CHANGE ORDER #2

On the 24th day of October, 1995, the City of Newberg, a municipal corporation, hereinafter referred to as "City" and Pacific Emergency Vehicles, Inc., hereinafter referred to as "Pacific", entered into the following Change Order to the Contract of Purchase, which was entered into on the 15th day of December, 1994, between the parties.

RECITALS

1. The parties entered into a Contract of Purchase on the 15th day of December, 1994.
2. On December 16, 1994, City accepted terms of Change Order initiated by Pacific.
3. Pacific has failed to meet the terms and conditions of the Purchase Order by failing to deliver two (2) ambulance vehicles on September 4, 1995, as specified in the Contract of Purchase without asking for any extension of delivery date prior to said delivery date.
4. City, by the terms and conditions of said Contract of Purchase, has the right to reduce the contract price by one hundred dollars (\$100.00) per day after any delivery date. On September 18, 1995, Pacific requested an extension from the City.
5. The parties wish to enter into an agreement as to this Change Order.

NOW, THEREFORE, based upon consideration received and acknowledged by parties and upon the mutual agreements contained herein, the parties agree as follows:

1. The performance bond required by paragraph four (4) of the Contract of Purchase shall be to cover all performance under this extension of delivery time. Verification of said extension shall be furnished to the City within ten (10) days of the date of signing of this Change Order. The City Attorney of City shall approve verification of said extension. If City Attorney rejects proof of extension, Pacific must provide acceptable proof of extension within ten (10) days of such rejection.
2. Full factory warranty shall apply as of the date of acceptance of the two (2) ambulances by the City. Pacific shall furnish written verification that such warranty shall apply upon acceptance of delivery by City. Said verification shall be furnished to the City within ten (10) days and accepted by the City Attorney in accordance with paragraph one (1) above.

3. The two (2) ambulances must meet all the specifications including guarantees that the two (2) ambulances have the GMC ambulance prep packages as ordered. Any after delivery retrofit to comply with this requirement must be accompanied by a certified notification that GMC completed the retrofit to the ambulance prep package specifications and that the chassis are warranted as such.
4. Pacific must furnish City another inspection to be paid at Pacific's cost. This would include payment for two round-trip plane tickets to the factory (for the Fire Chief and the mechanic) and an expense check made payable to the City of Newberg in the amount of five hundred dollars (\$500.00). The Fire Chief and mechanic will make arrangements with Pacific for dates of departure. The inspection must take place on or before November 1, 1995. Both chassis shall conform to all specifications at that time. For any reason that both chassis don't meet specifications during the inspection, the extension of the contract will be cancelled. Pacific shall forward to the City the expense check in the amount of five hundred dollars (\$500.00) upon execution of this Change Order.
5. The delivery date is changed from September 4, 1995, to December 3, 1995. Pacific agrees to reduce contract price by three hundred dollars (\$300.00) per day beyond the delivery date of December 3, 1995, including any extensions.
6. It is specifically agreed that this extension from September 4, 1995, to December 3, 1995, is conditioned upon both chassis meeting all specifications at the time of the chassis inspection conducted pursuant to paragraph four (4) of this Change Order. If the chassis do not meet inspection as outlined in paragraph three (3), this extension will be null and void, and Pacific agrees that City does have the right to reduce the contract price by one hundred (\$100.00) dollars per day from September 4, 1995, and pursue any and all other remedies available to it, pursuant to the contract of purchase.
7. All other conditions of the Contract of Purchase remain in full force and effect. This Change Order represents the entire agreement between the parties as to this Change Order and no other verbal representations or understandings as to this Change Order shall have any force or effect.

IN WITNESS WHEREOF, the parties have affixed their signature.

CONTRACT OF PURCHASE

On the 15 day of December, 1994, the City of Newberg, a municipal corporation, hereinafter referred to as "City" and Pacific Emergency Vehicles, Inc., hereinafter referred to as "Pacific" enter into the following contract.

RECITALS

1. The City sent out a request for bids for the purchase of two (2) Medtec ambulance vehicles in October of 1994. On November 4, 1994, Pacific submitted its bid to the City of Newberg. The bid was submitted on time with the appropriate bid bond.
2. By Resolution No. 94-1887, the City Council accepted Pacific Emergency Vehicles, Inc. bid as the lowest responsive bid and authorized the City Manager to do all and necessary acts to accomplish the purchase.

