

OREGON DEPARTMENT OF ENVIRONMENTAL QUALITY  
UNDERGROUND STORAGE TANK PROGRAM

**UNDERGROUND STORAGE TANK DECOMMISSIONING  
CHECKLIST AND SITE ASSESSMENT REPORT**

**A. FACILITY INFORMATION:**

This report **MUST** be submitted by the underground storage tank permittee or tank owner, or the licensed DEQ Service Provider on their behalf, **within 30 days following completion of the tank decommissioning or change-in-service regardless of ongoing cleanup work.**

DEQ FACILITY NUMBER:	6641		
FACILITY NAME:	Avis Rent A Car System, LLC		
FACILITY ADDRESS:	28710 Douglas Dr., Eugene, OR 97402		
PERMITTEE PHONE:	973-229-8154	DATE:	2/2/24

**B. WORK PERFORMED BY:**

The checklist and site assessment report should be completed and signed by the DEQ licensed supervisor and signed by an executive officer of the DEQ licensed Service Provider on page 6. The tank owner or permittee must review and sign the report on page 6. **NOTE: AN OWNER OR PERMITTEE MAY PERFORM UST SERVICES ONLY IF THEY HAVE TAKEN AND PASSED THE APPROPRIATE UST SUPERVISOR EXAMINATION OFFERED BY A NATIONAL TESTING SERVICE (SEE OAR 340-150-0156 for requirements).**

DEQ Service Provider's License #:	26886	Construction Contractors Board License #:	196108
Name:	Central Service, Inc.		
Telephone:	541-550-7230		
DEQ Decommissioning Supervisor's License #:	27445		
Name:	Roger Edens		
Telephone:	541-668-1141		
DEQ Soil Matrix Service Provider's License #:		(If applicable)	
Name:			
Telephone:			
DEQ Soil Matrix Supervisor's License #:		(If applicable)	
Name:			
Telephone:			

**C. DATES:**

Decommissioning/Change-in-Service Notice - Date Submitted: 11/27/23 (30 days before work starts).

Work Start Telephone Notice - Number issued by DEQ: 20-3D-24-001 (3 working days before work starts).

DEQ Person Notified: Dylan Eckert

Date Work Started: 1/8/24 Date Work Completed: 1/11/24

**Note:** Provide the following information if any soil or water contamination is found during the decommissioning or change-in-service. Contamination must be reported by the UST permittee within 24 hours. The licensed service provider must report contamination within 72 hours after discovery unless previously reported.

Date Contamination Reported: 1/15/24 By: Roger Edens

DEQ Person Notified: Oregon Online Reporting Form

**D. OTHER DEQ PERMITS MAY BE NEEDED WHERE SOIL OR WATER CLEANUP IS REQUIRED.**

DEQ Water Discharge Permit #: \_\_\_\_\_ Date: \_\_\_\_\_

Water Disposed to (Location): \_\_\_\_\_

DEQ Solid Waste Disposal Permit #: \_\_\_\_\_ Date: \_\_\_\_\_

Soil Disposal or Treatment Location: \_\_\_\_\_

**E. TANK INFORMATION:**

TANK ID #	DEQ-UST PERMIT #	TANK SIZE IN GALLONS	PRODUCT: GASOLINE, DIESEL, USED OIL, OTHER?		CLOSURE OR CHANGE-IN- SERVICE?			TANK TO BE REPLACED?	
			PRESENT	NEW	TANK REMOVAL	CLOSURE IN PLACE ♦	CHANGE IN SERVICE ♦	YES	NO
2	JADJ	10,000	Gasoline		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
					<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
					<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
					<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
					<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

**NOTE 1:** Where decommissioned tank(s) are replaced by new underground storage tanks the UST permittee must submit a *General Permit Registration Form to Install and Operate USTs* containing information on the new tanks 30 days before installing them.

**NOTE 2:** Submit a soil sampling plan to the DEQ regional office and receive plan approval prior to starting work if 1) tank is to be decommissioned in-place, 2) tank contents are changed to a non-regulated substance, 3) tank contains a regulated substance other than petroleum, or 4) tank changed to non-regulated use.

**F. DISPOSAL INFORMATION:**

TANK ID #	TANK AND PIPING DISPOSAL METHOD				DISPOSAL LOCATION OF TANK CONTENTS	
	SCRAP	LAND-FILL	OTHER	IDENTIFY LOCATION & PROPERTY OWNER	LIQUIDS	SLUDGES
2	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	Short Mountain Landfill	None	None
	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>			
	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>			
	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>			
	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>			

**NOTE 1:** The tank contents, the tank and the piping may be subject to the requirements of Hazardous Waste regulations. If you have questions, contact the DEQ regional office for your area.

**NOTE 2:** Attach copies of the disposal receipts for the tanks and piping. If the tanks are shipped off-site for reuse provide the name, address and phone number of the person or business receiving the tanks for reuse.

**NOTE 3:** Attach copies of the disposal receipts for the disposal or treatment of liquid or sludge removed from the tanks

**G. CONTAMINATION INFORMATION:**

TANK ID #	GROUND WATER IN PIT ?	PRODUCT ODOR IN SOIL ?	PRODUCT STAINS IN SOIL ?	NUMBER OF SAMPLES	LABORATORY ( NAME, CITY, STATE, PHONE )
2	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	7	Pace Analytical
	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>		
	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>		
	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>		
	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>		

**NOTE 1:** Attach a copy of the laboratory report showing the results of all tests on all soil and water samples. The laboratory report must identify sample collection methods, sample location, sample depth, sample type (soil or water), type of sample container, sample temperature during transportation, types of tests, and copies of analytical laboratory reports, including QA/QC information. Include laboratory name, address and copies of chain-of-custody forms.

**NOTE 2:** If contamination is detected and a Level 2 or Level 3 soil matrix cleanup standard is applied to the site, attach a copy of the soil matrix analysis including methods of determining soil type, depth to groundwater, and sensitivity of uppermost aquifer.

**H. SITE SKETCH: (Show location of adjacent roads, property lines, structures, dispensers, & all USTs. Show North, general direction of ground slope and soil sample locations. Sketch does not need to be drawn to scale. You may attach a separate drawing.)**

Attached

**I. SAFETY EQUIPMENT ON JOB SITE:**

Fire Extinguisher:	Type/Size: <u>Kidde 20#</u>	Recharge Date: <u>1/5/24</u>
Combustible Gas Detector:	Model: <u>Foresnsics 4 Gas</u>	Calibration Date: <u>1/8/24</u>
Oxygen Analyzer:	Model: <u>Foresnsics 4 Gas</u>	Calibration Date: <u>1/8/24</u>

**J. DECOMMISSIONING:**

All Tanks: N/A = Not Applicable (Check (√) Appropriate Box)	YES	NO	UNKNOWN	N/A
1. All electrical equipment grounded and explosion proof?	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
2. Safety equipment on job site?	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
3. Overhead electrical lines located?	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
4. Subsurface electrical lines off or disconnected?	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
5. Natural gas lines off or disconnected?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
6. No open fires or smoking material in area?	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
7. Vehicle and pedestrian traffic controlled?	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
8. Excavation material area cleared?	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
9. Rainwater runoff directed to treatment area?	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
10. Drained and collected product from lines?	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
11. Removed product and residual from tank?	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
12. Cleaned tank?	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
13. Excavated to top of tank?	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
14. Removed tank fixtures? (pumps, leak detection equipment)	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
15. Removed product, fill and vent lines?	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

**K. TANK ABANDONMENT IN-PLACE:**

All Tanks: N/A = Not Applicable (Check (√) Appropriate Box)	YES	NO	UNKNOWN	N/A
16. Sampling plan approved by DEQ? Date: _____ DEQ Staff: _____	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
17. Contamination concerns fully resolved?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
18. Fill Material? Type: _____	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

**L. TANK REMOVAL:**

All Tanks: N/A = Not Applicable (Check (√) Appropriate Box)	YES	NO	UNKNOWN	N/A
19. Tank placement area cleared, chocks placed?	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
20. Purged or ventilated tank to prevent explosion? Method used: <u>Purge w Venturi</u> Meter reading: <u>LEL = 0%</u>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
21. Were chains or steel cables wrapped around tank for removal?	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
22. Tank removed, set on ground, blocked to prevent movement?	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
23. Tank set on truck and secured with straps(s)?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
24. Tank labeled before leaving site?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

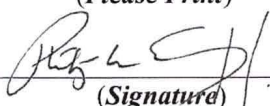

**M. SITE ASSESSMENT:**

All Tanks: N/A = Not Applicable (Check (√) Appropriate Box)	YES	NO	UNKNOWN	N/A
25. Site assessed for contamination? See OAR 340-122-0340	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
26. Soil samples taken and analyzed?	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
27. Was contamination found? Date/Time: <u>1/10/24 1:00</u>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
28. Was hazardous waste determination made for tank contents (Liquids/sludges)?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

**N. REQUIRED SIGNATURES:**

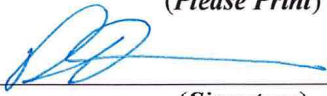

I have personally reviewed this decommissioning checklist and site assessment report and the attachments and find them to be true and complete.

