Addendum to the
Special Meeting
of the Planning Commission

7:30 PM, Thursday

Council Chambers

March 13, 1986

It was requested at the March 20, 1986 Planning Commission that the comments of Commissioner Kelso preceding the March 13 special meeting be included in the meeting minutes verbatim:

Commissioner Kelso's comments are as follows:

"Some of the remarks that were made by Commission members at the last meeting could be misconstrued one way or the other as showing bias or not showing bias depending on how they were interpreted. I have since talked to other people that were in the audience, and I think we need to be careful in maintaining our objectivity. Otherwise, I think our credibility could be in trouble. Like I said, I saw at the meeting and afterwards I listened to the tapes, and there was enough of "gee maybe this or maybe that". I think we just really have to be careful, especially when we are taking testimony like we did and have an audience like we did, that that we remain very much objective."
