**Re: Notice of Project Manager Change
Glacier Northwest, Inc.
Portland, Oregon
ECSI# 5449**

Dear Bryan Wigginton:

The Oregon Department of Environmental Quality (DEQ) has prepared this letter to notify you that the DEQ Project Manager responsible for overseeing work required of Glacier Northwest has changed effective May 1, 2025. This letter modifies the DEQ Project Manager to Terra Metta. Terra's contact information is provided below:

Terra Metta
Department of Environmental Quality, Northwest Region
700 NW Multnomah Street, Suite 600
Portland, Oregon 97232
Phone: (503) 819-1220
Email: Terra.Metta@deq.oregon.gov

Moving forward, Mr. Hafley will no longer be involved in the project and should be excluded from project communication. David Lacey will remain on the project in his role as support and Portland Harbor Source Control Coordination.

DEQ requests a meeting between the project management team and Glacier Northwest staff to discuss the current project status and next steps toward phthalate source characterization and site closure. Please contact Terra with some dates and times in the coming weeks that would work for you.

Please contact Terra if you have questions regarding this letter.

Sincerely,

Amanda Wozab, Manager
NWR Cleanup Section

EC: Terra Metta, DEQ
David Lacey, DEQ
CC: ECSI No. 5449 File
