Contractor	Precision Approach Engineering, Inc.
Consideration	<u>Task-Order Based</u>
Effective Date	March 1, 2025
Completion Date	March 1, 2030
Project/Services	<i>Engineering and Consultant Services – Columbia Gorge Regional Airport</i>

This PROFESSIONAL SERVICES AGREEMENT (**Agreement**) is entered by the City of The Dalles, an Oregon municipal corporation (**City**) and Klickitat County, a Washington municipal corporation (**County**) (collectively, **Owner**), on one hand, and Precision Approach Engineering, Inc., an Oregon business corporation (**Contractor**), for Contractor's provision of professional engineering and consulting services to support the Columbia Gorge Regional Airport (**Airport**) as its engineer of record.

WHEREAS, the Owner requires performance of certain professional services at and for the Airport as described in that certain December 18, 2024, *Request for Statement of Qualifications*; and

WHEREAS, Contractor desires to perform those certain professional services pursuant to the compensation and conditions set forth herein.

NOW, THEREFORE, in consideration of both the provisions set forth herein and other good and valuable consideration, the receipt and sufficiency of which is here acknowledged, the Parties agree:

A. Contractor's Duties

1. Scope of Work. Contractor agrees, at its expense, to furnish all labor, equipment, materials, expertise, tools, supplies, insurance, licenses, reference and background data and information, including subcontractors approved under this Agreement, and provide any equipment necessary to perform all tasks described in all mutually executed task orders (**Task Order**), a master copy of which is attached to and made part of this Agreement as **Exhibit A (Work)**. The Parties agree the Work shall be interpreted broadly to the Owner's benefit: Contractor agrees to perform all subordinate tasks not explicitly referenced in any given Task Order but necessary to fully and effectively perform those specifically listed tasks.
2. Standard of Care. Contractor agrees the standard of care applicable to its provision of the Work will be the degree of skill and diligence normally employed by professional engineers or consultants performing the same or similar Work at the time of performance. Notwithstanding any other provision of this Agreement, nothing in this Agreement is intended to be or shall actually be construed as imposing on Contractor any greater obligation than to exercise the standard of care identified above. Contractor agrees to re-perform any Work not meeting this standard without additional compensation.
3. Examination. Contractor agrees it examined the project site and the contract documents connected with the solicitation for this Work prior to its submittal of its statement of qualifications. The Parties agree Contractor's submission of its

statement of qualifications for this Agreement's award is expressly considered prima facie evidence Contractor made such an examination and is satisfied as to the conditions to be encountered in its performance of the Work and as to the requirements of the contract documents. Contractor agrees to protect itself in the unit prices or the lump sum proposed on the Work. Contractor agrees its failure to visit or thoroughly familiarize itself with the labor, equipment, and material required, the difficulty of the conditions involved, or the scope of the project or the Work shall neither relieve Contractor of its obligation to complete the Work and perform under this Agreement for the price proposed nor entitle Contractor to a price adjustment.

4. Insurance and Indemnity.

- a. Insurance. Contractor agrees, at its expense, to carry and maintain in effect throughout the Contract Term statutory **Workers' Compensation** coverage, **Comprehensive General Liability** insurance (including products and completed operations coverage) in the amount of \$2,000,000 (per occurrence) and \$2,000,000 (in aggregate), **Professional Liability** insurance in the amount of \$2,000,000 per claim or incident, **Commercial Automobile Liability** insurance (including coverage for all owned, hired, and non-owned vehicles) with a combined single limit per occurrence of \$1,000,000, and **Umbrella/Excess Liability** insurance in the amount of \$1,000,000.
- b. Certificates. Except for Professional Liability and Workers' Compensation insurance, Contractor agrees to provide the Owner with certificates of insurance naming the **City of The Dalles, Oregon, and Klickitat County, Washington** as additional insureds prior to commencement of the Work performed under this Agreement and to further provide the Owner 30 days' notice before modifying, cancelling, or reducing any insurance policy contemplated by this Agreement.
- c. Workers' Compensation. Contractor agrees it is solely responsible for maintaining proper and adequate Workers' Compensation coverage. If Contractor's insurance does not cover each and every subcontractor, certificates of insurance issued on policies covering each and every subcontractor shall be filed with the Owner prior to commencement of the Work, including any subcontract operations. Contractor shall provide the Owner with evidence it is either a *self-insured employer* or a *carrier-insured employer* for Workers' Compensation pursuant to ORS Chapter 656 prior to commencing any Work.
- d. Indemnity. Contractor agrees to indemnify, defend (except for professional liability claims), and hold harmless the Owner (including its officers, agents, and employees) against all liability, loss, and costs arising from third-party tort actions, suits, claims, or demands to the proportionate extent of the negligent acts or omissions of Contractor (including its officers, agents, and employees) in its performance of this Agreement; provided, however, in no event shall Contractor's obligations under this section extend to the proportionate share of fault of any indemnified party if an arbitrator, jury, or court determines that an indemnified party bares a portion of the fault.

5. Payments.

- a. Prompt Payment. Contractor agrees to promptly pay as due all persons supplying labor or materials for the prosecution of services or Work arising from this Agreement: if Contractor fails, neglects, or refuses to make prompt payment of any claim for labor or services furnished to Contractor (including subcontractors), the Owner may pay such a claim and charge the amount of its payment against funds actually or expectedly due from Contractor. The Parties agree payment of any claim in this manner shall not relieve Contractor or its surety from any obligations with respect to any unpaid claims.
- b. Industrial Accident Fund. Contractor agrees to pay all contributions or amounts due the Industrial Accident Fund from the Contractor or subcontractors incurred in the performance of this Agreement.
- c. Labor Hours. Contractor agrees to pay all employees at least time and half pay for all overtime worked in excess of 40 hours in any one work week, except for excluded individuals pursuant to ORS 653.010 to 653.261 or 29 U.S.C. 201 to 209.
- d. No Liens. Contractor shall not permit any lien or claim to be filed or prosecuted against the Owner on account of any Work (including labor or materials) furnished under this Agreement.
- e. Employee Withholdings. Contractor agrees to pay to the Oregon Department of Revenue all sums withheld from its employees pursuant to ORS 316.167.

B. Owner's Duties

- 1. Engineer of Record. The Owner agree to offer Contractor by Task Order any and all requirements the Owner may have for the Work.
- 2. Background and Access. The Owner agrees to make available to Contractor all technical data (including maps, surveys, property descriptions, borings, and other information in the Owner's possession) that contains pertinent information required by Contractor for its prosecution of the Work. The Owner further agrees to provide Contractor reasonable access to the Airport as necessary for its prosecution of the Work.
- 3. Cooperation. The Owner agrees to cooperate with Contractor in the approval of all plans and specifications relating to the Work. The Owner agrees to make reasonably timely decisions in an effort to avoid Contractor's undue expenses stemming from delay.
- 4. Compensation.
 - a. Manner. Upon receipt of a signed Task Order that includes a proposed scope of work from the Owner, Contractor agrees to prepare a final scope of work and associated project estimate. If the Owner accepts the project, Contractor agrees

to assist the Owner in obtaining any available state or federal funding assistance. The Owner reserves the right to issue all, some, or no Task Orders.

