RETURN RECEIPT REQUESTED

RE: Termination of General 100-J Permit Coverage
File no. 104221
Location: Electro Scientific Industries, Inc., 14000 NW Science Park Dr., Portland
Washington County

We received your email on December 15, 2021 requesting termination of National Pollutant Discharge Elimination System General 100-J permit coverage because your facility no longer needs coverage provided by the permit. Termination of this permit coverage is effective July 22, 2024. DEQ is canceling invoice no. WQ22IND-0192, WQ23IND-0179, and WQ24IND-0173 on your behalf.

Please be aware that if you reestablish this facility at a later date, you will need to submit a new application and pay the appropriate fees to DEQ to obtain a new permit.

Thank you for updating us on the status of your operation. If you have any questions, please contact Mark Bentz at mark.bentz@deq.oregon.gov or 503-869-8264. I may also be reached at 503-229-5219.

Sincerely,

Tiffany Yelton-Bram
Water Quality Source Control Section Manager
Northwest Region