Permittee or Tank Owner: ENGLE, Philip  
(Please Print)

Permittee or Tank Owner:  Date: 3/1/2024  
(Signature)

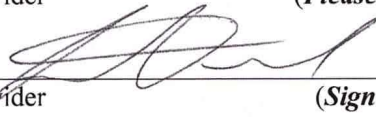

I have personally reviewed this decommissioning checklist and site assessment report and the attachments and find them to be true and complete.

Licensed Supervisor: Roger Edens  
(Please Print)

Licensed Supervisor:  Date: 3-1-24  
(Signature)

I have personally reviewed this decommissioning checklist and site assessment report and the attachments and find them to be true and complete.

Executive Officer: Jeremian Fender  
Licensed Service Provider (Please Print)

Executive Officer:  Date: 3/1/24  
Licensed Service Provider (Signature)

**O. REPORT FILING:**

This report signed by the permittee or tank owner, licensed supervisor and executive officer of the Service Provider, complete with all applicable attachments, must be filed with the DEQ regional office within 30 days after the excavation is backfilled or change-in-service is complete. **Do not wait until any site related cleanup project is completed.** Contact the DEQ regional office prior to filing this report where special circumstances exist at the site (such as water in pit, remaining pockets of contamination, etc.).

**P. HELP WITH THIS REPORT:**

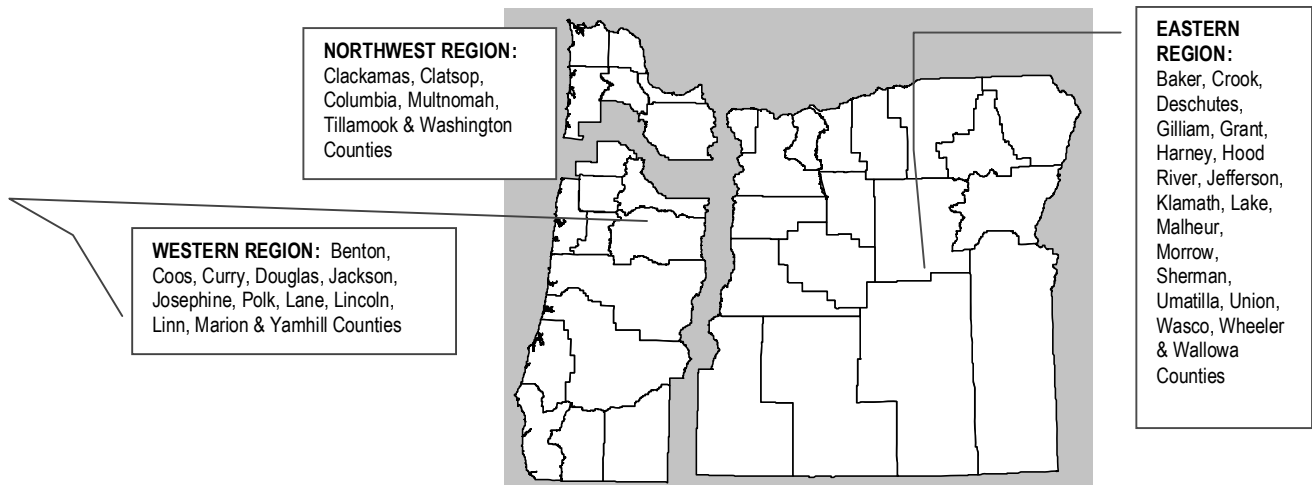

If you have any questions about this decommissioning checklist and site assessment report, please phone your DEQ Regional Office. You can also phone the UST Program’s toll-free number, 1-800-742-7878. This is a message answering machine for calls made within Oregon. Underground Storage Tank Program staff will return your calls within 24 hours. You can also send an e-mail to [tanks.info@deq.state.or.us](mailto:tanks.info@deq.state.or.us). Our regional staff are also available to answer questions regarding tank decommissioning or change-in-service requirements (see below for telephone numbers).

**Q. COPIES OF THE GENERAL PERMIT TO DECOMMISSION OR COMPLETE A CHANGE-IN-SERVICE:**

Obtain copies of the general permit to decommission or complete a change-in-service conditions and requirements, UST Program rules and laws and UST Cleanup rules and laws at:

1. Any of the DEQ offices listed below,
2. By calling the UST HELPLINE at 1-800-742-7878,
3. Send an e-mail to [tanks.info@deq.state.or.us](mailto:tanks.info@deq.state.or.us) or
4. Downloading from the UST home page at:

<http://www.deq.state.or.us/lq/tanks/ust/index.htm>

OREGON DEPARTMENT OF ENVIRONMENTAL QUALITY  
Underground Storage Tank Program

**SOIL MATRIX CHECKLIST AND  
SOIL MATRIX SCORESHEET**

1. The release of petroleum has been reported to the DEQ (0220).
2. The matrix score sheet has been completed for this site, unless the site is cleaned up to the most stringent cleanup level (0320).
3. The required hydrocarbon identification test (NWTPH-HCID) has been performed (0335(3)), and, if detectable levels were found, the appropriate analytical method or methods have been used to measure the levels of contamination (0218).
4. A sketch has been made of this site (0345(1)) which clearly shows:
- a. The location of all buildings and other key features, both man-made and natural;
  - b. The names of adjacent streets and properties;
  - c. The location of all excavations including those that were for the removal of tanks and associated piping as well as those that were strictly for the removal of contaminated soils;
  - d. The location of all product storage tanks, lines and dispensers, including those that were decommissioned as well as those that remain on the site; and
  - e. All soil and water sample locations.
5. If any contaminated soil exceeding matrix limits has been left on site, the reason for leaving this soil has been explained and the requirements of 0340(1)(f) and 0355(4) have been met.
6. If water was present in the tank pit, the Department was notified, the water was pumped from the pit, and the requirements of 0340(4) have been met.
7. All soil and/or water samples have been collected, coded, stored and shipped as specified in the rules, and proper chain-of-custody forms have been filled out (0345).
8. If a release from a waste oil tank was discovered, at least one sample has been analyzed by the methods specified in 0218(1)(b)(D).
9. If a tank was decommissioned in place, the Department gave prior approval for a site-specific sampling plan (0340(5)).
10. A report has been prepared which includes a detailed description of everything that was observed and performed at the site, contains all of the information required by the rules (0360), and presents findings and recommendations which are consistent with Department regulations.

State of Oregon  
Department of  
Environmental  
Quality

OREGON DEPARTMENT OF ENVIRONMENTAL QUALITY  
UNDERGROUND STORAGE TANK PROGRAM

**Initial (Twenty Day) Report Form for UST Cleanup Projects**

**This report is due twenty (20) days from the date of the release.**

DEQ USTC File No. 20-24-0017  
 DEQ Facility ID No. 6641  
 Site Name: Avis Rent A Car System  
 Site Address: 28710 Douglas Dr., Eugene, OR 97402

**INITIAL CLEANUP INFORMATION**

(1) Type of contamination (check  all that apply):

- Gasoline     Diesel     Waste Oil     Heating Oil  
 Other (specify) \_\_\_\_\_

(2) Estimate quantity of release (based on information known to date – ● select only one):

- <100 gal.     100-499 gal.     500-999 gal.     1,000-5,000 gal.     >5,000 gal.

**SITE INFORMATION** (check  yes or  no)

- (3)  Y  N Did any water enter the excavation? If yes, please describe and identify the depth to groundwater in feet below ground surface: 4.5
- (4)  Y  N Was a sheen or odor observed on any water in the excavation?

**Note:** If groundwater is encountered, soil samples from the soil/water interface must be collected and analyzed for BTEX and by the appropriate TPH method.  
 At sites where diesel or other non-gasoline products have been released, the water may also have to be screened or tested for polynuclear aromatic hydrocarbons (PAHs). *Please refer to OAR 340-122-0218.*

- (5)  Y  N Was water pumped from the excavation?  
 Y  N If yes, did groundwater recharge within 24 hours after pumping?

Please describe the pumping procedure and disposal option selected for the purged excavation water:

A vac truck skimmed about 2400 gallons of water with a sheen from the excavation

- (6)  Y  N Were any water samples collected from the excavation? If yes, please describe:  
Sample Post-Ex-GW was taken

- (7)  Y  N Have any soil and/or water sample results been received at this time?  
 If so, please attach any lab reports.

IF GROUNDWATER HAS BEEN ENCOUNTERED, PLEASE ANSWER QUESTIONS #8-13, BELOW.

