Your National Pollutant Disposal Elimination System Permit has been renewed and is attached. This permit is DEQ's final action on permit renewal application no. 948045.

Your permit is effective on 5/1/2025. Please read your permit carefully. Compliance with your permit is required at all times.

If you are dissatisfied with the conditions of this permit, you have 20 days to request a hearing before the Environmental Quality Commission or its authorized representative. A request for a hearing must be made in writing and state the grounds for the request. Any hearing will be conducted as a contested case hearing in accordance with ORS 183.413 through 183.470 and OAR chapter 340, division 011. If a hearing is requested, the existing permit continues in effect until a final order is issued.

Please note that your treatment system will need to be supervised by an operator with at least a Grade II Operator Certificate and the required operator certification levels are no longer listed on the face page of your permit. Pursuant to OAR chapter 340, division 049, your systems are classified as follows:
