Dear Mr. Denney,

We received your letter on June 6, 2024 requesting termination of NPDES permit no. 101534 and General 100-J permit coverage because your facility no longer needs coverage provided by these permits. Termination of these permits are effective July 23, 2024.

Please be aware that if you reestablish this operation at a later date, you will need to submit a new application and pay the appropriate fees to DEQ to obtain a new permit.

Thank you for updating us on the status of your operation. If you have any questions, please contact Mark Bentz at mark.bentz@deq.oregon.gov or 503-869-8264. I may also be reached at 503-229-5219.

Sincerely,

Tiffany Yelton-Bram