IF NO WATER HAS BEEN ENCOUNTERED, PLEASE SKIP TO QUESTION #14

(8) What are the known uses of groundwater within a 500-foot radius of the release site (check  all that apply)?

non-use     industrial     agricultural     drinking supply

(9) If groundwater in this area is being used as a drinking water supply, please check  the type and size of population served by the supply:

Community (community well used for drinking water year round – • select only one)

size:  <1,000 people     1,000 - 5,000 people     >5,000 people

Intermittent use (public water used for drinking water only on a part-time basis – • select only one)

size:  <50 people     50 - 300 people     > 300 people

Private wells (individual private well or wells used for drinking water – • select only one)

size:  <10 people     10 - 25 people     >25 people

(10)  Y  N Is there any evidence this water supply has been or is likely to be impacted from the petroleum product release? If yes, estimate how difficult it would be to replace the existing supply:

bottled water is the only alternative

on-site water treatment; bulk water delivery; new wells are available

able to connect to existing water supply

do not know what alternatives would be available

(11)  Y  N Are/were vapors present in on-site or nearby buildings? If yes:

A. Are you monitoring and/or mitigating any potential fire and safety hazards posed by vapors and free product? Explain: \_\_\_\_\_

B. Estimate the number of people potentially affected by vapors – • select only one:

1-2 people     3-10 people     >10 people

(12)  Y  N Are vapors or is petroleum contamination present in the utility corridors?

If yes, please explain: \_\_\_\_\_

(13)  Y  N Are natural areas located within 1/4 mile of the site? If so, please describe types (parks, rivers, wetlands, sensitive habitats, etc.) and proximity: \_\_\_\_\_

(14)  Y  N If groundwater was not encountered in the excavation, do you believe that this cleanup project can be conducted under the requirements for an UST Cleanup Matrix site? If yes, then refer to OAR 340-122-0305 through 0360.

**AREA/SITE CONDITIONS:**

- (15) Mean annual rainfall:  <20 inches  20-45 inches  >45 inches
- (16) Soil type(s) of the naturally occurring soils, not the backfill around the tank – • select only one:
- clays, compact tills, shales, and unfractured metamorphic and igneous rocks
- sandy loams, loamy sands, silty clays, clay loams, moderately permeable limestone, dolomite, sandstones, moderately fractured igneous and metamorphic rock
- fine and silty sands, sands and gravels, highly fractured igneous and metamorphic rock, permeable basalts and lavas, karst limestones and dolomites

**SOIL MANAGEMENT**

- (17) If soil sample results have been received:  
 Y  N Will the level of contamination detected require removal of contaminated soil for treatment or disposal?
- (18) All contaminated soil temporarily stockpiled on-site prior to treatment or disposal must be contained within a bermed area, kept covered, and the entire area secured to prevent unauthorized access by the public. If you haven't done this, please explain why:

**Note: It is a violation to stockpile petroleum contaminated soil (PCS) on-site for greater than 30 days without a DEQ Solid Waste Letter Authorization (SWLA) Permit.**

- (19) If contaminated soil is currently stockpiled on-site, please indicate when disposal will occur or when treatment will begin: Soil is stockpiled on plastic and covered. Working on landfill permit.
- (20) Estimated volume of contaminated soil (specify tons or cubic yards): Less than 100 yards
- (21) Intended disposition of soils (please • select only one):
- On-site/off-site treatment, Solid Waste Letter Authorization Permit Application attached.
- Thermal treatment off-site at an authorized facility.  
Facility name: \_\_\_\_\_
- Landfill disposal.  
Name of Landfill: Coffin Butte

**Note: Please attach additional information as necessary to explain any unusual circumstances associated with this project.**

This initial report is intended to provide the Department with the basic initial information about activities associated with the release. Future reports should provide a more detailed and complete picture of the cleanup project.

Please be aware that a DEQ permit/authorization is required for the following activities:

- 1) Soil aeration, bioremediation (on-site or off-site), or on-site thermal treatment.
- 2) Water discharges to a stream/storm drain from the excavation or treatment tank.

If these activities will be included in your cleanup project, contact the regional DEQ office for the appropriate application forms, information on permit fees and guidance documents.

**THIS REPORT WAS PREPARED BY:**

Individual:	<u>Roger Edens</u>	Date:	<u>1/31/24</u>
Company:	<u>Central Service, Inc</u>	Phone:	<u>541-668-1141</u>
Address:	<u>740 NE 3rd St.,</u>		
	<u>Ste 3, PMB 177</u>		
City:	<u>Bend</u>	State	<u>OR</u> Zip <u>97701</u>

**1. Please return this form to the regional office in which the site is located.  
If you have questions, call the contact person in your regional office.**

**2. For all tanks, except heating oil tanks, you must submit an *UST Decommissioning Checklist and Site Assessment Report* to the appropriate regional office within 30 days of the UST decommissioning.  
Failure to do so can result in delays to your project and may result in continued billing for the annual tank permit fees.**

**3. Addresses and phone numbers for the regional offices can be found in the *UST Cleanup Manual* or viewed and downloaded from this DEQ Webpage:  
<http://www.deq.state.or.us/about/locations.htm>**

**4. Copies of the *UST Cleanup Manual* and other UST program forms and checklists can be viewed and downloaded from DEQ's Website:  
<http://www.deq.state.or.us/lq/tanks/ust/index.htm>**

**or in the Portland area by calling Steve Paiko at 503-229-6652**

**or outside the Portland area leaving a message on the UST Help Line (toll-free in Oregon) at 1-800-742-7878**

**KEEP A COPY OF THIS REPORT FOR YOUR FACILITY RECORDS**

## OREGON DEPARTMENT OF ENVIRONMENTAL QUALITY LEAKING UNDERGROUND STORAGE TANK PROGRAM

### LUST Cost Recovery Agreement

This document serves as an agreement between the undersigned (hereinafter “you”) and the Department of Environmental Quality (DEQ) regarding DEQ review and oversight of the investigation and/or cleanup of petroleum (hazardous substances) at the property located at:

Facility Name: Avis Rent A Car System, LLC  
Address: 28710 Douglas, Dr.  
Eugene, OR 97402  
DEQ File No.: 20-24-0017

DEQ agrees to review environmental documents submitted by you or on your behalf regarding the investigation and/or cleanup of the above-referenced site. Additional details regarding DEQ oversight will be established upon review of the initial site data.

DEQ requires that persons requesting DEQ review and oversight of investigation and cleanup activities agree to the terms of this cost recovery agreement and pay project oversight costs.

DEQ project oversight costs will include direct costs and indirect costs. Direct costs include site-specific expenses and legal costs. Indirect costs are those general management and support costs of the DEQ, including the Land Quality Division (LQ), allocable to DEQ oversight of this agreement and not charged as direct, site-specific costs. Indirect charges are based on a percentage of direct personal services costs. Review and oversight costs shall not include any unreasonable costs or costs not otherwise recoverable by DEQ under ORS 465.255.

DEQ costs are due within thirty (30) days of issuance of the monthly statement, by a check made payable to the “Department of Environmental Quality”. Nine percent interest shall be charged on past due accounts.

Electing not to enter into this agreement does not release you from any responsibility that you might have for any reporting requirements, investigation and/or cleanup of petroleum (hazardous substances) at the above – referenced facility. This does not preclude the DEQ from conducting audits or inspections of all or portions of the investigation and cleanup activities associated with this facility. Enforcement action may be initiated if any violation of Oregon Administrative Rules (OAR) or Oregon Revised Statutes (ORS) is found.

DEQ File No: \_\_\_\_\_

Either DEQ or you may terminate this agreement by giving 15 days advance written notice to the other. Only those costs incurred or obligated by DEQ prior to the effective date of any termination of the agreement shall be recoverable under this agreement. Termination of this agreement will not affect any other right DEQ may have for recovery of costs under any applicable law.

You will hold DEQ harmless for any claims (including but not limited to claims of property damage or personal injury) arising from DEQ review and/or oversight activities under this agreement.

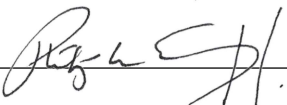

This agreement is not and shall not be construed to be an admission by you of any liability under ORS 465.255 or any other law or as a waiver by you of any defense to such liability. This agreement is not and shall not be construed to be a waiver, release, or settlement of claims that DEQ may have against you or any other responsible person nor is this agreement a waiver of any enforcement authority that DEQ may have.

The DEQ Tanks Program will be responsible for the review and oversight of the investigation and cleanup activities associated with the property. Please refer all site-specific inquiries to the DEQ Regional Offices in Northwest Region – Portland, Western Region – Salem or Eastern Region – Bend. For locations and phone numbers of the regional offices, please see the DEQ Regional Office list at <http://www.deq.state.or.us/about/locations.htm>

All inquiries regarding cost recovery and/or invoices should be directed to Dawn Ismerio at 503-229-5812.

If the terms of this agreement are acceptable, please have it executed by an authorized officer in the space provided below. In order to more effectively schedule your project, please return this agreement within 30 days of receipt to the regional office responsible for your site.

Accepted and agreed to this 1 day of March, 20 24

## NOW ORDER THE PRODUCTS YOU NEED ONLINE.

Shopping for Safety-Kleen products has never been easier. Shipping is FREE when you add the delivery to your next scheduled service.

