---

The Dalles, Oregon - On the morning of February 12, 2025, City crews responded to a water main break near E. 9<sup>th</sup> Street and Dry Hollow Road. Water service to customers in the area could be affected or interrupted as repairs are being made.

Changing flow rates within pipes near the broken water main may cause water flowing from a tap to be discolored from stirred up sediment or milky white caused by tiny air bubbles. Although discolored water won't make you sick, you might want to flush the pipe by running the water for several minutes before drinking or washing.

If the water does not clear, please contact the Public Works office at 541-296-5401, 7:00 a.m. to 4:00 p.m., after hours (541) 980-7703.