- b. Amount. For all Task Orders, the Owner agrees to pay Contractor a lump-sum fee or on an hourly basis in accordance with Contractor's *Hourly Rates* attached to and made part of each Task Order; provided, however, the Parties agree other manners of compensation may be mutually agreed in any given Task Order as may be necessary or convenient. Contractor's fees and work effort will be included as part of state or federal grants and Contractor's fees will be reimbursed and work effort defined to the extent approved and reimbursed by such grants; provided, however, the Owner agrees to pay Contractor for approved services rendered.
- c. Timing and Progress Payments. The Owner agrees to make payment upon Contractor's completion of the Work and delivery of an invoice detailing the Work, subject to the Owner's approval and no more frequently than monthly. The City expressly agrees to make payment to Contractor in net 30 days only for Work actually completed as of the invoice date and further agrees that timing of payment as described in this subsection is a material consideration for Contractor.
- d. Satisfaction. Contractor agrees the Owner's payment of an invoice releases the Owner from any further obligation to compensate Contractor for the Work (including expenses) incurred as of the invoice date. The Parties agree payment shall not be considered acceptance or approval of the Work or waiver of any defects therein.
- e. Public Budgeting. The Owner certifies sufficient funds are available and authorized for expenditure to finance the costs of this Agreement during the current fiscal year. The Parties agree appropriations for future fiscal years are subject to budget approval by the City Council.

C. Special Conditions

- 1. Acceptance. The Parties agree to work in good faith towards resolving reasonable concerns the Owner may have with any deliverable contemplated by a Task Order approved under this Agreement.
- 2. Records. Contractor agrees to provide the Owner, funding entities, and the Federal Aviation Administration (**FAA**) access to any and all records directly pertinent to this Agreement for the purpose of making audit, examination, excerpts, and transcripts. Contractor further agrees to retain all such records for a minimum of 5 years or otherwise as required by application. The Parties agree all records generated from the performance of this Agreement are the Owner's property from the time of generation.
- 3. Title VI Assurances. Contractor (for itself, its assignees, and successors) agrees as follows:

- a. Compliance with Regulations. Contractor shall comply with all applicable regulations relative to nondiscrimination in federally assisted programs of the Department of Transportation (DOT) Title 49, Code of Federal Regulations, Part 21, as they may be amended from time to time (**Regulations**), which are herein incorporated by reference and made a part of this Agreement.
 - b. Nondiscrimination. Contractor, with regard to its performance of the Work, shall not discriminate on the grounds of race, color, or national origin in the selection and retention of subcontractors, including procurements of materials and leases of equipment. Contractor shall not participate either directly or indirectly in the discrimination prohibited by Title 49, Part 21, Section 21.5 of the Code of Federal Regulations, including employment practices, when the Agreement covers a program set forth in Appendix B of the Regulations.
 - c. Solicitations. In all solicitations, either by competitive bidding or negotiation made by Contractor for Work to be performed under a subcontract (including procurement of materials or leases of equipment) to this Agreement, each potential subcontractor or supplier shall be notified by Contractor of the Contractor's obligations under this Agreement and the Regulations relative to nondiscrimination on the grounds of race, color, or national origin.
 - d. Information and Reports. Contractor shall provide all information and reports required by the Regulations or directives issued pursuant thereto and shall permit access to its books, records, accounts, other sources of information, and its facilities as may be determined by the Owner, state agency, or FAA to be pertinent to ascertain compliance with such Regulations, order, and instructions. Where any information required of Contractor is in the exclusive possession of another who fails or refuses this information, Contractor shall certify to the Owner or the FAA (as appropriate) and shall set forth what efforts it has made to obtain the information.
 - e. Sanctions for Noncompliance. In the event of the Contractor's noncompliance with the nondiscrimination provisions of this Agreement, the Owner shall impose such contract sanctions as it or the FAA may determine to be appropriate including withholding of payments to Contractor under this Agreement until Contractor complies.
4. Disadvantaged Business Enterprise Assurances.
- a. Policy. It is DOT's policy that disadvantaged business enterprises as defined in 49 CFR Part 26 shall have the maximum opportunity to participate in the performance of contracts financed in whole or in part with federal funds under this Agreement.
 - b. Obligations. Contractor agrees to ensure that disadvantaged business enterprises as defined in 49 CFR Part 26 have the maximum opportunity to participate in the performance of contracts and subcontracts financed in whole or in part with federal funds provided under this Agreement—in that regard, Contractor shall make all necessary and reasonable steps in accordance with 49 CFR Part 26 to ensure that disadvantaged business enterprises have the

maximum opportunity to compete for and perform such contracts. Contractor shall not discriminate on the basis of race, color, national origin, or sex in the award and performance of DOT-assisted contracts.

5. Confidentiality. Each Party (**Recipient**) acknowledges it has or may be exposed to confidential and proprietary information of the other party (**Disclosing Party**). For purposes of this Agreement, Confidential Information shall mean any confidential or proprietary information of a Disclosing Party marked or otherwise designated in writing as confidential or would appear to a reasonably prudent person to be non-public, confidential, or proprietary in nature, and includes (without limitation) trade secrets, technical information, business and product information, and information regarding third-party suppliers and customers. The Parties agree Confidential Information does not include: (a) information already known or independently developed by the Recipient without reference to the Disclosing Party's Confidential Information; (b) information in the public domain through no wrongful act of the Recipient; (c) information received by the Recipient from a third party who was free to disclose it without obligation to the Disclosing Party or any third party; or (d) information disclosed by the Recipient as required by law, provided the Recipient provides the Disclosing Party with prior notice in sufficient time before disclosure, so that a reasonable protective order may be sought. Except as expressly authorized by the Disclosing Party, the Recipient agrees not to disclose the Disclosing Party's Confidential Information to any person or entity (except to the Recipient's employees or agents having a need to know) and not to use the Disclosing Party's Confidential Information for purposes other than performing under this Agreement. The Recipient and its personnel agree to use at least the same degree of care in safeguarding the Disclosing Party's Confidential Information as the Recipient uses in safeguarding its own confidential information, but in no event less than a reasonable degree of care. The Parties expressly agree this Section C(5) survives the expiration or sooner termination of this Agreement.
6. Certification. The Owner and Contractor hereby certify that Contractor has not been required by the Owner (directly or indirectly) as an express or implied condition in connection with obtaining or carrying out this Agreement to (a) employ or retain, or agree to employ or obtain, any firm or persons and (b) pay, or agree to pay, to any firm, person, or organization, any fee, contribution, donation, or consideration of any kind.
7. FAA Contract Provisions. The Parties agree those certain FAA Contract Provisions attached to and made part of this Agreement as its **Exhibit B** are fully integrated herein by this reference and control over any contradictory provision found in the text of this Agreement.