NOW THEREFORE, the parties agree as follows:

1. **Acceptance of Bid.** The City accepts the bid offered on November 14, 1994 by Pacific for the two (2) med-tech ambulances. The base bid is one-hundred eighty four thousand, five-hundred fifty and thirty cents (\$184,550.30).
2. **Bound by Conditions in Call for Bids and Response.** Pacific agrees to be bound by all conditions and specifications contained in the City of Newberg Fire Department Call for Bids, including any addendums that were sent out in October of 1994. Pacific agrees to be bound by all conditions in their response to the call for bids which was dated November 14, 1994.
3. **Change Orders.** Any change orders shall be in writing and attached as an addendum to this contract. The change order requires the approval of Pacific and the City by authority of the Fire Chief, Michael Sherman, and the City Manager, Duane R. Cole. No change order or alterations in any specifications will be accepted without written authorization by both parties.
4. **Performance Bond.** Pacific shall furnish to the City a Performance Bond equal to one-hundred (100) percent of the base bid, plus any additional amounts in change orders. The base bid amount is \$184,550.30. Within ten (10) days of the date of this contract the initial Performance Bond shall be issued and sent to the City in the amount of the base bid plus any change orders approved to date. After the initial Performance Bond is issued, any additional amounts shall be added to the Performance Bond within ten (10)

days of authorization of the change order, unless specifically waived in the change order. Such bond must be issued by a surety company authorized to do business within the state. The City Attorney of the City shall approve the surety company and the form of the bond. If the City Attorney rejects the bond, Pacific must provide an acceptable bond within ten (10) days of such rejection.

5. **Delivery Date.** The Delivery Date for ambulance vehicles is two-hundred seventy (270) days from acceptance of bid. The City accepted the bid on December 5, 1994, therefore the delivery date is September 4, 1995. The delivery date may be extended due to unavailability of specified parts to Pacific provided Pacific notifies the City in writing as soon as Pacific is aware that parts are unavailable with the length of the delay. The City must approve the delay in writing. Notification must be given prior to the delivery date. Any extension of delivery date must be in writing. Pacific agrees to reduce contract price owed by the City by one-hundred (100) dollars per day beyond the delivery date including any extensions.

IN WITNESS WHEREOF, the parties have affixed their signature.

1 The Contractor and the Surety, jointly and severally, bind themselves, their heirs, executors, administrators, successors and assigns to the Owner to pay for labor, materials and equipment furnished for use in the performance of the Construction Contract, which is incorporated herein by reference.

2 With respect to the Owner, this obligation shall be null and void if the Contractor:

2.1 Promptly makes payment, directly or indirectly, for all sums due Claimants, and

2.2 Defends, indemnifies and holds harmless the Owner from claims, demands, liens or suits by any person or entity whose claim, demand, lien or suit is for the payment for labor, materials or equipment furnished for use in the performance of the Construction Contract, provided the Owner has promptly notified the Contractor and the Surety (at the address described in Paragraph 12) of any claims, demands, liens or suits and tendered defense of such claims, demands, liens or suits to the Contractor and the Surety, and provided there is no Owner Default.

3 With respect to Claimants, this obligation shall be null and void if the Contractor promptly makes payment, directly or indirectly, for all sums due.

4 The Surety shall have no obligation to Claimants under this Bond until:

4.1 Claimants who are employed by or have a direct contract with the Contractor have given notice to the Surety (at the address described in Paragraph 12) and sent a copy, or notice thereof, to the Owner, stating that a claim is being made under this Bond and, with substantial accuracy, the amount of the claim.

4.2 Claimants who do not have a direct contract with the Contractor:

- .1 Have furnished written notice to the Contractor and sent a copy, or notice thereof, to the Owner, within 90 days after having last performed labor or last furnished materials or equipment included in the claim stating, with substantial accuracy, the amount of the claim and the name of the party to whom the materials were furnished or supplied or for whom the labor was done or performed; and
- .2 Have either received a rejection in whole or in part from the Contractor, or not received within 30 days of furnishing the above notice any communication from the Contractor by which the Contractor has indicated the claim will be paid directly or indirectly; and
- .3 Not having been paid within the above 30 days, have sent a written notice to the Surety (at the address described in Paragraph 12) and sent a copy, or notice thereof, to the Owner, stating that a claim is being made under this Bond and enclosing a copy of the previous written notice furnished to the Contractor.

5 If a notice required by Paragraph 4 is given by the Owner to the Contractor or to the Surety, that is sufficient compliance.

