Dear Herb Miller,

The Oregon Department of Environmental Quality was notified of a petroleum leak from an underground storage tank system at 2035 SW Bridge St, Grants Pass, Oregon.

Please complete or have your contractor complete and return the attached 20-day report by September 13, 2024.

LUST Project: 17-24-0579

Project Name: Jenkins Market

Project Records: https://ormswd2.synergydcs.com/HPRMWebDrawer/Record?g=webdrawercode%3A%22*089*%22+And+recTypedTitle%3A%22LUST17-24-0579%22&sortBy=

DEQ recommends that you hire and rely upon a qualified consultant to accomplish the required environmental work, which could include soil and groundwater sampling, laboratory analysis, technical report writing, and environmental cleanup. If you are looking for a list of consultants, we encourage you to check with the Northwest Environmental Business Council (NEBC). They post a list of members, and you can find them on the web at <https://www.nebc.org/>

If you wish to pursue closure, Register for a responsible official account in Your DEQ Online and complete the [LUST/Leaking HOT Cost Recovery Agreement submittal](#).

If you have any questions or want to submit documents, please contact us at unassigned.lust@deq.oregon.gov.

Thank you,
Rachel Long