D. General Conditions

1. Time. The Parties agree time is of the material importance to this Agreement's performance: Contractor's prosecution of the Work shall begin without undue delay on or after the Effective Date and shall be completed before or on the Completion Date; provided, however, the Parties agree to equitably adjust Contractor's performance schedule subject to excuses for performance associated with

impossibility, impracticability, and unforeseeable factors or events beyond Contractor's control (such as acts of God).

2. Termination. This Agreement's term expires naturally upon the Parties' full performance or on the Completion Date (whichever first) unless sooner modified pursuant to this Agreement; provided, however, and in accordance with Section 2.7.2 of that certain September 25, 2015, *FAA Advisory Circular 150/5100-14E Change 1* (as may be amended or superseded), if a Task Order is initiated within the term, it may continue beyond the term and no new Task Orders involving additional Work shall not be initiated. The Parties agree the Owner may terminate this Agreement with seven (7) days' notice and Contractor may terminate this Agreement with thirty (30) days' notice, both without penalty. The Owner agrees to compensate Contractor for all approved services rendered prorated to the date the Owner notices its intent to terminate.
3. Tax Currency. Contractor agrees (and by executing this Agreement, certifies under penalty of perjury) it is, to the best of its knowledge, not in violation of any tax laws described in ORS 305.380.
4. Full Integration/Modification. This Agreement contains the Parties' entire understanding and intent and supersedes all prior negotiations, representations, or other written or oral agreements on this matter. The Parties agree this Agreement may only be modified by a written instrument duly executed by the Parties.
5. Independent Contractor. The Parties agree Contractor is an *independent contractor* as defined by ORS 670.600(2) and as interpreted by regulations promulgated by the Oregon Bureau of Labor and Industries. Neither the terms of this Agreement nor the course of its performance by the Parties shall be construed as implicating an employer-employee relationship. Contractor expressly warrants its exclusive agency free from the Owner's direction and control over the means and manner of completing the Work.
6. Assignment/Delegation. The Parties agree no Party shall assign or transfer an interest or duty under this Agreement without the other Party's written consent and any attempted assignment or delegation without written consent shall be invalid.
7. Third-Parties. The Parties agree that funding agencies and the FAA or other federal agencies are not a party to this Agreement and will not be responsible for associated costs unless agreed to by the Owner and that third-party under a grant agreement for the Work or Airport.
8. Subcontractors. Contractor agrees to provide the Owner with a list of proposed subcontractors before awarding any subcontract connected with the Work or this Agreement and shall not retain any subcontractor the Owner reasonably objects to as incompetent or unfit. Contractor agrees it is as fully responsible to the Owner for its subcontractors' and employees' (whether directly or indirectly employed) negligent acts and omissions as it is for its employees' negligent acts and omissions. The Parties agree nothing in this Agreement is intended to or shall create any contractual privity between the Owner and any subcontractor.

9. Enforceability. The Parties agree to negotiate all disputes between them and arising from this Agreement in good faith for at least 30 days from the date of notice prior to filing any action. The Parties agree all disputes connected with this Agreement or its performance shall be heard in the Superior Court of the State of Washington for the County of Klickitat and any resolutions shall be construed under the laws of the State of Washington. If any provision of this Agreement is held invalid and unenforceable, the remaining provisions shall be valid and binding upon the Parties.
10. Waiver. The Parties agree a Party's failure to insist upon strict adherence to a provision of this Agreement on any occasion shall not be considered a waiver of the Party's rights or deprive the Party of the right to thereafter insist upon strict adherence to the provision or any other provision of this Agreement.
11. Notices. All notices required or permitted to be given under this Agreement shall be deemed given and received two (2) days after deposit in the United States Mail, certified or registered form, postage prepaid, return receipt requested, and addressed:

The OWNER hereby employs the CONSULTANT and the CONSULTANT accepts and agrees to perform the following engineering services to the PROJECT.

A2 AFFIRMATIVE ACTION REQUIREMENT

41 CFR Part 60-4; Executive Order 11246

NOTICE OF REQUIREMENT FOR AFFIRMATIVE ACTION TO ENSURE EQUAL EMPLOYMENT OPPORTUNITY

1. The Offeror's or Bidder's attention is called to the "Equal Opportunity Clause" and the "Standard Federal Equal Employment Opportunity Construction Contract Specifications" set forth herein.
2. The goals and timetables for minority and female participation, expressed in percentage terms for the Contractor's aggregate workforce in each trade on all construction work in the covered area, are as follows:

Timetables

Goals for minority participation for each trade: 3.8%

Goals for female participation in each trade: 6.9%

These goals are applicable to all of the Contractor's construction work (whether or not it is Federal or federally assisted) performed in the covered area. If the Contractor performs construction work in a geographical area located outside of the covered area, it shall apply the goals established for such geographical area where the work is actually performed. With regard to this second area, the Contractor also is subject to the goals for both its federally involved and nonfederally involved construction.

The Contractor's compliance with the Executive Order and the regulations in 41 CFR Part 60-4 shall be based on its implementation of the Equal Opportunity Clause, specific affirmative action obligations required by the specifications set forth in 41 CFR 60-4.3(a) and its efforts to meet the goals. The hours of minority and female employment and training must be substantially uniform throughout the length of the contract, and in each trade, and the Contractor shall make a good faith effort to employ minorities and women evenly on each of its projects. The transfer of minority or female employees or trainees from Contractor to Contractor or from project to project for the sole purpose of meeting the Contractor's goals shall be a violation of the contract, the Executive Order and the regulations in 41 CFR Part 60-4. Compliance with the goals will be measured against the total work hours performed.

3. The Contractor shall provide written notification to the Director of the Office of Federal Contract Compliance Programs (OFCCP) within 10 working days of award of any construction subcontract in excess of \$10,000 at any tier for construction work under the contract resulting from this solicitation. The notification shall list the name, address, and telephone number of the subcontractor; employer identification number of the subcontractor; estimated dollar amount of the subcontract; estimated starting and completion dates of the subcontract; and the geographical area in which the subcontract is to be performed.

4. As used in this notice and in the contract resulting from this solicitation, the “covered area” is **City of the Dalles, Klickitat County, Oregon.**

Owner may proceed with termination of the contract if the Consultant fails to correct the breach by the deadline indicated in the Owner’s notice.

