RE: DEQ Approval of Post-Storm Water Source Control Measures Performance Monitoring
3250 Northwest Saint Helens Road
Portland, Oregon, 97210
ECSI #6420

Erich Wilhelm:

The Department of Environmental Quality (DEQ) has reviewed the revised work plan titled *Post-Storm Water Source Control Measures Performance Monitoring* (Work Plan) for the Wilhelm Trucking property (Site) submitted by Evren Northwest on behalf of Wilhelm Trucking Company (Wilhelm) on February 21, 2025. The purpose of the work proposed in the Work Plan is to evaluate the effectiveness of source control measures implemented at the Site.

The revised work plan adequately addresses the DEQ and the United States Environmental Protection Agency, Region 10 (EPA) comment letters provided by DEQ to Wilhelm on February 7, 2025. DEQ approves the work plan. If you have any questions, please contact me at (503) 926-2257.

Sincerely,

Rebecca Digiustino
Project Manager
Northwest Cleanup Section
