File no. 124294

Location: USDA-Forest Service – Willamette National Forest, Mobile Source-WR, Salem

We received your email on July 29, 2024 requesting termination of National Pollutant Discharge Elimination System general permit 2300-A because your facility no longer plan to discharge pesticides that requires coverage provided by this permit. Termination of this permit coverage is effective July 30, 2024. DEQ is canceling invoice no. WQ23IND-0709 and WQ24IND-0706 on your behalf.

Please be aware that if a permit it is needed at a later date, you will need to submit a new application and pay the appropriate fees to DEQ to obtain a new permit.

Thank you for updating us on the status of your operation. If you have any questions, please contact Jennifer Maglinte-Timbrook at 541-743-1663 or jennifer.maglinte-timbrook@deq.oregon.gov. I may also be reached at 503-378-5081.

Sincerely,