A10 DAVIS-BACON REQUIREMENTS **2 CFR Part 200, Appendix II(D); 29 CFR Part 5; 49 USC § 47112(b); 40 USC §§ 3141-3144, 3146, and 3147**

DAVIS-BACON REQUIREMENTS

1. Minimum Wages.

(i) All laborers and mechanics employed or working upon the site of the work will be paid unconditionally and not less often than once a week, and without subsequent deduction or rebate on any account (except such payroll deductions as are permitted by the Secretary of Labor under the Copeland Act (29 CFR Part 3)), the full amount of wages and bona fide fringe benefits (or cash equivalent thereof) due at time of payment computed at rates not less than those contained in the wage determination of the Secretary of Labor which is attached hereto and made a part hereof, regardless of any contractual relationship which may be alleged to exist between the Contractor and such laborers and mechanics.

Contributions made or costs reasonably anticipated for bona fide fringe benefits under section 1(b)(2) of the Davis-Bacon Act on behalf of laborers or mechanics are considered wages paid to such laborers or mechanics, subject to the provisions of paragraph (1)(iv) of this section; also, regular contributions made or costs incurred for more than a weekly period (but not less often than quarterly) under plans, funds, or programs which cover the particular weekly period, are deemed to be constructively made or incurred during such weekly period. Such laborers and mechanics shall be paid the appropriate wage rate and fringe benefits on the wage determination for the classification of work actually performed, without regard to skill, except as provided in 29 CFR § 5.5(a)(4). Laborers or mechanics performing work in more than one

classification may be compensated at the rate specified for each classification for the time actually worked therein: *Provided*, that the employer's payroll records accurately set forth the time spent in each classification in which work is performed. The wage determination (including any additional classification and wage rates conformed under (1)(ii) of this section) and the Davis-Bacon poster (WH-1321) shall be posted at all times by the Contractor and its subcontractors at the site of the work in a prominent and accessible place where it can easily be seen by the workers.

(ii)(A) The contracting officer shall require that any class of laborers or mechanics, including helpers, which is not listed in the wage determination and which is to be employed under the contract shall be classified in conformance with the wage determination. The contracting officer shall approve an additional classification and wage rate and fringe benefits therefore only when the following criteria have been met:

(1) The work to be performed by the classification requested is not performed by a classification in the wage determination;

(2) The classification is utilized in the area by the construction industry; and

(3) The proposed wage rate, including any bona fide fringe benefits, bears a reasonable relationship to the wage rates contained in the wage determination.

(B) If the Contractor and the laborers and mechanics to be employed in the classification (if known), or their representatives, and the contracting officer agree on the classification and wage rate (including the amount designated for fringe benefits where appropriate), a report of the action taken shall be sent by the contracting officer to the Administrator of the Wage and Hour Division, U.S. Department of Labor, Washington, DC 20210. The Administrator, or an authorized representative, will approve, modify, or disapprove every additional classification action within 30 days of receipt and so advise the contracting officer or will notify the contracting officer within the 30-day period that additional time is necessary.

(C) In the event the Contractor, the laborers, or mechanics to be employed in the classification, or their representatives, and the contracting officer do not agree on the proposed classification and wage rate (including the amount designated for fringe benefits, where appropriate), the contracting officer shall refer the questions, including the views of all interested parties and the recommendation of the contracting officer, to the Administrator for determination. The Administrator, or an authorized representative, will issue a determination within 30 days of receipt and so advise the contracting officer or will notify the contracting officer within the 30-day period that additional time is necessary.

(D) The wage rate (including fringe benefits where appropriate) determined pursuant to subparagraphs (1)(ii) (B) or (C) of this paragraph, shall be paid to all workers performing work in the classification under this contract from the first day on which work is performed in the classification.

(iii) Whenever the minimum wage rate prescribed in the contract for a class of laborers or mechanics includes a fringe benefit which is not expressed as an hourly rate, the contractor shall either pay the benefit as stated in the wage determination or shall pay another bona fide fringe benefit or an hourly cash equivalent thereof.

(iv) If the Contractor does not make payments to a trustee or other third person, the Contractor may consider as part of the wages of any laborer or mechanic the amount of any costs reasonably anticipated in providing bona fide fringe benefits under a plan or program, *Provided*, that the Secretary of Labor has found, upon the written request of the Contractor, that the applicable standards of the Davis-Bacon Act have been met.

The Secretary of Labor may require the Contractor to set aside in a separate account assets for the meeting of obligations under the plan or program.

2. Withholding. The Federal Aviation Administration or the Sponsor shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld from the Contractor under this contract or any other Federal contract with the same prime contractor, or any other federally-assisted contract subject to Davis-Bacon prevailing wage requirements, which is held by the same prime contractor, so much of the accrued payments or advances as may be considered necessary to pay laborers and mechanics, including apprentices, trainees, and helpers, employed by the Contractor or any subcontractor the full amount of wages required by the contract. In the event of failure to pay any laborer or mechanic, including any apprentice, trainee, or helper, employed or working on the site of the work, all or part of the wages required by the contract, the Federal Aviation Administration may, after written notice to the Contractor, Sponsor, Applicant, or Owner, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds until such violations have ceased.

3. Payrolls and Basic Records.

(i) Payrolls and basic records relating thereto shall be maintained by the Contractor during the course of the work and preserved for a period of three years thereafter for all laborers and mechanics working at the site of the work. Such records shall contain the name, address, and social security number of each such worker; his or her correct classification; hourly rates of wages paid (including rates of contributions or costs anticipated for bona fide fringe benefits or cash equivalents thereof of the types described in 1(b)(2)(B) of the Davis-Bacon Act); daily and weekly number of hours worked; deductions made; and actual wages paid. Whenever the Secretary of Labor has found under 29 CFR 5.5(a)(1)(iv) that the wages of any laborer or mechanic include the amount of any costs reasonably anticipated in providing benefits under a plan or program described in section 1(b)(2)(B) of the Davis-Bacon Act, the Contractor shall maintain records that show that the commitment to provide such benefits is enforceable, that the plan or program is financially responsible, and that the plan or program has been communicated in writing to the laborers or mechanics affected, and records which show the costs anticipated or the actual costs incurred in providing such benefits. Contractors employing apprentices or trainees under approved programs shall maintain written evidence of the registration of apprenticeship programs and certification of trainee programs, the registration of the apprentices and trainees, and the ratios and wage rates prescribed in the applicable programs.

