Andy,

Thanks. This is in the effluent?  
Please keep me informed of the BOD results as you get them.

Mike the last BOD5 test was 27mg/L. We set up another one this morning as usual, so we'll know on 5/20/20.

FYI we were able to correct the NetDMRs data issue Aliana found, and we put a check in place to prevent similar data entry errors in the future.

Respectfully,

**Andy Peters**