Explore our products at [store.safety-kleen.com](https://store.safety-kleen.com)

### Comments:

**Standard payment terms are Net 30 days from invoice date. To maintain a positive credit history, payments must be made within approved terms. Late payment or other deviations from approved terms may cause service interruptions and initiation of collection efforts, and may result in late fees, interest, and collection costs.**

Please note a delivery document was provided at the time of service for this transaction. If the delivery ticket was paid, this invoice may be for your records only.

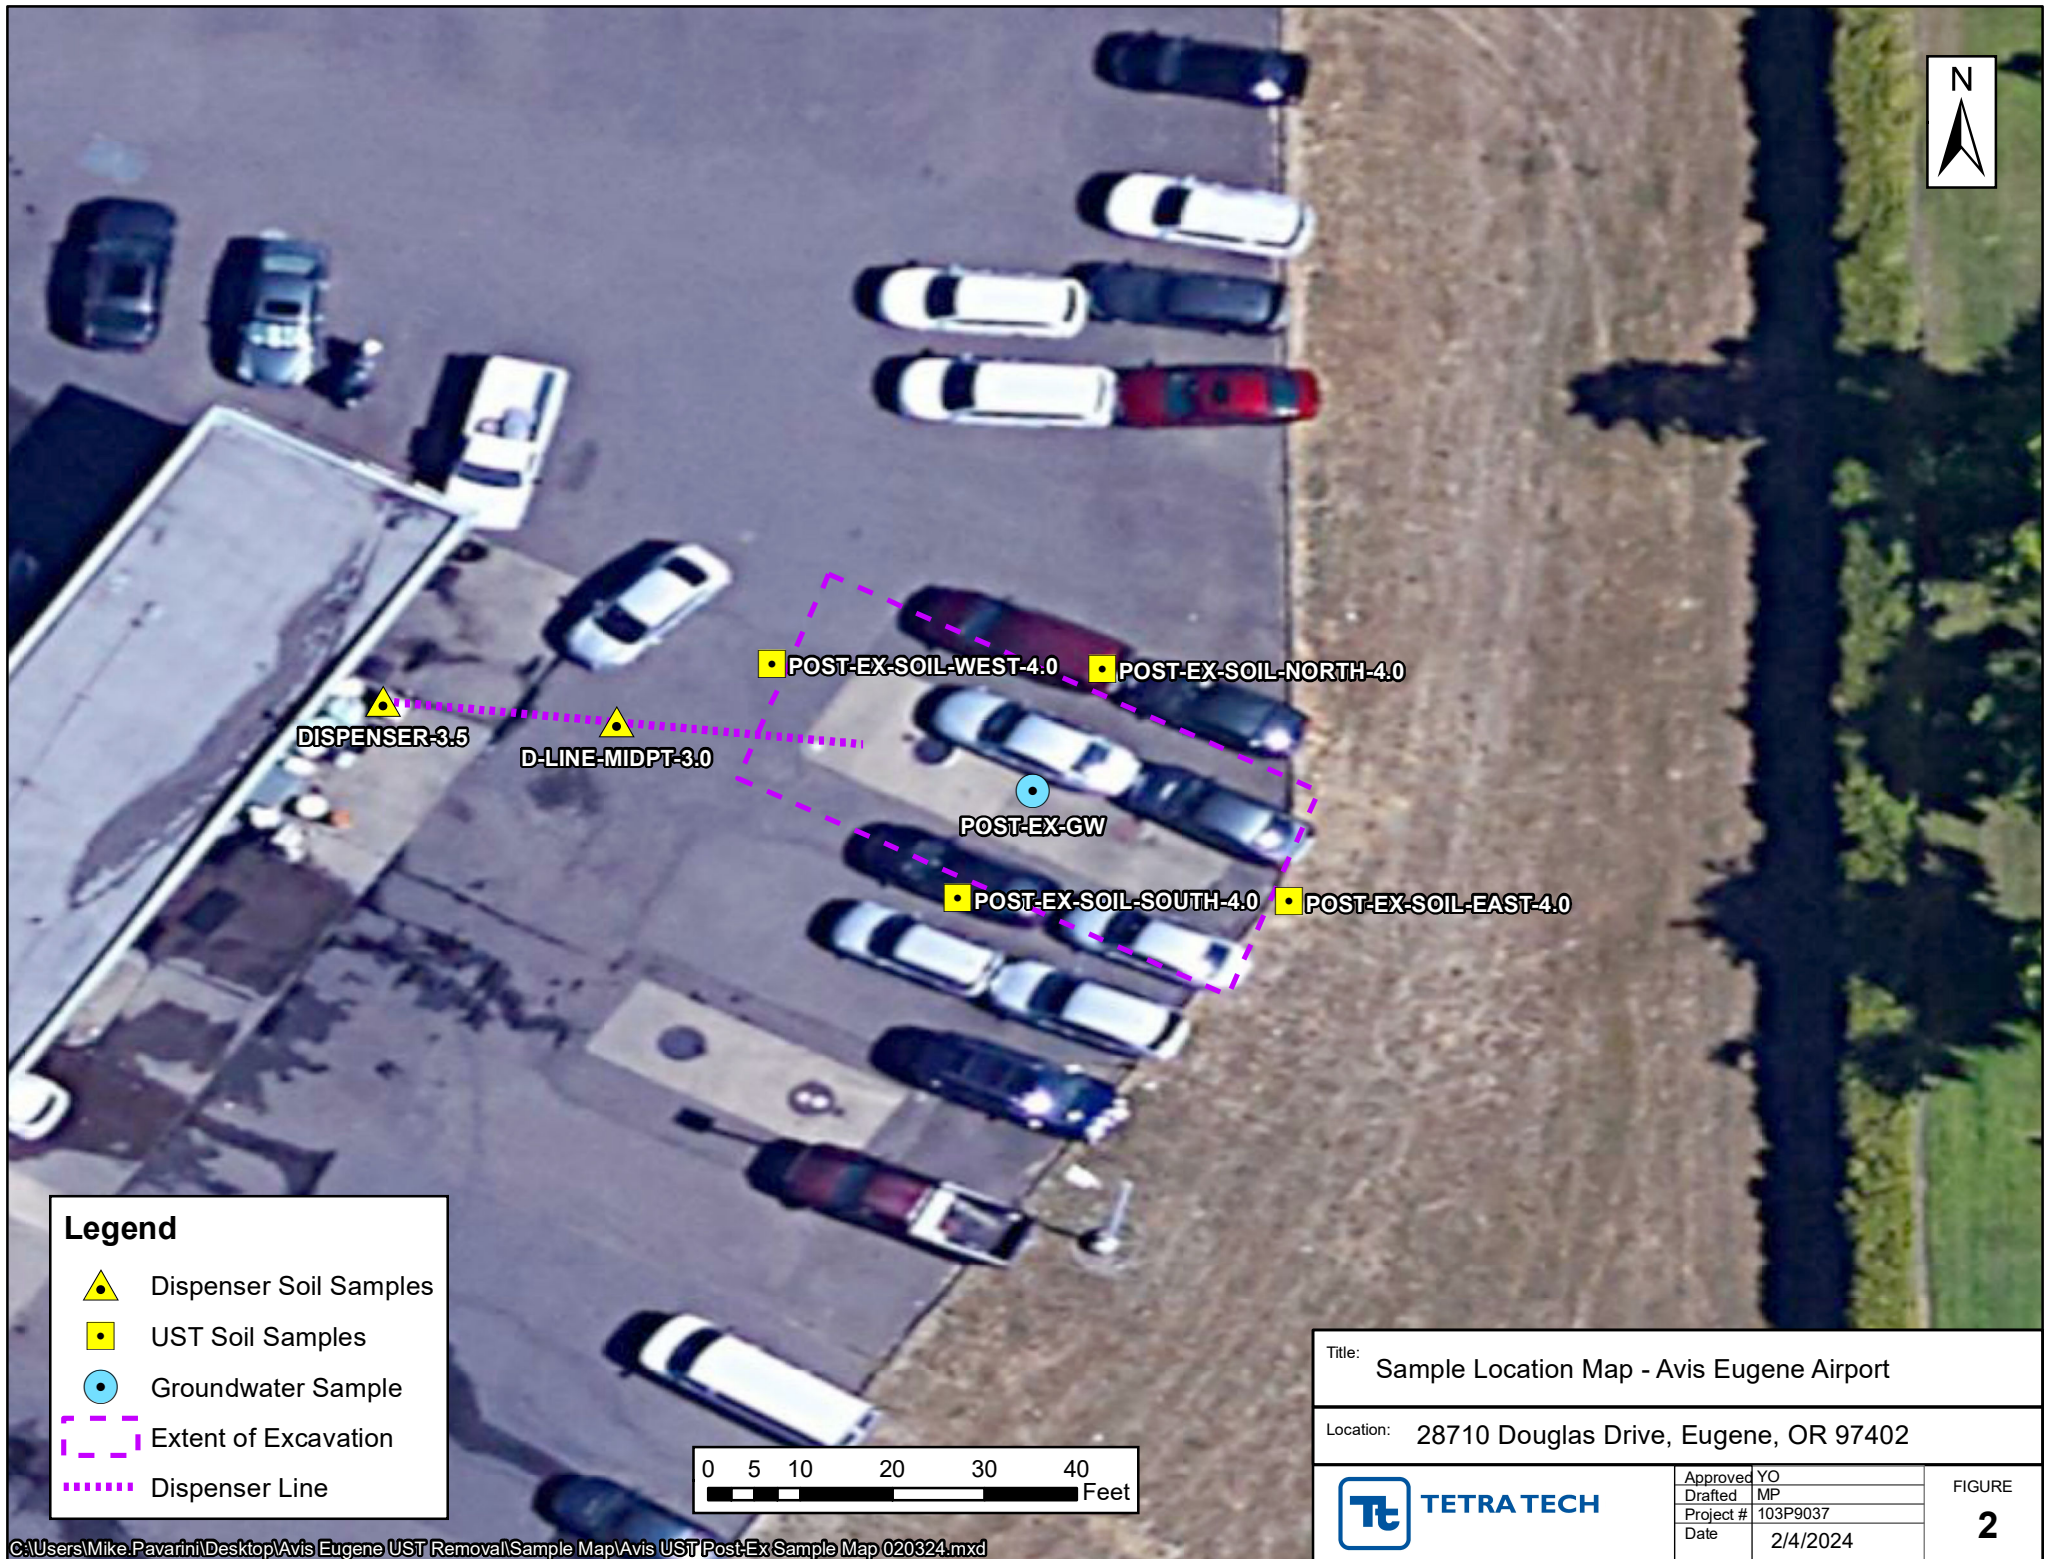

### Payment Options:

ACH: Please send remittance details for all electronic payments to: [cash.department@safety-kleen.com](mailto:cash.department@safety-kleen.com).

Pay Online: Go to [www.safety-kleen.com](https://www.safety-kleen.com) and click on the Customer Portal link at the top of the page.

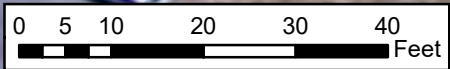

Pay by Check: Remit payment using payment coupon.

Please be advised all payments must reference the invoice number or your account number.

# CASE NARRATIVE

All sample aliquots were received at the correct temperature, in the proper containers, with the appropriate preservatives, and within method specified holding times, unless qualified or notated within the report. Where applicable, all MDL (LOD) and RDL (LOQ) values reported for environmental samples have been corrected for the dilution factor used in the analysis. All Method and Batch Quality Control are within established criteria except where addressed in this case narrative, a non-conformance form or properly qualified within the sample results. By my digital signature below, I affirm to the best of my knowledge, all problems/anomalies observed by the laboratory as having the potential to affect the quality of the data have been identified by the laboratory, and no information or data have been knowingly withheld that would affect the quality of the data.

# GLOSSARY OF TERMS

## Guide to Reading and Understanding Your Laboratory Report

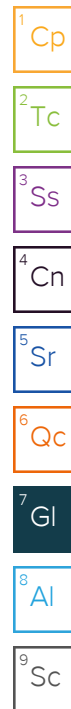

The information below is designed to better explain the various terms used in your report of analytical results from the Laboratory. This is not intended as a comprehensive explanation, and if you have additional questions please contact your project representative.

Results Disclaimer - Information that may be provided by the customer, and contained within this report, include Permit Limits, Project Name, Sample ID, Sample Matrix, Sample Preservation, Field Blanks, Field Spikes, Field Duplicates, On-Site Data, Sampling Collection Dates/Times, and Sampling Location. Results relate to the accuracy of this information provided, and as the samples are received.

### Abbreviations and Definitions

(dry)	Results are reported based on the dry weight of the sample. [this will only be present on a dry report basis for soils].
MDL	Method Detection Limit.
ND	Not detected at the Reporting Limit (or MDL where applicable).
RDL	Reported Detection Limit.
RDL (dry)	Reported Detection Limit.
Rec.	Recovery.
RPD	Relative Percent Difference.
SDG	Sample Delivery Group.
(S)	Surrogate (Surrogate Standard) - Analytes added to every blank, sample, Laboratory Control Sample/Duplicate and Matrix Spike/Duplicate; used to evaluate analytical efficiency by measuring recovery. Surrogates are not expected to be detected in all environmental media.
U	Not detected at the Reporting Limit (or MDL where applicable).
Analyte	The name of the particular compound or analysis performed. Some Analyses and Methods will have multiple analytes reported.
Dilution	If the sample matrix contains an interfering material, the sample preparation volume or weight values differ from the standard, or if concentrations of analytes in the sample are higher than the highest limit of concentration that the laboratory can accurately report, the sample may be diluted for analysis. If a value different than 1 is used in this field, the result reported has already been corrected for this factor.
Limits	These are the target % recovery ranges or % difference value that the laboratory has historically determined as normal for the method and analyte being reported. Successful QC Sample analysis will target all analytes recovered or duplicated within these ranges.
Original Sample	The non-spiked sample in the prep batch used to determine the Relative Percent Difference (RPD) from a quality control sample. The Original Sample may not be included within the reported SDG.
Qualifier	This column provides a letter and/or number designation that corresponds to additional information concerning the result reported. If a Qualifier is present, a definition per Qualifier is provided within the Glossary and Definitions page and potentially a discussion of possible implications of the Qualifier in the Case Narrative if applicable.
