Thanks, I also approve!

Karen just for future reference, the Date column should actually be the date range of latest date of the files, not the destroy date. However I see you captured that info in the description so we can update this time around no problem.

Cheers,
Leela

Hi Zach-

The attached form needs your approval for destruction. ~79 boxes. Nothing remarkable. There will be more later. After approval, please forward it to the records officer for approval and cc me.

Thanks very much.

You can ask either Sara or I if you have questions.
