. Any hearing will be conducted as a contested case hearing in accordance with ORS 183.413 through 183.470 and OAR chapter 340, division 011. If a hearing is requested, the existing permit continues in effect until a final order is issued.

Please note that your treatment system will need to be supervised by an operator with at least a Grade II Operator Certificate and the required operator certification levels are no longer listed on the face page of your permit. Pursuant to OAR chapter 340, division 049, your systems are classified as follows:

- Collection System: Class II
- Treatment System: Class II

If you have any questions about operator certification requirements, please contact the DEQ Operator Certification program at opcert@deq.oregon.gov, call 503-229-5349 or visit the website: <https://www.oregon.gov/deq/wq/wqpermits/Pages/Wastewater-Operator-Certification.aspx>. Current classifications for all systems requiring certified operators may be found at <https://www.deq.state.or.us/wq/opcert/Docs/OpcertReport.pdf>.

If you are interested in upgrading your wastewater treatment infrastructure or need assistance with treatment system design, DEQ's Clean Water State Revolving Fund offers below-market rate loans for qualified applicants to finance the planning, design, and construction of water quality improvement projects. DEQ updates interest rates are updated quarterly, and rates vary by loan term, type of loan and community economic conditions. DEQ works with borrowers to ensure access to the best rates available at the time of loan signature. To learn more about eligible water quality projects and application process, please visit the [Clean Water State Revolving Fund website at https://www.oregon.gov/deq/wq/cwsrf/Pages/default.aspx](https://www.oregon.gov/deq/wq/cwsrf/Pages/default.aspx) or call 503-229-LOAN.

Please contact Tim Ruby at 503-229-5292 or Tim.Ruby@deq.oregon.gov if you have any questions about your permit requirements.

Sincerely,

Tiffany Yelton-Bram
Water Quality Manager
