

2025-02-24_ODOT Monthly Check-in Meeting

Meeting Title:	ODOT Monthly Check-in Meeting
Date/Time:	February 24, 2025 / 11:30 am - 12:00 pm
Attendees:	ODOT: Jonathan Horowitz, Michael Watts, David McDonald Herrera: Jess Brown, John Lenth DEQ: Wes Thomas
Location:	Teams Meeting

Meeting Notes:

- ODOT is performing geotechnical investigation at the OF-16 and OF-18 alternative locations this week. Based on work completed so far, there may be a 4-inch high pressure natural gas line near the OF-16 alternative location. Once the geotechnical investigation is complete, ODOT will submit a summary of modifications to the SCM locations within these drainage basins.
- ODOT discusses approach for identifying SCMs that are more likely to require sampling to build sampling ports into their design. ODOT clarifies that sampling at many outfalls will remain feasible, even if a sample port is not included in the design.
- ODOT notes that construction of the bioswale that is part of the Rose Quarter expansion project is set to begin soon.
- ODOT believes they have sufficient budget to complete construction of the CSMs.
