

April 3, 1975

E.A. Schmidt, Administrator
Solid Waste Management Division
Department of Environmental Quality
1234 S.W. Morrison Street
Portland, Oregon 97205

Dear Mr. Schmidt:

RE: Day Island Leachate Study
Draft Report Review
SWP 190

I have enclosed a "DRAFT" copy of a report entitled "Day Island Landfill - Leachate Study Report". If your time permits, I would appreciate a review of the report and receipt of comments regarding both the study results and format. If your comments are to be reflected in the final report, it will be necessary that I receive them by April 30, 1975.

After revision, if any, and final printing, this report will be submitted to the Lane Council of Governments (L-COG) as fulfillment of the County's obligations under an agreement pursuant to a Solid Waste Management Planning Grant (SWP 190) from the Oregon Department of Environmental Quality (DEQ). It is expected that L-COG will submit the final report to DEQ as the final portion of their Solid Waste Planning responsibilities.

Sincerely,

ROY L. BURNS, DIRECTOR

Craig

G. Craig Starr
Technical Services Supervisor

GCS/gf