6 When the Claimant has satisfied the conditions of Paragraph 4, the Surety shall promptly and at the Surety's expense take the following actions:

6.1 Send an answer to the Claimant, with a copy to the Owner, within 45 days after receipt of the claim, stating the amounts that are undisputed and the basis for challenging any amounts that are disputed.

6.2 Pay or arrange for payment of any undisputed amounts.

7 The Surety's total obligation shall not exceed the amount of this Bond, and the amount of this Bond shall be credited for any payments made in good faith by the Surety.

8 Amounts owed by the Owner to the Contractor under the Construction Contract shall be used for the performance of the Construction Contract and to satisfy claims, if any, under any Construction Performance Bond. By the Contractor furnishing and the Owner accepting this Bond, they agree that all funds earned by the Contractor in the performance of the Construction Contract are dedicated to satisfy obligations of the Contractor and the Surety under this Bond, subject to the Owner's priority to use the funds for the completion of the work.

9 The Surety shall not be liable to the Owner, Claimants or others for obligations of the Contractor that are unrelated to the Construction Contract. The Owner shall not be liable for payment of any costs or expenses of any Claimant under this Bond, and shall have under this Bond no obligations to make payments to, give notices on behalf of, or otherwise have obligations to Claimants under this Bond.

10 The Surety hereby waives notice of any change, including changes of time, to the Construction Contract or to related subcontracts, purchase orders and other obligations.

11 No suit or action shall be commenced by a Claimant under this Bond other than in a court of competent jurisdiction in the location in which the work or part of the work is located or after the expiration of one year from the date (1) on which the Claimant gave the notice required by Subparagraph 4.1 or Clause 4.2.3, or (2) on which the last labor or service was performed by anyone or the last materials or equipment were furnished by anyone under the Construction Contract, whichever of (1) or (2) first occurs. If the provisions of this Paragraph are void or prohibited by law, the minimum period of limitation available to sureties as a defense in the jurisdiction of the suit shall be applicable.

12 Notice to the Surety, the Owner or the Contractor shall be mailed or delivered to the address shown on the signature page. Actual receipt of notice by Surety, the Owner or the Contractor, however accomplished, shall be sufficient compliance as of the date received at the address shown on the signature page.

13 When this Bond has been furnished to comply with a statutory or other legal requirement in the location where the construction was to be performed, any provision in this Bond conflicting with said statutory or legal requirement shall be deemed deleted herefrom and provisions conforming to such statutory or other legal requirement shall be deemed incorporated herein. OWNER'S REPRESENTATIVE (Architect, Engineer or other party):

1 The Contractor and the Surety, jointly and severally, bind themselves, their heirs, executors, administrators, successors and assigns to the Owner for the performance of the Construction Contract, which is incorporated herein by reference.

2 If the Contractor performs the Construction Contract, the Surety and the Contractor shall have no obligation under this Bond, except to participate in conferences as provided in Subparagraph 3.1.

3 If there is no Owner Default, the Surety's obligation under this Bond shall arise after:

3.1 The Owner has notified the Contractor and the Surety at its address described in Paragraph 10 below that the Owner is considering declaring a Contractor Default and has requested and attempted to arrange a conference with the Contractor and the Surety to be held not later than fifteen days after receipt of such notice to discuss methods of performing the Construction Contract. If the Owner, the Contractor and the Surety agree, the Contractor shall be allowed a reasonable time to perform the Construction Contract, but such an agreement shall not waive the Owner's right, if any, subsequently to declare a Contractor Default; and

3.2 The Owner has declared a Contractor Default and formally terminated the Contractor's right to complete the contract. Such Contractor Default shall not be declared earlier than twenty days after the Contractor and the Surety have received notice as provided in Subparagraph 3.1; and

3.3 The Owner has agreed to pay the Balance of the Contract Price to the Surety in accordance with the terms of the Construction Contract or to a contractor selected to perform the Construction Contract in accordance with the terms of the contract with the Owner.

