SUBMITTAL INCLUDES:

1. Spec Section 0510 Aggregate Backfill Test Results

COMMENTS/CORRECTIONS:

The submittal is for Section 0510 only (Aggregate Backfill / Base Rock). No drain rock or rip rap is to be used for aggregate backfill. It is assumed that the rip rap and drain rock was submitted by mistake as part of this submittal.

The project names on the results all list the Newberg/Dundee Bypass. The correct project name is the Villa Road PH1 Culvert Replacement project.