(ii)(A) The Contractor shall submit weekly for each week in which any contract work is performed a copy of all payrolls to the Federal Aviation Administration if the agency is a party to the contract, but if the agency is not such a party, the Contractor will submit the payrolls to the applicant, Sponsor, or Owner, as the case may be, for transmission to the Federal Aviation Administration. The payrolls submitted shall set out accurately and completely all of the information required to be maintained under 29 CFR § 5.5(a)(3)(i), except that full social security numbers and home addresses shall not be included on weekly transmittals. Instead the payrolls shall only need to include an individually identifying number for each employee (*e.g.*, the last four digits of the employee's social security number). The required weekly payroll information may be submitted in any form desired. Optional Form WH-347 is available for this purpose from the Wage and Hour Division Web site at <https://www.dol.gov/agencies/whd/government-contracts/construction/payroll-certification> or its successor site. The prime contractor is responsible for the submission of copies of payrolls by all

subcontractors. Contractors and subcontractors shall maintain the full social security number and current address of each covered worker and shall provide them upon request to the Federal Aviation Administration if the agency is a party to the contract, but if the agency is not such a party, the Contractor will submit them to the applicant, Sponsor, or Owner, as the case may be, for transmission to the Federal Aviation Administration, the Contractor, or the Wage and Hour Division of the Department of Labor for purposes of an investigation or audit of compliance with prevailing wage requirements. It is not a violation of this section for a prime contractor to require a subcontractor to provide addresses and social security numbers to the prime contractor for its own records, without weekly submission to the sponsoring government agency (or the applicant, Sponsor, or Owner).

(B) Each payroll submitted shall be accompanied by a "Statement of Compliance," signed by the Contractor or subcontractor or his or her agent who pays or supervises the payment of the persons employed under the contract and shall certify the following:

(1) That the payroll for the payroll period contains the information required to be provided under 29 CFR § 5.5(a)(3)(ii), the appropriate information is being maintained under 29 CFR § 5.5 (a)(3)(i), and that such information is correct and complete;

(2) That each laborer and mechanic (including each helper, apprentice, and trainee) employed on the contract during the payroll period has been paid the full weekly wages earned, without rebate, either directly or indirectly, and that no deductions have been made either directly or indirectly from the full wages earned, other than permissible deductions as set forth in Regulations, 29 CFR Part 3;

(3) That each laborer or mechanic has been paid not less than the applicable wage rates and fringe benefits or cash equivalents for the classification of work performed, as specified in the applicable wage determination incorporated into the contract.

(C) The weekly submission of a properly executed certification set forth on the reverse side of Optional Form WH-347 shall satisfy the requirement for submission of the "Statement of Compliance" required by paragraph (3)(ii)(B) of this section.

(D) The falsification of any of the above certifications may subject the Contractor or subcontractor to civil or criminal prosecution under Section 1001 of Title 18 and Section 231 of Title 31 of the United States Code.

(iii) The Contractor or subcontractor shall make the records required under paragraph (3)(i) of this section available for inspection, copying, or transcription by authorized representatives of the Sponsor, the Federal Aviation Administration, or the Department of Labor and shall permit such representatives to interview employees during working hours on the job. If the Contractor or subcontractor fails to submit the required records or to make them available, the Federal agency may, after written notice to the Contractor, Sponsor, applicant, or Owner, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds. Furthermore, failure to submit the required records upon request or to make such records available may be grounds for debarment action pursuant to 29 CFR § 5.12.

4. Apprentices and Trainees.

(i) Apprentices. Apprentices will be permitted to work at less than the predetermined rate for the work they performed when they are employed pursuant to and individually registered in a bona fide apprenticeship program registered with the U.S. Department of Labor, Employment and Training Administration, Office

of Apprenticeship Training, Employer and Labor Services, or with a State Apprenticeship Agency recognized by the Office, or if a person is employed in his or her first 90 days of probationary employment as an apprentice in such an apprenticeship program, who is not individually registered in the program, but who has been certified by the Office of Apprenticeship Training, Employer and Labor Services or a State Apprenticeship Agency (where appropriate) to be eligible for probationary employment as an apprentice. The allowable ratio of apprentices to journeymen on the job site in any craft classification shall not be greater than the ratio permitted to the contractor as to the entire work force under the registered program. Any worker listed on a payroll at an apprentice wage rate, who is not registered or otherwise employed as stated above, shall be paid not less than the applicable wage rate on the wage determination for the classification of work actually performed. In addition, any apprentice performing work on the job site in excess of the ratio permitted under the registered program shall be paid not less than the applicable wage rate on the wage determination for the work actually performed. Where a contractor is performing construction on a project in a locality other than that in which its program is registered, the ratios and wage rates (expressed in percentages of the journeyman's hourly rate) specified in the Contractor's or subcontractor's registered program shall be observed. Every apprentice must be paid at not less than the rate specified in the registered program for the apprentice's level of progress, expressed as a percentage of the journeymen hourly rate specified in the applicable wage determination. Apprentices shall be paid fringe benefits in accordance with the provisions of the apprenticeship program. If the apprenticeship program does not specify fringe benefits, apprentices must be paid the full amount of fringe benefits listed on the wage determination for the applicable classification. If the Administrator determines that a different practice prevails for the applicable apprentice classification, fringes shall be paid in accordance with that determination. In the event the Office of Apprenticeship Training, Employer and Labor Services, or a State Apprenticeship Agency recognized by the Office, withdraws approval of an apprenticeship program, the Contractor will no longer be permitted to utilize apprentices at less than the applicable predetermined rate for the work performed until an acceptable program is approved.

(ii) Trainees. Except as provided in 29 CFR § 5.16, trainees will not be permitted to work at less than the predetermined rate for the work performed unless they are employed pursuant to and individually registered in a program which has received prior approval, evidenced by formal certification by the U.S. Department of Labor, Employment and Training Administration. The ratio of trainees to journeymen on the job site shall not be greater than permitted under the plan approved by the Employment and Training Administration. Every trainee must be paid at not less than the rate specified in the approved program for the trainee's level of progress, expressed as a percentage of the journeyman hourly rate specified in the applicable wage determination. Trainees shall be paid fringe benefits in accordance with the provisions of the trainee program. If the trainee program does not mention fringe benefits, trainees shall be paid the full amount of fringe benefits listed on the wage determination unless the Administrator of the Wage and Hour Division determines that there is an apprenticeship program associated with the corresponding journeyman wage rate on the wage determination that provides for less than full fringe benefits for apprentices. Any employee listed on the payroll at a trainee rate that is not registered and participating in a training plan approved by the Employment and Training Administration shall be paid not less than the applicable wage rate on the wage determination for the classification of work actually performed. In addition, any trainee performing work on the job site in excess of the ratio permitted under the registered program shall be paid not less than the applicable wage rate on the wage determination for the work actually performed. In the event the Employment and Training Administration withdraws approval of a training program, the

Contractor will no longer be permitted to utilize trainees at less than the applicable predetermined rate for the work performed until an acceptable program is approved.

(iii) Equal Employment Opportunity. The utilization of apprentices, trainees, and journeymen under this part shall be in conformity with the equal employment opportunity requirements of Executive Order 11246, as amended, and 29 CFR Part 30.

5. Compliance with Copeland Act Requirements.

The Contractor shall comply with the requirements of 29 CFR Part 3, which are incorporated by reference in this contract.

