## **PRESS RELEASE**

**DATE:** August 4, 2025

**TOPIC:** Wastewater Treatment Plant Discharge Continues to Exceed *E. coli* Limit

**CONTACT:** Public Information Officer Amie Ell, [amell@ci.the-dalles.or.us](mailto:amell@ci.the-dalles.or.us)

**FOR RELEASE:** IMMEDIATELY

---

Operations at the City of The Dalles Wastewater Treatment Plant are improving but are not yet back in compliance after a recent plant upset that resulted in discharge to the Columbia River of treated wastewater exceeding the plant's limit for *E. coli*. Wastewater treatment staff are working hard to restore the biological balance so that the plant can quickly return to normal operations.

On Sunday August 3, 2025 samples were taken at pre-arranged locations in the Columbia River to determine the effect of the discharge on water quality in the river. Tests on five samples taken between River Mile 180.0 and 189.5 show that *E. coli* levels at the sample locations were well below bacterial [criteria](#) set by the Oregon Department of Environmental Quality for freshwater recreation.

<b><i>E. coli</i> in recreational waters</b>	<b>Average</b>	<b>Maximum</b>
DEQ Criteria OAR 340-041-0009 Bacteria	126.0 MPN/100mL (90 days)	406.0 MPN/100mL
Results from samples taken between Columbia River Mile 180.0 and 189.5 on August 3, 2025	3.3 MPN/100mL	12.1 MPN/100mL
MPN = Most Probable Number		

As a precaution, signs will remain in place at locations of public river access until the discharge from the wastewater treatment plant returns to compliance. Signs are posted on the Oregon shore of the Columbia River, from The Dalles Riverfront Park to West Mayer Park boat launch. The signs say: "Warning - Contaminated Water - No water contact" and give phone numbers to call for information.

For information about Washington shore public river access, contact Klickitat County Emergency Management at (509) 773-4545.

The Department is in communication with the Oregon Department of Environmental Quality and local health department officials to coordinate response. Questions can be directed to Public Information Officer Amie Ell, [amell@ci.the-dalles.or.us](mailto:amell@ci.the-dalles.or.us).
