# **Public Notice and Comments**

This Response to Public Comments document addresses the written comments received during the Public Notice for the renewal of the National Pollutant Discharge Elimination System (NPDES) permit for the City of Seaside's Wastewater Treatment Plant (WTP). The facility discharges treated wastewater to the Necanicum River.

The permit, permit fact sheet and the permittee's Mercury Minimization Plan were posted for public comment on Oregon Department of Environmental Quality's (DEQ's) website on June 17, 2024. The public comment period closed on July 24, 2024.

No public comments were received during the Public Notice period, this includes the permittee's MMP. As such, no revisions to the Permit or Permit Fact Sheet will be made to the versions that were posted for public comment. DEQ will move forward with issuing the permit and permit fact as presented during the Public Notice.