6. Subcontracts.

The Contractor or subcontractor shall insert in any subcontracts the clauses contained in 29 CFR §§ 5.5(a)(1) through (10) and such other clauses as the Federal Aviation Administration may by appropriate instructions require, and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for the compliance by any subcontractor or lower tier subcontractor with all the contract clauses in 29 CFR § 5.5.

7. Contract Termination: Debarment.

A breach of the contract clauses in paragraph 1 through 10 of this section may be grounds for termination of the contract, and for debarment as a contractor and a subcontractor as provided in 29 CFR § 5.12.

8. Compliance with Davis-Bacon and Related Act Requirements.

All rulings and interpretations of the Davis-Bacon and Related Acts contained in 29 CFR Parts 1, 3, and 5 are herein incorporated by reference in this contract.

9. Disputes Concerning Labor Standards.

Disputes arising out of the labor standards provisions of this contract shall not be subject to the general disputes clause of this contract. Such disputes shall be resolved in accordance with the procedures of the Department of Labor set forth in 29 CFR Parts 5, 6, and 7. Disputes within the meaning of this clause include disputes between the Contractor (or any of its subcontractors) and the contracting agency, the U.S. Department of Labor, or the employees or their representatives.

10. Certification of Eligibility.

(i) By entering into this contract, the Contractor certifies that neither it (nor he or she) nor any person or firm who has an interest in the Contractor's firm is a person or firm ineligible to be awarded Government contracts by virtue of section 3(a) of the Davis-Bacon Act or 29 CFR § 5.12(a)(1).

(ii) No part of this contract shall be subcontracted to any person or firm ineligible for award of a Government contract by virtue of section 3(a) of the Davis-Bacon Act or 29 CFR § 5.12(a)(1).

(iii) The penalty for making false statements is prescribed in the U.S. Criminal Code, 18 USC § 1001.

A11 DEBARMENT AND SUSPENSION

2 CFR Part 180 (Subpart B); 2 CFR Part 200, Appendix II(H); 2 CFR Part 1200; DOT Order 4200.5; Executive Orders 12549 and 12689

CERTIFICATION OF OFFEROR/BIDDER REGARDING DEBARMENT

By submitting a bid/proposal under this solicitation, the bidder or offeror certifies that neither it nor its principals are presently debarred or suspended by any Federal department or agency from participation in this transaction.

CERTIFICATION OF LOWER TIER CONTRACTORS REGARDING DEBARMENT

The successful bidder, by administering each lower tier subcontract that exceeds \$25,000 as a “covered transaction”, must confirm each lower tier participant of a “covered transaction” under the project is not presently debarred or otherwise disqualified from participation in this federally-assisted project. The successful bidder will accomplish this by:

1. Checking the System for Award Management at website: <http://www.sam.gov>.
2. Collecting a certification statement similar to the Certification of Offeror /Bidder Regarding Debarment, above.
3. Inserting a clause or condition in the covered transaction with the lower tier contract.

If the Federal Aviation Administration later determines that a lower tier participant failed to disclose to a higher tier participant that it was excluded or disqualified at the time it entered the covered transaction, the FAA may pursue any available remedies, including suspension and debarment of the non-compliant participant.

A12 DISADVANTAGED BUSINESS ENTERPRISE

49 CFR Part 26

DISADVANTAGED BUSINESS ENTERPRISES

Contract Assurance (49 CFR § 26.13)

The Contractor, subrecipient or subcontractor shall not discriminate on the basis of race, color, national origin, or sex in the performance of this contract. The Contractor shall carry out applicable requirements of 49 CFR part 26 in the award and administration of DOT-assisted contracts. Failure by the Contractor to carry out these requirements is a material breach of this contract, which may result in the termination of this contract or such other remedy as the recipient deems appropriate, which may include, but is not limited to:

- 1) Withholding monthly progress payments;
- 2) Assessing sanctions;
- 3) Liquidated damages; and/or
- 4) Disqualifying the Contractor from future bidding as non-responsible.

Prompt Payment (49 CFR § 26.29)

The prime contractor agrees to pay each subcontractor under this prime contract for satisfactory performance of its contract no later than 30 days from the receipt of each payment the prime contractor

receives from CITY OF THE DALLES/KLICKITAT COUNTY. The prime contractor agrees further to return retainage payments to each subcontractor within 30 days after the subcontractor's work is satisfactorily completed. Any delay or postponement of payment from the above referenced time frame may occur only for good cause following written approval of the CITY OF THE DALLES/KLICKITAT COUNTY. This clause applies to both DBE and non-DBE subcontractors.

Termination of DBE Subcontracts (49 CFR § 26.53(f))

The prime contractor must not terminate a DBE subcontractor listed in response to include Solicitation paragraph number where paragraph 12.3.1, Solicitation Language appears (or an approved substitute DBE firm) without prior written consent of CITY OF THE DALLES/KLICKITAT COUNTY. This includes, but is not limited to, instances in which the prime contractor seeks to perform work originally designated for a DBE subcontractor with its own forces or those of an affiliate, a non-DBE firm, or with another DBE firm.

The prime contractor shall utilize the specific DBEs listed to perform the work and supply the materials for which each is listed unless the contractor obtains written consent CITY OF THE DALLES/KLICKITAT COUNTY. Unless CITY OF THE DALLES/KLICKITAT COUNTY consent is provided, the prime contractor shall not be entitled to any payment for work or material unless it is performed or supplied by the listed DBE.

CITY OF THE DALLES/KLICKITAT COUNTY may provide such written consent only if CITY OF THE DALLES/KLICKITAT COUNTY agrees, for reasons stated in the concurrence document, that the prime contractor has good cause to terminate the DBE firm. For purposes of this paragraph, good cause includes the circumstances listed in 49 CFR §26.53.

Before transmitting to CITY OF THE DALLES/KLICKITAT COUNTY its request to terminate and/or substitute a DBE subcontractor, the prime contractor must give notice in writing to the DBE subcontractor, with a copy to CITY OF THE DALLES/KLICKITAT COUNTY, of its intent to request to terminate and/or substitute, and the reason for the request.

The prime contractor must give the DBE five days to respond to the prime contractor's notice and advise CITY OF THE DALLES/KLICKITAT COUNTY and the contractor of the reasons, if any, why it objects to the proposed termination of its subcontract and why CITY OF THE DALLES/KLICKITAT COUNTY should not approve the prime contractor's action. If required in a particular case as a matter of public necessity (e.g., safety), CITY OF THE DALLES/KLICKITAT COUNTY may provide a response period shorter than five days.

In addition to post-award terminations, the provisions of this section apply to preaward deletions of or substitutions for DBE firms put forward by offerors in negotiated procurements.