Result	The actual analytical final result (corrected for any sample specific characteristics) reported for your sample. If there was no measurable result returned for a specific analyte, the result in this column may state "ND" (Not Detected) or "BDL" (Below Detectable Levels). The information in the results column should always be accompanied by either an MDL (Method Detection Limit) or RDL (Reporting Detection Limit) that defines the lowest value that the laboratory could detect or report for this analyte.
Uncertainty (Radiochemistry)	Confidence level of 2 sigma.
Case Narrative (Cn)	A brief discussion about the included sample results, including a discussion of any non-conformances to protocol observed either at sample receipt by the laboratory from the field or during the analytical process. If present, there will be a section in the Case Narrative to discuss the meaning of any data qualifiers used in the report.
Quality Control Summary (Qc)	This section of the report includes the results of the laboratory quality control analyses required by procedure or analytical methods to assist in evaluating the validity of the results reported for your samples. These analyses are not being performed on your samples typically, but on laboratory generated material.
Sample Chain of Custody (Sc)	This is the document created in the field when your samples were initially collected. This is used to verify the time and date of collection, the person collecting the samples, and the analyses that the laboratory is requested to perform. This chain of custody also documents all persons (excluding commercial shippers) that have had control or possession of the samples from the time of collection until delivery to the laboratory for analysis.
Sample Results (Sr)	This section of your report will provide the results of all testing performed on your samples. These results are provided by sample ID and are separated by the analyses performed on each sample. The header line of each analysis section for each sample will provide the name and method number for the analysis reported.
Sample Summary (Ss)	This section of the Analytical Report defines the specific analyses performed for each sample ID, including the dates and times of preparation and/or analysis.

Qualifier	Description
J	The identification of the analyte is acceptable; the reported value is an estimate.
J3	The associated batch QC was outside the established quality control range for precision.

RE: UST Decommissioning Status  
28710 Douglas Drive  
Eugene, OR 97402  
DEQ UST Facility ID No. 6641

Dear Phillip Engle:

The Department of Environmental Quality (DEQ) has received and reviewed underground storage tank (UST) documents for closure of one decommissioned UST at facility #6641, located at 28710 Douglas Drive in Eugene. The purpose of this letter is to document UST closure as required by Oregon Administrative Rule (OAR) 340-150-0168(10).

Based on DEQ review of the documents received, the work appears to have met the requirements of OAR 340-150-0168 for decommissioning by permanent closure. DEQ has changed the status of the tank from active to closed, with a decommissioning date of January 11, 2024. DEQ file and database records show tank permit JADJ as inactive and decommissioned. The documents received are on file at the DEQ Northwest Region Office in Portland.

**This letter is in no way related to any UST cleanup or other DEQ programs and is not intended to be a no further action letter for those purposes.** The DEQ's determination will not be applicable if new or undisclosed facts show that the UST closure does not comply with the referenced rules.

As the Permittee you are required to maintain records of permanent closure, including the site assessment report and associated documents for three years after the permanent closure checklist and report have been reviewed by the DEQ. If the UST facility is sold within this time period, you must provide these records to the new property owner.

We appreciate your efforts to comply with the prescribed decommissioning rules for underground storage tanks. Should you have any questions, please feel free to contact me at 503-360-4287.

Sincerely,

*Dave Pardue*

Dave Pardue  
UST Program Coordinator

Dave,

Attached is the Revised and Complete Decommissioning Checklist for Avis Facility ID 6641. It is inclusive of the Checklist, Soil Matrix Checklist Scoresheet, Lust Cost Recovery Agreement, followed by the Underground Storage Tank Removal Summary by TetraTech Inc. The Tetra Tech report includes the DEQ required ancillary documentation for the decommissioning. Let me know if you need anything else.

Thanks,  
Roger

Dave,

Attached is the UST Decommissioning Checklist for Facility ID 6641, along with supplemental DEQ documents.

Additional ancillary documentation for the decommissioning including:

site map, photo log, sampling reports, landfill receipts, and other information will follow as a separate report being prepared by TetraTech on behalf of Avis.

I expect to submit this report to you within the next few weeks.

Please reach out to me with any questions.

Thanks,  
Roger

Mr. Pardue –

I am slightly confused by your email below. Prior to yesterday, I did not receive any phone calls or emails from you advising me of your urgency.

The decommissioning checklist was submitting by Roger Edens on 3/1/24 and you confirmed receipt on 3/5/24. I do not see a deadline in your response for the follow up report that Roger Edens refers to on 3/1/24.

I was in Europe from 3/15/24 – 3/22/24. I completed my review of the report yesterday. Roger Edens and Tetra Tech will be incorporating those edits, finalizing, and submitting to you.

Please feel free to contact me to discuss this matter.

Thank you.

Hi Phil,

Due to the length of time that passed between the conclusion of fieldwork and submittal of the required Decommissioning Checklist, I have issued the enclosed citation. Please sign and return the first page with your payment.

A hard copy will follow. Please let me know if you have any questions.

Regards,

Dave

**Subject:** RE: [External] Avis Eugene UST Removal

[EXTERNAL ⚠]

Devin – Pleasure to meet you. We have retained Central Service, Inc to complete the UST and underground product piping removal at Avis along with TetraTech to perform the closure assessment in conjunction with Central Service. We just had a call on the project last week and have a tentative mobilization date of January 8<sup>th</sup> with the UST removal to be on January 10<sup>th</sup> (weather and site conditions permitting). The Oregon DEQ was sent the 30-day notice of intent to decommission at the end of November in preparation for the removal. I would love to setup a zoom or team meeting with your team and all involved to go over the full scope and make sure everyone is on the same page and we are clear for this project. Please let me know what day works best for you. Also, I can have you meet our contractor and environmental project manager on January 8<sup>th</sup> for a pre-construction meeting prior to prepping the tank. I, personally, will be on site to witness the removal on the 9<sup>th</sup> and 10<sup>th</sup> of January (pending).

I've attached the RFP Drawing for your reference. Thank you for the information and I look forward to working hand in hand with the airport on this project. Please don't hesitate to reach out with any questions or concerns.

**Subject:** RE: [External] Avis Eugene UST Removal

Josh,

Thank you for reaching out. I've attached Amendment 9 stating the expectation of the UST removal. I've also cc'd Mariah Mulcahy who is our environmental compliance manager. Paragraph 5.14.3 Fuel Storage Area will outline the basic scope of work. Let me know if you are looking for something else.

Before crews show up, please make sure we have a pre-meeting to discuss the removal.

Hey,

I have looped in Devin to help coordinate this.

The remaining gas is 552 gallons.

The system will not let us pump anymore out.

Let me know when this will take place as this is our current overflow.

**Subject:** [External] Avis Eugene UST Removal

John – I understand that ABG has vacated the Avis facility at Eugene Airport and that the site is ready for the UST removal? I’m working with ABG Corporate to have the tank removal ASAP. I have everything in place and am currently scheduling this project. Do you know if there is any fuel at all left in the UST? Also what condition is the fueling system in? Has anything been removed yet? Thank you and I look forward to working with you on this project.

[EXTERNAL ⚠]

Devin – Pleasure to meet you. We have retained Central Service, Inc to complete the UST and underground product piping removal at Avis along with TetraTech to perform the closure assessment in conjunction with Central Service. We just had a call on the project last week and have a tentative mobilization date of January 8<sup>th</sup> with the UST removal to be on January 10<sup>th</sup> (weather and site conditions permitting). The Oregon DEQ was sent the 30-day notice of intent to decommission at the end of November in preparation for the removal. I would love to setup a zoom or team meeting with your team and all involved to go over the full scope and make sure everyone is on the same page and we are clear for this project. Please let me know what day works best for you. Also, I can have you meet our contractor and environmental project manager on January 8<sup>th</sup> for a pre-construction meeting prior to prepping the tank. I, personally, will be on site to witness the removal on the 9<sup>th</sup> and 10<sup>th</sup> of January (pending).

I've attached the RFP Drawing for your reference. Thank you for the information and I look forward to working hand in hand with the airport on this project. Please don't hesitate to reach out with any questions or concerns.

Josh,

Thank you for reaching out. I've attached Amendment 9 stating the expectation of the UST removal. I've also cc'd Mariah Mulcahy who is our environmental compliance manager. Paragraph 5.14.3 Fuel Storage Area will outline the basic scope of work. Let me know if you are looking for something else.

Before crews show up, please make sure we have a pre-meeting to discuss the removal.

John – I understand that ABG has vacated the Avis facility at Eugene Airport and that the site is ready for the UST removal? I'm working with ABG Corporate to have the tank removal ASAP. I have everything in place and am currently scheduling this project. Do you know if there is any fuel at all left in the UST? Also what condition is the fueling system in? Has anything been removed yet? Thank you and I look forward to working with you on this project.

**From:** PARDUE Dave \* DEQ  
**Sent:** Tuesday, April 2, 2024 3:26 PM  
**To:** DROUIN Mark \* DEQ  
**Subject:** 6641-Roger and the Citation

Hi Mark-

Thought a summary of events might be useful.

Mid-2023 I ran some UST reports, I think you know I was looking into these. Central Services, I noticed, had a history of late checklists.

October 2023: Checklist for 8654 was 3 weeks late- emailed to ask for it.  
Roger sent it fairly soon after.

Followed up with strong email to Roger- "timely submittals are important, please pay attn to deadlines- because I will be!".

Roger responded: "I will stay on top of it".

Work finished Eugene Avis 1/11/24

Labs dated 1/22/24

Figures and photos dated 2/4/24

Checklist submitted 3/1 plus receipts

3/20 Email to roger: "you are over 30 days late"

Labs and figure submitted on 3/20. Each item was an individual file. That is a bother.

3/27 Citation to Avis, and yes it was sent around 8 PM.

I think a lot of his comments are odd, or miss the mark.

Please let me know if you would like to discuss.

Cheers,  
Dave

## Save up to 35% on Avis & Budget Car Rentals

Need a car for your trip? Enjoy up to 35% off base rates for all qualifying rentals with Avis and Budget. Available at participating locations.<sup>6</sup>

[BOOK NOW](#)

<sup>1</sup>With the Wyndham Rewards Program, Members can earn points by completing Qualified Stays. Qualified Stays can be booked through the call centers or web sites of Wyndham Hotels & Resorts, directly with the properties or through the Wyndham Rewards app and are subject to certain restrictions, including, without limitation, that such stays cannot be booked via any third party website. See [www.WyndhamRewards.com/terms](http://www.WyndhamRewards.com/terms) for more information on Qualified Stays.

<sup>2</sup>Free WiFi: for Qualified Stays and award nights only at participating Wyndham Rewards Hotels.

### <sup>3</sup>Earn up to 15,000 Wyndham Rewards Bonus Points Terms & Conditions:

Capitalized terms used without definition in these offer terms and conditions (“Offer Terms”) will have the meanings ascribed to them in the Wyndham Rewards program terms and conditions, available at [www.WyndhamHotels.com/wyndham-rewards/terms](http://www.WyndhamHotels.com/wyndham-rewards/terms) (the “Program Terms”). To qualify for this Wyndham Rewards bonus points offer (“Offer”), a Wyndham Rewards Member must:

- (i) first register for the Offer by completing the registration process on [wyndhamhotels.com/wyndham-rewards](http://wyndhamhotels.com/wyndham-rewards), [wyndhamhotels.com](http://wyndhamhotels.com) or any of the official brand websites of any participating Hotel Chain, or through the “My Promotions” section of his/her/their Wyndham Rewards Member account on [wyndhamhotels.com/wyndham-rewards](http://wyndhamhotels.com/wyndham-rewards) or the Wyndham Hotels & Resorts App, in each case, between February 28, 2024 and May 9, 2024 (any Member who registers in accordance with the foregoing requirements will occasionally be referred to in these Offer Terms as a “Registered Member”); then
- (ii) after registering but no later than May 9, 2024, book (i) a Qualified Stay of two (2) consecutive nights or (ii) two (2) Qualified Stays of one (1) night each on any Direct Booking Channel (as defined below), and complete such stay no later than May 13, 2024 (the requirements set forth in this clause (b), collectively, the “Booking & Stay Requirements”).

For purposes of these Offer Terms, “Direct Booking Channel” means:

- (a) [www.wyndhamhotels.com/wyndham-rewards](http://www.wyndhamhotels.com/wyndham-rewards), [wyndhamhotels.com](http://wyndhamhotels.com) or any of the official brand websites of the Hotel Chains;
- (b) the official toll free reservation number of Wyndham Rewards or any of the Hotel Chains;

- (c) onsite at a participating hotel, directly with such property; or
- (d) on the Wyndham Hotels & Resorts App.