4 When the Owner has satisfied the conditions of Paragraph 3, the Surety shall promptly and at the Surety's expense take one of the following actions:

4.1 Arrange for the Contractor, with consent of the Owner, to perform and complete the Construction Contract; or

4.2 Undertake to perform and complete the Construction Contract itself, through its agents or through independent contractors; or

4.3 Obtain bids or negotiated proposals from qualified contractors acceptable to the Owner for a contract for performance and completion of the Construction Contract, arrange for a contract to be prepared for execution by the Owner and the contractor selected with the Owner's concurrence, to be secured with performance and payment bonds executed by a qualified surety equivalent to the bonds issued on the Construction Contract, and pay to the Owner the amount of damages as described in Paragraph 6 in excess of the Balance of the Contract Price incurred by the Owner resulting from the Contractor's default; or

4.4 Waive its right to perform and complete, arrange for completion, or obtain a new contractor and with reasonable promptness under the circumstances:

.1 After investigation, determine the amount for

which it may be liable to the Owner and, as soon as practicable after the amount is determined, tender payment therefor to the Owner; or

.2 Deny liability in whole or in part and notify the Owner citing reasons therefor.

5 If the Surety does not proceed as provided in Paragraph 4 with reasonable promptness, the Surety shall be deemed to be in default on this Bond fifteen days after receipt of an additional written notice from the Owner to the Surety demanding that the Surety perform its obligations under this Bond, and the Owner shall be entitled to enforce any remedy available to the Owner. If the Surety proceeds as provided in Subparagraph 4.4, and the Owner refuses the payment tendered or the Surety has denied liability, in whole or in part, without further notice the Owner shall be entitled to enforce any remedy available to the Owner.

6 After the Owner has terminated the Contractor's right to complete the Construction Contract, and if the Surety elects to act under Subparagraph 4.1, 4.2, or 4.3 above, then the responsibilities of the Surety to the Owner shall not be greater than those of the Contractor under the Construction Contract, and the responsibilities of the Owner to the Surety shall not be greater than those of the Owner under the Construction Contract. To the limit of the amount of this Bond, but subject to commitment by the Owner of the Balance of the Contract Price to mitigation of costs and damages on the Construction Contract, the Surety is obligated without duplication for:

6.1 The responsibilities of the Contractor for correction of defective work and completion of the Construction Contract;

6.2 Additional legal, design professional and delay costs resulting from the Contractor's Default, and resulting from the actions or failure to act of the Surety under Paragraph 4; and

6.3 Liquidated damages, or if no liquidated damages are specified in the Construction Contract, actual damages caused by delayed performance or non-performance of the Contractor.

7 The Surety shall not be liable to the Owner or others for obligations of the Contractor that are unrelated to the Construction Contract, and the Balance of the Contract Price shall not be reduced or set off on account of any such unrelated obligations. No right of action shall accrue on this Bond to any person or entity other than the Owner or its heirs, executors, administrators or successors.

8 The Surety hereby waives notice of any change, including changes of time, to the Construction Contract or to related subcontracts, purchase orders and other obligations.

9 Any proceeding, legal or equitable, under this Bond may be instituted in any court of competent jurisdiction in the location in which the work or part of the work is located and shall be instituted within two years after Contractor Default or within two years after the Contractor ceased working or within two years after the Surety refuses or fails to perform its obligations under this Bond, whichever occurs first. If the provisions of this Paragraph are void or prohibited by law, the minimum period of limitation avail-

able to sureties as a defense in the jurisdiction of the suit shall be applicable.

10 Notice to the Surety, the Owner or the Contractor shall be mailed or delivered to the address shown on the signature page.

11 When this Bond has been furnished to comply with a statutory or other legal requirement in the location where the construction was to be performed, any provision in this Bond conflicting with said statutory or legal requirement shall be deemed deleted herefrom and provisions conforming to such statutory or other legal requirement shall be deemed incorporated herein. The intent is that this Bond shall be construed as a statutory bond and not as a common law bond.

12 DEFINITIONS

12.1 Balance of the Contract Price: The total amount payable by the Owner to the Contractor under the Construction Contract after all proper adjustments have been made, including allowance to the Con-

tractor of any amounts received or to be received by the Owner in settlement of insurance or other claims for damages to which the Contractor is entitled, reduced by all valid and proper payments made to or on behalf of the Contractor under the Construction Contract.

12.2 Construction Contract: The agreement between the Owner and the Contractor identified on the signature page, including all Contract Documents and changes thereto.

12.3 Contractor Default: Failure of the Contractor, which has neither been remedied nor waived, to perform or otherwise to comply with the terms of the Construction Contract.

12.4 Owner Default: Failure of the Owner, which has neither been remedied nor waived, to pay the Contractor as required by the Construction Contract or to perform and complete or comply with the other terms thereof.