A16 EQUAL EMPLOYMENT OPPORTUNITY (EEO)
2 CFR Part 200, Appendix II(C); 41 CFR § 60-1.4; 41 CFR § 60-4.3; Executive Order 11246

EQUAL OPPORTUNITY CLAUSE

During the performance of this contract, the Contractor agrees as follows:

(1) The Contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, sexual orientation, gender identity, or national origin. The Contractor will take affirmative action to ensure that applicants are employed, and that employees are treated during employment, without regard to their race, color, religion, sex, sexual orientation, gender identity, or national origin. Such action shall include, but not be limited to, the following: employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff, or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The Contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided setting forth the provisions of this nondiscrimination clause.

(2) The Contractor will, in all solicitations or advertisements for employees placed by or on behalf of the Contractor, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, or national origin.

(3) The contractor will not discharge or in any other manner discriminate against any employee or applicant for employment because such employee or applicant has inquired about, discussed, or disclosed the compensation of the employee or applicant or another employee or applicant. This provision shall not apply to instances in which an employee who has access to the compensation information of other employees or applicants as a part of such employee's essential job functions discloses the compensation of such other employees or applicants to individuals who do not otherwise have access to such information, unless such disclosure is in response to a formal complaint or charge, in furtherance of an investigation, proceeding, hearing, or action, including an investigation conducted by the employer, or is consistent with the contractor's legal duty to furnish information.

(4) The Contractor will send to each labor union or representative of workers with which it has a collective bargaining agreement or other contract or understanding, a notice to be provided by the agency contracting officer, advising the labor union or workers' representative of the Contractor's commitments under this section 202 of Executive Order 11246 of September 24, 1965, and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

(5) The Contractor will comply with all provisions of Executive Order 11246 of September 24, 1965, and of the rules, regulations, and relevant orders of the Secretary of Labor.

(6) The Contractor will furnish all information and reports required by Executive Order 11246 of September 24, 1965, and by the rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to his books, records, and accounts by the contracting agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.

(7) In the event of the Contractor's noncompliance with the nondiscrimination clauses of this contract or with any such rules, regulations, or orders, this contract may be canceled, terminated, or suspended in whole or in part and the Contractor may be declared ineligible for further Government contracts in accordance with procedures authorized in Executive Order 11246 of September 24, 1965, and such other sanctions may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.

(8) The Contractor will include the provisions of paragraphs (1) through (8) in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to section 204 of Executive Order 11246 of September 24, 1965, so that such provisions will be binding upon each subcontractor or vendor. The Contractor will take such action with respect to any subcontract or purchase order as may be directed by the Secretary of Labor as a means of enforcing such provisions, including sanctions for noncompliance. *Provided*, however, that in the event the contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction, the Contractor may request the United States to enter into such litigation to protect the interests of the United States.

STANDARD FEDERAL EQUAL EMPLOYMENT OPPORTUNITY CONSTRUCTION CONTRACT SPECIFICATIONS

1. As used in these specifications:

- a. "Covered area" means the geographical area described in the solicitation from which this contract resulted;
- b. "Director" means Director, Office of Federal Contract Compliance Programs (OFCCP), U.S. Department of Labor, or any person to whom the Director delegates authority;
- c. "Employer identification number" means the Federal social security number used on the Employer's Quarterly Federal Tax Return, U.S. Treasury Department Form 941;
- d. "Minority" includes:
 - (1) Black (all persons having origins in any of the Black African racial groups not of Hispanic origin);
 - (2) Hispanic (all persons of Mexican, Puerto Rican, Cuban, Central or South American, or other Spanish culture or origin, regardless of race);
 - (3) Asian and Pacific Islander (all persons having origins in any of the original peoples of the Far East, Southeast Asia, the Indian Subcontinent, or the Pacific Islands); and
 - (4) American Indian or Alaskan native (all persons having origins in any of the original peoples of North America and maintaining identifiable tribal affiliations through membership and participation or community identification).

2. Whenever the Contractor, or any subcontractor at any tier, subcontracts a portion of the work involving any construction trade, it shall physically include in each subcontract in excess of \$10,000 the provisions of these specifications and the Notice which contains the applicable goals for minority and female participation and which is set forth in the solicitations from which this contract resulted.

3. If the Contractor is participating (pursuant to 41 CFR part 60-4.5) in a Hometown Plan approved by the U.S. Department of Labor in the covered area either individually or through an association, its affirmative action obligations on all work in the Plan area (including goals and timetables) shall be in accordance with that Plan for those trades which have unions participating in the Plan. Contractors must be able to demonstrate their participation in and compliance with the provisions of any such Hometown Plan. Each contractor or subcontractor participating in an approved plan is individually required to comply with its obligations under the EEO clause and to make a good faith effort to achieve each goal under the Plan in each trade in which it has employees. The overall good faith performance by other contractors or subcontractors toward a goal in an approved Plan does not excuse any covered contractor's or subcontractor's failure to take good faith efforts to achieve the Plan goals and timetables.

4. The Contractor shall implement the specific affirmative action standards provided in paragraphs 7a through 7p of these specifications. The goals set forth in the solicitation from which this contract resulted are expressed as percentages of the total hours of employment and training of minority and female utilization the Contractor should reasonably be able to achieve in each construction trade in which it has employees in the covered area. Covered construction contractors performing construction work in a geographical areas where they do not have a Federal or federally assisted construction contract shall apply the minority and female goals established for the geographical area where the work is being performed. Goals are published periodically in the Federal Register in notice form, and such notices may be obtained from any Office of Federal Contract Compliance Programs office or from Federal procurement contracting

officers. The Contractor is expected to make substantially uniform progress in meeting its goals in each craft during the period specified.

5. Neither the provisions of any collective bargaining agreement, nor the failure by a union with whom the Contractor has a collective bargaining agreement, to refer either minorities or women shall excuse the Contractor's obligations under these specifications, Executive Order 11246, or the regulations promulgated pursuant thereto.

6. In order for the nonworking training hours of apprentices and trainees to be counted in meeting the goals, such apprentices and trainees must be employed by the Contractor during the training period, and the Contractor must have made a commitment to employ the apprentices and trainees at the completion of their training, subject to the availability of employment opportunities. Trainees must be trained pursuant to training programs approved by the U.S. Department of Labor.

7. The Contractor shall take specific affirmative actions to ensure equal employment opportunity. The evaluation of the Contractor's compliance with these specifications shall be based upon its effort to achieve maximum results from its actions. The Contractor shall document these efforts fully, and shall implement affirmative action steps at least as extensive as the following:

- a. Ensure and maintain a working environment free of harassment, intimidation, and coercion at all sites, and in all facilities at which the Contractor's employees are assigned to work. The Contractor, where possible, will assign two or more women to each construction project. The Contractor shall specifically ensure that all foremen, superintendents, and other onsite supervisory personnel are aware of and carry out the Contractor's obligation to maintain such a working environment, with specific attention to minority or female individuals working at such sites or in such facilities.
- b. Establish and maintain a current list of minority and female recruitment sources, provide written notification to minority and female recruitment sources and to community organizations when the Contractor or its unions have employment opportunities available, and maintain a record of the organizations' responses.
- c. Maintain a current file of the names, addresses, and telephone numbers of each minority and female off-the-street applicant and minority or female referral from a union, a recruitment source, or community organization and of what action was taken with respect to each such individual. If such individual was sent to the union hiring hall for referral and was not referred back to the Contractor by the union or, if referred, not employed by the Contractor, this shall be documented in the file with the reason therefor, along with whatever additional actions the Contractor may have taken.
- d. Provide immediate written notification to the Director when the union or unions with which the Contractor has a collective bargaining agreement has not referred to the Contractor a minority person or woman sent by the Contractor, or when the Contractor has other information that the union referral process has impeded the Contractor's efforts to meet its obligations.
- e. Develop on-the-job training opportunities and/or participate in training programs for the area which expressly include minorities and women, including upgrading programs and apprenticeship and trainee programs relevant to the Contractor's employment needs, especially those programs funded or approved by the Department of Labor. The Contractor shall provide notice of these programs to the sources compiled under 7b above.

f. Disseminate the Contractor's EEO policy by providing notice of the policy to unions and training programs and requesting their cooperation in assisting the Contractor in meeting its EEO obligations; by including it in any policy manual and collective bargaining agreement; by publicizing it in the company newspaper, annual report, etc.; by specific review of the policy with all management personnel and with all minority and female employees at least once a year; and by posting the company EEO policy on bulletin boards accessible to all employees at each location where construction work is performed.

g. Review, at least annually, the company's EEO policy and affirmative action obligations under these specifications with all employees having any responsibility for hiring, assignment, layoff, termination, or other employment decisions including specific review of these items with onsite supervisory personnel such as superintendents, general foremen, etc., prior to the initiation of construction work at any job site. A written record shall be made and maintained identifying the time and place of these meetings, persons attending, subject matter discussed, and disposition of the subject matter.

h. Disseminate the Contractor's EEO policy externally by including it in any advertising in the news media, specifically including minority and female news media, and providing written notification to and discussing the Contractor's EEO policy with other contractors and subcontractors with whom the Contractor does or anticipates doing business.

i. Direct its recruitment efforts, both oral and written, to minority, female, and community organizations, to schools with minority and female students and to minority and female recruitment and training organizations serving the Contractor's recruitment area and employment needs. Not later than one month prior to the date for the acceptance of applications for apprenticeship or other training by any recruitment source, the Contractor shall send written notification to organizations such as the above, describing the openings, screening procedures, and tests to be used in the selection process.

j. Encourage present minority and female employees to recruit other minority persons and women and, where reasonable, provide after school, summer, and vacation employment to minority and female youth both on the site and in other areas of a contractor's work force.

k. Validate all tests and other selection requirements where there is an obligation to do so under 41 CFR part 60-3.

l. Conduct, at least annually, an inventory and evaluation at least of all minority and female personnel, for promotional opportunities and encourage these employees to seek or to prepare for, through appropriate training, etc., such opportunities.

m. Ensure that seniority practices, job classifications, work assignments, and other personnel practices do not have a discriminatory effect by continually monitoring all personnel and employment related activities to ensure that the EEO policy and the Contractor's obligations under these specifications are being carried out.

n. Ensure that all facilities and company activities are nonsegregated except that separate or single-user toilet and necessary changing facilities shall be provided to assure privacy between the sexes.

o. Document and maintain a record of all solicitations of offers for subcontracts from minority and female construction contractors and suppliers, including circulation of solicitations to minority and female contractor associations and other business associations.

p. Conduct a review, at least annually, of all supervisor's adherence to and performance under the Contractor's EEO policies and affirmative action obligations.

8. Contractors are encouraged to participate in voluntary associations, which assist in fulfilling one or more of their affirmative action obligations (7a through 7p). The efforts of a contractor association, joint contractor-union, contractor-community, or other similar group of which the Contractor is a member and participant may be asserted as fulfilling any one or more of its obligations under 7a through 7p of these specifications provided that the Contractor actively participates in the group, makes every effort to assure that the group has a positive impact on the employment of minorities and women in the industry, ensures that the concrete benefits of the program are reflected in the Contractor's minority and female workforce participation, makes a good faith effort to meet its individual goals and timetables, and can provide access to documentation which demonstrates the effectiveness of actions taken on behalf of the Contractor. The obligation to comply, however, is the Contractor's and failure of such a group to fulfill an obligation shall not be a defense for the Contractor's noncompliance.

9. A single goal for minorities and a separate single goal for women have been established. The Contractor, however, is required to provide equal employment opportunity and to take affirmative action for all minority groups, both male and female, and all women, both minority and non-minority. Consequently, the Contractor may be in violation of the Executive Order if a particular group is employed in a substantially disparate manner (for example, even though the Contractor has achieved its goals for women generally, the Contractor may be in violation of the Executive Order if a specific minority group of women is underutilized).

10. The Contractor shall not use the goals and timetables or affirmative action standards to discriminate against any person because of race, color, religion, sex, sexual orientation, gender identity, or national origin.

11. The Contractor shall not enter into any subcontract with any person or firm debarred from Government contracts pursuant to Executive Order 11246.

12. The Contractor shall carry out such sanctions and penalties for violation of these specifications and of the Equal Opportunity Clause, including suspension, termination, and cancellation of existing subcontracts as may be imposed or ordered pursuant to Executive Order 11246, as amended, and its implementing regulations, by the Office of Federal Contract Compliance Programs. Any contractor who fails to carry out such sanctions and penalties shall be in violation of these specifications and Executive Order 11246, as amended.

13. The Contractor, in fulfilling its obligations under these specifications, shall implement specific affirmative action steps, at least as extensive as those standards prescribed in paragraph 7 of these specifications, so as to achieve maximum results from its efforts to ensure equal employment opportunity. If the Contractor fails to comply with the requirements of the Executive Order, the implementing regulations, or these specifications, the Director shall proceed in accordance with 41 CFR part 60-4.8.

14. The Contractor shall designate a responsible official to monitor all employment related activity to ensure that the company EEO policy is being carried out, to submit reports relating to the provisions hereof as may be required by the Government, and to keep records. Records shall at least include for each employee, the name, address, telephone numbers, construction trade, union affiliation if any, employee identification number when assigned, social security number, race, sex, status (e.g., mechanic, apprentice,

trainee, helper, or laborer), dates of changes in status, hours worked per week in the indicated trade, rate of pay, and locations at which the work was performed. Records shall be maintained in an easily understandable and retrievable form; however, to the degree that existing records satisfy this requirement, contractors shall not be required to maintain separate records.

15. Nothing herein provided shall be construed as a limitation upon the application of other laws which establish different standards of compliance or upon the application of requirements for the hiring of local or other area residents (e.g. those under the Public Works Employment Act of 1977 and the Community Development Block Grant Program).