For every two (2) nights booked and completed in accordance with the Booking & Stay Requirements (which nights may be consecutive or nonconsecutive), a Member will earn 7,500 Wyndham Rewards bonus points, up to a maximum of 15,000 Wyndham Rewards bonus points (the "Bonus"). For clarity, there is a limit of two (2) Bonuses per Member regardless of how many nights a Member consumes in accordance with the Booking & Stay Requirements. For example, and without limiting any term or condition of these Offer Terms, a Registered Member who books and completes five (5) separate one (1) night stays in accordance with the Booking & Stay Requirements would earn two (2) Bonuses, for a total of 15,000 Wyndham Rewards bonus points, and a Registered Member who books and completes a one night stay, and a separate two night stay, in each case, in accordance with the Booking & Stay Requirements, would earn one (1) Bonus, for a total of 7500 Wyndham Rewards bonus points.

Qualified Stays are subject to certain restrictions and do not include third party online bookings or Go Free/Go Fast award nights; see the [Program Terms](#) for more information about Qualified Stays. The bonus points will usually be posted to an eligible Member's Member account within two to four weeks following the completion of the applicable stay. For clarity, any stay that (a) is booked or consumed (in whole or in part) prior to registration for this Offer, (b) begins before February 28, 2024 and/or (c) ends after May 13, 2024, will not be counted towards this Offer. Members who have elected to earn airline miles in their Member profile will earn base miles in accordance with the Program Terms and the Promotion Bonus and the Additional Bonus in the form of points.

Wyndham Rewards, Inc. may cancel or modify this Offer without notice. Except as specifically modified herein, this Offer is subject to full [Program Terms](#) in addition to these Offer Terms, and is void where prohibited.

#### **4<sup>More Information About Free Nights:</sup>**

Go Free awards at participating hotels require 7,500 - 30,000 points & apply to standard rooms; at participating vacation club resorts and vacation rentals, 15,000 - 30,000 points per bedroom are required. Award is subject to availability & Member must have enough points for all bedrooms in desired accommodation to book. **Resort fees may apply (even for award nights); points can't be used to pay them.** Cancellation policies vary by property. Most properties: applies to room rate only, including taxes. Blackout dates/rates, minimum length of stay requirements & other restrictions apply; see [WyndhamRewards.com/terms](#) for more information.

#### **5<sup>Wyndham Rewards Earner<sup>®</sup> Card Terms & Conditions:</sup>**

Offer subject to credit approval. Not everyone will qualify for the Wyndham Rewards Visa Signature credit card. If at the time of your application you do not meet the credit criteria previously established for this offer, or the income you report is insufficient based on your obligations, we may not be able to open an account for you or you may receive a Platinum card and benefits will vary. This offer is available through this advertisement and may not be accessible elsewhere. For complete pricing and other details for the **Wyndham Rewards Earner Card**, please see the [Wyndham Rewards Earner Terms and Conditions](#). For complete pricing and other details for the **Wyndham Rewards Earner Plus Card**, please see the [Wyndham Rewards Earner Plus Terms and Conditions](#).

Conditions and restrictions apply. Without limitation, bonus point offers may require cardmember to meet minimum spend obligations. For the **Wyndham Rewards Earner Card with No Annual Fee** please refer to the Reward Rules within the [Wyndham Rewards Earner Terms and Conditions](#) for additional information about the rewards program. For the **Wyndham Rewards Earner Plus Card with \$75 Annual Fee** please refer to the Reward Rules within the [Wyndham Rewards Earner Plus Terms and Conditions](#) for additional information about the rewards program.

The Wyndham Rewards Earner<sup>®</sup> Cards are issued by Barclays Bank Delaware pursuant to a license by Visa U.S.A. Inc. Visa and Visa Signature are registered trademarks and used under license from Visa U.S.A. Inc.

#### **6<sup>Budget Up to 30% Off Base Rates plus earn 100 Wyndham Rewards Points per Day</sup>**

**Terms and Conditions:** The savings of up to 30% (the "Discount") applies to Budget base rates and are applicable only to the time and mileage charges of the rental. Discount does not apply to car group X. Wyndham Rewards members can earn 100 Wyndham Rewards points per day on qualifying rentals (the "Bonus Points" and, together with the Discount, the "Offer"). Must be or become a Wyndham Rewards member at time of reservation to earn the Bonus Points. Must be or become a Wyndham Rewards member at time of reservation to earn the Bonus Points. Must use BCD #X793048/X793049/X793050 or X793051 to receive the Discount and provide Wyndham Rewards member number at time of reservation to earn the Bonus Points. Bonus Points valid on all car groups. Discount does not apply to (i) taxes, fees (including but not limited to Air Conditioning Excise Recovery Fee, Concession Recovery Fee, Vehicle License Recovery Fee, Energy Recovery Fee, Tire Management Fee, and Frequent Travel Program Fee), (ii) surcharges (including but not limited to Customer Facility Charge and Environmental Fee Recovery Charge) are extra and (iii) optional products such as LDW (\$35.99/day or less) and

refueling are extra. Offer is available for U.S. and Canadian residents only for rentals at participating locations in the U.S. and Canada. Offer may not be used in conjunction with any other BCD number, promotion or offer. Offer is not valid for existing reservations and may be changed at any time without notice. Weekly rates require a minimum five day rental period. Weekend rate available Thursday at noon (local time); car must be returned by Monday 11:59 p.m. (local time), or higher rate will apply. A Saturday night keep and an advance reservation may be required. Offer is subject to vehicle availability at the time of rental and may not be available on some rates at some times, including some online rates at [Budget.com](#). Car rental return restrictions may apply. Holiday and other blackout periods may apply. Renter must meet Budget age, driver and credit requirements. Minimum age may vary by location. An additional daily surcharge may apply for renters under 25 years old.

## PARDUE Dave \* DEQ

---

**From:** Roger Edens <edensr@fullcycleenvironmental.com>  
**Sent:** Friday, March 29, 2024 3:27 PM  
**To:** KUCINSKI Michael \* DEQ; DROUIN Mark \* DEQ; ECKERT Dylan \* DEQ  
**Cc:** PARDUE Dave \* DEQ; Brad Hughbanks  
**Subject:** Field Citation Retraction for Facility 6641

Dave,

After dinner on the night of Wednesday March 27, our client Avis Facility ID 6641, was issued a field citation. We believe this action was inappropriate for the site and are hoping that the field citation can be stopped. This citation seems to have been issued without internal consensus of the department and was done in contradiction to previous conversations with the DEQ.

Your awareness of this project came as you were included in the email submittal of the checklist. I worked with Dylan Eckert on this decommissioning and discussed with him the complex path of communications and responsibility which the client maintains. Dylan was on-site during the decommissioning and met with the general contractor, the environmental consultant, and me. Dylan was aware of the situation and that the report would be submitted after the client-side documents were complete. We continually kept the DEQ apprised of our progress on this project and report which is shown in this [email string.msg](#). We feel the field citation was disruptive because expectations were not set with constructive communication, and without attempting to reach compromise or consensus.

The field citation was issued at nearly 8:00 at night, about 4 hours after the email exchange [here.msg](#). In this email string the procedural changes initiated contradict previously established practices based our long history of working closely with DEQ personnel. The timing of the field citation is concerning.

My strong relationships with DEQ employees are based on transparent communication, my deep understanding and respect for the regulations, and my providing a high-quality product built in the spirit of the regulations. I am looking forward to finding a way to maintain my trusting relationships within the DEQ and hope that the DEQ recognizes that they are partners with the regulated community. Consistency, predictability, and trusting relationships of regulators within and outside the DEQ are important for both the regulator and the regulated. I enjoy my relationship with the DEQ and want to continue to grow it in a collaborative and transparent way.

Thanks for your consideration and please feel free to reach out with any questions,  
Roger

**To:** 'Engle, Philip'  
**Subject:** RE: [External] Avis UST Decommission Eugene, OR Airport

Hi Phil-

Thanks for speaking with me just now. To recap:

The work was completed 1/11/24. The checklist and supporting documents were due 30 days later (these only apply to the decommissioning, not the release). Roger was almost a month late, and what he sent on the 1<sup>st</sup> was incomplete. The rest of the documentation was not delivered until 3/20/24.

When there is a release a separate report must be sent to the Leaking Underground Storage Tank Program.

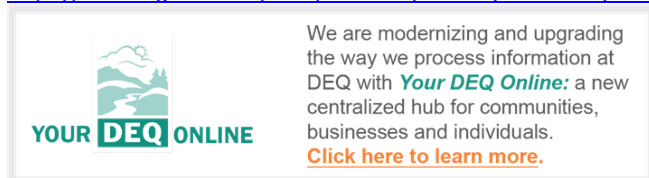

Please let me know if you have further questions.

Mr. Pardue –

I am slightly confused by your email below. Prior to yesterday, I did not receive any phone calls or emails from you advising me of your urgency.

