

RESOLUTION NO. 2648

RESOLUTION ACCEPTING THE RECOMMENDATION OF THE WELL #9 SITING STUDY (GSI, 2023)

THE TROUTDALE CITY COUNCIL FINDS AS FOLLOWS:

1. The Water Master Plan (2012) calls for the construction of a new drinking water supply well (Well #9) to continue providing high quality water necessary to meet current and anticipated future demand.
2. City staff and a contracted hydrogeological consultant considered the suitable available properties, site characteristics, and overall project cost for the proposed well project. Evaluation criteria were established and used to rate possible locations from least to most favorable for the construction of Well #9.
3. The recommendations provided by the Well #9 Siting Study (GSI, 2023) for the construction of a new drinking water supply well at Woodale Park should be accepted.

NOW, THEREFORE, BE IT RESOLVED BY THE COUNCIL OF THE CITY OF TROUTDALE

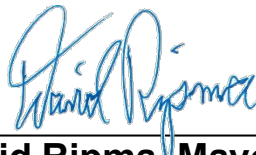

Section 1. The City Council hereby accepts the recommendations provided in the Well #9 Siting Study dated October 30, 2023 for the design and construction of a new drinking water supply well at Woodale Park.

Section 2. This resolution shall be effective immediately upon adoption.
