RE: Termination of General 100-J Permit Coverage
File no. 107264
Location: 525 25th Avenue SW, Albany
Linn County

We received your email on June 10, 2024 requesting termination of National Pollutant Discharge Elimination System general 100-J permit coverage because your facility's operation no longer needs coverage provided by the permit. Termination of this permit coverage is effective June 28, 2024.

Please be aware that if you reestablish this operation at a later date, you will need to submit a new application and pay the appropriate fees to DEQ to obtain a new permit.

Thank you for updating us on the status of your operation. If you have any questions, please contact Jennifer Maglinte-Timbrook at jennifer.maglinte-timbrook@deq.oregon.gov or 541-743-1663. I may also be reached at 503-378-5081.

Sincerely,

Bradley Eagleson