The decommissioning checklist was submitted by Roger Edens on 3/1/24 and you confirmed receipt on 3/5/24. I do not see a deadline in your response for the follow up report that Roger Edens refers to on 3/1/24.

I was in Europe from 3/15/24 – 3/22/24. I completed my review of the report yesterday. Roger Edens and Tetra Tech will be incorporating those edits, finalizing, and submitting to you.

Please feel free to contact me to discuss this matter.

Thank you.

Dave,

Nice attention to detail. Yes, the second tank was the Hertz tank. I prepared that tank at the same time as the Avis tank. The Decom Checklist for the Hertz tanks was sent to you as "Decom Checklist Assembly Hertz 8605 - as to DEQ" on 2-21-24 as 12:04 and is also attached here.

Thanks,  
Roger

Hi Roger-

Who was the permittee whose phone number you listed on the checklist? That number is not present in our database. I called it but got a generic voicemail message....

Thanks,

Dave

Dave,

Attached is the UST Decommissioning Checklist for Facility ID 6641, along with supplemental DEQ documents. Additional ancillary documentation for the decommissioning including: site map, photo log, sampling reports, landfill receipts, and other information will follow as a separate report being prepared by TetraTech on behalf of Avis.

I expect to submit this report to you within the next few weeks.

Please reach out to me with any questions.

Thanks,

Roger

**Subject:** RE: 6641 Decom Checklist  
**Attachments:** Decom Checklist Assembly Hertz 8605 - as to DEQ.pdf

Dave,

Nice attention to detail. Yes, the second tank was the Hertz tank. I prepared that tank at the same time as the Avis tank. The Decom Checklist for the Hertz tanks was sent to you as "Decom Checklist Assembly Hertz 8605 - as to DEQ" on 2-21-24 as 12:04 and is also attached here.

Thanks,  
Roger

Dave,

Thanks for your patience with this. We will be sure to be more timely moving forward.

Attached is the documentation you are looking for. Let me know if I missed anything.

Regarding delaying submittal, I believe that Dylan was aware of the multiple parties working on this site and the complex paths of communication on the client side, and had conversationally approved a delayed complete submittal.

Roger

**Subject:** RE: 6641 Decom Checklist

Hi Roger-

Hope you are doing well. Sure looks like you are staying busy!

The complete checklist for this site is more than **30 days** overdue. The lab data should be available by now. You as the service provider are responsible for getting all elements of the decommissioning submittal to DEQ as a single package with all elements present by the 30-day deadline. Avis may now be subject to a field citation for delayed submission of documentation. The deadline still applies regardless of how many parties are working on the project.

If you have something in writing from Dylan approving the delayed delivery, please forward it to me. Dylan cannot recall either way- this is understandable as he is super busy and on the road constantly and this was a while ago. Anything of this nature has to be obtained in writing and could be included in a report.

Regards,

Dave

No dice.  
In a trice.  
It's on ice.  
Very nice.

Bad number  
What a blunder  
It's like thunder  
Just look under

What a joke.  
I'm so broke.  
Don't even poke  
I may just croak

I can't stop now  
Don't have a cow  
I'm really proud  
And livin' out loud

I'm reaching  
But you're teaching  
While the whale is beaching  
And I'm beseeching

I'm out of rhymes  
All of the times  
Pull down the blinds  
I'm dressed to the nines.

Wow that got out of control very quickly...

Hi Yvonne-

Thanks for chatting. DEQ still needs site map, photo log, sampling reports, landfill receipts, and other information. You may emphasize this information was due 30 days after the field work was done. You may also let Tetra-Tech know Avis is now liable for a field citation due to their delay.

Thanks!

**Subject:** RE: 6641 Decom Checklist

Hi Roger-

Hope you are doing well. Sure looks like you are staying busy!

The complete checklist for this site is more than **30 days** overdue. The lab data should be available by now. You as the service provider are responsible for getting all elements of the decommissioning submittal to DEQ as a single package with all elements present by the 30-day deadline. Avis may now be subject to a field citation for delayed submission of documentation. The deadline still applies regardless of how many parties are working on the project.

If you have something in writing from Dylan approving the delayed delivery, please forward it to me. Dylan cannot recall either way- this is understandable as he is super busy and on the road constantly and this was a while ago. Anything of this nature has to be obtained in writing and could be included in a report.

Regards,

Dave

Good Morning Dave –

I hesitated responding to you. You have seniority over me as an NRS4, as well as, significantly longer time in the environmental field. I occasionally have a hard time trying to express things professionally. Hopefully this email does justice to that intent.

To be frank, I am not sure where and how your reasoning is considered. I have edited some comments on that but the previous statement is the gist I'm hoping to convey. Simply put, I am just in complete amazement and disbelief of our radical departure from source material. The two facilities that decommissioned tanks are radically different, contractors on either side of the spectrum of professionalism and compliance, and failures with a very small venn diagram of overlapping violations.

Additionally, I'd expect you to have identified the source problem (I have my guesses) and, as the program coordinator, actively seek to provide that outward facing guidance/"not guidance so that we don't continue to waste time hashing out these same issues.

I'm on the road for thousands of miles a month, go to dozens if not 20+ facilities a month. Have dozens of formal enforcement actions, hundreds of field citations, multiple hundreds of corrective actions..... having an individual seeking to tune the out-of-sync machine could be very beneficial to the field staff.

Sometimes I fear that headquarters could be scapegoated by inspectors because the grind of hundreds of projects and hours on the phone a day, driving between sites, never getting a minute to think, etc. could make the vantage appear that folks are not producing the necessary support work that allows us to meet out EPA commitment. I am aware of that possibility but have also been a many meetings where documents, assessments, support stuff has been requested and ... so far... just empty space exists there. I'm not your manager or asking you to describe the work you have performed but... considering we'll have a new manager in a few weeks, want to mention this so you can denote what a 1 ½ years+ of senior level productivity looks like and highlight your role within the program. I am unsure how David planned to use most of the HQ staff, and I'm sure fresh eyes will be curious about the structure as well.

I have to head off for an inspection, so to keep it brief....

Why would you pursue enforcement against a contractor who submitted an incomplete checklist near 30 days after the project. (working or calendar?).. knowing a consultant company on behalf of Avis is holding up the work... without reaching out Avis or the consultant...

While.....At the same time stating, "you are fine with" extremely subpar work from Alpha. Horrible, garbage work, that was 6+ months or more delayed in sending us a report. It was deficient in all aspects including the elements that actually seek to define if the community is at risk around this tank site. It has been years trying to get anything from them and the responses alone show the level of respect that company has towards its customers and regulators.

Again, I am at a loss for words. We appear to evaluate systems differently and evaluate the roll each of us hold in our commitment to Oregonians and EPA.

Dylan

Hi Dylan-

I appreciate your candor and thoughts. And I appreciate how super busy you are. And I recognize what you do is almost impossible.

I am trying to avoid DEQ doing one thing after having said something else. Roger claimed you told him the consultant could send in the rest later for Avis-I wanted to check if you remembered. Right now I will assume you do not, and that is fine- way too many details for you to (or anyone) to remember them all.

I agree on how important it is we all follow the same procedures.

To be clear I am not fine with how Alpha handled the Salem garage. Very poor due diligence on the front end. They should have known it was an e-gen tank from the get-go. But in the end the test results were appropriate for the decom/site assessment. But the other stuff...not fine.

**Subject:** FW: 6641 Decom Checklist question AND question about Salem City Hall

Hi Dylan-

In addition to the below question, did you ever tell Zach Goodman that Dx only was OK for site assessment of the tank at 555 Liberty St SE? He claims you did and that HCID is not needed because the tank was originally hooked up to a furnace?. This came up because I cited Salem.

Thanks,  
Dave

This Message Is From an External Sender  
This message came from outside your organization.

Gordon,

We will be removing an AVIS UST at the Eugene OR Airport the week of Jan 8. While putting the project together I found that Hertz has a tank about 25 feet to the south. I believe the Hertz tank needs to be removed as well. I would like to remove it for you.

The Hertz site is:

Facility ID# 8605

28801 Douglas Dr #8

Eugene, OR 97401

Feel free to call with any questions 541-668-1141

Thanks,

Roger

**Subject:** RE: 30 Day Notice 6641 Avis at Eugene Airport

Howdy Roger –

I hope that you had an excellent thanksgiving.

Thanks for the submittal  
As usual... questions for you.

- 1) Can you please provide the email for Mr. Engle or Avis contact.
- 2) Who is the decom supervisor?
- 3) Is there modification to the required sample plan you are requesting?
- 4) Is groundwater anticipated here? (suspect it is)
- 5) Is contamination anticipated? Closed LUST 20-98-7081. ... Hertz (8605) ... next door.... does not have known impact per our database
- 6) How are you interting/purging the tank?
- 7) Has the local fire district been contacted?
- 8) Can you provide an anticipated schedule please.

I'm sure there will be more but that is all I can think of right now.

Dylan
